INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Viewpoint Educational Foundation 403(b) Plan
Calabasas, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Viewpoint Educational Foundation 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Viewpoint Educational Foundation 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Viewpoint Educational Foundation 403(b) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Viewpoint Educational Foundation 403(b) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Viewpoint Educational Foundation 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Viewpoint Educational Foundation 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2021 and assets (held at end of year) as of December 31, 2021(collectively, "supplemental schedules") are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Viewpoint Educational Foundation 403(b) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 9, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements
December 31, 2021 and 2020

1. DESCRIPTION OF THE PLAN

The following description of Viewpoint Educational Foundation 403(b) Plan (the "Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General

The Plan, a defined contribution savings plan sponsored by Viewpoint Educational Foundation (the "Foundation" or "Employer") pursuant to Section 403(b) and related provisions of the Internal Revenue Code (IRC), was established effective January 1, 1978. The Plan was restated as of January 1, 2018. The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination or financial hardship. The Plan covers all eligible employees of the Foundation upon employment. It is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended (ERISA).

In March of 2013, the Plan was converted from an individual plan platform to a group plan platform, in order to widen the investments available to participants outside of the Teachers Insurance and Annuity Association (TIAA) and College Retirement Equities Fund (CREF) family of funds. Participants of the former plan platform are allowed to maintain their existing funds in the individual plan platform, which is consolidated into the group plan platform as one plan for reporting purposes, or transfer those funds to the new group plan platform. The Plan requires that all new contributions be made to the new group plan platform. Any new Plan participants can only make contributions to the new group plan platform.

Effective March 27, 2020, the Plan administratively adopted the provisions of the Coronavirus Aid, Relief, and Economic Security (CARES) Act, related to participant loans and distributions. Qualifying participants impacted by COVID-19 were able to borrow up to the lesser of \$100,000 or 100% of their vested account balance. Participants were able to take coronavirus-related distributions up to the lesser of \$100,000 or 100% of their vested account balance. Ordinary income taxes may be paid over a three-year period. Participants were permitted to repay coronavirus related distributions over a three-year period. The Organization has until December 31, 2025, to amend the Plan for changes allowed by the CARES Act. The Plan has not been formally amended to adopt these provisions as of December 31, 2021.

Plan administration

The Foundation is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Foundation has delegated certain responsibilities for the operation and administration of the Plan. TIAA and CREF, and as agent for TIAA, FSB (collectively known as TIAA or the "Custodians"), serve as the Plan's asset custodians and are responsible for the custody and management of the Plan's assets, and an affiliate of the Custodians is responsible for maintaining participant accounts and transactions related to participant initiated activity.

1. DESCRIPTION OF THE PLAN (continued)

Eligibility

All employees are eligible to participate in the Plan upon their date of hire for the purposes of elective deferral contributions. There are no age or service requirements that need to be satisfied in order to make elective deferral contributions.

Employees are eligible for Employer matching contributions upon reaching age 21 and completing three months of service if the employee is expected to work 1,000 hours or more in the first year of service, except for substitute teachers, substitute teaching assistants, seasonal coaches, or on-call employees, who are not eligible to receive Employer matching contributions. If an employee was eligible to participate in his or her previous employer's qualified 403(b) plan, as defined in the Plan document, that service will count towards the Plan's service requirement.

Contributions

Each year, participants may contribute up to the limits permitted under the IRC of pretax annual compensation, as defined in the plan document. The maximum allowed deferral amount is \$19,500 for the 2021 Plan year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of an additional \$6,500 to the Plan for 2021. The Plan also allows for additional catch-up contributions for employees with 15 years or more of service. The Foundation matches contributions up to 5% of the participant's eligible compensation, as defined in the plan document. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various variable annuities, registered investment companies and guaranteed investment contracts as investment options for participants.

Participant accounts

Each participant's account is credited with the participant's contributions, rollovers and allocations of (a) the Employer matching contributions and (b) Plan earnings and is charged with an allocation of administrative expenses and Plan losses, if any. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and Employer matching contributions, plus actual earnings thereon.

