Independent Auditor's Report

Trustees and Plan Management
Central Virginia Electric Cooperative, Inc.
401(k) Deferred Compensation Plan
Arrington, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audit of the financial statements of Central Virginia Electric Cooperative, Inc. 401(k) Deferred Compensation Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Central Virginia Electric Cooperative, Inc. 401(k) Deferred Compensation Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Central Virginia Electric Cooperative, Inc. 401(k) Deferred Compensation Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Central Virginia Electric Cooperative, Inc. 401(k) Deferred Compensation Plan's ability to continue as a going concern for the year ended December 31, 2021.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Central Virginia Electric Cooperative, Inc. 401(k) Deferred Compensation Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Central Virginia Electric Cooperative, Inc. 401(k) Deferred Compensation Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule, Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditor's Report

Trustees and Plan Management
Central Virginia Electric Cooperative, Inc.
401(k) Deferred Compensation Plan
Arrington, Virginia

We were engaged to audit the accompanying statement of net assets available for benefits of Central Virginia Electric Cooperative, Inc. 401(k) Deferred Compensation Plan as of December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on this financial statement based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note E, which was certified Great-West Trust Company, LLC (d/b/a Empower Retirement), the custodian of the Plan, except for comparing the information with the related information included in the financial statement. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2020, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2020 financial statement.

Report on Form and Content in Compliance with DOL Rules and Regulations for 2020 Financial Statement

The form and content of the information included in the 2020 financial statement, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

Central Virginia Electric Cooperative, Inc. 401(k) Deferred Compensation Plan

December 31, 2021 and 2020

Note A - Description of the Plan

The following description of the Central Virginia Electric Cooperative, Inc. 401(k) Deferred Compensation Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Central Virginia Electric Cooperative, Inc. (the “Cooperative”) who attained age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Matching - The Cooperative may, in its discretion, make matching contributions equal to 50% of participant salary deferrals and catch-up contributions, as applicable up to the first 6% of the participant’s compensation.

Gateway - The Cooperative has agreed to make a “safe harbor” contribution equal to 5% of participant’s compensation.

Age-Weighted - The Cooperative has agreed to make an age-weighted contribution equal to a certain percentage based on the participant’s age and years of service as of the first day of the plan year.

The total amount of the annual addition that may be allocated to the accounts of any participant for any plan year shall not exceed the lesser of \$48,000 or 100% of the participant’s “section 415 compensation”, as defined by the plan.

Participant Accounts

Each participant’s account is credited with the Cooperative’s contributions and the participant’s voluntary contribution, in addition to allocated shares of the Plan’s investment earnings. Allocations are based on participant account balances, as defined by the Plan. Participants can change how contributions are invested and transfer funds between investments through on-line access to the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Forfeitures

The non-vested portion of a terminated participant’s account balance remains in the Plan and is called forfeiture. Forfeitures may be used by the Plan to reduce any employer contributions or to reduce administrative expenses. Forfeited balances available were \$562 and \$552 at December 31, 2021 and 2020, respectively. There were no forfeitures applied to reduce employer contributions or administrative expenses for the year ended December 31, 2021.

Notes to Financial Statements

Central Virginia Electric Cooperative, Inc. 401(k) Deferred Compensation Plan

December 31, 2021 and 2020

Note A - Description of the Plan - Continued

Vesting

Each participant shall have a fully vested interest in the value of his or her account at all times.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the excess, if any, of the participant's highest outstanding loan balance during the 12 months preceding the new loan date or 50% of their vested account balance. Loans are secured by the balance in the participant's account and by other adequate collateral deemed necessary by the trustees. The loans bear interest based on a rate of return commensurate with the prevailing interest rate charged on similar commercial loans by persons in the business of lending money.

Payment of Benefits

Upon termination of employment, death, or disability, a participant or their beneficiary will receive a distribution in the form of a single sum cash payment. If the vested account balance equals or exceeds \$1,000 but does not exceed \$5,000, it will be paid in a direct rollover to an individual retirement account designated by the Administrator unless the participant consents to immediate distribution. If the vested account balance is less than \$1,000, it will be paid in a lump sum distribution to the participant as soon as administratively possible following the participant's termination.

