INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
Twin Rivers Technologies Plan
Quincy, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Twin Rivers Technologies Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Twin Rivers Technologies Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Twin Rivers Technologies Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of

financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Twin Rivers Technologies Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Twin Rivers Technologies Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Twin Rivers Technologies Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Twin Rivers Technologies Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 16, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

TWIN RIVERS TECHNOLOGIES PLAN

Notes to the Financial Statements

December 31, 2021 and 2020

Note 1 - **Description of Plan**

The following description of the Twin Rivers Technologies (the "Company") Plan (the "Plan") provides only general information. Participants should refer to the Plan Adoption Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering certain employees of the Company who are eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The board of directors is responsible for oversight of the Plan. The 401k Plan Committee determines the appropriateness of the Plan's investment offerings, monitors investments performance, and reports to the Plan's board of directors.

Contributions

Each year, participants may contribute up to 60% of pretax annual compensation, in accordance with Internal Revenue Service regulations and as defined by the Plan. Participants who have obtained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. The Plan includes an automatic enrollment provision wherein all newly eligible employees are enrolled in the Plan unless they affirmatively elect not to participate. Participants that are automatically enrolled have their deferral rate set at 4% of eligible compensation until the participant requests otherwise. These contributions are invested in an age-based fund determined by their expected retirement age. Participants that remain automatically enrolled will have their deferral percentage increased by 1% on December 29th each year until the maximum deferral rate of 10% is reached.

The Company may provide a discretionary matching contribution. The matching contribution will be a discretionary percentage of a participant's compensation or dollar amount, which will be on a uniform basis for all participants. During 2021, the Company made a matching contribution equal to 100% of participant's elective deferrals up to 4% of eligible compensation. The Company may also make a discretionary non-elective contribution to be determined by the board of directors. Participants must be employed on the last day of the Plan year to receive the non-elective contribution. There was no non-elective contribution made during 2021. Contributions are subject to certain limitations.

TWIN RIVERS TECHNOLOGIES PLAN

Notes to the Financial Statements - Continued

December 31, 2021 and 2020

Note 1 - **Description of Plan - Continued**

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution and Plan earnings, as well as an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific transactions as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Amendments

Effective October 20, 2021, the Plan documents were restated. Restatement was done to adopt all necessary regulatory changes that have occurred since the Plan's last restatement. No significant changes to plan provisions were made.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching contributions and nonelective contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. The participants' accounts vest in varying percentages until participants become fully vested after three years of credited service. Participants are also fully vested upon reaching normal retirement age, death, or total disability.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates that range from 5.25% to 8.00%, which are commensurate with local prevailing rates at the time of the origination of the loan, as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant or beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments in equal amounts over a period of time. For termination of service for other reasons, a participant may elect to defer payment until normal retirement age, provided the participant's vested account balance is greater than \$1,000, or receive a lump-sum payment or a direct rollover to another qualified plan or IRA. If a participant terminates employment for any reason and his or her vested account balance does not exceed \$1,000, the Plan administrator may distribute such amount in a lump-sum payment to the participant without consent of the participant.

Note 1 - **Description of Plan - Continued**

Forfeited Accounts

Forfeited non-vested accounts will be used to pay administrative expenses of the Plan or to reduce Company contributions to the Plan. As of December 31, 2021 and 2020, forfeited non-vested accounts totaled \$4,153 and \$8,994 respectively. During 2021, Company contributions of \$24,842 were paid through the use of forfeited balances.

Note 2 - **Summary of Significant Accounting Policies**

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with generally accepted accounting principles in the United States of America and in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts in the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401k Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 3 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Note 2 - **Summary of Significant Accounting Policies - Continued**

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as they are incurred. If a participant ceases to make their loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's expenses are paid either by the Plan, the Company, or the participant, as provided in the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Expenses relating to an individual participant's activity (loan fee, distribution fee, etc.) are paid by the participant and recorded as administrative expenses. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan, are recorded as deductions in the accompanying Statement of Changes in Net Assets Available for Benefits. In addition, certain investment-related expenses are included in net appreciation of fair value of investments presented in the accompanying Statement of Changes in Net Assets Available for Benefits.

Note 3 - **Fair Value Measurements**

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; and • Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.
---------	--

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
---------	---

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Note 3 - Fair Value Measurements - Continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured on a recurring basis at December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ <u>52,722,953</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>52,722,953</u>
Investments, at fair value	\$ <u>52,722,953</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>52,722,953</u>

Note 4 - **Information Prepared and Certified by the Trustee**

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee of the Plan has certified that the following data included in the financial statements and supplemental schedule is complete and accurate:

- Investments as shown in the Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020.
- Notes receivable from participants as shown in the Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020.
- Investment income as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021.
- The Schedule of Assets (Held at End of Year) at December 31, 2021.

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 6 - **Transactions with Parties-in-Interest**

Under ERISA, parties-in-interest are defined to include the Plan sponsor, officers, directors and employees of the sponsor; direct and indirect owners of the sponsor and their relatives, if they have combined voting power of 50% or more; the Plan custodian or trustee and the Plan administrator; other parties with fiduciary responsibilities; and a person and their relatives or an organization that provides services to the Plan such as the Plan actuary, auditors, lawyers, investment advisors, etc. Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company ("FMTC"). FMTC is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Fidelity for the investment management services, loan administration and other recordkeeping services were \$1,800 for the year ended December 31, 2021. Investment-related services are provided by Strategic Advisors, Inc., the Plan's advisor, and therefore, these transactions qualify as party-in-interest transactions and were \$4,425 for the year ended December 31, 2021. In addition, notes receivable from participants also qualify as party-in-interest transactions.

Note 7 - **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

Note 8 - **Tax Status**

The Plan has adopted the pre-approved plan document of FMR, LLC. The pre-approved plan provider received a favorable opinion letter dated June 30, 2020, in which the Internal Revenue Service stated that the pre-approved plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC, and that the related trust is therefore tax-exempt. Accordingly, no provision for income taxes has been included in the financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 - **Risks and Uncertainties**

Investment Risk

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The World Health Organization ("WHO") declared a global health emergency on January 30, 2020 as the coronavirus ("COVID-19 outbreak") spread beyond China, where it had originated. In March 2020, the WHO declared a pandemic caused by the COVID-19 outbreak. The pandemic has put unprecedented pressure on the global economy and financial markets. As such, the Plan's investments continue to have significant fluctuations. The full financial effect and duration of the COVID-19 outbreak cannot be reasonably estimated at this time, and as a result, the impact to the Plan's investments and ongoing liquidity cannot be determined.

Note 10 - **Management's Acceptance of the Financial Statements**

Subsequent Events

Management has evaluated subsequent events through August 26, 2022 the date for which the financial statements were available for issuance. Management has accepted the financial statements and did not identify any events subsequent to December 31, 2021 requiring disclosure in the financial statements.
