Chatham University Defined Contribution Plan
Pittsburgh, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the Chatham University Defined Contribution Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan by a bank (investment information) or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021 stating that the certified investment information, as described in Note 4 to the 2021 Financial Statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the 2021 Financial Statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the 2021 Financial Statements.

In preparing the 2021 Financial Statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the 2021 Financial Statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the 2021 Financial Statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the 2021 Financial Statements. In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the 2021 Financial Statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the 2021 Financial Statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the 2021 Financial Statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 Financial Statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the 2021 Financial Statements, but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 Financial Statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 Financial Statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 Financial Statements or to the 2021 Financial Statements themselves and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion, and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

CHATHAM UNIVERSITY DEFINED CONTRIBUTION PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

NOTE 1 - PLAN DESCRIPTION

The Chatham University Defined Contribution Plan (Plan) is a defined contribution 403(b) plan covering substantially all full-time employees of Chatham University (University). Plan participants should refer to the Plan documents for a complete description of the Plan.

Employees are eligible to join the Plan immediately upon hire unless employee is a member of a collective bargaining unit and exclusion from coverage under this Plan was part of the negotiated agreement or employee is an enrolled student and attended classes offered by the University.

Contributions - Plan participants may contribute a portion of their compensation as a pre-tax deferral, subject to certain limitations under the Internal Revenue Code (IRC) for 2021. Contributions are applied to Group Retirement Annuity certificates issued to each participant under the Group Retirement Trusts established by the Teachers Insurance and Annuity Association of America (TIAA) and/or the College Retirement Equities Fund (CREF) or to mutual funds held by Fidelity Institutional Investments (Fidelity). The funds are held, invested and disbursed by TIAA or Fidelity. Participants investing through TIAA have the option of transferring fund balances among CREF accounts or to a TIAA annuity prior to retirement. All contributions to the Plan for employees hired prior to January 1, 2014 are vested immediately.

Effective January 1, 2014, the Plan was amended. The employer contributions for any participant hired on or after January 1, 2014 are subject to a three-year vesting period. Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the University's contribution portion of their accounts is based on years of continuous service. A participant must work at least 1,000 hours during each Plan year to earn a year of vesting service. A participant is 100% vested after three years of service or if the participant reaches normal retirement age, dies or incurs disability.

Full-time employees who are at least age 21 and have completed 12 consecutive months of service are eligible to receive employer contributions. The one-year waiting period is waived if the new employee has an existing 403(b) plan account from an institution of higher education or nonprofit agency. The University's contribution is made, provided that the employee remits at least 2% of his/her base wage to the Plan.

The University's contribution to the Plan for participating employees ranges from 3%-8%. Through August 31, 2021, an employee with a base salary below \$50,000 who contributes the mandatory 2% receives a 5% University match. An employee with a base salary of \$50,000 and above who contributes the mandatory 2% receives a flat 3% University match. If an employee contributes more than the mandatory 2%, he/she will receive an additional University match of 1%, for each additional 1% deferred above the mandatory contribution up to a total employee deferral of 5%. This means that there is a maximum additional University match of 3% for those individuals deferring at least 5%. Effective September 1, 2021, the University adopted a revised contribution structure whereby all employees who contribute the mandatory 2% receive a 5% University match. Employees who contribute at least 3% and up to 5%, receive a flat 8% match.

Each participant's account is credited with: a) the participant's contribution, b) University's contributions and c) earnings attributable to the investment of such account less the fees associated with the fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may also make and invest rollover contributions.

CHATHAM UNIVERSITY DEFINED CONTRIBUTION PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

NOTE 1 - PLAN DESCRIPTION (Continued)

Normal retirement age is 59-1/2. Upon reaching retirement, or earlier termination of service at any age, a participant is entitled to, and may elect to, receive benefits from the Plan under any of the following options: lump sum, partial payment, installment payments or through annuity contracts. Individual investment options that are selected by participants may restrict payout options. Participants are permitted to take in-service withdrawals from supplemental retirement plan employee contributions upon reaching the age 59-1/2.

All benefits under the Plan are fully funded and are provided through group retirement annuity certificates and investments as selected by the participants. Investments in group retirement annuity certificates are not subject to, or covered by, federally funded termination insurance. (See Note 5.)

Force-outs - The Plan includes a force-out provision. Any terminated participant with an account balance under \$5,000 will receive a lump-sum distribution of his/her vested account balance.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies consistently applied by the Plan administrator in the preparation of the accompanying financial statements follows:

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates - The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. (See Note 4 for discussion of fair value measurement.)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefit payments are recorded upon distribution.

CHATHAM UNIVERSITY DEFINED CONTRIBUTION PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

During 2020, the Plan elected to adopt hardship provisions associated with the CARES Act for participant-directed accounts. Under the CARES Act, the additional 10% tax penalty for early withdrawals is waived for hardship distributions related to participants diagnosed with COVID-19, participants with a spouse or dependent diagnosed with COVID-19, and participants who have experienced adverse financial consequences as a result of COVID-19. Participants who meet one of these requirements may withdraw up to \$100,000, spread the tax on the income due to the distribution or pay the distribution back over a three-year period.