1. DESCRIPTION OF THE PLAN (continued)

Notes receivable from participants

Notes receivable from participants ("Participant Loans") are issued directly from the participant's account balances and are reported as notes receivable from participants in the statements of net assets available for benefits. Participant Loans may not exceed the 50% of the participant's vested balance up to the maximum of \$50,000 and participants may only have a maximum of three loans outstanding at any time. Participant Loans bear a reasonable rate of interest and the interest rate for Participant Loans is fixed at the time of issuance. Interest rates on outstanding Participant Loans range between 4.25% - 6.50% as of December 31, 2021. Loan terms range from one to five years for general purpose loans and extend up to ten years for principal residence loans. Participant Loans are secured by the remaining vested balance in the participant's account.

Plan loans

Plan loans, which were no longer offered as of October 31, 2018, were available to participants through TIAA, subject to certain limitations. Plan loans were issued directly from funds owned by TIAA and not directly from a participant's account. Adequate security is required and a portion of the participant's account is reserved, or held in collateral, to cover 110% of the outstanding loan in case of default. The loan interest rate for these Plan loans may be fixed or variable, and the initial rate is determined by the terms of the controlling contract, as are the rate adjustment details and frequency. For all Plan loans, interest is paid directly to TIAA. In general, participants may only borrow from certain investment options, as defined, at a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of his or her retirement plan accumulations, subject to annuity contract and Plan provisions. Plan loans are not considered part of the Plan's assets. At December 31, 2021 and 2020, participants had outstanding loan balances due to TIAA for the certain investment options, as defined, in the amount of \$158,610 and \$287,060, respectively. Interest rates on Plan loans ranged from 4.00%-4.36% as of December 31, 2021. As of December 31, 2021 and 2020, there was \$5,549 and \$4,566, respectively, in defaulted Plan loans with TIAA Traditional Annuity funds that have been deemed as distributed but remain a part of total assets until the participant has a distributable event as defined.

1. DESCRIPTION OF THE PLAN (continued)

Payment of benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum distribution or installment payments under various options equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may leave the account in the Plan or may elect to receive the value of vested interest in his or her account as a lump sum distribution with the exception of the value of vested interest held in the TIAA Traditional Annuity. See Note 4 for discussion of the TIAA Traditional Annuity. Under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan. In-service withdrawals from a participant's account are permitted to participants who are 59 ½ or older. Upon termination of employment, if a participant's account balance is equal to or less than \$1,000 and the participant does not elect a distribution, the balance may be automatically distributed in a lump-sum cash payment. If a participant's account balance is between \$1,000 and up to \$5,000, the balance may be automatically distributed into an Individual Retirement Account (IRA) as designated by the Plan administrator. Under the SECURE Act rules, effective January 1, 2020, participants may defer making required minimum distributions (RMD) until age 72, if they reach age 70 1/2 in 2020 or later. The deadline for a participant to take their first RMD is April 1 of the year after they reach age 72. If a participant reached age 70 1/2 prior to January 1, 2020, the prior rules apply and the first RMD was required to be taken by April 1, 2020.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates

The preparation of financial statements in conformity U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes therein.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Contributions and contribution receivable

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the Foundation, which is the pay date. The Plan records receivables for participants' contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year.

The Foundation contributions are recorded in the year they are earned and to coincide with the year in which the Company records the contribution in its general ledger and takes the tax deduction. The Plan records receivables for the Foundation contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year.

Rollover contributions from participants are recorded based on the date the contributions are received by the Custodian.

Investment valuation and income recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the equivalent of contract principal plus a guaranteed rate of interest and contributions less distributions and expenses. See Note 3 for a description of fair value measurements. See Note 4 for information related to contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments purchased and sold, as well as held, during the year.

Payment of benefits

Benefits are recorded as a reduction to net assets when paid.

Administrative expenses

Plan investments generate revenue credits from which TIAA deducts 21 basis points semiannually for costs they incur related to administering the Plan. Excess revenue credits, if any, are deposited into the Plan's Revenue Credit suspense Account (RCA) and is shown as other income on the statement of changes in net assets available for benefits which may be used to pay direct, reasonable and necessary expenses of the Plan as defined by ERISA. For the year ended December 31, 2021, the Plan received \$37,011 in excess revenue credits. For the year ended December 31, 2021, the Plan paid audit and consulting expenses of \$78,440 from the RCA. All Plan administrative expenses in excess of revenue credits available in the Plan's RCA are paid by the Foundation or from Plan assets. Expenses are recorded when incurred.

