INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of the
NPR of America, Inc. 401(k) Plan
Bardstown, Kentucky

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of NPR of America, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report—

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"); and
- the certified investment information in the accompanying 2021 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2021 Supplemental Schedule Required by ERISA

The 2021 supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the 2021 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Report on the 2020 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2020. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated September 27, 2021, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NPR OF AMERICA, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS AS OF DECEMBER 31, 2021 AND 2020, AND FOR THE YEAR ENDED DECEMBER 31, 2021

1. DESCRIPTION OF PLAN

The following description of NPR of America, Inc. 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the plan document for more complete information of the Plan’s provisions.

General – The Plan is a defined contribution plan qualifying under section 401(k) of the Internal Revenue Code (“IRC”). The Plan was established on January 1, 2009, and covers all eligible employees of NPR of America, Inc. (the “Company”) who have completed 3 months of service and are age 18 or older except for union employees, and non-resident aliens and residents of Puerto Rico hired subsequent to December 31, 2014. The employees hired prior to January 1, 2015 continue to be eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Effective January 1, 2019, the eligible employees are automatically enrolled in the Plan with 1% of compensation for each payroll period which will increase by 1% of compensation up to a maximum of 6% of compensation at the first day of each plan year after two years of participation.

Contributions – The Plan permits each eligible participant to contribute 100% of their compensation, subject to a maximum limitation imposed by the IRC. Participants who have attained the age of 50 before the end of the plan year are eligible to make additional catch-up contributions of up to a limit of additional \$6,500 at any time during the year. The Plan may provide a discretionary matching or profit-sharing contributions, and the Company determines the formula for the discretionary matching contributions every year. For the year ended December 31, 2021, the Company matched 50% of the amount contributed by each participant up to 6% of the participant’s eligible compensation, resulting in the Company’s matching contributions of \$175,963. There was no profit-sharing contribution for the year ended December 31, 2021.

Vesting – Participants are fully vested in their voluntary contributions plus actual earnings thereon. Prior to January 1, 2015, participants were fully vested in the Company’s matching contribution. Effective January 1, 2015, vesting in the Company’s contribution portion of their account and nonelective contributions are based on the number of years of service according to the following schedule:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Employees hired prior to January 1, 2015 continue to be fully vested in all contributions.

Cash and cash equivalents - The Plan considers highly liquid investments purchased with a maturity of three months or less to be cash and cash equivalents. The balance represents the amounts temporarily held due to the timing of investment transactions occurring near year-end.

1. DESCRIPTION OF PLAN (CONTINUED)

Investments – Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers 19 investment options, including mutual funds and a stable value fund at December 31, 2021.

Participant Accounts – A separate account is established and maintained for each participant. Participants may change their investment options at any time directly through participant's online account of Charles Schwab Bank (the "Trustee"), the trustee of the Plan. Each participant's account is credited, as applicable, with the participant's contributions, the Company's matching contribution, and an allocation of the respective investment income or loss by investment fund option. Investment earnings and gains and losses are allocated to a participant's account in relation to the investment performance of each fund and the proportion of the participant's account balance to the total balance in each fund.

Coronavirus Aid, Relief, and Economic Security ("CARES") Act – On March 27, 2020, the CARES Act was signed into law. The CARES Act allows retirement plans to provide participants who are impacted by the coronavirus with greater access to their savings in the form of notes receivable and distributions. As permitted by the CARES Act, the Plan opted in to adopt the CARES Act. See Payment of Benefits for more detail for the provisions of the CARES Act.

Notes Receivable from Participants – The Plan does not allow participants to take loans.

Payment of Benefits – A participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account upon occurrence of qualifying distribution events including termination of employment, disability, retirement, death or attainment of age 65. Ordinary income tax will apply to each distribution. Distributions received prior to age 59 ½ may also be assessed a 10% early withdrawal federal tax penalty. As permitted by the CARES Act, the Plan allowed eligible plan participants, for qualifying reasons associated with COVID-19 pandemic, to request penalty-free distributions of up to \$100,000 before December 31, 2020 and permitted a waiver on required minimum distribution in 2020.

A participant electing to receive benefit payments on or after normal retirement age, or age 65, will receive distribution in the form of a single lump-sum payment in cash if it is less than \$5,000. If the balance exceeds \$5,000, the participant may also elect to take partial withdrawals or installments but only with respect to lifetime minimum required distributions, over a period of not more than the participant's assumed life expectancy.

Forfeited Accounts – Forfeitures are the non-vested amounts in the accounts of participants who terminate employment. Forfeitures may be used to pay plan expenses, reduce any nonelective contribution, or reduce any matching contribution. If a participant terminated employment and a participant's account was forfeited because a participant was not vested at the time of a participant's termination, a participant forfeited account will be restored upon a participant's reemployment with the Company if a participant's break-in-service did not exceed five years. The Company used approximately \$9,000 to reduce the Company's matching contributions during the year ended December 31, 2021. Forfeitures available at December 31, 2021 and 2020 were \$29,941 and \$20,576, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits, liabilities, and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties – The Plan invests in various investment instruments, including mutual funds and investment contracts. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition – Investments are reported at fair value except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 7 for fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits – Benefit payment to participants are recorded upon distribution. There are no individuals who had elected to withdraw from the Plan, but who had not yet been paid as of December 31, 2021 and 2020.

