INDEPENDENT AUDITORS' REPORT

To the Trustees of
The American BOA 401(k) Plan
Cumming, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of the American BOA 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note H to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the American BOA 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the American BOA 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibility for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 financial statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the American BOA 401(k) Plan' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the American BOA 401(k) Plan' ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of Assets Held at End of Year as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of American BOA 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**AMERICAN BOA 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

Note A

Description of Plan

The following description of American BOA 401(k) Plan (the "plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the plan's provisions.

General:

The plan is a defined contribution profit sharing plan with a 401(k) savings option established on January 1, 1996, to provide retirement and other benefits for the employees of American BOA, Inc. (the "sponsor") and Flexial Corporation (a participating employer until removed in February 2019). The Plan covers all employees who have attained age 18 and completed three months of service.

Contributions:

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the plan. The plan includes an auto-enrollment provision, whereby all newly eligible employees are automatically enrolled in the plan unless they affirmatively elect not to participate in the plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. A participant may change his contribution levels at the beginning of each payroll period. A participant may terminate his or her election to participate at any time.

The company makes matching contributions equal to a discretionary percentage, determined by the sponsor, of a participant's salary deferral. During the year ended December 31, 2021, the company matched 75% of a participant's salary deferrals, up to a maximum of 5% of a participant's annual compensation. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts:

Each participant's account is credited with the participant's contributions and company matching contributions, as well as allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service.

**AMERICAN BOA 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

Note A

Description of Plan (Continued)

Notes Receivable from Participants:

Participants may borrow from their fund accounts a minimum of \$1,000, and up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The participant can have no more than one loan outstanding at any time. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above the prime rate, as defined. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits:

On termination of service due to death, disability, retirement, or other reasons, a beneficiary may receive the value of the vested interest in his or her account as a lump-sum distribution or partial distribution.

Forfeited Accounts:

At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$98,575 and \$68,969, respectively. These accounts will be used to pay administrative expenses or to reduce employer contributions. Also, in 2021, forfeitures of \$9,239 were used to reduce employer matching contributions.

Note B

Significant Accounting Policies

Basis of Accounting:

The financial statements of the plan are prepared using the accrual basis of accounting.

Use of Estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

AMERICAN BOA 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

Note B

Significant Accounting Policies (Continued)

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan payments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Corrective Distributions Payable:

Corrective distributions payable represent payments made to participants to return to them excess contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. The Plan distributed the 2021 excess contributions to the applicable participants prior to March 15, 2022. The Plan distributed the 2020 excess contributions to the applicable participants prior to March 15, 2021.

Payment of Benefits:

Benefits are recorded when paid.

Expenses:

Certain expenses of maintaining the plan are paid directly by the company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation (depreciation) of fair value of investments.

Subsequent Events:

Effective May 13, 2022, the Plan was amended and restated to comply with the Internal Revenue Service's "IRS" Cycle 3 restatement requirements. Subsequent events have been evaluated through August 30, 2022, which is the date the financial statements were available to be issued.

Note C

Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

AMERICAN BOA 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

Note C

Fair Value Measurements (Continued)

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as quoted by the fund. Mutual funds held by the plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net assets value (NAV) and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.

Common collective trust: Valued at the daily closing price as quoted by the fund. The common/collective trust fund is considered to be a stable value fund with underlying investments in investment contracts and is valued at fair value and then adjusted by the issuer to contract value. The portfolio is valued daily. It is the policy of the fund's trustee to use its best efforts to maintain a stable net asset value of \$1.00 per unit. Neither the portfolio nor the trustee can guarantee that the unit value shall always remain at \$1.00. Investment contracts (including synthetic investment contracts and their underlying securities) are valued at their contract value. The net asset value is used as a practical expedient to estimate fair value.

Fair Value Measurements (Continued)

The following tables set forth, by level, within the fair value hierarchy, are the plan's investments at fair value as of December 31, 2021 and 2020:

Common collective trusts (a)				<u>1,493,476</u>
Total				<u>\$ 14,118,201</u>

- (a) The common collective trust is measured using NAV as a practical expedient. In accordance with the guidance in ASU 2015-07 which has been adopted by the Plan, this investment has not been classified in the fair value hierarchy table. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following tables summarize investments measured at fair value based on net asset value (NAVs) per share as of December 31, 2021 and 2020.

Note D

Related Party Transactions

Certain plan investments are shares of common collective trusts managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee of the plan and, therefore, these transactions qualify as party-in-interest transactions.

Fees paid by the plan for administrative expenses for the year ended December 31, 2021, to Fidelity Management Trust Company totaled \$2,000.

