Genesis Healthcare Partners MSO, LLC Employees' 401(k) Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Genesis Healthcare Partners MSO, LLC Employees' 401(k) Profit Sharing Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2021 and 2020, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Genesis Healthcare Partners MSO, LLC Employees' 401(k) Profit Sharing Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued (or, when applicable, one year after the date that the financial statements are available to be issued).

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Genesis Healthcare Partners MSO, LLC Employees' 401(k) Profit Sharing Plan and Trust. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 30, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**GENESIS HEALTHCARE PARTNERS MSO, LLC EMPLOYEES'
401(K) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020**

1. Description of Plan

The following description of the Genesis Healthcare Partners MSO, LLC Employees' 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

The Plan was established April 1, 2011 by Genesis Healthcare Partners, P.C. (the "Company," "Plan Sponsor" or "Employer") as a defined contribution plan under the provisions of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was amended effective January 1, 2018 to allow participating employers Genesis Healthcare Partners MSO, LLC, Genesis MSO Class A member, LLC, and Genesis MSO Class B Member, LLC employees to participate in the Plan. The Company was purchased on April 29, 2021 by Urology Partners of America, LLC. Effective April 30, 2021, the Plan name was changed to Genesis Healthcare Partners MSO, LLC Employees' 401(k) Profit Sharing Plan and Trust.

b. Administration

The Plan is overseen by an administrative committee appointed by the Company (the "Administrative Committee" or "Plan Administrator"). The Plan's Trustee and record-keeper is Charles Schwab Trust Bank (the "Trustee"). The Trustee has the full power to administer the Plan and apply all of its provisions on behalf of the Plan Sponsor and the Administrative Committee. The Plan Sponsor has the discretion to appoint or remove any trustee or agent of the Plan.

c. Eligibility

All employees of the Company who were employed on April 1, 2011 and were previously employed on March 31, 2011 by any of the predecessor employers are eligible to participate in the Plan. Effective January 1, 2017, the Plan was amended so that employees are eligible to contribute after completing 1 hour of service, excluding union employees, independent contractors, and nonresident aliens. To be eligible for employer contributions, an employee must complete one year of service, with a minimum of 1,000 hours of service during the 12-month period beginning with the date they complete their first hour of service. Employees within companies acquired by the Plan Sponsor have service with the predecessor employer recognized for purposes of eligibility in the Plan.

d. Participant Contributions

Participants may contribute to the Plan up to 100% of eligible compensation through elective, pre-tax salary deferrals subject to IRC limits of \$19,500 for the years ended December 31, 2021 and 2020. Upon reaching the age of 50, participants may make additional catch-up contributions limited to \$6,500 for the years ended December 31, 2021 and 2020. Participants may also make rollover contributions from other qualified defined plans.

e. Employer Contributions

The Company sponsors a safe harbor fixed contribution that is intended to qualify as safe harbor under IRS Code 401(k)(12). Safe harbor fixed contributions are made by the Employer in an amount equal to 3% of the participant's compensation for the Plan year.

The Employer may also make discretionary non-elective profit sharing contributions to the Plan each year. If made, such contributions are allocated to eligible participants' accounts based on each participant's compensation in proportion to total compensation for all eligible participants. For the year ended December 31, 2021, the Employer plans to fund \$401,937 of discretionary non-elective profit sharing contributions in 2022. For the year ended December 31, 2020, the Employer made discretionary non-elective profit sharing contributions of \$620,591.

All contributions are invested in the participants' accounts according to their specified investment allocations as of the date of the contribution.

f. Participant Accounts

Individual accounts are maintained for each participant to reflect the participant's elective salary deferrals, employer safe harbor and discretionary contributions, and allocations of Plan earnings and administrative expenses. Allocations are done daily using a weighted-average of participant account balances. Participants can direct their accounts into a variety of investments offered by the Trustee, including a self-directed brokerage account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

g. Vesting

Participants are immediately vested in their elective salary deferrals, catch-up contributions, rollover contributions and employer safe harbor contributions, plus actual earnings thereon. Participants vest in employer discretionary non-elective profit sharing contributions and earnings thereon as follows:

<u>Years of Vesting Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Participants become 100% vested in their accounts if they are employed with the Company upon death, total or permanent disability as defined in the Plan document, upon reaching retirement age, or upon Plan termination.