Administrative Expenses – Certain administrative expenses of the Plan are paid by the Company.

Subsequent Events – The Company evaluated all events subsequent to the balance sheet date of December 31, 2021, through the date the financial statements were available to be issued, September 27, 2022.

3. FEDERAL INCOME TAX STATUS

The Plan adopted the new prototype plan sponsored by Standard Retirement Services, Inc. effective January 1, 2019. The Plan obtained an opinion letter dated March 31, 2014, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan has not been amended since receiving the opinion letter. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain positions that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, all amounts credited to participant's account will be fully vested.

5. INVESTMENT CONTRACT FUND

Standard Stable Asset A is a fully benefit-responsive investment contract with Standard Insurance Company ("Standard"), annuity service provider. Contract value represents contributions made, less withdrawals and administrative expenses, plus interest credited. Net deposits invested in the Standard Stable Asset A become part of general account of Standard, and there are no particular segregated or identifiable assets ascribed to the Plan's investment. Contract value is guaranteed by the full faith and credit of Standard. Daily liquidity is available for participant contributions and withdrawals at contract value regardless of market conditions.

The average yield earned by the Plan for the benefit responsive investment contract with Standard for the years ended December 31, 2021 and 2020 were approximately 2.2% and 2.4%, respectively.

Certain events may limit the ability of the Plan to transact at contract value. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment or other withdrawal restrictions may apply. The plan sponsor may choose to pay the market value adjustment directly, if applicable, so that participant's contract values are not affected. If the plan sponsor views the occurrence of any of these events as probable as of the measurement date, details about market value adjustments or other withdrawal restrictions can be obtained through the Plan's account manager.

Standard may terminate the contract with 30 days advance written notice to the contract owner for reasonable cause, which includes the contract owner's failure to abide by state or federal law, failure to render performance necessary to comply with the terms of the contract, failure to maintain assets of at least \$25,000, plan disqualification, and failure to adopt the Plan in a reasonable period of time.

6. INFORMATION CERTIFIED BY THE TRUSTEE

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments as of December 31, 2021 and 2020, net appreciation in fair value of investments, and dividends and capital gains for the year ended December 31, 2021 were prepared by the Trustee, and furnished to the plan administrator. The plan administrator has obtained certifications from the Trustee that such information is complete and accurate.

7. FAIR VALUE MEASUREMENTS

In accordance with the authoritative accounting guidance on fair value measurements and disclosures in conformity with U.S. GAAP, the Plan discloses the fair value of its investments in a hierarchy that prioritizes the inputs to valuation techniques used to measure the fair value. The hierarchy gives the highest priority to valuations based upon unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to valuations based upon unobservable inputs that are significant to the valuation (Level 3).

Level 1 – quoted prices in active markets for identical securities — Investments whose values are based on quoted market prices in active markets, and whose values are therefore classified as Level 1 prices, include active listed equities.

Level 2 – other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.) — Investments that trade in markets that are not considered to be active, but whose values are based on quoted market prices, dealer quotations or valuations provided by alternative pricing sources supported by observable inputs are classified as Level 2 prices. These generally include certain U.S. government and sovereign obligations, most government agency securities, investment-grade corporate bonds, certain mortgage products, less liquid listed equities, state, municipal, and provincial obligations, and collective trust funds. In addition, international securities whose markets close hours before the valuation of the holdings in the different investment funds may require revised valuations due to significant movement in the U.S. markets occurring after the daily close of the foreign markets. As investments whose values are classified as Level 2 prices include positions that are not traded in active markets and/or are subject to transfer restrictions, valuations may be adjusted to reflect illiquidity and/or nontransferability, which are generally based on available market information.

Level 3 – significant unobservable inputs (including each investment fund options own assumptions in determining the fair value of its investments) — Investments whose values are classified as Level 3 prices have significant unobservable inputs, as they may trade infrequently or not at all. When observable prices are not available for these securities, the investment funds use one or more valuation techniques for which sufficient and reliable data is available. The inputs used in estimating the value of Level 3 prices may include the original transaction price, quoted prices for similar securities or assets in active markets, completed or pending third-party transactions in the underlying investment or comparable issuers, and changes in financial ratios or cash flows. Level 3 prices may also be adjusted to reflect illiquidity and/or non-transferability, with the amount of such discount estimated in the absence of market information. Assumptions used by the Plan due to the lack of observable inputs may significantly impact the resulting fair value and therefore the Plan's results of operations.

Mutual Funds:

Mutual funds are valued at the net asset value of shares held by the Plan at year end (Level 1).

7. FAIR VALUE MEASUREMENTS (CONTINUED)

The following is the category of assets measured at fair value on a recurring basis as of December 31, 2021 and 2020:

December 31, 2021

	Level 1	Level 2	Level 3	
Investment Category	Inputs	Inputs	Inputs	Total
Investment at fair value:
