Independent Auditor's Report

To the Plan administrator
Firstsource 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the Firstsource 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C), which comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the 2021 financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from qualified institutions as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note C to the 2021 financial statements, is complete and accurate.

Opinion for the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The certified investment information in the accompanying 2021 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by the qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion for the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Independent Auditor's Report (Continued)

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the 2021 financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the 2021 financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the 2021 financial statements.

In preparing the 2021 financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the 2021 financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the 2021 financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the 2021 financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the 2021 financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the 2021 financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the 2021 financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

Independent Auditor's Report (Continued)

Auditor's Responsibilities for the Audit of the 2021 Financial Statements (Continued)

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The 2021 supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the 2021 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the 2021 supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and to certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and to other additional procedures in accordance with GAAS. For information included in the 2021 supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the 2021 supplemental schedule, we evaluated whether the 2021 supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by the qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Report on the 2020 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2020. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institutions. Our audit report, dated September 2, 2021, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and, accordingly, we did not express an opinion on the 2020 financial statements; and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the information certified by the qualified institutions, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note A - Description of Plan

The following description of the Firstsource 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General: The Plan is a defined contribution plan covering all eligible employees of Firstsource Group U.S.A., Inc. (the "Plan Sponsor") and any participating employers which elect to adopt the Plan (collectively, the "Company" or "Employer"). Employees must have attained 21 years of age and completed 3 months of service to be eligible to participate in the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

   Effective June 1, 2021, the PatientMatters, LLC 401(k) Plan was merged into the Plan. Assets totaling $4,093,070 were transferred into the Plan as a result of the merger.

2. Contributions: Each year, participants may elect to contribute up to the maximum compensation permissible under the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit and defined contribution plans. The Plan agreement includes an automatic enrollment feature whereby the Company will automatically enroll into the Plan, employees who have met eligibility requirements. These employees are automatically enrolled to contribute 4% of their eligible compensation to the Plan on a pre-tax basis unless such employees affirmatively take action to elect otherwise. Effective June 1, 2021, eligible participants (excluding highly compensated employees and inside traders) deferring less than 15% (previously 10%) of Plan compensation will have their rate of deferral automatically increased by 1%. The automatic increase will be applied on an annual basis to participants deferring less than 15% of Plan compensation who have never made an affirmative election to opt out of the automatic increase feature.

   The Plan agreement provides for a Company matching contribution equal to 25% of the first 6% of eligible compensation each participant contributes to the Plan, excluding catch-up contributions. No other Company contributions were made for the 2021 Plan year. Contributions are subject to certain limitations.

3. Participant Accounts: Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions and Company matching contributions, as well as an allocation of Company discretionary contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, specific participant transactions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant becomes 100% vested after five years of credited service.

5. Investment Options: Upon enrollment in the Plan, participants may direct the investment of their accounts into various investment options offered by the Plan. They may change their investment options among those investments provided at any time during the Plan year.

6. Notes Receivable from Participants: There is no loan provision under the Plan. As a result of the PatientMatters, LLC 401(k) Plan merger, loans totaling $94,881 were transferred to the Plan. These loans will continue to be amortized through the date of their original maturity. The loans are secured by the balance in the participant's account and bear interest at a rate of 4.25% to 6.50%. Principal and interest is repaid ratably through payroll deductions.

Note A - Description of Plan (Continued)

7. Payment of Benefits: Upon termination of service or attaining normal retirement age, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. In-service and hardship withdrawals are also allowed as defined in the Plan agreement.

8. Forfeited Accounts: Forfeitures of nonvested participant accounts may be used to reinstate previously forfeited account balances, pay administrative expenses, or reduce Company nonelective or matching contributions. Forfeited accounts approximated $155,600 and $89,100 at December 31, 2021 and 2020, respectively. During the Plan year ended December 31, 2021, forfeitures approximating $463,400 were used to reduce Company matching contributions allocated to Plan participants.

9. ERISA Account: The Plan Sponsor has entered into an agreement with Prudential Bank & Trust, FSB ("Prudential") to create an Expense Reimbursement Credit ("ERISA Account") to be used by the Plan to offset the cost of reasonable and necessary expenses of the Plan. The ERISA Account is a book-entry, non-interest bearing hypothetical expense reimbursement account. The amount credited to the ERISA Account is determined on an annual basis by Prudential and is included in "Other income" on the Statement of Changes in Net Assets Available for Benefits. For the Plan year ended December 31, 2021, the amount used to pay Plan expenses in accordance with this agreement approximated $41,300.

Note B - Summary of Significant Accounting Policies

1. Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The Accounting Standards Codification ("ASC") as produced by the Financial Accounting Standards Board ("FASB") is the sole source of authoritative GAAP.

2. Use of Estimates: The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. Note Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2021.

4. Investment Valuation and Income Recognition: The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

   Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the Plan year.

5. Corrective Distributions Payable: Corrective distributions payable represent amounts withheld from participants in excess of IRC limitations, and related earnings thereon, that are required to be refunded prior to December 31 of the subsequent year.

6. Payments of Benefits: Benefits are recorded when paid.

7. Administrative Expenses: Administrative expenses of the Plan are paid by the Company or Plan participants, as defined in the Plan agreement.

Note B - Summary of Significant Accounting Policies (Continued)

8. Investment Management Fees and Operating Expenses: Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation (depreciation) in fair values of investments.

9. Subsequent Events: Subsequent events for the Plan have been considered through the date of the Independent Auditor's Report which represents the date the financial statements were available to be issued. See Note K.

Note C - Certification of Financial Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Prudential Bank & Trust, F.S.B and Prudential Retirement Insurance and Annuity Company ("Prudential Retirement"), qualified institutions, have certified to the completeness and accuracy of all investments and notes receivable from participants information reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020, the Schedule of Assets (Held at End of Year) at December 31, 2021, and the related investment income and interest income on notes receivable from participants information reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements.

Note D - Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note D - Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled separate accounts: Valued at the net asset value ("NAV") of units held by the Plan at year end. The NAV is used as a practical expedient to estimate fair value and is based on the value of the underlying investment assets (primarily shares of registered investment companies) held through subaccounts of an insurance company. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV. The investments are redeemable at the adjusted NAV under agreements with the insurance company. There are currently no redemption restrictions or unfunded commitments on these investments.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis at December 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 21,892,622	$ -	$ -	$ 21,892,622
Total assets in the fair value hierarchy	$ 21,892,622	$ -	$ -	21,892,622
Investments measured at NAV (a)				29,882,329
Investments, at fair value				$ 51,774,951

Note D - Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis at December 31, 2020:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 17,114,440	$ -	$ -	$ 17,114,440
Total assets in the fair value hierarchy	$ 17,114,440	$ -	$ -	17,114,440
Investments measured at NAV (a)				24,472,586
Investments, at fair value				$ 41,587,026

(a) In accordance with FASB guidance, investments measured at fair value using NAV as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Note E - Insurance Group Annuity Contract

The Plan's investment options include the Guaranteed Income Fund ("GIF") which is a group annuity product issued by Prudential Retirement. Amounts contributed to the contract are deposited in Prudential Retirement's general account. The GIF is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

This contract meets the fully benefit-responsive investment criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. Interest is credited on contract balances using a single portfolio rate approach. Under this methodology, a single interest crediting rate is applied to all contributions made to the product regardless of the timing of those contributions. Interest crediting rates are reviewed on a semi-annual basis for resetting.

Generally, there are no events that could limit the ability of the Plan to transact at contract value paid within 90 days or in rare circumstances, contract value paid over time. There are no events that allow the issuer to terminate the contract and require the Plan Sponsor to settle at an amount different than contract value paid either within 90 days or over time.

Note F - Related Party Transactions and Party in Interest Transactions

Certain administrative services are provided by the Company at no cost to the Plan and certain administrative costs incurred by the Plan are paid by the Company. The Plan has entered into various service agreements with parties in interest.

Certain Plan investments are managed by Prudential Retirement, an affiliate of the trustee of the Plan. The Plan paid fees to Prudential Retirement approximating $432,000 during the Plan year ended December 31, 2021. These transactions qualify as party in interest. Notes receivable from participants also qualify as party in interest transactions.

Note G - Income Tax Status

The Internal Revenue Service ("IRS") ruled on April 29, 2014, that the Non-Standardized Prototype Plan sponsored by Prudential Insurance Company of America and upon which the Plan is based, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note H - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note I - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Note J - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2020 (no reconciliation required at December 31, 2021):

Net assets available for benefits per the financial statements	$ 48,886,868
Corrective distributions payable	87,627
Net assets available for benefits per the Form 5500	$ 48,974,495

The following is a reconciliation of net increase before transfers per the financial statements to net income per the Form 5500 for the Plan year ended December 31, 2021:

Net increase before transfers per the financial statements	$ 7,333,402
Change in corrective distributions payable	(87,627)
Net income per the Form 5500	$ 7,245,775

Note K - Subsequent Events

Effective April 1, 2022, the Plan was restated as required under IRC regulations related to Cycle 3, on a pre-approved plan document sponsored by The Prudential Insurance Company of America. There were no significant changes to Plan provisions as a result of the restatement.

