INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of the
Caster Properties, Inc. 401(k) Retirement Savings Plan
San Diego, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Caster Properties, Inc. 401(k) Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (an "ERISA 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (the "2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Caster Properties, Inc. 401(k) Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Caster Properties, Inc. 401(k) Retirement Savings Plan's ability to continue as a going concern within one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an

opinion on the effectiveness of Caster Properties, Inc. 401(k) Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Caster Properties, Inc. 401(k) Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule (Schedule H, Part IV, Line 4(i) as of December 31, 2021) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented fairly, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Caster Properties, Inc. 401(k) Retirement Savings Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 26, 2021, we indicated that *(a)* because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and *(b)* the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1. DESCRIPTION OF PLAN

General

The Caster Properties, Inc. 401(k) Retirement Savings Plan (the "Plan"), is a defined contribution plan established in 1997. The Plan is sponsored by Caster Properties, Inc. (the “Company”). The Plan provides participants with a salary deferral option pursuant to applicable provisions of the Internal Revenue Code (the “IRC”). The Plan engages Nationwide Trust Company, FSB (“Nationwide”), custodian of the Plan, to hold and invest Plan assets and execute Plan transactions.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). Significant elements of the Plan are summarized below. Participants should refer to the Plan agreement, as amended, for a more complete description of the Plan's provisions.

Eligibility

Employees who are at least 21 years of age and have completed one year of service, as defined in the Plan, are eligible to participate in the Plan and may enroll on the first day of any quarter after having met the eligibility requirements. Excluded employees include those whose employment is governed by a collective bargaining agreement as well as non-resident aliens with no U.S. earned income from the Company.

Participant Contributions

Each year, participants may contribute up to 25% of pretax annual compensation, as defined by the Plan. In addition, employees who are age 50 or older can elect to defer additional amounts (called “catch-up contributions”) to the Plan. Participant contributions are subject to limitations imposed by Internal Revenue Service (“IRS”) regulations. Employees may also contribute before-tax amounts (“rollover contributions”) representing distributions from other qualified sources.

Employer Contributions

The Company may make discretionary contributions including employer matching contributions and profit sharing contributions. For 2021, the Company elected to make matching contributions equal to 10% of the first 15% of participant deferral contributions made to the Plan each payroll period. No profit sharing contributions were made to the Plan for the year ended December 31, 2021.

Participant Accounts and Investment Options

Each participant's account is credited with the participant's contributions, the Company’s contributions (if any), and allocations of Plan earnings, losses and expenses. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled are those that can be provided from the participant’s vested account.

Upon enrollment in the Plan, participants direct the allocation of their accounts to any or all of the Plan's investment options. Subsequently, participants may change their allocations and transfer account balances between the investment options in accordance with the Plan.

NOTE 1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants vest in employer matching and profit sharing contributions at the rate of 20% after two years of credited service and in 20% increments for each year of credited service thereafter until fully vested after six years of credited service. A year of credited service is a Plan year during which a participant completes 1,000 hours of service. Upon attainment of early retirement (age 59½ and six years of vesting service), normal retirement (the later of age 65 or five years of participation in the Plan), death, disability, or termination of the Plan, participants become fully vested in their accounts.

Forfeitures

Forfeitures of employer contributions may be used to restore prior forfeitures, reduce employer contributions, reallocate as employer contributions, or to pay Plan expenses. As of December 31, 2021 and 2020, there was $6,856 and $6,266 in the forfeiture account, respectively. During 2021, $646 in forfeited employer contributions was added to the forfeiture account, and no amounts were used for the aforementioned purposes. The default investment in which the forfeiture funds are held had a net realized and unrealized loss of $56 during the year ended December 31, 2021.

Notes Receivable from Participants (Participant Loans)

The Plan does not permit loans to participants.

Payment of Benefits

Upon termination of service due to death, disability, or early or normal retirement, participants are entitled to receive a distribution of their account in a lump sum or defer distribution if their vested account balance exceeds $5,000. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Pursuant to the Setting Every Community Up for Retirement Enhancement Act of 2019 (the “SECURE” Act), which became law on December 20, 2019, participants may defer taking distributions as follows:

- If a participant reached the age of 70½ in 2019, the participant may defer receiving distributions until the later of April 1, 2020, or the April following the calendar year in which the participant retires;
- If a participant reaches the age of 70½ in 2020 or later, the participant may defer receiving distributions until the later of the April following the calendar year in which the participant reaches age 72 or retires.

