Northville, MI 48167

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Reliable Software Resources, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the 2021 Financial Statements for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Reliable Software Resources, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Reliable Software Resources, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Reliable Software Resources, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements (continued)

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Reliable Software Resources, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain other procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matters (continued)

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Reliable Software Resources, Inc. 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient audit evidence to provide a basis for an audit opinion and accordingly, we do not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

RELIABLE SOFTWARE RESOURCES, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

A. Description of Plan

The following description of the Reliable Software Resources, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the plan's provisions.

General: The Plan is a defined contribution plan that became effective on October 15, 2006 covering all employees of Reliable Software Resources, Inc. ("the Company") who meet the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The plan administrator is responsible for oversight of the Plan. The investment committee determines the appropriateness of the plan's investment offerings, monitors investment performance and reports to the plan administrator.

Plan Amendment: Effective March 28, 2021, the Plan was amended effective March 28, 2021 to add DataFactz, LLC, a related party to the Plan. Effective July 20, 2021, the Plan was amended and restated.

Eligibility: An eligible employee who is has attained age 21 may participate in the Plan immediately upon hire and can enroll on the first of the month following their hire date. An employee is not eligible to participate if they are a covered by a collective bargaining agreement, unless the agreement requires the employee to be included in the Plan, leased employees, and nonresident aliens who do not receive any unearned income from the Company which constitutes United States source income.

Contributions: Each year, participants may contribute up to between 1% and 90% of their annual compensation as defined by the Plan as a pre-tax contribution up to a yearly maximum per limitations imposed by the Internal Revenue Service ("IRS"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company provides for a discretionary matching contribution. During the year ended December 31, 2021, the Company did not elect to make a matching contribution to the Plan. Contributions are subject to certain IRS limitations.

Participant Accounts: Each participant's account is credited with the participant's contribution and Company matching contribution, as well as allocations of the Plan's plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after four years of credited service.

RELIABLE SOFTWARE RESOURCES, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

A. Description of Plan (continued)

Notes Receivable from Participants: Participants may borrow from their vested fund accounts. The maximum amount the participant can borrow is the lesser of \$50,000 minus the highest outstanding loan balance during the past year or 50% of the participant's account balance less any outstanding loans. The loans are secured by the balance in the participant's account and bear interest at prime plus 1%, which is commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid ratably through payroll deductions over a period not to exceed 5 years, except for the borrowing for the purchase of a principal residence which is to be paid within 10 years. Participants may not have more than one loan at any one time.

Payment of Benefits: Upon termination of service due to death, disability or retirement, a participant may take a lump sum distribution equal to the value of the participant's vested interest in his or her account or a distribution may be delayed until the participant is required to receive required minimum distributions. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

The Plan allows for involuntary cash-out distributions. A participant who terminates employment with a vested account balance of \$1,000 or less will receive an involuntary cash-out distribution (automatic rollover for amounts exceeding \$1,000).

The Plan allows in-service distributions and required minimum distributions. A participant may withdraw all or any portion of the participant's vested account balance upon attainment of age 59 1/2 for elective deferrals, employer profit sharing or discretionary match. A hardship that satisfies the safe harbor rules is also allowed for participant deferrals.

Forfeited Accounts: At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$65,372 and \$70,367, respectively. These accounts may be used to reduce future employer contributions or pay administrative expenses. In 2021, \$5,002 of forfeiture funds were used to pay administrative expenses.

B. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements are presented on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the plan's valuation policies utilizing information provided by the investment advisers and custodians. See note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant's loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2021 excess contributions to the applicable participants prior to March 15, 2022.

Payment of Benefits

Benefits are recorded when paid.

Expenses

All expenses of maintaining the Plan are paid by the Plan, as provided by the plan document. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Date of Management's Review and Subsequent Events

The Plan has evaluated subsequent events through October 7, 2022, the date the financial statements were available to be issued.