Expenses - Expenses of TIAA, Fidelity and bundled service providers are paid by participants through the Plan and are reflected in the funds' net asset values. These fees include management and administration fees, which are reflected in net appreciation or depreciation in fair value of investments. Certain other administrative expenses are borne by the University and are not included in these financial statements.

Loans to Participants - Plan loans are issued as separate contracts by TIAA as contemplated under IRC Section 72(p)(5) and do not represent Plan assets. Loans are collateralized using a participant's TIAA Traditional Annuity (TIAA Traditional) account balance in an amount equal to 110% of the outstanding loan balance. Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 45% of his or her TIAA Traditional account balance subject to annuity contract and Plan provisions. Loan terms range from one (1) to five (5) years in one-year increments (up to 10 years for the purchase of the participant's primary residence). Principal and interest is paid ratably by the participant to TIAA, and each payment will reduce amounts collateralized by the borrowing participant's TIAA Traditional account balance. Plan loan balances outstanding from participants to TIAA were \$21,071 and \$36,559 as of December 31, 2021 and 2020, respectively.

Through Fidelity and TIAA, participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, reduced by any Plan loan balance, as described in the previous paragraph. Notes receivable from participants are secured by the balance in the participant's account and bear interest at the higher of the Moody's Corporate Bond Yield for the calendar month ending two months before the loan issuance or the interest rate credited before the loan origination date plus one percent. Principal and interest is paid ratably through payroll deductions. Participants are limited to a maximum of three outstanding loans at any one point in time.

During 2020, the Plan elected to adopt certain loan provisions of the CARES Act, which increased the maximum loan amount to the lesser of \$100,000 or 100% of the participant-directed account balance for loans taken between March 27, 2020 and September 23, 2020. In addition, participants who had loans due from March 27, 2020 through December 31, 2020 may delay their repayments and extend the term for up to one year.

Subsequent events are defined as events or transactions that occur after the statement of net assets available for benefits date, but before the financial statements are issued or are available to be issued. Management has evaluated subsequent events through September 27, 2022, the date that the financial statements were issued and determined that there have been no events that have occurred that would require adjustments to or disclosures in the financial statements other than the matter described in the paragraph below.

In March 2022, approximately \$11,680,000 of the Plan's assets for which Fidelity had been recordkeeper, transferred into the Plan's TIAA contract. At this point in time, Fidelity ceased its role as co-recordkeeper of the Plan and TIAA became the sole recordkeeper of the Plan's assets.

CHATHAM UNIVERSITY DEFINED CONTRIBUTION PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

NOTE 3 - BENEFIT-RESPONSIVE ACCOUNTS

Plan participants have entered into the TIAA Traditional Benefit-Responsive Annuity Contract (TIAA Traditional), a fully benefit-responsive annuity contract with TIAA. TIAA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. TIAA is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

TIAA Traditional is an unallocated fixed annuity contract that is fully and unconditionally guaranteed by TIAA. TIAA Traditional provides a guarantee of principal, a guaranteed minimum rate of interest (generally 3%, but in some recent contracts between 1% and 3%) and the potential for additional interest if declared by TIAA. Additional interest, when declared, remains in effect for the “declaration year,” which begins each March 1. Additional interest is not guaranteed for future years. Contributions to a participant’s account purchase a guaranteed amount of lifetime annuity income. When a participant’s account in the TIAA Traditional is annuitized based on available options, the present value of the stream of payments is equal to the account balance. The subsequent stream of annuity payments occurs outside of the Plan and does not represent an obligation of the Plan.

TIAA Traditional is presented on the face of the statements of net assets available for benefits at contract value. TIAA believes that the contract value equals the fair value of the contract as of December 31, 2021 and 2020. Contract value, as reported to the Plan by TIAA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all, or a portion, of their investment in the contract.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2021 and 2020 was approximately \$1,239,000 and \$1,152,000, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan), (2) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or (3) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974 (ERISA). The Plan administrator does not believe that any events that would limit the Plan’s ability to transact at contract value with participants are probable of occurring.

Plan participants have also entered into the TIAA Stable Value Fund (Stable Value), a fully benefit-responsive annuity contract with TIAA. TIAA maintains the contributions in a nonunitized separate account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. TIAA is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan.

Stable Value is a fixed rate group annuity contract issued by TIAA. The contract provides a guaranteed minimum rate of interest of between 1% and 3% before deductions for contract fees with the potential for crediting of additional interest above the guaranteed minimum. Additional interest can be declared by the TIAA Board of Trustees, and remains in effect for six-month periods and is not guaranteed for future periods. The contract value of the investment contract at December 31, 2021 and 2020 was approximately \$443,000 and \$426,000, respectively.

NOTE 3 - BENEFIT-RESPONSIVE ACCOUNTS (Continued)

This contract meets the fully benefit-responsive contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by TIAA, represents contributions, interest credited and transfers, if any, less participant withdrawals. Stable Value is immediately liquid to participants and does not have participant-level withdrawal restrictions (except that immediate transfers cannot be made to competing investment options pursuant to the contract's "equity wash" provisions). The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its financial obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contract.

