WILLIAM CUMMING CHEVROLET 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE A DESCRIPTION OF PLAN

The following description of the William Cumming Chevrolet (the “Company”) 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement and the Summary Plan Description for a more complete description of the Plan’s provisions.

General

On June 1, 1985 the Board of the Plan’s sponsor, William Cumming Chevrolet (the Company), adopted a tax qualified employee savings and retirement plan covering the Company’s employees. The Plan is a defined contribution plan covering all full-time employees who have at least three months of service and have reached 20 years of age for elective deferral and employer matching. Eligibility for non-elective contributions is one year and 1,000 hours of service. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Pursuant to the Plan, Participants may elect to reduce their current compensation by up to the lesser of 100% of such compensation or the statutorily prescribed annual limit (\$19,500 for both years ending 2021 and 2020, respectively) and have the amount of such reduction contributed to the Plan. Participants may also contribute amounts representing distributions from other qualified plans.

Participants age 50 years or older at the end of the plan year may make special catch-up contributions, up to a maximum of \$6,500 for the years ending December 31, 2021 and 2020, respectively.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributed the lesser of 25% of employee deferrals, or 25% of 4% of the participant’s base compensation. Effective July 1, 2018, the plan was amended to make employer matching contributions discretionary.

The Company may decide each plan year whether to make a discretionary non-elective contribution on behalf of eligible employees. Such contributions are allocated, if made, in the ratio that each participant’s compensation compares to the compensation paid to all eligible employees during the Plan year.

NOTE A DESCRIPTION OF PLAN (Continued)

Participant's Accounts

Each participant's account is credited with the participant's contribution, employer matching contribution, an allocation of the Company's discretionary contributions, and Plan earnings. Participant's accounts are also charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances as defined. The benefits to which a participant is entitled are the benefits that can be provided from the participant's vested account. Participant accounts are self-directed into pooled separate accounts.

Vesting

Participants are immediately vested in their voluntary contribution plus the actual earnings thereon. Vesting in the employer matching and employer's discretionary contribution is attained ratably over five years of service beginning after the first year of service.

Forfeited Accounts

Upon participant termination, non-vested employer contributions are forfeited and used to reduce Plan administrative expenses and or future employer contributions. At December 31, 2021 and 2020, the Plan had available \$15,558 and \$16,270 respectively, for use in future employer matching contributions or administrative fees. During both years ended December 31, 2021 and 2020, forfeiture monies in the amount of \$0 were used to fund employer contributions.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the vested value of his or her account, or, annual installments over a life expectancy as defined in the Plan. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum.

NOTE A DESCRIPTION OF PLAN (Continued)

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. The Plan pays certain expenses incurred related to the general administration of the plan. Forfeited, non-vested accounts can be applied to administrative expenses. The expenses paid using the Plan's assets will generally be allocated among the accounts of all participants in the Plan and are recorded as deductions in the accompanying statement of changes in net assets available for benefits. During the years ended December 31, 2021 and 2020, administrative expenses paid from the Plan's assets and included in these financial statements were \$43,857 and \$38,716, respectively. All other administrative expenses, such as professional fees, are paid by the Company on behalf of the Plan.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to amend or discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become fully vested.

Participant Loans

Participants may not borrow from Plan assets; accordingly, there are no employee loans receivable at December 31, 2021 and 2020.

NOTE B SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared using the accrual method of accounting.

Receivables

There were \$0 receivable from the Plan sponsor at both December 31, 2021 and 2020, respectively.

Payment of Benefits

Benefits are recorded when paid.

WILLIAM CUMMING CHEVROLET 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE B SIGNIFICANT ACCOUNTING POLICIES (Continued)

Valuation of Investments

The Plan's investments are stated at fair value. The interests in pooled separate accounts of insurance companies are valued based on quoted market prices, which represent the net asset values of the pooled separate accounts held by the Plan at year-end. See Note C.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the USA requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets available for plan benefits during the reporting period. Actual results could differ from those estimates.

Subsequent Events

Subsequent events were evaluated by management through August 16, 2022, the date which financial statements were available to be issued.

NOTE C FAIR VALUE MEASUREMENTS

FASB, ASC 820 *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. All of the Plans investments as of December 31, 2021 and 2020 were valued using unadjusted quoted prices in active markets for identical assets or liabilities. Such investments are considered level one investments.

WILLIAM CUMMING CHEVROLET 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE D INFORMATION CERTIFIED BY PLAN TRUSTEE

The Plan administrator has elected the method of compliance by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The Plan administrator has obtained certification from Massachusetts Mutual Life Insurance Company for the year ended December 31, 2020 and 2019 that the following information is complete and accurate:

- Investments had a fair value of \$4,096,878 and \$3,814,196 at December 31, 2021 and 2020, respectively, and are included in the schedule of assets held for investment purposes at the end of the plan year on page 13.
- Net investment gains (losses) were \$322,779 and \$308,635 from pooled separate accounts and gains from dividends and interest were \$191,591 and \$103,530 for the years ended December 31, 2021 and 2020, respectively.

