Independent Auditor's Report

To the Administrative Committee and participants of the
BSKB 401(K) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of BSKB 401(K) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of BSKB 401(K) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of BSKB 401(K) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about BSKB 401(K) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of BSKB 401(K) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about BSKB 401(K) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets Held for Investment Purposes at Year End is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditor's Report

To the Administrative Committee and participants of the
BSKB 401(K) Profit Sharing Plan

We were engaged to audit the accompanying statement of net assets available for benefits of BSKB 401(K) Profit Sharing Plan as of December 31, 2020, and the related notes to the financial statement.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the 2020 financial statement based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by SunTrust, the trustee of the Plan, except for comparing such information with the related information included in the financial statement. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2020 that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statement. Accordingly, we do not express an opinion on the 2020 financial statement.

Report on Form and Content in Compliance With DOL Rules and Regulations for 2020 Financial Statement

The form and content of the information included in the 2020 financial statement, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

BSKB 401(K) PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2021

Note 1: Description of Plan

The following description of the BSKP-401(K) Profit Sharing Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Birch Stewart Kolasch & Birch, LLP (the Company) who are age twenty-one or older. All employees of the Company are eligible to participate in the Plan on the first day of the month following the date the employee meets the eligibility requirements. Employees are automatically enrolled at a deferral rate of 3% unless an employee makes a contrary election. The Plan also provides for qualified non-elective discretionary contributions and discretionary profit-sharing contributions for employees meeting certain criteria. With a few exceptions, to be eligible for discretionary contributions, participants must have worked 1,000 hours during the Plan year and be employed by the sponsor on the last day of the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established January 1, 1985 and restated effective February 12, 2021. The Plan was created for the purpose of providing retirement benefits and other benefits for those employees who qualify for participation under the terms of the Plan.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan up to the maximum dollar amount allowed by the IRS. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan offers a Regular 401(K) deferral and a Roth 401(K) deferral. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, a self-directed brokerage option through Ameritrade, a collective trust fund and an FDIC insured account, as investment options for participants. Employer discretionary non-elective contributions are allocated by classification of participants. There are three classes of participant groups. Classifications are Group A – partner participants; Group B – management participants; and Group C – staff participants. Allocations of employer contributions are pro-rata as a uniform percentage of compensation within the classification. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the employer contribution and, (b) plan earnings (losses). Participant's that hold the TD Ameritrade funds are charged for the TD Ameritrade fees. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on the participant's years of continuous service. A participant is 100% vested after 6 years of credited service or attaining retirement age of sixty years old (60).

BSKB 401(K) PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2021

Note 1: Description of Plan (Continued)

Plan Investments

The Plan currently offers 25 mutual funds as well as self-directed brokerage accounts and a common collective trust, as investment options for participants. Investments held in the self-directed brokerage accounts primarily consist of shares of mutual funds, corporate stock, unit investment trusts, and money market funds. Participants are able to allocate contributions into one or more of the Plan's investment options. Choice of investment amounts and investment transfers for each option are at the participant's discretion and can be changed daily.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loans must be repaid over a period of not more than 5 years unless the loan issued is for the purchase of a principal residence. Loans for the purchase of primary residence can be repaid over a period of not more than 15 years. The loans are secured by the balance in a participant's account and bear a reasonable rate of interest as determined by the plan administrator based on the prevailing interest rates. Principal and interest is paid ratably through monthly payroll deductions. At December 31, 2021 and 2020, the outstanding notes receivable from participants was \$543,833 and \$604,863, respectively.

During 2020, the Plan adopted the temporary loan repayment deferral provision of the CARES Act. The deferral provision adopted by the Plan allows qualified Plan participants who have Plan loan repayments to defer such repayments until December 31, 2020.

Payment of Benefits

Upon termination of service due to death, disability or retirement (age 60), a participant may receive a lump-sum or annual installments equal to the value of the participant's vested interest in his or her account. In service distributions are permitted upon attaining age fifty-nine and one half (59½), disability, qualified reservist or financial hardship. The normal retirement age under the Plan is age sixty (60) upon which the participant becomes fully vested in his or her account balance. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

During 2020, the Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. A CARES Act distribution allowed the Plan's participants to take a COVID-19 related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020.

Forfeited Accounts

The portion of a participant's account to which he or she is not entitled to at separation of service is reverted to the employer's Forfeiture Account. In accordance with ERISA, this amount must be held in suspense until the participant has incurred a five-year break-in-service, or earlier if participant has been paid his or her entire vested balance. Amounts that can be allocated in the current plan year are considered available forfeitures. Those amounts not yet available for allocation are held in suspense for future years.

Available forfeitures can be used to reduce future employer contributions or to pay Plan expenses. At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$79,204 and \$74,374 respectively. These accounts were used to reduce the 2021 employer contribution by \$24,347 and the 2020 employer contribution by \$34,843.

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies

Administration

The Company has contracted with Empower Retirement, LLC to act as the Plan's trustee, custodian and administrator. During 2021, the Plan paid all third-party administration charges and audit fees.

