American Interiors 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of American Interiors 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021 and the related statement of changes in net assets available for benefits for the year ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule H, line 4(a) – schedule of delinquent participant contributions for the year ended December 31, 2021 and supplemental schedule H line 4(i) – schedule of assets (held at end of year) as of December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

AMERICAN INTERIORS 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

Note 1-Description of Plan

The following description of American Interiors 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of American Interiors, Inc. (the Company or Plan Sponsor) who are at least 18 years of age, with the exception of collectively bargained employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan entered a trust agreement with Fidelity Management Trust Company (the current trustee) as of April 12, 2021 to act as trustee of the Plan's assets. Prior to April 12, 2021, the Plan had a custodial agreement with PNC Bank, N.A. (the former trustee), to hold Plan assets.

Plan Amendments

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable laws and Internal Revenue Service (IRS) guidance.

Contributions

Each year, participants may contribute in the form of pre-tax contributions or after-tax Roth contributions up to IRS maximum limits.

On January 1, 2021, the Plan was amended to remove Company safe harbor matching contributions. Prior to January 1, 2021, the Company provided safe harbor matching contributions each pay period. Safe harbor matching contributions were based on 100% of elective deferrals up to the first 3% of compensation and 50% of the next 2% of compensation. On January 1, 2022, the Plan was amended to reinstate Company safe harbor matching contributions.

The provisions of the Plan permit discretionary matching contributions to the Plan at the option of the board of directors of the Company either at a uniform percentage of participant compensation or as a flat dollar amount for each participant. The provisions of the Plan also allow for Qualified Matching Contributions (QMAC) at the option of the board of directors of the Company, which may only be contributed to non-highly compensated employees. Discretionary profit sharing amounts may be contributed at the option of the board of directors of the Company. Participants may receive an allocation of the discretionary profit sharing contribution provided they have completed at least 500 hours of service during the plan year and are actively employed on the last day of the plan year. Participants become eligible to receive discretionary matching contributions and discretionary QMACs after completion of one year of service (minimum of 1,000 hours). The Company did not make any discretionary matching contributions, discretionary profit sharing contributions, or discretionary QMACs during 2021.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2021 and 2020

Note 1-Description of Plan-continued

Rollover contributions

Participants may contribute funds previously held for their account in another qualified employee benefit plan to the Plan. A participant shall be fully vested at all times in such amounts transferred into the Plan. Rollover contributions share in income and earnings under the terms of the Plan, but no employer contributions are made with respect to any rollover contribution.

Participant accounts

Individual accounts are maintained for each participant in the Plan. Each participant's account is credited with the participant's contributions, their allocation of the Plan Sponsor's contributions and Plan earnings. Participants direct the investments in their accounts among the investment options offered by the Plan. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants

Participants may borrow from their fund accounts an amount not to exceed \$50,000 or 50% of their vested account balance, whichever is less. The note receivable may not be less than \$1,000. The note receivable term may not be longer than five years unless the loan is used to acquire a principal residence, for which the term may be up to a reasonable period. Notes receivable from participants accrue interest at a reasonable rate at the time of application. The interest rate is determined by the Company's management and shall be charged based on rates currently being used by financial institutions lending money under similar circumstances. Principal and interest is paid ratably through payroll deductions. The notes receivable are secured by the balance in the participant's account. Participants may not have more than one loan outstanding at any time.

Pursuant to the CARES Act, Plan participants could request a delay of note repayments for repayments that occurred between March 27, 2020 and December 31, 2020 for one year. The participant's note would be re-amortized and include any interest accrued during the period of delay. In addition, Plan participants were permitted to borrow up to \$100,000 or 100% of their vested account balance, whichever is less. The ability to request a delay in note repayments and the extended note amounts under the CARES Act ceased as of December 31, 2020.

Vesting

Participants are always 100% vested in their contributions, their rollover contributions, and the Company's safe harbor matching contributions, plus any earnings (losses) thereon. Vesting in the Company's discretionary profit sharing contribution plus earnings (losses) thereon is based on years of continuous service. Participants are vested in the Company's discretionary contributions over a six year-period as described below:

Less than 2 years of service	0%
2 years of service	20%
3 years of service	40%
4 years of service	60%
5 years of service	80%
6 years of service	100%

NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2021 and 2020

Note 1-Description of Plan-continued

Participant withdrawals

In the event of retirement, attainment of age 59 ½, death, termination, total and permanent disability or other severance from employment, participants are entitled to receive an amount equal to the value of the vested interest in their accounts. If upon the occurrence of one of these events the participant's vested balance is \$1,000 or less, an automatic lump sum disbursement will be made in the full amount of the participant's vested balance as soon as administratively feasible.

Disbursement of these amounts will be made through installment payments or in a lump sum amount equal to the vested value of their account. Required minimum distributions commence when a participant attains age 70 ½.

In the event of hardship, as defined in the plan agreement, participants may take a distribution from their accounts in an amount necessary to satisfy the financial need, subject to certain tax withholdings.

Pursuant to the CARES Act, participants who were currently receiving required minimum distributions were offered the option to waive their 2020 distribution and participants who were due to receive the first required distribution in 2020 had their distribution automatically waived. Additionally, the CARES Act permitted Plan participants to request up to \$100,000 in coronavirus-related distributions, with repayment terms of up to three years. The ability to request special waivers with respect to required minimum distributions and coronavirus-related distributions under the CARES Act ceased as of December 31, 2020.

