INDEPENDENT AUDITORS' REPORT

Plan Administrator
AXIS ENERGY SERVICES 401(K) EMPLOYEE SAVINGS PLAN
Longview, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Axis Energy Services 401(k) Employee Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Axis Energy Services 401(k) Employee Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 12 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Axis Energy Services 401(k) Employee Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Axis Energy Services 401(k) Employee Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Axis Energy Services 401(k) Employee Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Axis Energy Services 401(k) Employee Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4(l) – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520. 103-8 of the FOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 7, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to the Financial Statements

For the Year Ended December 31, 2021 and 2020

(1) Description of the Plan

The following description of the Axis Energy Services 401(k) Employee Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a tax-qualified defined contribution plan under Section 401(a) of the Internal Revenue Code which provides retirement, disability or death benefits for full-time employees of Axis Energy Administration, LLC (the "Company") who are age twenty-one (21) or older and have attained ninety (90) days of service. The Plan is subject to various provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan is an amendment and restatement of a pre-existing plan which was originally effective as of June 1, 1993. The Plan as herein discussed is effective as of July 1, 2019.

Contributions and Allocations

Each year, participants may contribute up to ninety percent (90%) of compensation ("eligible compensation" as defined under the Plan), not to exceed maximum annual contribution limits established by the Federal Government. The elective deferral limitations for 2021 and 2020 totaled \$19,500. In addition, during the year which a participant attains age fifty (50) and in subsequent years, the participant may elect to make additional pretax "catch up" contributions of up to \$6,500.

Participants direct the investment of their contributions into various investment options offered by the Plan.

A matching contribution by the Company is discretionary for each plan year. Matching contributions shall be equal to a uniform percentage of a participant's salary deferral, which do not exceed a pre-determined limit, set by the Company. There were \$1,172 in matching contributions for the year ended December 31, 2021.

A profit-sharing contribution by the Company is also discretionary for each plan year. Profit sharing contributions shall be calculated in a manner determined by the Company. There were no profit-sharing contributions for the year ended December 31, 2021.

Rollover contributions are permitted by the Plan. Rollover contributions remain in segregated rollover accounts and are always one hundred percent (100%) vested.

Participant Accounts

Under the Plan, elective deferrals made by participants and any employer contributions are placed into investment accounts, as directed by the participant, which are then credited with gains and losses at each valuation date. Valuation dates for this Plan occur daily. The benefit to which a participant is entitled is the benefit that can be provided from the participants vested account.

(1) Description of the Plan (cont.)

Vesting

Under the Plan, participants are immediately vested in their contributions plus actual earnings thereon. Participants are vested in the Company's contribution portion of their accounts plus actual earnings thereon based on years of continuous service. All participants are fully vested after completing at least six (6) years of service.

The following represents the vesting schedule for matching and discretionary Employer accounts, including top-heavy:

Completed Years of Service	Percentage Vested
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Notes Receivable from Participants

Prior to the Plan's restatement at July 1, 2019, participants could borrow, from their fund accounts, a minimum of \$1,000 up to the lesser of \$50,000 or fifty percent (50%) of their account balance. Participants could not have more than one (1) outstanding loan at a time. Loan repayment periods could not exceed five years.

Loans are secured with an irrevocable pledge and assignment of the participant's vested interest in his or her account and bear interest at a fixed rate established by the Plan Administrator. Currently, rates are set at two percent above the prime lending rate of a commercial U.S. bank available within reasonable geographic vicinity when the loan is made. Principal and interest is paid ratably as of each payroll withholding period through payroll deductions.

As of July 1, 2019, the plan does not allow for the issuance of new loans. Any notes receivable balances reflected in these financial statements were issued prior to that date.

Payment of Benefits

On termination of service for reasons other than death, disability or normal retirement, participant accounts with a vested interest valued at less than one thousand dollars (\$1,000) will be distributed in the form of a lump-sum distribution of the participant's total account balance.

Terminated participants with account balances less than five thousand dollars (\$5,000) can be automatically distributed to an IRA in the participant's name without consent required.

For termination of service due to death, disability, or normal retirement, participant accounts with a vested interest valued at less than five thousand dollars (\$5,000) will be distributed in the form of a lump-sum distribution of the participant's total account balance. Participant accounts with a vested interest that exceeds five thousand dollars (\$5,000), may elect to receive the

value of the vested interest as a lump-sum distribution or as partial payments over a period not to exceed the participant's assumed life expectancy, or in the case of death benefits, the limitations on when the entire death benefit must be paid.

In-service distributions are permitted by the Plan for participants that have attained age fifty-nine and one-half (59 ½.) and can only be made from accounts which are one-hundred percent (100%) vested.

Hardship distributions are permitted by the Plan, provided the participant provides documentation demonstrating the existence of a hardship event, as defined by the Plan.

Forfeited Accounts

Forfeitures are amounts which cannot be paid to terminated participants because they were not one hundred percent (100%) vested upon separation from service with the Company. Forfeitures of all contributions will supplement the Plan's administrative expenses and reduce future employer contributions respectively. The Plan, as of December 31, 2021, had forfeited non-vested account balances totaling \$20,132 as of December 31, 2020, the Plan had forfeited non-vested account balances totaling \$18,634. The Plan used \$4 to supplement administrative expenses during the year ended December 31, 2021.