Effective May 3, 2022, The Stonehill Group, Inc. 401(k) Plan was merged into the Plan. Assets approximating $1,577,000 were subsequently transferred into the Plan.

Independent Auditor's Report

To the Plan administrator
Firstsource 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the Firstsource 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C), which comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the 2021 financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from qualified institutions as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note C to the 2021 financial statements, is complete and accurate.

Opinion for the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The certified investment information in the accompanying 2021 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by the qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion for the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Independent Auditor's Report (Continued)

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the 2021 financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the 2021 financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the 2021 financial statements.

In preparing the 2021 financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the 2021 financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the 2021 financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the 2021 financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the 2021 financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the 2021 financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the 2021 financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

Independent Auditor's Report (Continued)

Auditor's Responsibilities for the Audit of the 2021 Financial Statements (Continued)

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The 2021 supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the 2021 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the 2021 supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and to certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and to other additional procedures in accordance with GAAS. For information included in the 2021 supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the 2021 supplemental schedule, we evaluated whether the 2021 supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by the qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Report on the 2020 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2020. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institutions. Our audit report, dated September 2, 2021, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and, accordingly, we did not express an opinion on the 2020 financial statements; and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the information certified by the qualified institutions, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note A - Description of Plan

The following description of the Firstsource 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General: The Plan is a defined contribution plan covering all eligible employees of Firstsource Group U.S.A., Inc. (the "Plan Sponsor") and any participating employers which elect to adopt the Plan (collectively, the "Company" or "Employer"). Employees must have attained 21 years of age and completed 3 months of service to be eligible to participate in the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

   Effective June 1, 2021, the PatientMatters, LLC 401(k) Plan was merged into the Plan. Assets totaling $4,093,070 were transferred into the Plan as a result of the merger.

2. Contributions: Each year, participants may elect to contribute up to the maximum compensation permissible under the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit and defined contribution plans. The Plan agreement includes an automatic enrollment feature whereby the Company will automatically enroll into the Plan, employees who have met eligibility requirements. These employees are automatically enrolled to contribute 4% of their eligible compensation to the Plan on a pre-tax basis unless such employees affirmatively take action to elect otherwise. Effective June 1, 2021, eligible participants (excluding highly compensated employees and inside traders) deferring less than 15% (previously 10%) of Plan compensation will have their rate of deferral automatically increased by 1%. The automatic increase will be applied on an annual basis to participants deferring less than 15% of Plan compensation who have never made an affirmative election to opt out of the automatic increase feature.

   The Plan agreement provides for a Company matching contribution equal to 25% of the first 6% of eligible compensation each participant contributes to the Plan, excluding catch-up contributions. No other Company contributions were made for the 2021 Plan year. Contributions are subject to certain limitations.

3. Participant Accounts: Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions and Company matching contributions, as well as an allocation of Company discretionary contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, specific participant transactions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant becomes 100% vested after five years of credited service.

5. Investment Options: Upon enrollment in the Plan, participants may direct the investment of their accounts into various investment options offered by the Plan. They may change their investment options among those investments provided at any time during the Plan year.

6. Notes Receivable from Participants: There is no loan provision under the Plan. As a result of the PatientMatters, LLC 401(k) Plan merger, loans totaling $94,881 were transferred to the Plan. These loans will continue to be amortized through the date of their original maturity. The loans are secured by the balance in the participant's account and bear interest at a rate of 4.25% to 6.50%. Principal and interest is repaid ratably through payroll deductions.

Note A - Description of Plan (Continued)

7. Payment of Benefits: Upon termination of service or attaining normal retirement age, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. In-service and hardship withdrawals are also allowed as defined in the Plan agreement.

8. Forfeited Accounts: Forfeitures of nonvested participant accounts may be used to reinstate previously forfeited account balances, pay administrative expenses, or reduce Company nonelective or matching contributions. Forfeited accounts approximated $155,600 and $89,100 at December 31, 2021 and 2020, respectively. During the Plan year ended December 31, 2021, forfeitures approximating $463,400 were used to reduce Company matching contributions allocated to Plan participants.