Upon employment termination, if a participant’s vested account balance is between $1,000 and $5,000, and if the participant has not elected to receive a cash distribution or have the balance rolled over into an individual retirement account ("IRA") of his/her choosing, the Plan may transfer the participant’s account balance into an IRA. Also at its discretion, the Plan may elect to distribute vested account balances of less than $1,000.

In addition, distributions from a participant’s rollover account may be made at any time. The Plan also allows for in-service distributions for participants who have attained early or normal retirement date, as defined, as well as other in-service distributions with certain limitations on withdrawals of employer contributions as defined in the Plan. In addition, the Plan permits hardship withdrawals in certain circumstances as defined by the Plan and in accordance with the IRC. Effective January 1, 2020, the Plan no longer suspends elective deferrals after participants take hardship distributions.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends, which are included with net realized and unrealized appreciation or depreciation in fair value of registered investment companies, are recorded on the ex-dividend date. Net realized and unrealized appreciation or depreciation in fair value of registered investment companies includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain fees related to plan administration are allocated to participant accounts, while fees associated with processing of distributions are charged directly to the transacting participant's account and are included in administrative expenses. Certain investment-related expenses are also included in administrative expenses.

Recently Issued Accounting Standard

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, *Fair Value Measurement (Topic 820) Disclosure Framework Changes to the Disclosure Requirements for Fair Value Measurement*. ASU 2018-13 improves the disclosure requirements for fair value measurements. Plan management adopted ASU 2018-13 effective January 1, 2020; its adoption did not have a material impact on the Plan's financial statements.

Subsequent Events

Plan management has evaluated subsequent events through the date of the independent auditors' report, which is the date these financial statements were available to be issued.

NOTE 3. INFORMATION CERTIFIED BY THE CUSTODIAN

Certain information related to investments disclosed in the accompanying financial statements and the ERISA-required supplemental schedule (Schedule H, Part IV, Line 4i), including investments held at December 31, 2021 and 2020, and net appreciation or depreciation in fair value of investments for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Nationwide Trust Company, FSB/Nationwide Life Insurance Company, the custodian of the Plan.

NOTE 4. FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement for the asset or liability at the measurement date. These inputs reflect Plan management's best estimate of what market participants would use in pricing the asset or liability at the measurement date. Consideration is given to the risk inherent in the valuation technique and in the inputs to the model.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for investments measured at fair value at December 31, 2021 and 2020. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Registered investment companies (mutual funds): The Plan invests in mutual funds offered outside of an annuity contract and are available through Nationwide. These funds are fully benefit responsive and are reported by Nationwide at their unit value. The unit value is based on the fair market value (the daily price reported by each fund house which includes their net asset value and any dividends and capital gains declared), as well as any daily asset management fee that may be charged by Nationwide in arriving at the unit value for a particular mutual fund. Due to the valuation process used, the unit values of the mutual funds available through Nationwide are considered Level 2 investments in the fair value hierarchy.

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

	December 31, 2021			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ -	$ 4,872,528	$ -	$ 4,872,528
Total investments at fair value	$ -	$ 4,872,528	$ -	$ 4,872,528

	December 31, 2020			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ -	$ 4,075,279	$ -	$ 4,075,279
Total investments at fair value	$ -	$ 4,075,279	$ -	$ 4,075,279

NOTE 5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Company pays certain administrative costs of the Plan, and also provides administrative services for the Plan at no cost to the Plan. Certain investments are managed by Nationwide, the custodian of the Plan. These transactions qualify as exempt party-in-interest transactions.

NOTE 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, if not already fully vested, participants become 100% vested in their accounts.

NOTE 7. TAX STATUS

The Company has adopted a volume submitter plan and relies upon the volume submitter plan's opinion letter from the IRS, which stated that the plan and related trust are designed in accordance with the applicable sections of the IRC. The Company has not applied for a determination letter from the IRS specific to the Plan. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the accompanying financial statements.

NOTE 7. TAX STATUS (Continued)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the accompanying financial statements.
