INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
National Quality Forum 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of National Quality Forum 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter— 2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter— Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by qualified institutions. In our report dated September 16, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NATIONAL QUALITY FORUM 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020

1. Description of the Plan

The following description of the National Quality Forum 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan covering all employees of National Quality Forum (the Organization or the Plan Sponsor). Employees can enter the plan on the first day of the month following the employee's date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan adopted several provisions under the Coronavirus Aid, Relief and Economic Security Act (CARES Act), including the provisions for withdrawals, loan repayment deferment and required minimum distributions for impacted participants who met the criteria under the self-certification. The Plan will be amended in the future to recognize these provisions.

Contributions

Eligible participants may elect to make salary reduction contributions up to 75% of eligible compensation, as determined by the Plan, subject to the limitations under the Internal Revenue Code (IRC). Catch-up contributions are allowed for participants who reach age 50 before the end of the Plan year. Participants may also contribute amounts representing distributions from other qualified defined-benefit or contribution plans (rollovers). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 5% of eligible compensation. The Organization provides a matching safe harbor contribution for all eligible employees, equal to 100% of the participant's deferral up to 5% of their eligible compensation, as defined in the Plan. Participants direct the investment of contributions into various investment options offered by the Plan. Additional profit-sharing amounts may be contributed at the discretion of the Organization's Board of Directors.

Participant accounts

Each participant's account is participant-directed, and is credited with the participant's contributions, as well as allocations of the Organization's matching contributions plus an allocation of investment earnings and losses. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary deferral contributions credited to their account. Vesting in employer contributions is based on years of continuous service of at least 1,000 hours per year. A participant is 100% vested after two years of service, or upon reaching retirement age, death, or disability.

NATIONAL QUALITY FORUM 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020

1. Description of the Plan (continued)

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$500 and a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Interest rates on notes receivable from participants are based on reasonable interest rates as determined by the Plan Administrator. Each note receivable is secured by the balance in the participant's account and the rate of interest is commensurate with interest charged by persons in the business of lending money for loans which would be made under similar circumstances. Principal and interest repayments are made ratably through payroll deductions and are credited to the participant's 401(k) account.

Payment of benefits

The Plan provides for distribution of accumulated benefits upon death, disability, separation of service, financial hardship, in-service at age 59 ½ and retirement of participants. The normal form of benefit upon termination of service, retirement, death, or attaining age 65 is a life-time annuity. Alternatively, a participant may elect to receive either a lump-sum amount equal to the value of his or her account, a direct rollover into a qualified retirement plan, or a combination of cash and direct rollover distribution. Upon termination or retirement, if the vested value of a participant's account is less than \$1,000, and the participant does not directly transfer their benefit to an IRA or another plan, his or her account will be distributed in a single lump-sum payment. If the vested value of a participant's account is between \$1,001 and \$5,000, and the participant does not directly transfer their benefit to an IRA or another plan, the Organization will directly transfer the participant's vested benefits to an IRA established for the participant's benefit.

Forfeitures

Forfeitures are used to reduce employer contributions and to pay for administrative expenses, subject to certain limitations as defined by the Plan. Forfeitures of non-vested accounts totaled \$54,195 and \$17,311 for the years ended December 31, 2021 and 2020, respectively. During the years ended December 31, 2021 and 2020, forfeitures totaling \$54,226 and \$17,188, respectively, were used to reduce employer contributions, and \$226 and \$159, respectively, were used to pay for administrative expenses.

2. Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

NATIONAL QUALITY FORUM 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020

2. Summary of significant accounting policies (continued)

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors, and trustees. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation include the Plan's gains and losses on investments bought and sold, as well as held during the year.

Employee contributions and employer matching contributions are recognized on the pay date to which they relate. Employer discretionary contributions are recognized in the year as designated by the Board of Directors of the Organization.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make note receivable repayments and the Plan Administrator deems the note receivable to be in default, the note receivable balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid by the Organization. Investment fees and transaction expenses, such as loan and distribution administration fees, are charged directly to the participant's account and are included in administrative expenses.

3. Information certified by the trustees (unaudited)

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Substantially all information pertaining to the Plan's investments included in the supplementary information and financial statements, including the associated appreciation, was certified as complete and accurate by Principal Life Insurance Company (Principal), Principal on behalf of Principal Global Investors Trust Company (Principal Global) and Delaware Charter and Trust Company d/b/a Principal Trust Company.

4. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1 – Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable inputs and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

4. Fair value measurements (continued)

Following is a description of the valuation methodologies used for assets. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Collective investment trust funds: Valued at the net asset value (NAV) of units which have observable Level 1 quoted pricing inputs. The NAV of each of the collective investment trust funds is not publicly quoted but is available to current investors via the employer website or when Plan participants access their account values. The NAV is calculated in a manner consistent with U.S. GAAP for investment companies. The NAV is based upon the fair value of the underlying investments held by the fund less its liabilities.

The Plan's investments in collective investment trust funds include an investment in the Principal Stable Value Fund (PSVF). The PSVF is included on the statements of net assets available for benefits at fair value measured using the NAV of the units held by the Plan. The NAV is not a publicly quoted price in an active market but is available to current investors via the employer website or when Plan participants access their account values. The NAV calculated by the fund is based on "net assets" which includes fully benefit-responsive investment contracts at contract value. This NAV represents the Plan's fair value as it is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The unit value of the fund is calculated daily and is available on Principal's website.

The PSVF primarily consists of a diversified portfolio of stable value investment contracts issued by life insurance companies, banks and other financial institutions, the performance of which may be predicated on underlying fixed-income investments. The fair value of conventional contracts is determined using a discounted cash flow methodology where the individual contract cash flows are discounted at the prevailing interpolated yield curve rate as of year-end. Individual assets of the synthetic investment contract are generally valued at representative quoted market prices. Short-term securities, if any, are stated at amortized cost, which approximates market value. Debt securities are valued on the basis of valuations furnished by a pricing service approved by the trustee, which determines valuations using methodology generally recognized by institutional traders. Accrued interest, if any, on the underlying investments is added to the fair value of the investments for presentation purposes. There are no unfunded commitments from participants in the Plan who invest in this account and redemption can occur daily. There are no notice periods required for liquidation.

Pooled separate accounts: Primarily valued at NAV which has observable Level 1 quoted pricing inputs. The NAV of each of the pooled separate accounts is not publicly quoted but is available to current investors via the employer website or when Plan participants access their account values. The NAV is calculated in a manner consistent with U.S. GAAP for investment companies. Most of the security prices were obtained from Interactive Data Corporation (IDC), similar to mutual funds. The NAV is calculated using the underlying assets owned by the separate account, minus liabilities, and then divided by the number of shares outstanding.

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020

4. Fair value measurements (continued)

Mutual fund: Valued at daily closing price as reported by the fund. The mutual fund held by the Plan is an open-end mutual fund that is registered with the Securities and Exchange Commission. The fund is required to publish its daily NAV and to transact at that price. The fund is deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

For the years ended December 31, 2021 and 2020, there were no transfers between Level 1 and Level 2, and no transfers in or out of Level 3.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020.

Assets at Fair Values as of December 31, 2021

5. Plan termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

6. Income tax status

The Plan has been organized as a prototype plan and is intended to satisfy the tax qualification requirements under IRC 401(a) and is therefore not subject to tax under current income tax law. The Plan has elected not to request a separate determination letter with respect to the Plan's qualification under Section 401(k) of the IRC. The Plan is maintained to conform to the prototype and received a prototype opinion letter from the IRS on March 31, 2014. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

In accordance with U.S. GAAP, Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken any uncertain tax positions that more than likely would not be sustained upon examination by a tax authority. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

7. Related party and party-in-interest transactions

The Plan's investments include units/shares of pooled separate accounts and collective investment trusts, managed by Principal and Principal Global. Principal and Principal Global are the trustees of the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Personnel and facilities of the Organization have been used to perform administrative functions for the Plan at no charge to the Plan. Notes receivable from participants also qualify as party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

8. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participant account balances and the amounts reported in the statements of net assets available for benefits.

In addition, recent economic uncertainty, and market events as a result of the COVID-19 pandemic and other market forces have led to unprecedented volatility in currency, commodity, credit and equity markets. These recent events underscore the level of investment risk associated with the current economic environment, and accordingly, the level of risk in the Plan.

9. Subsequent events

The Plan has evaluated subsequent events through September 27, 2022, the date the financial statements were available to be issued. There have been no material subsequent events that would require recognition in these financial statements or disclosure in the notes to financial statements, other than those described below.

Subsequent to year end, the Plan is in the process of migrating from Principal to Fidelity Management Trust Company as the new trustee/custodian. In addition, the Plan Sponsor is beginning to evaluate the need for a restatement to the specific terms of the Plan.