9. ERISA Account: The Plan Sponsor has entered into an agreement with Prudential Bank & Trust, FSB ("Prudential") to create an Expense Reimbursement Credit ("ERISA Account") to be used by the Plan to offset the cost of reasonable and necessary expenses of the Plan. The ERISA Account is a book-entry, non-interest bearing hypothetical expense reimbursement account. The amount credited to the ERISA Account is determined on an annual basis by Prudential and is included in "Other income" on the Statement of Changes in Net Assets Available for Benefits. For the Plan year ended December 31, 2021, the amount used to pay Plan expenses in accordance with this agreement approximated $41,300.

Note B - Summary of Significant Accounting Policies

1. Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The Accounting Standards Codification ("ASC") as produced by the Financial Accounting Standards Board ("FASB") is the sole source of authoritative GAAP.

2. Use of Estimates: The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. Note Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2021.

4. Investment Valuation and Income Recognition: The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

   Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the Plan year.

5. Corrective Distributions Payable: Corrective distributions payable represent amounts withheld from participants in excess of IRC limitations, and related earnings thereon, that are required to be refunded prior to December 31 of the subsequent year.

6. Payments of Benefits: Benefits are recorded when paid.

7. Administrative Expenses: Administrative expenses of the Plan are paid by the Company or Plan participants, as defined in the Plan agreement.

Note B - Summary of Significant Accounting Policies (Continued)

8. Investment Management Fees and Operating Expenses: Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation (depreciation) in fair values of investments.

9. Subsequent Events: Subsequent events for the Plan have been considered through the date of the Independent Auditor's Report which represents the date the financial statements were available to be issued. See Note K.

Note C - Certification of Financial Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Prudential Bank & Trust, F.S.B and Prudential Retirement Insurance and Annuity Company ("Prudential Retirement"), qualified institutions, have certified to the completeness and accuracy of all investments and notes receivable from participants information reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020, the Schedule of Assets (Held at End of Year) at December 31, 2021, and the related investment income and interest income on notes receivable from participants information reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements.

Note D - Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note D - Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled separate accounts: Valued at the net asset value ("NAV") of units held by the Plan at year end. The NAV is used as a practical expedient to estimate fair value and is based on the value of the underlying investment assets (primarily shares of registered investment companies) held through subaccounts of an insurance company. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV. The investments are redeemable at the adjusted NAV under agreements with the insurance company. There are currently no redemption restrictions or unfunded commitments on these investments.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis at December 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 21,892,622	$ -	$ -	$ 21,892,622
Total assets in the fair value hierarchy	$ 21,892,622	$ -	$ -	21,892,622
Investments measured at NAV (a)				29,882,329
Investments, at fair value				$ 51,774,951

Note D - Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis at December 31, 2020:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 17,114,440	$ -	$ -	$ 17,114,440
Total assets in the fair value hierarchy	$ 17,114,440	$ -	$ -	17,114,440
Investments measured at NAV (a)				24,472,586
Investments, at fair value				$ 41,587,026

(a) In accordance with FASB guidance, investments measured at fair value using NAV as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Note E - Insurance Group Annuity Contract

The Plan's investment options include the Guaranteed Income Fund ("GIF") which is a group annuity product issued by Prudential Retirement. Amounts contributed to the contract are deposited in Prudential Retirement's general account. The GIF is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

This contract meets the fully benefit-responsive investment criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. Interest is credited on contract balances using a single portfolio rate approach. Under this methodology, a single interest crediting rate is applied to all contributions made to the product regardless of the timing of those contributions. Interest crediting rates are reviewed on a semi-annual basis for resetting.

Generally, there are no events that could limit the ability of the Plan to transact at contract value paid within 90 days or in rare circumstances, contract value paid over time. There are no events that allow the issuer to terminate the contract and require the Plan Sponsor to settle at an amount different than contract value paid either within 90 days or over time.

Note F - Related Party Transactions and Party in Interest Transactions

Certain administrative services are provided by the Company at no cost to the Plan and certain administrative costs incurred by the Plan are paid by the Company. The Plan has entered into various service agreements with parties in interest.

Certain Plan investments are managed by Prudential Retirement, an affiliate of the trustee of the Plan. The Plan paid fees to Prudential Retirement approximating $432,000 during the Plan year ended December 31, 2021. These transactions qualify as party in interest. Notes receivable from participants also qualify as party in interest transactions.

Note G - Income Tax Status

The Internal Revenue Service ("IRS") ruled on April 29, 2014, that the Non-Standardized Prototype Plan sponsored by Prudential Insurance Company of America and upon which the Plan is based, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note H - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note I - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Note J - Reconciliation of Financial Statements to Form 5500