C: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

D: Investment Information Certified by Trustee

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following investment information was certified by Fidelity Management Trust Company and was not subjected to any auditing procedures performed by the independent public accountants:

- a. Total investments as shown in the accompanying statements of net assets available for benefits of \$8,602,740 as of December 31, 2021, and \$6,445,428 as of December 31, 2020. Total interest-bearing cash as shown in the accompanying statements of net assets available for benefits of \$157,458 as of December 31, 2021 and \$740,530 as of December 31, 2020.
- b. Net investment earnings as shown in the accompanying statement of changes in net assets available for benefits of \$1,336,650 for the year ended December 31, 2021.
- c. All investment-related information in the accompanying supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021.
- d. Notes receivable from participants as shown in the accompanying statements of net assets available for benefits of \$101,353 as of December 31, 2021 and \$121,013 as of December 31, 2020. The interest earned on notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits of \$4,108 for the year ended December 31, 2021.

NOTES TO FINANCIAL STATEMENTS**

E: Concentrations

The following presents investments as of December 31, 2021 and 2020 that represent 10% or more of the plan's total investments:

	<u>2021</u>	<u>2020</u>
FID Blue Chip Growth Fund	\$ 1,691,415	\$ 1,197,668
FID Freedom 2045 Fund	905,449	752,300
FID Freedom 2050 Fund	1,555,434	1,266,931

F: Related-Party and Party in Interest Transactions

The plan sponsor, Reliable Software Resources, Inc. is also the plan administrator. During 2021, all of the members of the board of trustees were also plan participants.

Certain plan investments are managed by Fidelity Management Trust Company ("Fidelity"). Fidelity is the trustee and recordkeeper for the Plan and, therefore, these transactions qualify as party in interest transactions. Fees paid by the Plan for the investment management services amounted to \$5,843 for the year ended December 31, 2021.

G: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

H: Tax Status

The IRS has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not, would not be sustained upon examination by the IRS or Department of Labor. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

RELIABLE SOFTWARE RESOURCES, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

I: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

J: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2021 and 2020, to the Form 5500:

	<u>2021</u>	<u>2020</u>

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Reliable Software Resources, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the 2021 Financial Statements for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Reliable Software Resources, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Reliable Software Resources, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Reliable Software Resources, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements (continued)

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Reliable Software Resources, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain other procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matters (continued)

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Reliable Software Resources, Inc. 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient audit evidence to provide a basis for an audit opinion and accordingly, we do not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

RELIABLE SOFTWARE RESOURCES, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

A. Description of Plan

The following description of the Reliable Software Resources, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the plan's provisions.

General: The Plan is a defined contribution plan that became effective on October 15, 2006 covering all employees of Reliable Software Resources, Inc. ("the Company") who meet the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The plan administrator is responsible for oversight of the Plan. The investment committee determines the appropriateness of the plan's investment offerings, monitors investment performance and reports to the plan administrator.

Plan Amendment: Effective March 28, 2021, the Plan was amended effective March 28, 2021 to add DataFactz, LLC, a related party to the Plan. Effective July 20, 2021, the Plan was amended and restated.

Eligibility: An eligible employee who is has attained age 21 may participate in the Plan immediately upon hire and can enroll on the first of the month following their hire date. An employee is not eligible to participate if they are a covered by a collective bargaining agreement, unless the agreement requires the employee to be included in the Plan, leased employees, and nonresident aliens who do not receive any unearned income from the Company which constitutes United States source income.

Contributions: Each year, participants may contribute up to between 1% and 90% of their annual compensation as defined by the Plan as a pre-tax contribution up to a yearly maximum per limitations imposed by the Internal Revenue Service ("IRS"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company provides for a discretionary matching contribution. During the year ended December 31, 2021, the Company did not elect to make a matching contribution to the Plan. Contributions are subject to certain IRS limitations.

Participant Accounts: Each participant's account is credited with the participant's contribution and Company matching contribution, as well as allocations of the Plan's plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after four years of credited service.