Investment Options

Upon enrollment in the Plan, participants may direct the investment of his or her account balance under the Plan, and may change their options at any time. The Plan is intended to comply with Section 401(k) of ERISA which requires that participants have an opportunity to choose from a broad range of investment options that have different risk and return characteristics.

Plan Termination

Although it has not expressed any intent to do so, and intends to continue the Plan indefinitely for the benefit of its employees, the Cooperative has the right under the Plan to discontinue contributions and terminate the Plan at any time by resolution of the Board of Directors. In the event of termination, each participant will receive a lump sum distribution of his or her total account, subject to the provisions of ERISA and the Plan documents.

Notes to Financial Statements

Central Virginia Electric Cooperative, Inc. 401(k) Deferred Compensation Plan

December 31, 2021 and 2020

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP).

Estimates

The preparation of the financial statements requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value except for its fully benefit-responsive guaranteed investment contract, which is stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

All expenses of administration of the Plan and trust may be paid out of the trust fund unless paid by the Cooperative.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2010.

Payment of Benefits

Benefits are recorded when paid.

Notes to Financial Statements

Central Virginia Electric Cooperative, Inc. 401(k) Deferred Compensation Plan

December 31, 2021 and 2020

Note C - Investment Contract with Insurance Company

The Plan contains a fully benefit-responsive investment contract with Great-West Life and Annuity Insurance Company (Great-West) totaling \$5,204,888 and \$5,309,060 at December 31, 2021 and 2020, respectively. Great-West maintains the contributions in a general account. The account is credited with contributions and earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The method for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The crediting rate may not be less than 0% and is reviewed on a quarterly basis for resetting.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include amendments to the Plan document (including complete or partial Plan termination or merger with another plan), changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to contract at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include an uncured violation of the plan's investment guidelines, a breach of material obligation under the contract, a material misrepresentation, or a material amendment to the agreement without the consent of the issuer.

Notes to Financial Statements

Central Virginia Electric Cooperative, Inc. 401(k) Deferred Compensation Plan

December 31, 2021 and 2020

Note D - Tax Status

The Internal Revenue Service has determined and informed the Cooperative by a letter dated June 30, 2020 that the Plan was designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Management has evaluated the effects of accounting guidance related to uncertain income tax positions and concluded that the Plan had no significant financial statement exposure to uncertain income tax positions at December 31, 2021 and 2020. The Plan is not currently under audit by any tax jurisdiction.

Note E - Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Great-West Trust Company, LLC, d/b/a Empower Retirement, (the custodian of the Plan).

The following table represents the investments in this Plan that were certified by Empower Retirement:

	December 31,	
	2021	2020
Investments at fair value	\$ 26,606,145	\$ 21,297,312
Investments at contract value	5,204,888	5,309,060
	<u>\$ 31,811,033</u>	<u>\$ 26,606,372</u>

The custodian also certified to the completeness and accuracy of income related to the aforementioned investments for the year ended December 31, 2021:

Net appreciation in fair value of investments	\$ 1,966,676
Interest and dividends	<u>1,809,554</u>
	<u>\$ 3,776,230</u>

Note F - Party-in-Interest Transactions

Certain plan investments are shares of mutual funds and benefit-responsive insurance contracts managed by Empower Retirement, custodian, as defined by the Plan. These are related-party transactions and are identified as parties-in-interest in the accompanying schedule of assets (held at end of year). Additionally, the Plan issues loans to participants which are considered party-in-interest transactions.

Notes to Financial Statements

Central Virginia Electric Cooperative, Inc. 401(k) Deferred Compensation Plan

December 31, 2021 and 2020

Note G - Risks and Uncertainties

At December 31, 2021 and 2020, the Plan's assets were invested in various financial instruments including mutual funds and a guaranteed investment contract. Investments were exposed to various risks, such as changes in interest rates, market conditions and credit assessments. Due to the level of risk associated with certain securities, it is at least reasonably possible that changes in risk in the near term could materially affect participants' account balances and amounts reported in the financial statements.

Note H - Fair Value Measurements

The framework for measuring fair values provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note H - Fair Value Measurements - Continued

During the years ended December 31, 2021 and 2020, the Plan did not have any significant transfers between Level 1, 2, or 3. The Plan's policy is to recognize transfers in and transfers out of all levels as of the end of the period.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