3. FAIR VALUE MEASUREMENTS

Accounting standards defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Accounting standards establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

- *Level 1* - inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date;
- *Level 2* - inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities;
- *Level 3* - inputs are unobservable inputs for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following methods and assumptions were used to estimate the fair value of financial instruments:

- **Mutual Funds** - Registered investment companies (mutual fund investments) are valued at the net asset value (NAV) of shares held by the Plan at year end which are quoted in an active market. Investments are valued using market quotations or prices obtained from independent pricing services and used to determine the NAV of the fund. The mutual funds held by the Plan are deemed to have a readily determinable fair value and are classified within Level 1 of the fair value hierarchy.
- **Pooled Separate Account:** The TIAA Real Estate Account (REA) pooled separate account is a direct filing entity that invests in real estate properties and real estate related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. The account is valued at NAV, and is available for transactions on any date the New York Stock Exchange is open for business. Transfers out of the REA are limited to one per calendar quarter. There are no unfunded commitments to purchase the REA. As the REA is deemed to have a readily determinable fair value, it is classified within Level 1 of the fair value hierarchy.

3. FAIR VALUE MEASUREMENTS (continued)

- CREF Variable Annuities - The fair values of accumulation units held by the Plan in CREF Accounts are primarily valued using market quotations or prices obtained from independent pricing sources. CREF accounts are deemed actively traded, and thus are classified within Level 1 of the fair value hierarchy. Data for values are available daily to Plan administrators and client investors on TIAA's website, and provide sufficient corroborative evidence to ascertain the relationship between each fund's value and the values of individual underlying holdings. Underlying holdings include mutual funds and are primarily valued using market quotations or prices obtained from independent pricing sources. There are no unfunded commitments from participants in the Plan who invest in these accounts, and these investments may be redeemed at any time.
- TIAA Access Variable Annuities - The TIAA Access Annuity is a variable annuity product that is funded through the TIAA Separate Account VA-3, a separate investment account of TIAA. VA-3 invests in proprietary and nonproprietary mutual funds through various subaccounts. Data for the subaccount unit values are available daily to plan administrators on the TIAA website, and provide sufficient corroborative evidence to ascertain the relationship between each fund's subaccount unit value and the values of the individual underlying holdings and as such are considered to have a readily determinable value and are classified within Level 1 of the fair value hierarchy. The underlying investments are generally valued using market quotations obtained from independent pricing services. There are no redemption restrictions or unfunded commitments.
- TIAA Traditional Annuity and TIAA Stable Value - The Plan's investment in TIAA Traditional Annuity are segregated into non-fully benefit and fully benefit-responsive categories. The non-fully benefit-responsive guaranteed annuity contracts are presented at fair value on the face of the Plan's financial statements and are carried at Level 3 within the fair value hierarchy. The fully benefit-responsive guaranteed annuity contracts are presented at contract value on the face of the Plan's financial statements and are not categorized in the fair value hierarchy (See Note 4). The Plan's investment in the TIAA Stable Value is reported by TIAA at contract value, which approximates fair value, is fully benefit-responsive, and therefore not categorized within the fair value hierarchy. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The Plan purchased and sold investments in non fully benefit-responsive contracts of \$121,824 and \$306,382, respectively, during the year ended December 31, 2021. Transfers of fully benefit-responsive contracts totaled \$202,170 during the year ended December 31, 2021.

3. FAIR VALUE MEASUREMENTS (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, by type at fair value as of December 31, 2021:

4. GUARANTEED ANNUITY CONTRACTS WITH CUSTODIANS

The TIAA Traditional Annuity is a guaranteed annuity contract available as an investment option to Plan participants. Each contract is fully and unconditionally guaranteed by TIAA. The TIAA Traditional Annuity is offered through a variety of contract types, including the Group Retirement Annuity (GRA), Retirement Annuity (RA), Group Supplemental Retirement Annuity (GSRA), Supplemental Retirement Annuity (SRA), Retirement Choice (RC) and Retirement Choice Plus (RCP). The GRA, RA and the RC are considered non-fully benefit-responsive contracts and the GSRA, SRA and the RCP are considered fully benefit-responsive contracts.