h. Forfeitures

Forfeitures may be used to pay Plan administrative expenses or to reduce employer safe harbor contributions. For the years ended December 31, 2021 and 2020, \$2,389 and \$3,931, respectively, of forfeitures were used to reduce employer safe harbor contributions or pay for administrative expenses. As of December 31, 2021 and 2020, \$2,415 and \$1,949, respectively were available to reduce future employer safe harbor contributions or pay for administrative expenses.

i. Notes Receivable from Participants

Participants may borrow from their accounts the lesser of \$50,000 or 50% of their vested account balance, subject to a minimum of \$1,000. Loans are repayable in equal installments of principal and interest per pay period and are paid through regular withholding from payroll. Generally, the maximum term of a loan will be 5 years unless the loan is used to acquire a principal residence, in which case the term may be for a period of 10 years. The collateral for a loan made shall be 50% of the participants vested account balance. New loans bear interest at the prime rate plus 1% per annum and are fixed at the inception of the loan. As of December 31, 2021, loans mature through 2029 and bear interest between 4.25% and 6.50% per annum which is commensurate with local prevailing rates as determined by the Plan Administrator at the time of the loan.

j. Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant or beneficiary may elect to receive an amount equal to the participant's vested account balance in a lump-sum payment or delay payment until the required beginning date of minimum distributions, depending on the value of the account. In addition, the Plan permits in-service distributions for participants who are age 59 ½ or older. Distributions paid prior to the participant attaining age 59 ½ and not rolled into another retirement account are subject to federal income tax of 20% and a federal excise tax of 10%.

k. Hardship Withdrawals

Upon certain conditions, participants, while still employed by the Company, are permitted to withdraw, in a single lump sum, a portion of their vested account as a result of an immediate and heavy financial need. These conditions include the payment of unreimbursed medical expenses, postsecondary education tuition for immediate family members, funeral or burial costs of immediate family members, natural disaster clean-up on the participant's primary residence, the purchase of the participant's primary residence, or to prevent eviction or foreclosure from the participant's primary residence.

l. Administrative Expenses

All reasonable expenses of administration may be paid out of the Plan assets unless paid by the Company. Expenses, to the extent not paid by the Company, are paid by the Plan and allocated to participants based on their account balances. For the years ended December 31, 2021 and 2020, expenses incurred by the Plan for the administration of the Plan totaled \$105,949 and \$82,637, respectively. Expenses that relate solely to a specific participant are assessed to the participant. Certain expenses are included in the transaction prices of investments bought and sold and cannot be separately quantified.

m. CARES Act

The Coronavirus Aid Relief, and Economic Security Act ("CARES Act") was passed by the U.S. Senate on March 26, 2020. Section 2202 of the CARES Act permits eligible Plan participants to request penalty-free distributions of up to \$100,000 for qualifying coronavirus-related reasons. These reasons include adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced or being unable to work due to a lack of childcare due to COVID-19. As a result of the CARES Act, the Administrative Committee and management has amended the Plan to allow for penalty-free withdrawals for qualifying COVID-19 related reasons.

2. Summary of Significant Accounting Policies

a. Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP") as set forth by the Financial Accounting Standards Board (the "FASB").

b. Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Net appreciation in fair value of investments consists of the net change in realized and unrealized gains or losses during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

d. Payment of Benefits

Benefits are recorded when paid.

e. Subsequent Events

The Plan Administrator has evaluated subsequent events through October 5, 2022, the date the financial statements were available for issuance.

3. Information Certified by the Trustee (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 103(a)(3)(C) for 2021 and 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2020. The following information included in the financial statements and supplemental schedule of assets held at end of the year was provided and certified by the Trustee as of December 31, 2021 and 2020 and for the years then ended as complete and accurate:

- Investments, at fair value
- Notes receivable from participants
- Interest received on notes receivable from participants
- Investment income
- Schedule of assets (held at end of year)

The classification of the investments into the appropriate levels (1, 2, or 3) as disclosed in Note 5 is not certified by the Trustee and is the responsibility of Plan management.

4. Investments

All Plan investments are participant-directed and held by the Trustee as of December 31, 2021 and 2020. Participants can direct their accounts among various mutual funds, common collective investment trusts, and self-directed brokerage accounts that includes certificates of deposit, money market funds, mutual funds, common stocks, and corporate bonds.

The T. Rowe Price Stable Value Fund (the "Fund") is a collective investment trust that invests in fully benefit-responsive investment contracts, which include conventional, synthetic and separate account investment contracts issued by life insurance companies, banks and other financial institutions, designed to provide principal stability and a competitive yield.