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair market value as certified by Great West Life Trust Company, LLC. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See *Note 4* for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's realized gains and losses on investments both bought and sold during the year, as well as unrealized gains and losses on investments held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued and unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. Delinquent participant loans are defaulted after 90 days of non-payment. Delinquent loans may be subject to offset against participants' vested account balance. However, the loan is considered an asset of the Plan until a distributable event has occurred or a loan offset is requested.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Beginning in 2018, certain administrative expenses incidental to the administration of the Plan, including fees of the administrative agent were paid by the Plan.

During 2021, the fee structure was changed to a fee levelization agreement. Under the new fee structure, participant accounts are assessed a quarterly fee based on their average daily balance for the quarter at a rate of 0.15%.

Most investment options have management fees, which reduce the overall return on assets. The realized and unrealized appreciation in fair value of investment is reflected net of these fees.

Note 3: Information Certified by Trustee

The following is a summary of the plan's investment information as of December 31, 2021, and 2020, and for the years then ended, included in the plan's financial statements and supplemental schedules, that was prepared by, or derived from, information prepared by Great West Life Trust Company, the trustee of the plan, and furnished to the plan management. The plan management has obtained certifications from the trustee that the information is complete and accurate as of and for the years ended of December 31, 2021, and 2020.

	2021	2020
Investments, at fair value:		
Money market funds	\$ -	\$ 3,474,074
Mutual funds	45,787,177	37,194,174
Self-directed brokerage accounts	11,212,156	10,850,030
Collective Trust	2,386,304	3,889,659
Investment income:		
Interest & Dividends	3,809,590	1,590,376
Net appreciation in fair value of investments	4,169,799	5,825,119

Note 4: Fair Value Measurements

ASC 820-10 defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required or permitted to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

ASC 820-10 establishes a fair value hierarchy that requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. ASC 820-10 establishes three levels of inputs that may be used to measure fair value:

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets with insufficient volume or infrequent transactions (less active markets); or model-derived valuations in which all significant inputs are observable or can be derived principally from or corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs to the valuation methodology that are significant to the measurement of fair value of assets or liabilities.

To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement is disclosed is determined based on the lowest level input that is significant to the fair value measurement.

Note 4: Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value.

Common Stocks- Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to actively traded.

Collective Trust Funds – Valued at the NAV, which is based on the contract value of the fund's investment contracts. The NAV represents the probable amount used in daily participant transactions. The NAV is used as a practical expedient to estimate fair value, unless it is probable that the fund will sell the investment for an amount different from the reported NAV. Participant benefit payments and transfers to noncompeting options shall be made as soon as practicable after the Trustee receives notice. Other withdrawals require a twelve month advanced written notice. Redemptions are processed daily.

Self-directed Brokerage Accounts – Accounts consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

The proceeding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	Fair Value Measurements at December 31, 2021

Note 4: Fair Value Measurements (Continued)

(1) In accordance with FASB ASC 820, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the tables above are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Plan Benefits.

Note 5: Related-Party Transactions and Party-in-Interest Transactions

Participant loans held in the Plan qualify as party-in interest transactions that are exempt from the prohibited transaction rule under ERISA. Other parties in interest would include the plan sponsor, TD Ameritrade, and the Plan auditor.

Note 6: Investments

The plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great West Life Trust Company, the trustee of the plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for pension benefits as of December 31, 2021, and 2020, and the supplemental Schedule H, line 4i — Schedule of Assets (Held at End of Year) as of December 31, 2021; the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2021, and 2020.

Note 7: Plan Termination

Although it has not expressed any interest to do so, the Partnership has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 8: Tax Status

Through a Volume Submitter Profit Sharing Plan with CODA, the Internal Revenue Service informed the Company by a letter dated March 31, 2008, that the form of the plan is acceptable under section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. This opinion relates only to the acceptability of the form of the plan under the Internal Revenue Code. It is not an opinion of the effect of other Federal or local statutes.

The opinion on the acceptability of the form of the plan is not a ruling or determination as to whether an employer's plan qualifies under Code section 401(a). However, an employer that adopts this plan may rely on the letter with respect to the qualifications of its plan under Code section 401(a), as provided for in Rev. Proc. 2005-16, 2005-1 C.B. 674.

A Volume Submitter (VS) plan is a specimen plan (sample plan) of a VS practitioner that its employer-clients adopt on an identical or substantially identical basis. The IRS issues advisory letters to VS practitioners on the acceptability of the specimen plan's form. The VS practitioner then makes its plan or plans available for employers to adopt.

Note 8: Tax Status (Continued)

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net asset available for benefits per the financial statements to that on the Form 5500 as of December 31:

	<u>2021</u>	<u>2020</u>
Net assets available for benefits as		
reported on the financial statements	\$ 60,898,241	\$ 57,045,453
Employer contribution receivable	(1,000,357)	(1,047,797)
