Independent Auditors' Report

The Plan Administrator
Robert D. Gilmore & Associates, Inc. 401(k) Profit Sharing Plan
New Britain, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Robert D. Gilmore & Associates, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the 2021 financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Robert D. Gilmore & Associates, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Robert D. Gilmore & Associates, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Robert D. Gilmore & Associates, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Robert D. Gilmore & Associates, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. - the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Robert D. Gilmore & Associates, Inc. 401(k) Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 8, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

ROBERT D. GILMORE & ASSOCIATES, INC. 401(k) PROFIT SHARING PLAN

Notes to Financial Statements December 31, 2021 and 2020

(1) Description of Plan

The following description of the Robert D. Gilmore & Associates, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Effective January 1, 2022, the plan was restated to incorporate regulatory changes previously enacted in accordance with the Internal Revenue Service requirements.

General

The Plan is a defined contribution plan covering all eligible employees of Robert D. Gilmore & Associates, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Trustees are responsible for oversight of the Plan, determine the appropriateness of the Plan's investment offerings and monitor investment performance.

Eligibility

All employees of the Company, except union employees, nonresident aliens, leased employees, and residents of Puerto Rico, become eligible to participate in the Plan upon attainment of age 21 and three consecutive months of service. A participant's entry date into the Plan is the first day of the calendar month coinciding with or next following the date on which the eligibility requirements were satisfied.

Contributions

Each year, participants may contribute a percentage of their pre-tax annual compensation, as defined in the Plan, subject to limitations specified in the Internal Revenue Code (IRC). The Plan also allows for participants to make elective Roth deferral contributions to the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investments of their contributions into various investment options offered by the Plan.

The Plan has an automatic enrollment provision. Employees hired or rehired by the Company shall be automatically enrolled in the Plan at a deferral rate of 5% of compensation unless, during their initial election period, participation is waived or they elect to contribute a different amount.

Notes to Financial Statements December 31, 2021 and 2020

(1) Description of Plan, Continued

Contributions, Continued

The Company may make discretionary nonelective profit sharing contributions to active participants. Such contributions are allocated to eligible participants based upon each participant's pro rata share of total active participant's eligible compensation for the Plan year, subject to certain limitations. Participants are eligible to receive discretionary Company contributions if they are employed on the last day of the plan year and they have completed more than 500 hours of service during the plan year. No discretionary nonelective profit sharing contributions were made for the year ended December 31, 2021.

The Company, at its discretion, matches employee contributions up to 50% of the first 5% of eligible compensation. The Company's matching contributions totaled \$365,100 for the year ended December 31, 2021.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching contributions and discretionary nonelective profit sharing portion of their accounts plus earnings thereon is based on years of service according to the following schedules:

Employer Matching		Employer Profit Sharing	
Years of Service	Vested Percentage	Years of Service	Vested Percentage
Less than 2	0%	1	20%
2	20%	2	40%
3	40%	3	60%
4	60%	4	80%
5	80%	5	100%
6	100%		

Participants become fully vested upon death, total and permanent disability, or retirement.

Notes to Financial Statements December 31, 2021 and 2020

(1) Description of Plan, Continued

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates at 4.25%, which is commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant is entitled to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, participants will receive the vested interest in their account as a lump-sum distribution. In addition, a participant may elect to receive an in-service distribution from the Plan upon attaining age 59½ and 10 years of service. A participant may be permitted to take hardship withdrawals from their account if certain conditions are met, as defined by the plan document.

Forfeited Accounts

Forfeited nonvested accounts may be used to pay administrative expenses of the Plan or to reduce future employer matching contributions. Forfeited amounts are available as of the earlier of (1) the last day of the plan year in which the former participant incurs 5 consecutive 1 year breaks in service or (2) the distribution of the entire vested portion of the participant's account. At December 31, 2021 and 2020, forfeited nonvested accounts total \$4,502 and \$17,068, respectively. During 2021, forfeitures were used to reduce employer contributions in the amount of \$883 and administrative expenses in the amount of \$34,517.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

ROBERT D. GILMORE & ASSOCIATES, INC. 401(k) PROFIT SHARING PLAN

Notes to Financial Statements December 31, 2021 and 2020

(2) Summary of Significant Accounting Policies, Continued

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent loans are treated as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of the Plan are paid by the Company and are therefore excluded from these financial statements. Fees related to the administration of notes receivable from participants and participant transaction fees are charged directly to participant accounts and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 6, 2022, the date the financial statements were available to be issued.

ROBERT D. GILMORE & ASSOCIATES, INC. 401(k) PROFIT SHARING PLAN

Notes to Financial Statements December 31, 2021 and 2020

(3) Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Registered investment companies: Valued at the daily closing price as reported by the fund. The funds held by the Plan are open end funds that are registered with Securities and Exchange Commission and are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

ROBERT D. GILMORE & ASSOCIATES, INC. 401(k) PROFIT SHARING PLAN

Notes to Financial Statements December 31, 2021 and 2020

(3) Fair Value Measurements, Continued

Common collective trusts: Valued at the NAV of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 20,276,145	\$ -	\$ -	\$ 20,276,145
Investments measured at NAV as a practical expedient				9,734,867
Investments, at fair value				\$ 30,011,012
	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 17,541,434	\$ -	\$ -	\$ 17,541,434
Investments measured at NAV as a practical expedient				8,411,393
Investments, at fair value				\$ 25,952,827

Certain investments that are measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line item presented in the statements of net assets available for benefits.

Notes to Financial Statements December 31, 2021 and 2020

(3) Fair Value Measurements, Continued

The following table summarizes investments measured at fair value based on the NAV per share as a practical expedient as of December 31:

	2021	2020	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trusts:

Various Trusts	\$8,331,510	\$6,681,955	None	Daily	Daily

	<u>\$9,734,867</u>	<u>\$8,411,393</u>			

(4) Financial Information Certified by the Custodian

The plan administrator has chosen the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Reliance Trust Company (Reliance), the custodian, has certified to the completeness and accuracy of the following information which was relied upon in the preparation of the financial statements and supplemental schedule:

- Investments at fair value at December 31, 2021 and 2020.
- Net appreciation in fair value of investments for the year ended December 31, 2021.
- Interest and dividends for the year ended December 31, 2021, except for interest income on notes receivable from participants.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year), except for the notes receivable from participants.

(5) Related Party Transactions and Party-In-Interest Transactions

Certain plan investments are shares of common collective trusts managed by Reliance. Reliance is the custodian, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions, which are exempt from prohibited transaction rules. Fees incurred by the Plan for investment management services are included in net appreciation in the fair value of investments. The Company provides personnel to perform administrative functions and facilities for the Plan at no charge to the Plan.

ROBERT D. GILMORE & ASSOCIATES, INC. 401(k) PROFIT SHARING PLAN

Notes to Financial Statements December 31, 2021 and 2020

(6) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

(7) Tax Status

On March 31, 2014, the IRS stated that the Volume Submitter Plan Document and related trust adopted by the Plan, as then designed, qualified under Section 401(a) of the IRC. The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Effective January 1, 2022, the plan document was amended and restated using a non-standardized pre-approved plan document sponsored by Standard Retirement Services, Inc. The IRS has determined and informed Standard Retirement Services, Inc. by a letter dated June 30, 2020, that the plan document is designed in accordance with the applicable section of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

(8) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.