Note E

Plan Termination

Although it has not expressed any intent to do so, the company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Note F

Income Tax Status

The Plan adopted a volume submitted plan sponsored by Fidelity Management & Research Co. The volume submitter plan has received an advisory letter from the Internal Revenue Service dated March 31, 2014 as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by the Plan. The Plan has been amended since the volume submitter plan received the advisory letter. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note G

Risk and Uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Information Prepared and Certified by Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

The following is a reconciliation of change in net assets available for benefits per the financial statements for the year ended December 31, 2021, to Form 5500:

	<u>2021</u>
Change in net assets available for benefits per the financial statements	\$ 1,365,529
Corrective distributions	<u>13,238</u>
Change in net assets available for benefits per the Form 5500	<u><u>\$ 1,378,767</u></u>

Note J

Partial Plan Termination

During 2021 and 2020, the company experienced sustained declines in operating revenues. As a result, employees were terminated at various times throughout the two year period. In total, the participants who were terminated amounted to more than 20% of plan participants; accordingly, the plan sponsor determined that a partial plan termination had occurred. All participants who were affected by the terminations will be fully vested in their account balances and will have forfeitures restored from the forfeited account balances, as required. During the plan year ended December 31, 2021, approximately \$31,000 of forfeitures were restored related to distributions taken in 2020. The plan sponsor is working with the third party administrator to restore any forfeitures related to distributions taken in 2021, which total approximately \$64,000.

Common Collective Trusts

The Fidelity Advisor Stable Value Fund is a common/collective trust fund that is considered to be a stable value fund with underlying investments in investment contracts and is valued at fair value and then adjusted by the issuer to contract value. The portfolio is valued daily. It is the policy of the fund's trustee to use its best efforts to maintain a stable net asset value of \$1.00 per unit. Neither the portfolio nor the trustee can guarantee that the unit value shall always remain at \$1.00. Investment contracts (including synthetic investment contracts and their underlying securities) are valued at their contract value. These investment contracts provide for benefit responsive withdrawals and investment exchanges at contract value; however, withdrawals or investment exchanges prompted by an employer-initiated event, such as withdrawals resulting from the sale of a division of the sponsor of a Participating Plan (the "Plan Sponsor"), a corporate layoff or early retirement program, change(s) in the investment options of a Participating Plan, or termination or partial termination of a Participating Plan, may be paid at the contract's market value, which may be less than contract value, or may be subject to a contract charge penalty.

Withdrawals made in order to accommodate distributions to participants under a Participating Plan, whether in-service or following termination of employment may be made on any business day. Withdrawals made in order to accommodate a participant-directed exchange to another investment option under a Participating Plan may be made on any business day, provided that the exchange is not directed into a competing fund (money market funds or certain other types of fixed income funds). Transferred amounts must be held in a non-competing investment option for 90 days before subsequent transfers to a competing fund can occur. Withdrawals directed by a Plan Sponsor must be preceded by 12 months written notice to the Trustee; provided, however, that the Trustee may, in its discretion complete any such plan-level withdrawals before the expiration of such 12 month period.

INDEPENDENT AUDITORS' REPORT

To the Trustees of
The American BOA 401(k) Plan
Cumming, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of the American BOA 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note H to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the American BOA 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the American BOA 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibility for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 financial statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the American BOA 401(k) Plan' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the American BOA 401(k) Plan' ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of Assets Held at End of Year as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of American BOA 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

Note A

Description of Plan

The following description of American BOA 401(k) Plan (the "plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the plan's provisions.

General:

The plan is a defined contribution profit sharing plan with a 401(k) savings option established on January 1, 1996, to provide retirement and other benefits for the employees of American BOA, Inc. (the "sponsor") and Flexial Corporation (a participating employer until removed in February 2019). The Plan covers all employees who have attained age 18 and completed three months of service.

Contributions:

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the plan. The plan includes an auto-enrollment provision, whereby all newly eligible employees are automatically enrolled in the plan unless they affirmatively elect not to participate in the plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. A participant may change his contribution levels at the beginning of each payroll period. A participant may terminate his or her election to participate at any time.

The company makes matching contributions equal to a discretionary percentage, determined by the sponsor, of a participant's salary deferral. During the year ended December 31, 2021, the company matched 75% of a participant's salary deferrals, up to a maximum of 5% of a participant's annual compensation. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts:

Each participant's account is credited with the participant's contributions and company matching contributions, as well as allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service.

**AMERICAN BOA 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

Note A

Description of Plan (Continued)

Notes Receivable from Participants:

Participants may borrow from their fund accounts a minimum of \$1,000, and up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The participant can have no more than one loan outstanding at any time. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above the prime rate, as defined. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits:

On termination of service due to death, disability, retirement, or other reasons, a beneficiary may receive the value of the vested interest in his or her account as a lump-sum distribution or partial distribution.

Forfeited Accounts:

At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$98,575 and \$68,969, respectively. These accounts will be used to pay administrative expenses or to reduce employer contributions. Also, in 2021, forfeitures of \$9,239 were used to reduce employer matching contributions.

Note B

Significant Accounting Policies

Basis of Accounting:

The financial statements of the plan are prepared using the accrual basis of accounting.

Use of Estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

AMERICAN BOA 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

Note B

Significant Accounting Policies (Continued)

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan payments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Corrective Distributions Payable:

Corrective distributions payable represent payments made to participants to return to them excess contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. The Plan distributed the 2021 excess contributions to the applicable participants prior to March 15, 2022. The Plan distributed the 2020 excess contributions to the applicable participants prior to March 15, 2021.

Payment of Benefits:

Benefits are recorded when paid.