Contract value is the relevant measurement attribute for that portion of the net assets of an investment company attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of their employer sponsored defined contribution plan that invests in the Fund. The contract value is a representation of the fair value of the Fund.

Certain events may limit the ability of the Fund to transact at contract value with the issuer. Such events may include but are not limited to: mergers, mass layoffs, plan terminations, implementation of early retirement incentive programs, or other events within the control of the Fund or the Plan Sponsor resulting in a material and adverse financial impact on the issuer's obligations under the Fund. Fund management does not consider it probable that such

circumstances would be of sufficient magnitude to limit the ability of the Fund to transact at contract value with participants.

Participants would be able to terminate the Fund and settle at an amount other than contract value if the Fund loses qualified status under the IRC, Fund management fails to meet its material obligations, or if the fixed-income securities underlying the separate or synthetic guaranteed interest contracts fail to meet certain criteria as specified in each guaranteed interest contract.

5. Investments at Fair Value

a. Fair Value Hierarchy

ASC 820, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets,
 - Quoted prices for identical or similar assets or liabilities in inactive markets,
 - Inputs other than quoted prices that are observable for the asset or liability, and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's investments at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Money Market Funds, Mutual Funds, and Self-Directed Brokerage Accounts

The money market fund, mutual funds, and self-directed brokerage accounts are valued at quoted market prices which are available on active markets and, therefore, are classified as Level 1 within the valuation hierarchy.

Common Collective Investment Trusts

Common collective investment trusts are valued at net asset value "NAV" based on the fair market value of their underlying investments, all of which have observable Level 1 or Level 2 pricing inputs, including quoted prices for similar assets in active and non-active markets. Common collective investment trusts are classified as Level 2 within the valuation hierarchy.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

Investments at Fair Value at December 31, 2021

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 21,760,271	\$ -	\$ -	\$ 21,760,271

b. Investments Calculated at Net Asset Value Per Share

The investment objectives of T. Rowe Price Stable Value Common Trust Fund are to maximize current income consistent with the maintenance of principal and to provide for benefit-responsive participant withdrawals at contract value for certain events without penalty or adjustment. The trust attempts to achieve these objectives by investing and reinvesting amounts transferred to the trust in investment contracts selected by the Trustee.

The following table provides information regarding redemption of investments where the NAV has been used to measure fair value as of December 31, 2021 and 2020:

	Fair Value		Redemption Frequency	Redemption Notice Period
	2021	2020

6. Party-in-Interest Transactions

A party-in-interest is defined as a fiduciary or employee of the Plan, any person who provides service to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or a relative of such persons mentioned.

Certain Plan investments are managed by Charles Schwab Trust Bank as of December 31, 2021 and 2020. Therefore, these investments and investment transactions qualify as party-in interest transactions.

Additionally, the Company is a party-in-interest to the Plan. However, there were no transactions, with the Company other than the funding of contributions to the Plan.

7. Tax Status

The Plan utilizes a Volume Submitter Profit Sharing Plan Document which received an opinion letter dated June 30, 2020, in which the Internal Revenue Service ("IRS") stated that as of that date the Plan document was designed in compliance with the applicable IRC requirements. Plan management believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, Plan management believes that the Plan is qualified and the related trust is tax exempt as of December 31, 2021 and 2020 and for the years then ended.

Assuming it meets certain initial and ongoing requirements, the Plan is generally exempt from federal and state income taxes. However, GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as of December 31, 2021 and 2020 to Form 5500:

	2021	2020
Net assets available for benefits reported on the financial statements	\$ 33,715,502	\$ 27,534,471
Less: current year employer contributions receivable	<u>(955,187)</u>	<u>(848,179)</u>
Net assets available for benefits reported on Form 5500	<u>\$ 32,760,315</u>	<u>\$ 26,686,292</u>

The following is a reconciliation of the net increase in net assets available for benefits as reported on the Plan's financial statements to amounts reported on Form 5500 for the years ended December 31, 2021 and 2020:

	<u>2021</u>	<u>2020</u>
Net increase in net assets available for benefits reported on the financial statements	\$ 6,181,031	\$ 4,727,762
Less: employer contributions receivable	(955,187)	(848,179)
Add: prior year employer contributions receivable	<u>848,179</u>	<u>969,358</u>
Net increase in net assets available for benefits reported on Form 5500	<u>\$ 6,074,023</u>	<u>\$ 4,848,941</u>

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer discretionary non-elective profit sharing contributions and the earnings thereon.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks such as interest rate, credit, foreign currency and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