Forfeitures

At December 31, 2021 and 2020, unallocated assets of the Plan totaled \$32,136 and \$27,494, respectively. These are comprised of forfeitures of non-vested accounts. Forfeitures are used first to pay plan expenses, then to reduce employer contributions. During 2021, approximately \$6,000 of the forfeited non-vested amounts within the Plan were used to reduce administrative expenses.

Plan termination

Although it has not expressed any intention to do so, the Company has reserved the right to terminate the Plan at any time subject to the provisions of the ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

Note 2-Summary of significant accounting policies

Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Notes receivable from participants

Notes receivable from participants are valued at their unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the plan agreement.

AMERICAN INTERIORS 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2021 and 2020

Note 2-Summary of significant accounting policies-continued

Contributions

Participant salary deferrals and employer contributions are included in income during the period the related salary is earned.

Valuation of investments and income recognition

Investments held by the Plan are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Participant withdrawals are recorded upon distribution.

Administrative expenses

The Company pays the administrative expenses of the Plan, unless the expenses relate to specific investment directions of the participant. Fees related to the administration of notes receivable from participants and payments of benefits are charged directly to the participant's account and are included in administrative expenses. Administrative expenses that were paid by the Company were excluded from these financial statements.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 3-Investments

All investment information disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2021 and 2020 and net appreciation (depreciation) in the value of investments for the year ended December 31, 2021, were obtained or derived from information supplied to the Plan Administrator and certified by the current trustee, as of and for the year ended December 31, 2021 and the former trustee as of December 31, 2021 and 2020 and for the year ended December 31, 2021, as complete and accurate in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information has not been examined by independent auditors.

AMERICAN INTERIORS 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2021 and 2020

Note 4-Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, Fair Value Measurement, are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include:

- a. Quoted prices for similar assets or liabilities in active markets;
- b. Quoted prices for identical or similar assets or liabilities in inactive markets;
- c. Inputs other than quoted prices that are observable for the asset or liability;
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds – valued at the quoted closing price on an active market held by the Plan at year-end. Mutual funds held by the Plan are registered with the Securities and Exchange Commission.

Common collective trust fund – the T. Rowe Price Stable Value Fund, which is a common collective trust fund, invests in a variety of investment contracts such as traditional guaranteed investment contracts (“GICs”) issued by insurance companies and other financial institutions and other investment products with similar characteristics. Fully benefit-responsive investment contracts are measured at contract value. Indirect investments in GICs are reported at fair value. Accordingly, the statements of net assets available for Plan benefits presents the fair value of the fully benefit-responsive investment contracts as they represent indirect investments in GICs. The Plan held no common collective trust funds as of December 31, 2021.

AMERICAN INTERIORS 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2021 and 2020

Note 4-Fair value measurements-continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies and assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets that are measured at fair value.

		Fair Value Measurements at December 31, 2021		
Description	Total	Level (1)	Level (2)	Level (3)
Mutual funds	\$ 10,861,322	\$ 10,861,322	\$ 0	\$ 0
Total investment assets at fair value	<u>\$ 10,861,322</u>	<u>\$ 10,861,322</u>	<u>\$ 0</u>	<u>\$ 0</u>

		Fair Value Measurements at December 31, 2020		
Description	Total	Level (1)	Level (2)	Level (3)
Mutual funds	\$ 9,568,904	\$ 9,568,904	\$ 0	\$ 0
Total investments in the fair value hierarchy	<u>9,568,904</u>	<u>\$ 9,568,904</u>	<u>\$ 0</u>	<u>\$ 0</u>
Investments measured at net asset value (a)	<u>249,749</u>			
Total investment assets at fair value	<u>\$ 9,818,653</u>			

- (a) In accordance with Subtopic 820-10, certain investments that were measured at the net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The common/collective trust fund has no unfunded commitments, has a daily redemption frequency and requires a redemption period of up to twelve months. Participant transactions (purchases and sales) may occur daily subject to the short-term trading policies of the Plan Sponsor. Additional restrictions may be imposed at the request of the fund company of an underlying fund as outlined in their prospectus. The fair value of the common collective trust fund's fair value, as measured at the net asset value or equivalent, is \$0 and \$249,749 at December 31, 2021 and 2020, respectively.

AMERICAN INTERIORS 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2021 and 2020

Note 5-Related party transactions and party in interest transactions

Certain Plan investments are managed by the current trustee and the former trustee, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are deducted directly from participant accounts. There have been no known prohibited transactions with a party in interest. The Plan made direct payments to the current trustee and the former trustee, collectively, in the amount of \$8,099 during 2021.

Notes receivable from participants also qualify as party in interest transactions. Notes receivable from participants totaled \$24,243 and \$89,642 as of December 31, 2021 and 2020, respectively. Interest received on notes receivable from participants totaled \$3,802 for the year ended December 31, 2021.

Note 6-Federal income tax status

Effective April 12, 2021, the Plan was restated under a prototype plan established by Fidelity. The Internal Revenue Service has provided an opinion to Fidelity by letter dated June 30, 2020, that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC).

Prior to April 12, 2021, the Plan was designed based on a prototype plan established by PNC Bank, N.A. (PNC). The Internal Revenue Service provided an opinion to PNC by a letter dated March 31, 2014, that the prototype plan is designed in accordance with applicable sections of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7-Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

Note 8-Subsequent events

The Plan has evaluated subsequent events through October 4, 2022, the date the financial statements were available to be issued, and has determined there are no subsequent events that require disclosure, except for the following:

As described in Note 1, on January 1, 2022, the Plan was amended to reinstate Company safe harbor matching contributions. The Company will provide safe harbor matching contributions each pay period. Safe harbor matching contributions will be based on 100% of elective deferrals up to the first 3% of compensation and 50% of the next 2% of compensation.
