Independent Auditor's Report

Plan Administrator and Participants
Alpha Measurement Solutions 401(k) Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Alpha Measurement Solutions 401(k) Plan (formerly Alpha Measurement Solutions P/S Plan and Trust) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying 2021 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The 2021 supplemental schedule, Schedule H, Line 4i - schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the 2021 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Report on the 2020 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2020. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated October 14, 2021, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Alpha Measurement Solutions 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following brief description of the Alpha Measurement Solutions 401(k) Plan (formerly Alpha Measurement Solutions P/S Plan and Trust) (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan, adopted by the Company effective January 1, 1995, is a defined contribution plan and was adopted by Analytical Sensors & Instruments, LLC (the Company or Employer) to provide deferred tax benefits, savings, and Company contributions to eligible employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan transferred its assets from Matrix Trust Company (Matrix) to Fidelity Management Trust Company (Fidelity) on April 20, 2021. Accordingly, the Plan was amended and restated effective April 20, 2021.

Eligibility

The Plan covers all employees who have completed three months of service and are at least 21 years of age. Enrollment in the Plan is allowed each quarter after the eligibility requirements have been met. Effective April 20, 2021, the Plan covers all employees who have completed two months of service and are at least 21 years of age, and enrollment in the Plan is allowed monthly after the eligibility requirements have been met.

Contributions

Participants may elect to contribute, on a pre-tax basis or after-tax basis (Roth contributions), up to 100% of their eligible compensation, as defined by the Plan, through payroll deductions, not to exceed the limit under the Internal Revenue Code (IRC). In addition, eligible participants are permitted to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. A participant may prospectively change the percentage of his/her contribution at any time. The change will generally be effective the next pay period.

The Company has elected to operate the Plan under a safe harbor provision whereby participants in the Plan receive a matching contribution of 100% up to 3% of compensation contributed to the Plan and 50% of the next 2% of compensation contributed to the Plan. The Company may also choose to make discretionary matching contributions and a discretionary profit-sharing contribution to the Plan. During 2021, no additional contributions were made.

Participant Accounts

Each participant's account is credited with the participant's salary deferral contributions, allocations of any Company safe harbor matching contributions, and any Company discretionary matching contributions or Company profit-sharing contributions, and his/her share of the Plan's income (loss). The Plan's income, with respect to each investment fund, is allocated based on the proportion that each participant's account balance invested in such fund compared to the total of all participants' account balances invested in such fund.

Alpha Measurement Solutions 401(k) Plan

Notes to Financial Statements

1. Description of the Plan (cont.)

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of his/her vested account balance. A participant may have only one loan outstanding at a time. The notes are secured by the balance of the participant's account and bear interest at the published prime rate plus 1% over the life of the note. The interest rates on notes receivable from participants range from 4.25% - 7.25% at December 31, 2021. Principal and interest are repaid ratably through regular payroll deductions over a period not to exceed five years, unless the notes receivable were used to purchase a primary residence in which case the note receivable terms may exceed five years.

Vesting

Participants are immediately vested in the value of their salary deferrals, safe harbor contributions, and rollovers, plus related investment earnings. Any discretionary matching contributions and profit-sharing contributions vest according to the following schedule:

Years of Service	Vested Percentage
Less than one	0%
One	20%
Two	40%
Three	60%
Four	80%
Five	100%

Participants must be credited with a minimum of 12 months to complete a year of vesting service.

A participant will become fully vested in discretionary matching contributions and any profit-sharing contributions, regardless of length of service, in the event of death or disability, the Plan is terminated or contributions to the Plan are discontinued, or upon attainment of age 65.

Benefit Payments

Participant accounts may be withdrawn upon retirement, death, disability, or termination of employment. Participants may elect to have distributions paid in a lump-sum and are either paid directly to the participant or rolled over to another qualified retirement plan. Installments are permitted only for required minimum distributions. The Plan also allows for in-service withdrawals upon attainment of age 59½ or upon incurring a disability, along with withdrawals in the event of a financial hardship.

Forfeitures

The Plan allows forfeitures to be used to reduce Company contributions or pay Plan expenses. During the year ended December 31, 2021, the Company utilized forfeitures of \$670 to pay Plan expenses. Unused forfeitures available for use at December 31, 2021 and 2020, were \$33,146 and \$12,752, respectively.

Alpha Measurement Solutions 401(k) Plan

Notes to Financial Statements

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting. The Plan follows accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP require the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value with the exception of the fully benefit-responsive investment contract (the contract), which was reported at contract value. Contract value was the relevant measurement for that portion of net assets available for benefits because contract value was the amount participants normally would have received if they initiated permitted transactions under the terms of the Plan. The Plan did not hold the contract as of December 31, 2021.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for information on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Plan Expenses

Certain administrative expenses related to distributions and other participant-initiated transactions are charged to the account of the Plan participant. Other administrative expenses and investment management fees are paid from the Plan's forfeitures and through reductions of investment returns under the Plan's investment options.

Payment Benefits

Benefit payments to participants are recorded upon distribution.

3. Certified Information

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Matrix has provided a certification that the financial information included in the financial statements and supplemental schedule as of December 31, 2020, and for the period from January 1, 2021 to April 20, 2021, provided to the Plan is complete and accurate. Additionally, Fidelity has provided a certification that the financial information included in the financial statements and supplemental schedule as of December 31, 2021, and for the period from April 20, 2021 to December 31, 2021, provided to the Plan is complete and accurate. The information as to investment assets and transactions therein, and investment income included in the accompanying financial statements and supplemental schedule as of December 31, 2021 and 2020, and for the year ended December 31, 2021, is covered by such certifications.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs in which little or no market data exists (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below.