Expenses:

Certain expenses of maintaining the plan are paid directly by the company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation (depreciation) of fair value of investments.

Subsequent Events:

Effective May 13, 2022, the Plan was amended and restated to comply with the Internal Revenue Service's "IRS" Cycle 3 restatement requirements. Subsequent events have been evaluated through August 30, 2022, which is the date the financial statements were available to be issued.

Note C

Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

AMERICAN BOA 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

Note C

Fair Value Measurements (Continued)

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as quoted by the fund. Mutual funds held by the plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net assets value (NAV) and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.

Common collective trust: Valued at the daily closing price as quoted by the fund. The common/collective trust fund is considered to be a stable value fund with underlying investments in investment contracts and is valued at fair value and then adjusted by the issuer to contract value. The portfolio is valued daily. It is the policy of the fund's trustee to use its best efforts to maintain a stable net asset value of \$1.00 per unit. Neither the portfolio nor the trustee can guarantee that the unit value shall always remain at \$1.00. Investment contracts (including synthetic investment contracts and their underlying securities) are valued at their contract value. The net asset value is used as a practical expedient to estimate fair value.

Fair Value Measurements (Continued)

The following tables set forth, by level, within the fair value hierarchy, are the plan's investments at fair value as of December 31, 2021 and 2020:

	December 31, 2021			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 12,624,725	\$ -	\$ -	\$ 12,624,725
Common collective trusts (a)				<u>1,493,476</u>
Total				<u><u>\$ 14,118,201</u></u>

- (a) The common collective trust is measured using NAV as a practical expedient. In accordance with the guidance in ASU 2015-07 which has been adopted by the Plan, this investment has not been classified in the fair value hierarchy table. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following tables summarize investments measured at fair value based on net asset value (NAVs) per share as of December 31, 2021 and 2020.

Note D

Related Party Transactions

Certain plan investments are shares of common collective trusts managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee of the plan and, therefore, these transactions qualify as party-in-interest transactions.

Fees paid by the plan for administrative expenses for the year ended December 31, 2021, to Fidelity Management Trust Company totaled \$2,000.

Note E

Plan Termination

Although it has not expressed any intent to do so, the company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Note F

Income Tax Status

The Plan adopted a volume submitted plan sponsored by Fidelity Management & Research Co. The volume submitter plan has received an advisory letter from the Internal Revenue Service dated March 31, 2014 as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by the Plan. The Plan has been amended since the volume submitter plan received the advisory letter. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note G

Risk and Uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Information Prepared and Certified by Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

The following is a reconciliation of change in net assets available for benefits per the financial statements for the year ended December 31, 2021, to Form 5500:

	<u>2021</u>
Change in net assets available for benefits per the financial statements	\$ 1,365,529
Corrective distributions	<u>13,238</u>
Change in net assets available for benefits per the Form 5500	<u><u>\$ 1,378,767</u></u>

Note J

Partial Plan Termination

During 2021 and 2020, the company experienced sustained declines in operating revenues. As a result, employees were terminated at various times throughout the two year period. In total, the participants who were terminated amounted to more than 20% of plan participants; accordingly, the plan sponsor determined that a partial plan termination had occurred. All participants who were affected by the terminations will be fully vested in their account balances and will have forfeitures restored from the forfeited account balances, as required. During the plan year ended December 31, 2021, approximately \$31,000 of forfeitures were restored related to distributions taken in 2020. The plan sponsor is working with the third party administrator to restore any forfeitures related to distributions taken in 2021, which total approximately \$64,000.

Common Collective Trusts

The Fidelity Advisor Stable Value Fund is a common/collective trust fund that is considered to be a stable value fund with underlying investments in investment contracts and is valued at fair value and then adjusted by the issuer to contract value. The portfolio is valued daily. It is the policy of the fund's trustee to use its best efforts to maintain a stable net asset value of \$1.00 per unit. Neither the portfolio nor the trustee can guarantee that the unit value shall always remain at \$1.00. Investment contracts (including synthetic investment contracts and their underlying securities) are valued at their contract value. These investment contracts provide for benefit responsive withdrawals and investment exchanges at contract value; however, withdrawals or investment exchanges prompted by an employer-initiated event, such as withdrawals resulting from the sale of a division of the sponsor of a Participating Plan (the "Plan Sponsor"), a corporate layoff or early retirement program, change(s) in the investment options of a Participating Plan, or termination or partial termination of a Participating Plan, may be paid at the contract's market value, which may be less than contract value, or may be subject to a contract charge penalty.

Withdrawals made in order to accommodate distributions to participants under a Participating Plan, whether in-service or following termination of employment may be made on any business day. Withdrawals made in order to accommodate a participant-directed exchange to another investment option under a Participating Plan may be made on any business day, provided that the exchange is not directed into a competing fund (money market funds or certain other types of fixed income funds). Transferred amounts must be held in a non-competing investment option for 90 days before subsequent transfers to a competing fund can occur. Withdrawals directed by a Plan Sponsor must be preceded by 12 months written notice to the Trustee; provided, however, that the Trustee may, in its discretion complete any such plan-level withdrawals before the expiration of such 12 month period.