A. Description of Plan (continued)

Notes Receivable from Participants: Participants may borrow from their vested fund accounts. The maximum amount the participant can borrow is the lesser of \$50,000 minus the highest outstanding loan balance during the past year or 50% of the participant's account balance less any outstanding loans. The loans are secured by the balance in the participant's account and bear interest at prime plus 1%, which is commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid ratably through payroll deductions over a period not to exceed 5 years, except for the borrowing for the purchase of a principal residence which is to be paid within 10 years. Participants may not have more than one loan at any one time.

Payment of Benefits: Upon termination of service due to death, disability or retirement, a participant may take a lump sum distribution equal to the value of the participant's vested interest in his or her account or a distribution may be delayed until the participant is required to receive required minimum distributions. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

The Plan allows for involuntary cash-out distributions. A participant who terminates employment with a vested account balance of \$1,000 or less will receive an involuntary cash-out distribution (automatic rollover for amounts exceeding \$1,000).

The Plan allows in-service distributions and required minimum distributions. A participant may withdraw all or any portion of the participant's vested account balance upon attainment of age 59 1/2 for elective deferrals, employer profit sharing or discretionary match. A hardship that satisfies the safe harbor rules is also allowed for participant deferrals.

Forfeited Accounts: At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$65,372 and \$70,367, respectively. These accounts may be used to reduce future employer contributions or pay administrative expenses. In 2021, \$5,002 of forfeiture funds were used to pay administrative expenses.

B. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements are presented on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the plan's valuation policies utilizing information provided by the investment advisers and custodians. See note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant's loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2021 excess contributions to the applicable participants prior to March 15, 2022.

Payment of Benefits

Benefits are recorded when paid.

Expenses

All expenses of maintaining the Plan are paid by the Plan, as provided by the plan document. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Date of Management's Review and Subsequent Events

The Plan has evaluated subsequent events through October 7, 2022, the date the financial statements were available to be issued.

C: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

D: Investment Information Certified by Trustee

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following investment information was certified by Fidelity Management Trust Company and was not subjected to any auditing procedures performed by the independent public accountants:

- a. Total investments as shown in the accompanying statements of net assets available for benefits of \$8,602,740 as of December 31, 2021, and \$6,445,428 as of December 31, 2020. Total interest-bearing cash as shown in the accompanying statements of net assets available for benefits of \$157,458 as of December 31, 2021 and \$740,530 as of December 31, 2020.
- b. Net investment earnings as shown in the accompanying statement of changes in net assets available for benefits of \$1,336,650 for the year ended December 31, 2021.
- c. All investment-related information in the accompanying supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021.
- d. Notes receivable from participants as shown in the accompanying statements of net assets available for benefits of \$101,353 as of December 31, 2021 and \$121,013 as of December 31, 2020. The interest earned on notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits of \$4,108 for the year ended December 31, 2021.

E: Concentrations

The following presents investments as of December 31, 2021 and 2020 that represent 10% or more of the plan's total investments:

	<u>2021</u>	<u>2020</u>
FID Blue Chip Growth Fund	\$ 1,691,415	\$ 1,197,668
FID Freedom 2045 Fund	905,449	752,300
FID Freedom 2050 Fund	1,555,434	1,266,931

F: Related-Party and Party in Interest Transactions

The plan sponsor, Reliable Software Resources, Inc. is also the plan administrator. During 2021, all of the members of the board of trustees were also plan participants.

Certain plan investments are managed by Fidelity Management Trust Company ("Fidelity"). Fidelity is the trustee and recordkeeper for the Plan and, therefore, these transactions qualify as party in interest transactions. Fees paid by the Plan for the investment management services amounted to \$5,843 for the year ended December 31, 2021.

G: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

H: Tax Status

The IRS has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not, would not be sustained upon examination by the IRS or Department of Labor. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

I: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

J: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2021 and 2020, to the Form 5500:

	<u>2021</u>	<u>2020</u>
