INDEPENDENT AUDITORS' REPORT

To the Retirement Board Committee
of Grove City College

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of the Grove City College 403(b) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit], which comprise the statement of assets available for benefits as of December 31, 2021, and the related statement of changes in assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Administration, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Administration has obtained certifications from qualified institutions as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the information in the accompanying 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that administration determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion of the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Administration for the Financial Statements

Administration is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Administration's election of the ERISA Section 103(a)(3)(C) audit does not affect administration's responsibility for the financial statements.

In preparing the financial statements, administration is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Administration is responsible for maintaining a current plan instrument, including all plan amendments. Administration is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by administration, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule listed in the accompanying table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of administration and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing

procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that administration determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Report on the 2020 Statement of Assets Available for Benefits

We were engaged to audit the statement of assets available for benefits of the Plan as of December 31, 2020. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institutions. Our audit report, dated, October 11, 2021, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and, accordingly, we did not express an opinion on the 2020 statement of assets available for benefits, and (b) the form and content of the information included in the 2020 statement of assets available for benefits other than that derived from the information certified by the qualified institution were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

GROVE CITY COLLEGE SAVINGS AND RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of the Grove City College Savings and Retirement Plan (the "Plan") is provided for general information purposes only. Plan participants should refer to the Plan document or summary plan description for a more comprehensive description of the Plan's provisions.

General - The Plan is a defined contribution 403(b) plan adopted by Grove City College (the "College") on January 1, 1989 and restated effective September 1, 2017, coincident with the designation of Transamerica Retirement Solutions (Transamerica) as the provider of administrative services and recordkeeper. Substantially all employees of the College who meet specified service requirements are eligible to participate in the Plan. The College, with oversight by the Retirement Board Committee of the College, is the plan administrator, which is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). On January 1, 2020, the Plan was amended and restated to adopt the provisions of a pre-approved prototype plan. Effective September 1, 2020, the Plan was amended to change its year end from August 31st to December 31st. Additionally, the plan was amended effective December 21, 2020 to adopt the provisions of the Coronavirus Aid, Relief and Economic Security (CARES) Act.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities at the dates of the financial statements and the reported changes in assets available for benefits during the reporting period. Actual results could differ from the estimates.

Risks and Uncertainties - The Plan assets are comprised of various investment securities which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the near term could materially affect the assets available for benefits.

Contributions - Eligible employees may contribute up to 75% of compensation, as defined by the Plan, on a pretax or after tax basis subject to certain limitations under the Internal Revenue Code. Changes to contribution elections can be made at any time.

Rollover contributions result from terminated employees transferring their cash balance benefit from the Grove City College Pension Plan as well as new employees transferring amounts into the Plan from other unrelated plans.

The College's contributions are comprised of the following:

- Matching contributions, which were 50% of employee deferrals up to a maximum of 6% of eligible compensation for the year ended December 31, 2021. Participants are eligible for the employer match upon completion of one year of service.
- Discretionary non-elective contributions, which were 5% of eligible employees' earnings for the year ended December 31, 2021.
- Supplemental contributions, which were provided effective September 1, 2011 concurrent with the freeze of benefits under the Grove City College Pension Plan, for grandfathered employees who were 55 years or older on September 1, 2011. The supplemental contribution is 1% of eligible compensation if the employee's age plus years of service total less than 75 and 5% of eligible compensation if the total age plus years of service total 75 or more on September 1, 2011.

Neither the discretionary non-elective nor the supplemental contributions are dependent on employee deferrals into the Plan.

Participant Accounts - Participants' accounts are credited with their contributions and the College's contributions. Plan earnings, as reduced by administrative expenses, are allocated to participant accounts as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participant contributions are fully vested and nonforfeitable at all times, as are the College's contributions.

Benefits - Upon termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the interest in his or her account. Payment options include lump-sum distributions, without regard to amount, or annuity payments. Normal retirement age is 65; early retirement age is 55. Participants age 59 1/2 are also eligible for in-service withdrawals.

Investment Valuation and Income Recognition - Investments are carried at their fair values, except for the fully benefit-responsive investments which are reported at contract value, determined based upon contributions, earnings and withdrawals. The Plan presents, in the statement of changes in assets available for benefits, the net appreciation or depreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation or

depreciation on these investments. The unrealized appreciation or depreciation of investments is determined by the change in current market value from the beginning of the period to the end of the period (if held for the entire period), or from the date of purchase to the end of the period. Realized gains and losses on securities sold or redeemed are determined, on the basis of specific identification, from the date of purchase to the date of sale. Purchases and sales of securities are reflected on a trade-date basis.

Dividends and interest are recorded as earned.

Investment Options - Participants direct their contributions, employer contributions and any related earnings into various investment options provided by the custodians. Participants may change their investment election at any time, with changes becoming effective immediately. Participant accounts are invested in registered investment companies, group annuity contracts and real estate investments maintained by TIAA, Lincoln Financial Group (Lincoln), under its Multi-Fund Platform, and Transamerica.

Fair Value Measurements - U.S. GAAP establishes a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs are not quoted prices in active markets but are observable either directly or indirectly. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 or 2020.

Registered Investment Companies: Valued at the closing price reported on the active market on which the individual securities are traded (level 1 inputs), or valued at the net asset value (NAV) of shares held by the plan at year-end (level 1 inputs).

Real Estate Investments: Valued at the market value of the underlying real estate holdings or other real estate-related investments based upon external appraisals or other independent pricing sources (level 2 inputs).

These methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting dates.

Notes Receivable from Participants - Participants may borrow as much as 50% of their vested account balance up to \$50,000, less the participant's highest outstanding loan amount during the preceding twelve month period. The amount of the loan must be at least \$1,000. Loans accrue interest at a rate determined by the plan administrator to be reasonable based on similar loans at the inception of the loan and are secured by the participant's account balance. All loans must be repaid in their entirety within five years, unless the purpose of the loan is to purchase a principal residence. Participant loans of \$245,340 and \$312,516 were outstanding at December 31, 2021 and 2020, respectively, with interest rates ranging from 4.25% to 6.50%.

Administrative Expenses - Administrative expenses paid by the Plan consist principally of participant account maintenance fees paid to Transamerica, which serves as a recordkeeper, as well as investment fees related to the Transamerica and TIAA investments. Fees related to the Lincoln Multi-Fund investments are netted against investment returns. These expenses serve to reduce participant accounts. The College pays certain other expenses related to the Plan.

Subsequent Events - Subsequent events have been analyzed for recognition and disclosure purposes through October 4, 2022, the date the financial statements were available to be issued.

2. GROUP ANNUITY CONTRACTS

The Plan holds fully benefit-responsive group annuity contracts with registered insurance companies which are contractually obligated to repay the principal and a specified interest rate determined annually that is guaranteed to the Plan. Because the group annuity contracts are fully-benefit responsive, contract value is the relevant measurement attribute for that portion of the assets available for benefits. Contract value, as reported to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The minimum interest guarantee and average interest rate credited for each of the platforms are as follows:

	<u>Minimum</u>	<u>Average</u>
TIAA	3.70 %	3.70 %
Transamerica	2.53 %	2.53 %
Lincoln National Life:		
Lincoln Multi-Fund	3.50 %	3.50 %
Lincoln Multi-Fund Select	3.00 %	2.60 %

The Plan will not have the ability to execute transactions at contract value with the issuer in certain circumstances that are defined in the annuity contracts. The plan administrator does not believe that these events are likely to occur.

3. PLAN TERMINATION

The College anticipates and believes that the Plan will continue without interruption but reserves the right to discontinue the Plan at its discretion. In the event that such discontinuance results in the termination of the Plan, all amounts credited to participant accounts are 100% vested and would be distributed by the trustee in accordance with the trust agreement in a uniform and nondiscriminatory manner.

4. INCOME TAX STATUS

The Plan has been established to comply in form and operation with Section 403(b) of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The plan administrator believes there is no liability related to uncertain tax positions at December 31, 2021 or 2020. The Plan is no longer subject to tax examinations for the years ending before August 31, 2019.

5. CERTIFICATION BY CUSTODIANS

The custodians (TIAA, Lincoln National Life Insurance Company and State Street Bank and Trust Company), certified the following data included in the accompanying financial statements as complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of assets available for benefits as of December 31, 2021 and 2020.
- Investment activity, as shown in the statement of changes in assets available for benefits for the year ended December 31, 2021.
- The schedule of assets held for investment purposes as shown in the accompanying supplemental schedule as of December 31, 2021.

6. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Assets available for benefits and the total change in assets available for benefits as reported in the financial statements agree to Form 5500. However, there are classification differences between the financial statements and Form 5500 amounts for investments, net appreciation in fair value of investments, interest and dividends, and fees.

7. RELATED PARTIES AND PARTIES-IN-INTEREST

TIAA, Lincoln National Life Insurance Company and State Street Bank and Trust Company serve as custodians of the Plan and also provide access to the registered investment companies, real estate investments and group annuity contracts as investment options and, accordingly, are considered parties-in-interest.

Neither the College or its employees receive compensation from the Plan.