(2) **Summary of Significant Accounting Policies**

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for Plan benefits at the date of the financial statements and the changes in net assets available for Plan benefits during the reporting period and, when applicable, the disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. *Fair value* is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold, as well as held during the year.

Notes to the Financial Statements

For the Year Ended December 31, 2021 and 2020

9

(2) Summary of Significant Accounting Policies (cont.)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2021 and 2020, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Loan defaults are considered to have occurred if any scheduled payment remains unpaid beyond the last day of the calendar quarter following the calendar quarter in which the Participant missed the scheduled payment.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Although not required, the Company, as Plan Sponsor, may pay the related costs of administering the Plan. Expenses paid by the Company on behalf of the Plan are not reflected in the financial statements of the Plan.

(3) Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are describes as follows:

- Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 inputs to the valuation methodology include the following:
 - Quoted prices for similar assets or liabilities in active markets
 - Quoted prices for identical or similar assets or liabilities in inactive markets
 - Inputs other than quoted prices that are observable for the asset or liability
 - Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Notes to the Financial Statements

For the Year Ended December 31, 2021 and 2020

10

(3) Fair Value Measurements (cont.)

- Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the plan's fair value measurements at December 31, 2021 and 2020:

Investments at fair value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total

(4) Other Assets

During the 2016 Plan Year, the Plan sponsor incorporated an Expense Budget Account Addendum into the Agreement for Services with the Plan Custodian, Transamerica Retirement Solutions, LLC ("TRS"). As a result of this addendum, TRS established an Expense Budget Account ("EBA") on behalf of the Plan.

Under the Plan's current Agreement for Services, TRS offers investment choices through its Investment Provider, Merrill Lynch, Pierce, Fenner & Smith Incorporated. Any amounts received from the Investment Provider, mainly mutual fund fee rebates, are credited to the Plan's EBA. Credits are accumulated in the EBA throughout the year and are used to pay the administrative expenses charged by TRS quarterly. Additionally, the EBA may be used for other eligible plan expenses or allocated to participants as additional income.

For the year ended December 31, 2020, the Plan used \$38,857 of credits from the Investment Provider to pay for administrative expenses charged by TRS. These amounts are included in the statement of changes in net assets available for benefits as administrative expenses. The remaining balance of \$19,598 at December 31, 2021 is included as other assets in the statement of net assets available for benefits.

(5) Transactions with Parties in Interest

The Plan has issued loans to participants, which are secured by the vested balances in the participants' accounts.

Additionally, Axis Energy Administration, LLC, the Plan sponsor, provides certain accounting and administrative services for which no fees are charged.

(6) Plan Amendment or Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time. The Company may also amend the Plan. However, no amendment can reduce benefits already earned by the participants. In the event of termination, participants are entitled to the full amount in their account as of the date of termination, regardless of the percent vested at the time of termination.

(7) Tax Status

On July 1, 2009, the IRS stated that the prototype adopted by the plan, as then designed, qualifies under Internal Revenue Code (IRC) Section 401(a). The plan has not received a determination letter specific to the plan itself; however, the plan administrator and the plan's tax counsel believe that the plan was designed and is being operated in compliance with the applicable requirements of the IRS. Therefore, no provision for income taxes has been included in the plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan is

subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(8) Reconciliation of the Financial Statements to Schedule H of Form 5500

The following is a reconciliation of the financial statements at December 31, 2021 to Form 5500:

	Net assets available for benefits
Financial statements	\$ 5,068,296
Cash to accrual adjustment for contributions 2021	(18,269)
Rounding	(1)
Form 5500 Schedule H	\$ 5,050,026

The following is a reconciliation of the financial statements at December 31, 2020 to Form 5500:

	Net assets available for benefits
Financial statements	\$ 3,962,146
Cash to accrual adjustment for contributions 2020	(13,413)
Form 5500 Schedule H	\$ 3,948,733

(9) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants account balances and the amounts reported in the statement of net assets available for benefits.

(10) CARES Act

In response to the financial effects of COVID-19, the U.S. Congress approved the Coronavirus Aid, Relief and Economic Security ("CARES") Act on March 27, 2020. Certain provisions of the CARES act increase the maximum loan amount participants may borrow from the lesser of \$50,000 or 50% of the value of the participant's vested balance to the lesser of \$100,000 or 100% of the vested balance, delay loan repayments for one year, allow hardship withdrawals related to COVID-19 of up to \$100,000 that can be redeposited to a qualified plan within three years without tax penalty, and allow for certain other benefits. The Cares Act does not require formal amendment o the Plan document until the last day of the Plan year beginning on or after January 1, 2022 as long as the Plan operates with the revised limits.

13**(11) Subsequent Events**

The Plan Administrator has evaluated all events or transactions that occurred after December 31, 2021 through September 6, 2022, which is the date the financial statements were available to be issued. On May 10, 2022 all plan assets were transferred to Principal Financial Group. There were no other material subsequent events during this period requiring disclosure.

(12) Information Certified by the Plan's Custodian (Unaudited)

The following information regarding investment activity has been certified as complete and accurate pursuant to 29 CFR 2520.103-5(c) by Transamerica Financial Life Insurance Company, and has not been audited by the Plan's independent accountants at and for the year ended December 31, 2021 and 2020:
