Independent Auditor's Report

Dr. Kyle Etzkorn, Trustee
Borland-Groover Clinic P.A. Profit-Sharing Plan
Jacksonville, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Borland Groover Clinic, P.A. Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974, as amended (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the

supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of Plan

The following description of the Borland-Groover Clinic, P.A. Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan covering all employees of Borland-Groover Clinic, P.A.; Southpoint Holdings, Inc.; BGC Holdings, Inc.; and Jax Anesthesia Providers, LLC. Effective February 1, 2021, the Plan was amended to include the employees of United Surgical Partners International. These entities will be referred to as the Company throughout these financial statements.

The Plan covers employees who have completed three months of service and have attained age 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Plan Administration

T. Rowe Price Trust Company (T. Rowe) is the Plan's trustee and record-keeper. Plan management is responsible for the oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

The Plan allows participants to contribute up to 100% of their pretax annual compensation, as defined in the Plan document, and Roth 401(k) deferrals, subject to annual limitations as defined by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans. The Company may make a discretionary profit sharing contribution allocated based on segmented groups of participants, as well as a discretionary matching contribution to be determined annually by the Company. The Company contributed \$5,042,149 as discretionary profit-sharing contribution for the year ended December 31, 2021. There were no discretionary matching contributions for the year ended December 31, 2021.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contributions and related earnings is based on years of continuous service. Participants must work at least 1,000 hours during the year to be credited with a year of service.

Borland-Groover Clinic, P.A. Profit Sharing Plan and Trust

Notes to Financial Statements

Once the participant completes two years of service, he or she becomes 20% vested. Participants then earn 20% per year thereafter, and are 100% vested after six years of credited service.

Payment of Benefits

On termination of service, a participant (or beneficiary) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, or periodic installments. Other than termination, participants may not withdraw their contributions until they attain age 59½ or prove a financial hardship under specific circumstances. In the event of a financial hardship withdrawal, a participant is precluded from making contributions to the Plan for six months following the distribution.

Effective January 1, 2020, the Plan was amended in order to comply with the Bipartisan Budget Act of 2018 and the 2017 Tax Cuts and Jobs Act which were issued with the Final Treasury Regulations on September 23, 2019. As a result of this amendment, participants are no longer precluded from making contributions to the Plan for the six months following a hardship distribution.

Forfeited Accounts

Forfeitures of non-vested contributions may be used to reduce the balance of company contributions receivable or used to pay Plan expenses. At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$141,143 and \$164,687, respectively. Forfeitures may be used to reduce future Company contributions. For the year ended December 31, 2021, \$268,786 was used to reduce the balance of Company contributions receivable.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Cash

The carrying value of cash approximates fair value due to its short-term and highly liquid nature.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Borland-Groover Clinic, P.A. Profit Sharing Plan and Trust

Notes to Financial Statements

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year, net of investment management fees.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment-related expenses are included in net appreciation of fair value of investments.

Payments of Benefits

Benefits are recorded when paid.

3. Information Certified by T. Rowe

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, T. Rowe has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

<i>December 31</i>	2021	2020
Cash	\$ 2,166,838	\$ 625,868
Mutual funds	85,772,396	70,987,338
Common/collective trust	5,075,371	4,881,864
Self-directed brokerage account	6,265,673	3,921,526

Year ended December 31, 2021

Net appreciation in fair value of investments	\$ 8,662,573
Dividend income	4,458,596

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the accompanying financial statements and supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Borland-Groover Clinic, P.A. Profit Sharing Plan and Trust

Notes to Financial Statements

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds - These assets are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are considered to be Level 1.

Common Stock - This asset is carried at fair value and traded daily in active markets. All common stock is considered to be Level 1.

Common/Collective Trusts and Unit Investment Trusts - These assets are valued at NAV provided by the trustee. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets owned by the trust, minus its liabilities, divided by the number of units outstanding. This practical expedient is not used when it is determined to be probable that the trust will sell the investment for an amount different than the reported NAV. Trust may be redeemed on a daily basis. There were no unfunded commitments to purchase investments at December 31, 2021 and 2020 and no liquidity restrictions. Further, these collective trust funds are direct filing entities filers.

Notes to Financial Statements

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value and includes all assets described as self-directed brokerage accounts on the accompanying statements of net assets available for benefit:

December 31, 2021

	Level 1
Mutual funds	\$ 85,772,396
Self-directed brokerage accounts:	
Common stock	5,026,168
Total Investments, at fair value	90,798,564
Common/collective and unit investment trusts (measured at NAV*)	5,075,371
Self-directed brokerage accounts:	
Common/collective and unit investment trusts (measured at NAV*)	1,239,505
Total investments	\$ 97,113,440

December 31, 2020

	Level 1
Mutual funds	\$ 70,987,338
Self-directed brokerage accounts:	
Common stock	3,344,945
Total Investments, at fair value	74,332,283
Common/collective and unit investment trusts (measured at NAV*)	4,881,864
Self-directed brokerage accounts:	
Common/collective and unit investment trusts (measured at NAV*)	576,581
Total investments	\$ 79,790,728

* Certain investments that are measured at fair value using the NAV per share practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The Plan did not hold investments in Level 2 or Level 3 investments as of December 31, 2021 and 2020.

5. Party-in-Interest Transactions

Certain Plan investments are managed by T. Rowe, and Charles Schwab Bank, custodian of the Plan's investments as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA. Fees paid to the party-in-interest were \$249,269 for the year ended December 31, 2021.

Borland-Groover Clinic, P.A. Profit Sharing Plan and Trust

Notes to Financial Statements

6. Plan Termination

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Company contributions.

7. Tax Status

The Internal Revenue Service (IRS) has informed the Plan by letter dated August 19, 2020 that the Plan and related trust are designed in accordance with section of the IRC, as required by the IRS 2017 Cumulative List of Notice 2017-37, updating the IRS determination letter from 2014. Effective August 4, 2017, the Plan adopted the T. Rowe Price Pre-Approved Defined Contribution Plan. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC; therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

The macroeconomic impacts stemming from the conflict in Ukraine, and the potential impact and duration of the COVID-19 pandemic, continuing supply chain issues and rising inflation has continued to cause volatility in the markets. Any future impact on investments or the Plan remains uncertain.

9. Concentrations

Four investments comprised 56% and 52% of net assets available for benefits as of December 31, 2021 and 2020, respectively.

10. Subsequent Events

Events occurring after December 31, 2021, the date of the most recent financial statements, have been evaluated for possible adjustments to the financial statements or disclosures through September 26, 2022, which is the date the financial statements were available to be issued; there were no reportable events, except as noted below.

On January 1, 2022, the Plan adopted an amendment and restatement to bring the Plan into compliance with the legislative and regulatory changes set forth in IRS Notice 2017-37.