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds and Money Market Mutual Fund - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust - Valued at the net asset value using NAV as the practical expedient based on the last reported sales price of the underlying investments held. The Plan's interest in the collective trust fund was based on information reported using the audited financial statements of the collective trust fund at year-end. The investment income (loss) was allocated to participants based on their proportionate share of the net assets of the funds.

Alpha Measurement Solutions 401(k) Plan

Notes to Financial Statements

4. Fair Value Measurements (cont.)

Basis of Fair Value Measurement (cont.)

Pooled Separate Account - The fair value of the pooled separate account was based on the net asset value (NAV) of the account calculated based on the NAV of the underlying investments. The NAV was used as a practical expedient to estimate fair value. The Plan does not hold this investment as of December 31, 2021.

The methodologies described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments at fair value as of December 31, 2020, were made up entirely of a pooled separate account, which is measured at the NAV as a practical expedient. In accordance with Subtopic 820-10, certain investments that were measured as such are not classified in the fair value hierarchy. The Plan had no assets at December 31, 2020, that are classified in the fair value hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021.

<i>December 31, 2021</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 9,826,183	\$ -	\$ -	\$ 9,826,183
Money market mutual fund	119,372	-	-	119,372
	<u>\$ 9,945,555</u>	<u>\$ -</u>	<u>\$ -</u>	<u>9,945,555</u>
Common collective trust measured at NAV*				<u>81,234</u>
Total investments at fair value			\$	<u>10,026,789</u>

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value to the amounts presented in the statements of net assets available for benefits.

Fair value of investments in certain entities that calculate NAV per share (or its equivalent) follows:

Investment	Fair Value at December 31,		Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
	2021	2020			
Common collective trust	\$ 81,234	\$ -	None	Daily	N/A
Pooled separate accounts	\$ -	\$ 7,532,532	None	Daily	N/A

5. Investment in Insurance Contract

The United of Omaha Guaranteed Account, an investment fund held by the Plan through April 20, 2021, was a fully benefit-responsive guaranteed investment contract with United of Omaha. United of Omaha maintained the contributions in general accounts. The accounts were credited with earnings (losses) on the underlying investments and charged for participant withdrawals and administrative expenses. The contract was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan. United of Omaha made this guarantee, and although United of Omaha may have credited a higher interest rate, the credited interest rate was declared monthly, for deposits received that month, and was guaranteed for five years.

As described in Note 2, because the guaranteed investment contract was fully benefit-responsive, contract value was the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. Contract value, as reported to the Plan by United of Omaha, represented contributions made under the contracts, plus earnings (losses), less participant withdrawals and administrative expenses. Participants could have ordinarily directed the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events could have limited the ability of the Plan to transact at contract value with the issuer. Such events included (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provision, (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required transaction exemption under ERISA. Furthermore, certain events allowed the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events included (1) an uncured breach of the Plan's investment guidelines, (2) a material amendment to the contract without the issuer's consent, (3) a violation of a material obligation under the contract, or (4) a material misrepresentation. The Plan administrator did not believe that any events that would limit the Plan's ability to transact at contract value with participants were probable of occurring.

6. Party-In-Interest Transactions

The recordkeeping and custody functions for the underlying investments held by the Plan were performed by Ascensus LLC and Matrix, respectively, through April 20, 2021. Effective April 20, 2021, the recordkeeping and custody functions for the underlying investments held by the Plan are performed by Fidelity. Notes receivable from participants are defined by ERISA as party-in-interest transactions. Such transactions are exempt from the prohibited transaction rules.

7. Tax Status

In April 2021, the Plan that was based on a Prototype Non-Standardized Profit Sharing Plan with CODA (Non-Standardized Plan) sponsored by Mutual of Omaha Insurance Company document moved to a Volume Submitter Profit Sharing Plan with CODA (Volume Submitter Plan) sponsored by Fidelity Management & Research Co. The Internal Revenue Service (IRS) has issued a favorable opinion letter dated March 31, 2014, that the Volume Submitter Plan is designed in accordance with the IRC. Although the Plan has been amended since the date of the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax exempt.

GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Alpha Measurement Solutions 401(k) Plan

Notes to Financial Statements

8. Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

9. Risks and Uncertainties

The Plan's investments include funds which invest in various types of investment securities and in various companies within various markets. Investment securities are exposed to several risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the Plan's statements of net assets available for benefits.

In January 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a "Public Health Emergency of International Concern," which continues to spread throughout the world and has adversely impacted global commercial activity and contributed to volatility in financial markets. The coronavirus outbreak and government responses are creating disruption in global supply chains and adversely impacting many industries. The outbreak could have a continued impact on economic and market conditions and trigger a period of global economic slowdown. The rapid development and fluidity of this situation precludes any prediction as to the ultimate impact of the coronavirus outbreak. Nevertheless, the outbreak presents uncertainty and risk with respect to the Plan, its investment performance, and overall financial results.

10. Subsequent Events

The Plan has evaluated, for consideration of recognition or disclosure, subsequent events that have occurred through the date of issuance, October 04, 2022, and has determined that, except for the matters noted below, no significant events occurred after December 31, 2021, but prior to the issuance of these financial statements, that would have a material impact on these financial statements.

The Plan was amended and restated effective May 19, 2022. As a result, no significant changes were made to the provisions or operations of the Plan.