NOTE E INCOME TAX STATUS

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code, and, accordingly, the trust's net investment income is exempt from income taxes.

The Plan has obtained its latest determination letter from the Internal Revenue Service on March 31, 2008, which stated that the plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. The plan has been amended since receiving the determination letter. However, the Plan sponsor and the plan's tax counsel believe the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code. Therefore, no provision for income tax has been included in the Plan's financial statements. See Note I for a summary of amendments made since the date of the last IRS determination letter.

The Plan sponsor believes the plan is no longer subject to informational return examinations for years prior to 2018.

WILLIAM CUMMING CHEVROLET 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE H RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I PLAN AMENDMENTS

From time to time, the Company has elected to amend the Plan. The following descriptions of the plan amendments provide only general information. Participants should refer to the Plan agreement for a more complete description of the plan amendments.

- Effective July 1, 2018, the Plan was amended to make employer matching contributions discretionary.
- Effective January 1, 2014, the Plan was amended to change the eligibility age to 20 years old instead of 20.5 years old.

Fee and Compensation Disclosure Report

Please refer to the plan's ERISA Section 408(b)(2) Disclosure materials, including the 408(b)(2) Disclosure Statement(s), Investment Option Disclosure(s), Service Agreement and Contract Amendments and 408(b)(2) Disclosure Statement Change Notices (the "408(b)(2) Disclosure Materials") previously delivered to you. You can also access copies of your 408(b)(2) Disclosure Materials through your MassMutual plan sponsor portal or you can contact your account manager for assistance.

The 408(b)(2) Disclosure Materials and this document, together, can assist a plan administrator ("you") in completing the Form 5500 Schedule C¹ by identifying different types of services and the different types of compensation paid with respect to the product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2021 - 12/31/2021 and indirect compensation is presented on a calendar year basis ending 12/31/2021.

This report includes compensation actually paid to or by MassMutual within the indicated plan year as part of your MassMutual-serviced product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your MassMutual customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than MassMutual). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes (based on the information in our records) with respect to services provided through our product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your MassMutual Service Team should you require additional information regarding the compensation paid to or by MassMutual with respect to your plan.

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan's service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

¹Please refer to the Schedule C of the Form 5500 and its instructions (available at: <http://www.dol.gov/ebsa/5500main.html>), and please confer with experienced benefits counsel and other professionals, to determine the applicability of Schedule C to your plan.

Indirect Compensation

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. In addition, if applicable to the plan, MassMutual agents may qualify for certain forms of non-monetary compensation as a result of the sale of MassMutual contracts. These forms of non-monetary compensation include health, vision, life and disability coverage; matching contributions to 401(k) plans; cash balance and nonqualified pension plan contributions; participation at MassMutual-sponsored conferences based on recognition; and other non-monetary compensation (meals, entertainment, prizes, awards, gifts). If applicable, each plan in the agent's book of business is allocated compensation based on a pro rata basis using the number of plans representing the agent's book of business as of 12/31/2021. Information concerning reportable transactions undertaken between or among non-MassMutual parties may not be available to MassMutual. Please consult with your legal or tax advisors if you have any questions.

Under the variable investment options available through your plan's group annuity contract or funding agreement, contract values are invested in insurance company separate accounts that, in turn, invest in underlying registered investment companies (i.e., mutual funds) and collective investment funds.

The above list includes any investment option held by the plan on at least one month end during the 2021 calendar year. To arrive at an estimate of the dollar amount that MassMutual received from each investment option, multiply the rate of fees received from each investment option by your plan's year-end balance (or if the investment option was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the investment option at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

WILLIAM CUMMING CHEVROLET 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE A DESCRIPTION OF PLAN

The following description of the William Cumming Chevrolet (the “Company”) 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement and the Summary Plan Description for a more complete description of the Plan’s provisions.

General

On June 1, 1985 the Board of the Plan’s sponsor, William Cumming Chevrolet (the Company), adopted a tax qualified employee savings and retirement plan covering the Company’s employees. The Plan is a defined contribution plan covering all full-time employees who have at least three months of service and have reached 20 years of age for elective deferral and employer matching. Eligibility for non-elective contributions is one year and 1,000 hours of service. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Pursuant to the Plan, Participants may elect to reduce their current compensation by up to the lesser of 100% of such compensation or the statutorily prescribed annual limit (\$19,500 for both years ending 2021 and 2020, respectively) and have the amount of such reduction contributed to the Plan. Participants may also contribute amounts representing distributions from other qualified plans.

Participants age 50 years or older at the end of the plan year may make special catch-up contributions, up to a maximum of \$6,500 for the years ending December 31, 2021 and 2020, respectively.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributed the lesser of 25% of employee deferrals, or 25% of 4% of the participant’s base compensation. Effective July 1, 2018, the plan was amended to make employer matching contributions discretionary.

The Company may decide each plan year whether to make a discretionary non-elective contribution on behalf of eligible employees. Such contributions are allocated, if made, in the ratio that each participant’s compensation compares to the compensation paid to all eligible employees during the Plan year.

NOTE A DESCRIPTION OF PLAN (Continued)

Participant's Accounts

Each participant's account is credited with the participant's contribution, employer matching contribution, an allocation of the Company's discretionary contributions, and Plan earnings. Participant's accounts are also charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances as defined. The benefits to which a participant is entitled are the benefits that can be provided from the participant's vested account. Participant accounts are self-directed into pooled separate accounts.

Vesting

Participants are immediately vested in their voluntary contribution plus the actual earnings thereon. Vesting in the employer matching and employer's discretionary contribution is attained ratably over five years of service beginning after the first year of service.

Forfeited Accounts

Upon participant termination, non-vested employer contributions are forfeited and used to reduce Plan administrative expenses and or future employer contributions. At December 31, 2021 and 2020, the Plan had available \$15,558 and \$16,270 respectively, for use in future employer matching contributions or administrative fees. During both years ended December 31, 2021 and 2020, forfeiture monies in the amount of \$0 were used to fund employer contributions.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the vested value of his or her account, or, annual installments over a life expectancy as defined in the Plan. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum.

NOTE A DESCRIPTION OF PLAN (Continued)

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. The Plan pays certain expenses incurred related to the general administration of the plan. Forfeited, non-vested accounts can be applied to administrative expenses. The expenses paid using the Plan's assets will generally be allocated among the accounts of all participants in the Plan and are recorded as deductions in the accompanying statement of changes in net assets available for benefits. During the years ended December 31, 2021 and 2020, administrative expenses paid from the Plan's assets and included in these financial statements were \$43,857 and \$38,716, respectively. All other administrative expenses, such as professional fees, are paid by the Company on behalf of the Plan.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to amend or discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become fully vested.

Participant Loans

Participants may not borrow from Plan assets; accordingly, there are no employee loans receivable at December 31, 2021 and 2020.

NOTE B SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared using the accrual method of accounting.

Receivables

There were \$0 receivable from the Plan sponsor at both December 31, 2021 and 2020, respectively.

Payment of Benefits

Benefits are recorded when paid.

WILLIAM CUMMING CHEVROLET 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE B SIGNIFICANT ACCOUNTING POLICIES (Continued)

Valuation of Investments

The Plan's investments are stated at fair value. The interests in pooled separate accounts of insurance companies are valued based on quoted market prices, which represent the net asset values of the pooled separate accounts held by the Plan at year-end. See Note C.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the USA requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets available for plan benefits during the reporting period. Actual results could differ from those estimates.

Subsequent Events

Subsequent events were evaluated by management through August 16, 2022, the date which financial statements were available to be issued.

NOTE C FAIR VALUE MEASUREMENTS

FASB, ASC 820 *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. All of the Plans investments as of December 31, 2021 and 2020 were valued using unadjusted quoted prices in active markets for identical assets or liabilities. Such investments are considered level one investments.

WILLIAM CUMMING CHEVROLET 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE D INFORMATION CERTIFIED BY PLAN TRUSTEE

The Plan administrator has elected the method of compliance by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The Plan administrator has obtained certification from Massachusetts Mutual Life Insurance Company for the year ended December 31, 2020 and 2019 that the following information is complete and accurate:

- Investments had a fair value of \$4,096,878 and \$3,814,196 at December 31, 2021 and 2020, respectively, and are included in the schedule of assets held for investment purposes at the end of the plan year on page 13.
- Net investment gains (losses) were \$322,779 and \$308,635 from pooled separate accounts and gains from dividends and interest were \$191,591 and \$103,530 for the years ended December 31, 2021 and 2020, respectively.

NOTE E INCOME TAX STATUS

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code, and, accordingly, the trust's net investment income is exempt from income taxes.

The Plan has obtained its latest determination letter from the Internal Revenue Service on March 31, 2008, which stated that the plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. The plan has been amended since receiving the determination letter. However, the Plan sponsor and the plan's tax counsel believe the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code. Therefore, no provision for income tax has been included in the Plan's financial statements. See Note I for a summary of amendments made since the date of the last IRS determination letter.

The Plan sponsor believes the plan is no longer subject to informational return examinations for years prior to 2018.

WILLIAM CUMMING CHEVROLET 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE H RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I PLAN AMENDMENTS

From time to time, the Company has elected to amend the Plan. The following descriptions of the plan amendments provide only general information. Participants should refer to the Plan agreement for a more complete description of the plan amendments.

- Effective July 1, 2018, the Plan was amended to make employer matching contributions discretionary.
- Effective January 1, 2014, the Plan was amended to change the eligibility age to 20 years old instead of 20.5 years old.
