Independent Auditor's Report

To the Board of Trustees of
Asbestos Workers Local No. 84 Annuity Plan

Opinion

We have audited the financial statements of Asbestos Workers Local No. 84 Annuity Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Asbestos Workers Local No. 84 Annuity Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Asbestos Workers Local No. 84 Annuity Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Asbestos Workers Local No. 84 Annuity Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of

internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Asbestos Workers Local No. 84 Annuity Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Asbestos Workers Local No. 84 Annuity Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held for investment as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Asbestos Workers Local No. 84 Annuity Plan

Notes to Financial Statements

December 31, 2021 and 2020

NOTE A - DESCRIPTION OF PLAN

The following brief description of the Asbestos Workers Local No. 84 Annuity Plan (The “Plan”) provides only general information. Participants should refer to the Plan Document for a more comprehensive description.

1. **General** – The Plan is a multi-employer defined contribution annuity plan covering all union member employees of participating employers of the Asbestos Workers Local No. 84 Union who meet minimum service requirements. An employee will become eligible at the beginning of the Plan year during which he/she completed at least one hour of covered service. The Plan is subject to the provisions of the Employee Retirement Security Act of 1974 (ERISA), as amended.

2. **Retirement Benefits** – Each participant who has attained normal retirement age is entitled to annuity benefits. Normal retirement age means the date upon which the participant attains the age of 65.

The Plan permits early retirement for a participant who has attained early retirement age. Early retirement age means the first day of the month after a participant attains the age of 55. Normal retirement benefits will be paid as a qualified joint and 50% survivor annuity, unless the participant and spouse elect otherwise or unless the participant has no surviving spouse.

3. **Death Benefits** – If a participant is receiving benefits, has waived the 50% joint and survivor benefit, and dies prior to the full amount of his/her account being distributed, the participant’s beneficiary is eligible to receive a continuation of benefits until the remainder of the account is distributed in full. If the participant dies prior to the commencement of benefits, the spouse is entitled to receive a qualified pre-retirement survivor benefit.

4. **Disability Benefits** – Disability benefits are available for a participant who becomes totally and permanently disabled.

5. **Contributions** – Participating employers are required to make contributions for each hour worked on behalf of each active union member. The hourly contribution rate was \$3.89 for January 1, 2020 through May 31, 2020. The hourly contribution rate was \$5.39 for June 1, 2020 through December 31, 2021. Effective June 1, 2021, participants began contributing \$0.50 per hour to the flex contribution account through December 31, 2021.

6. **Participant Accounts** – Participants direct the investment of their contributions into the various fund options offered by the Plan. Each participant’s account is credited with the employer’s contributions, allocations of Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participants’ account balances, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

7. **Vesting** – Participants have 100% immediate vested rights to their accounts.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. **Basis of Accounting** - The financial statements are prepared on the accrual basis of accounting.

Asbestos Workers Local No. 84 Annuity Plan

Notes to Financial Statements

December 31, 2021 and 2020

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

2. **Use of Estimates** – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.
3. **Investment Valuation and Income Recognition** – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note C for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on the investments purchased and sold, as well as held, during the year.
4. **Property and Equipment** – Property and equipment is valued at cost or estimated cost if actual cost is not available. Depreciation is computed using the straight-line method over the estimated useful lives of assets which are five to ten years. Assets were disposed of in 2020 due to a change in administrators.
5. **Payment of Benefits** – Benefits are recorded when paid.
6. **Concentrations of Credit Risk** – The Plan maintains cash balances with regulated financial institutions. Balances with the financial institutions may exceed insured limits.
7. **Subsequent Events** – The Plan has evaluated subsequent events through July 12, 2022, the date the financial statements were available to be issued.

NOTE C - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FSB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical assets in inactive markets
- Inputs other than quoted prices that are observable for the asset;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Notes to Financial Statements

December 31, 2021 and 2020

NOTE C - FAIR VALUE MEASUREMENTS (continued)

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Money market funds – Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds – valued at the daily closing price reported by the Fund. The funds are open-ended and are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. These funds are deemed to be actively traded.

Separate account – Valued based on the Plan's pro-rata share of the pooled separate account at year end. The pooled separate account is not available in an exchange and active market; however, the fair value is determined on the pro-rata share of the underlying investments in the pooled separate account.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020.

Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Total

NOTE D – TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated October 20, 2015, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter; however, the Plan sponsor believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting Principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's management believes it is no longer subject to income tax examinations for years prior to the year ended December 31, 2018.

NOTE E – PLAN TERMINATION

Although it has not expressed any intent to do so, the Board of Trustees has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of termination, all assets of the Plan, net of accrued or incurred expenses will be allocated among the existing accounts.

NOTE F – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE G – PARTY-IN-INTEREST

The Plan has several arrangements with service providers for administrative expenses. These transactions are considered party-in-interest transactions.

NOTE H – COVID-19

In March 2020, the Plan was susceptible to the economic uncertainties as they relate to the COVID-19 coronavirus. This virus had a vast economic impact within the economic market. By the fourth quarter of 2020, the markets appear to have stabilized. Despite the general market recovery as of December 31, 2020, the effects of COVID-19 have adversely impacted, and may continue to adversely impact, the global economy, the economies of certain nations, and individual issuers. The future duration and breadth of the adverse impact of COVID-19 on the markets in which the Plan invests cannot currently be accurately predicted and future investment activity of the Plan will be subject to these effects and the related uncertainty. The trustees will continue to monitor the pandemic's effect on markets to identify if adjustments are required to the portfolio.