The fully benefit-responsive contracts do not permit TIAA to terminate the agreement prior to the scheduled maturity date.

NOTE 4 - FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the topic are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: (i) quoted prices for similar assets or liabilities in active markets; (ii) quoted prices for similar assets or liabilities in inactive markets; (iii) inputs other than quoted prices that are observable for the asset or liability or (iv) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement. Inputs reflect management's best estimate of what market participants would use in valuing the asset or liability at the measurement date.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4 - FAIR VALUE MEASUREMENT (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

TIAA Traditional Non-Benefit Responsive Annuity - Reported at fair value, which equals the accumulated cash contributions and interest credited to the Plan's contract, less any withdrawals. The valuation of the Plan's investments in the TIAA Non-Benefit Responsive Annuities requires significant judgment due to the absence of quoted market prices and heavy reliance on Level 3 inputs. There is, however, a liquidity guarantee by TIAA general account. The TIAA Traditional Account is equal to the cumulative contributions invested plus a guaranteed rate of interest credited over the term based upon the rate declared when the contribution is made. Crediting rates are a combination of a guaranteed rate and an annually established discretionary rate. Additionally, the discretionary rate applied to contributions received during a reporting period may vary from the discretionary rate applied to account balances at the end of the prior reporting period. When the accumulated value is converted to an annuity, it is converted to a present value annuity based upon the participant's life expectancy. Fair value approximates a discounted cash flow value calculated using an appropriate risk-adjusted market discount rate, which correlates closely with TIAA Non-Benefit-Responsive Annuities' historical crediting rates.

Mutual Funds - Includes TIAA-CREF and Fidelity funds and other mutual funds. Valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

CREF Accounts - Valued using market quotations or prices obtained from independent pricing sources that may employ various pricing methods to value the investments, including matrix pricing. Participants have accumulation units in CREF Accounts, which are registered with the Securities and Exchange Commission. These accounts determine the closing accumulation unit value on any day the NASDAQ is open and are deemed to be readily traded.

TIAA Real Estate - Value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. The daily unit values for the TIAA Real Estate Account are updated overnight for each day that the NASDAQ is open and is listed on the securities exchange.

The methods described above might produce a fair value calculation that might not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the report period.

NOTE 4 - FAIR VALUE MEASUREMENT (Continued)

The Plan's assets at fair value as of December 31, set forth by level, within the fair value hierarchy, are as follows:

	2021			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 44,668,304	\$ -	\$ -	\$ 44,668,304
CREF Accounts	35,480,670	-	-	35,480,670
TIAA Non-Benefit Responsive Annuity	-	-	14,603,180	14,603,180
TIAA Real Estate Account	3,950,595	-	-	3,950,595
	<u>\$ 84,099,569</u>	<u>\$ -</u>	<u>\$ 14,603,180</u>	<u>\$ 98,702,749</u>

	2020			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 39,034,479	\$ -	\$ -	\$ 39,034,479
CREF Accounts	29,986,891	-	-	29,986,891
TIAA Non-Benefit Responsive Annuity	-	-	14,480,764	14,480,764
TIAA Real Estate Account	3,395,667	-	-	3,395,667
	<u>\$ 72,417,037</u>	<u>\$ -</u>	<u>\$ 14,480,764</u>	<u>\$ 86,897,801</u>

Transfers into the TIAA Traditional Non-Benefit Responsive Annuity from other funds approximated \$633,000 and \$970,000 for the years ended December 31, 2021 and 2020, respectively. Transfers out of the TIAA Traditional Non-Benefit Responsive Annuity into other funds approximated \$382,000 and \$968,000 for the years ended December 31, 2021 and 2020, respectively.

Realized gains and losses and unrealized appreciation (depreciation) are included in net appreciation in fair value of investments. Unrealized appreciation or depreciation on Level 3 investments relates to investments held as of December 31, 2021.

NOTE 5 - BENEFIT ANNUITIES

Upon retirement, for certain investment options, a participant's accumulation units can be converted to annuity units based on the participant's age, his or her elected income option and the current value of the annuity units. The dollar value of the annuity, and therefore the amount of each payment, is adjusted annually based on investment performance, mortality and expense provisions.

NOTE 6 - CUSTODIAN CERTIFICATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, income from interest and dividends, and interest income from notes receivables from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity or by TIAA, CREF, or as agent for TIAA, FSB (the trustees of the Plan).

NOTE 7 - TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the IRC and, therefore, it is not currently eligible to receive a determination letter from the Internal Revenue Service (IRS). The terms of the Plan have been prepared to conform to the sample language provided by the IRS in Revenue Procedure 2007-01. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable provisions of the IRC, and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2018.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the University has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions set forth in the ERISA.

NOTE 9 - RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of funds managed by TIAA, CREF, TIAA-CREF and Fidelity Management Trust Company. TIAA-CREF and Fidelity are the Plan custodians and trustees as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation or depreciation in fair value of the investment, since they are paid through revenue sharing, rather than a direct payment. The Plan sponsor directly pays any other fees related to the Plan's operations.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.