4. GUARANTEED ANNUITY CONTRACTS WITH CUSTODIANS (continued)

For GSRA, SRA, and RCP, contract value is the relevant measurement attribute for that portion of the net assets available for Plan benefits attributable to the guaranteed annuity contract. These contracts are included in the financial statements at contract value, as reported by TIAA. TIAA indicated that contract value approximates fair value for these investments at December 31, 2021 and 2020. Contract value represents accumulated cash contributions made under the contract, plus interest credited to the contracts, less participant withdrawals and transfers. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan administrator is not aware of reserves against contract value for credit risk of the contract issuer or otherwise. During the accumulation phase, the TIAA Traditional Annuity provides a guarantee of principal and a guaranteed minimum rate of interest of 1% to 3%. The contract also offers the opportunity for additional amounts in excess of the guaranteed rate. When declared, additional amounts remain in effect for the 12-month period that begins each March 1. Additional interest is not guaranteed for future years.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Plan's trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The TIAA Traditional Annuity does not permit the contract issuer to terminate the agreement prior to the scheduled maturity date.

The TIAA Stable Value Fund is a fully benefit-responsive guaranteed annuity contract. Contributions are deposited into a non-unitized separate account. The contracts provide a guaranteed minimum rate of interest between 1% and 3%. Contract value represents accumulated cash contributions made under the contract, plus interest credited to the contracts, less participant withdrawals and transfers. Participants may ordinarily direct the withdrawal or transfer of all, or a portion, of their investment at contract value. The fund is included in the financial statements at contract value as reported to the Plan by TIAA.

4. GUARANTEED ANNUITY CONTRACTS WITH CUSTODIANS (continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Plan's trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Total fully benefit-responsive insurance company investment contracts as of December 31, 2021 and 2020 measured at contract value were as follows:

	<u>2021</u>	<u>2020</u>
TIAA Traditional Benefit Responsive	\$ 844,831	\$ 927,084
TIAA Stable Value	<u>905,615</u>	<u>861,757</u>
	<u>\$ 1,750,446</u>	<u>\$ 1,788,841</u>

5. INFORMATION PREPARED AND CERTIFIED BY CUSTODIANS (UNAUDITED)

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, the Custodians have certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020;
- Net appreciation in fair value of investments, dividends, and interest (including other income and interest income from notes receivable) from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021, and;
- Investments and notes receivable from participants on the schedule of assets (held at end of year) as of December 31, 2021.

Accordingly requested by the plan administrator, the Plan's auditor performed no procedures on the certified information other than to agree the certified information to the information included in the financial statements and schedule of assets (held at end of year).

6. PLAN TERMINATION

Although the Foundation has not expressed any intent to do so, the Foundation has the right under the Plan to discontinue all contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

7. TAX STATUS

The Plan is a defined contribution plan designed to qualify as a tax-exempt plan under the IRC. The Plan is based on the ERISA 403(b) Volume Submitter Plan (the "volume submitter plan") sponsored by TIAA, which received a favorable opinion letter from the Internal Revenue Service (IRS) dated August 7, 2017, in which the IRS stated that the volume submitter plan constitutes a qualified plan under Section 403(b) of the IRC and is appropriate for use by employers for the benefit of their employees. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

8. RELATED PARTY AND PARTIES-IN-INTEREST TRANSACTIONS

ERISA defines parties-in-interest similar a related party under financial accounting standards, except that ERISA's definition is broader and includes all entries and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. We did not identify any related parties to the Plan that were not also considered to be parties-in-interest. The Plan did not enter into any material related party transactions during the Plan year related to compensation arrangements, expense allowances, or similar items.

Parties-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, and an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee associate or relatives of such persons.

Certain fees and expenses of the Plan are paid by the Foundation. The Plan is not required to repay expenses paid by the Foundation on its behalf.

The Custodians retain as compensation for services provided to the Plan, any interest on amounts earned while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates.

Certain plan investments are owned and managed by the Custodians; therefore, these investment transactions qualify as exempt parties-in-interest transactions.

9. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 4, 2022, the date the financial statements were available to be issued. No other subsequent events have occurred that would have a material impact on the presentation of the Plan's financial statements.
