USG Management Services of Florida Inc.
401(k) Plan
Tampa, Florida:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of USG Management Services of Florida Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP"), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a period of one year from the date of this report.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - 2021 Supplemental Schedules Required by ERISA

The supplemental schedule of assets held for investment purposes at December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 19, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

USG MANAGEMENT SERVICES OF FLORIDA INC. 401(K) PLAN

Notes to Financial Statements

At December 31, 2021 and 2020 and For the Year Ended December 31, 2021

(1) Description of Plan

The following description of the USG Management Services of Florida Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. The Plan agreement should be referred to for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all employees of USG Management Services of Florida Inc. ("USG") and its participating affiliates (the "Company") who have met certain eligibility requirements. Employees become eligible to enroll in the Plan if they are at least twenty years of age and upon completion of three consecutive months of service. The Plan assets are held by John Hancock Life Insurance Company (the "Trustee"). Retirement Solutions Specialists ("RSS") is the Plan's record keeper. The Plan is subject to the provisions of the Employee Retirement Income Security Act ("ERISA") of 1974, as amended.

Plan Sponsor. USG serves as the Plan sponsor.

Contributions. Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, subject to the limitations provided by the Internal Revenue Code ("IRC"). Employees can choose pre-tax contributions, after-tax Roth 401 (k) contributions, or a combination of the two. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct their investment of all contributions credited to their accounts into various investment options offered by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). The Company will make a qualified safe harbor matching contribution equal to 100% of salary deferrals that do not exceed 1% of compensation plus 50% of salary deferrals between 1% and 6% of compensation. Compensation and deferrals are determined on an annual basis. Also, the Company may make a discretionary profit-sharing contribution at an amount determined annually.

Participant Accounts. Each active participant's account is credited with the participant's contributions and allocations of (a) Plan earnings and (b) employer contributions, (c) is charged with an allocation of administrative expenses not paid by the Company, and (d) withdrawals. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(1) Description of Plan, Continued

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of credited service. The following schedule describes the Plan's vesting provisions:

<u>Discretionary Profit-Sharing Contribution</u> <u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2 years, but less than 3 years	20%
3 years, but less than 4 years	40%
4 years, but less than 5 years	60%
5 years, but less than 6 years	80%
6 years or more	100%

<u>Qualified Safe Harbor Contributions</u> <u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2 years or more	100%

Upon death, total disability, normal retirement or termination of the Plan, employer contributions become 100% vested.

Forfeited Accounts. Forfeitures of participants' nonvested account balances will be utilized to reduce future contributions or to pay administrative expenses of the Plan. As of December 31, 2021 and 2020, forfeited nonvested accounts totaled \$3,661 and \$4,833, respectively. During the year ended December 31, 2021, forfeited nonvested accounts totaling \$13,217 were used to reduce contributions and pay administrative expenses.

Notes Receivable from Participants. Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000 less the highest outstanding loan balance in the previous twelve months, or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at a rate which is comparable to those of most major lending institutions. Loan terms generally range from one to five years. A longer term may be allowed if the loan is for the purchase of a principal residence. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits. Upon termination of service due to death, disability or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account.

(2) Summary of Significant Accounting Policies

The Plan's financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP"). The following is a summary of the significant accounting policies:

Use of Estimates. The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Subsequent Events. Subsequent events have been evaluated through September 22, 2022, which is the date the financial statements were available to be issued, determining no events require additional disclosure in the financial statements.

Investment Valuation and Income Recognition. Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Contributions. Contributions from participants are accrued and credited to participants' accounts as of each pay period.

Payment of Benefits. Benefits are recorded when paid.

Administrative Expenses. Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Party-In-Interest. Certain of the Plan's investments are offered by the trustee. These transactions qualify as party-in-interest.

(3) Information Prepared and Certified by the Plan's Trustee

The information contained in the financial statements and supplemental schedule which was certified by the Trustee is as follows:

Statements of Net Assets Available for Benefits
Investments

Statement of Changes in Net Assets Available for Benefits

(4) Fair Value Measurements

GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 - Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 or 2020.

(4) Fair Value Measurements, Continued

Mutual Funds. Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at the price. The mutual funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<i>December 31, 2021:</i>				
Mutual funds	\$ <u>12,358,186</u>	<u>-</u>	<u>-</u>	<u>12,358,186</u>
<i>December 31, 2020:</i>				
Mutual funds	\$ <u>9,592,346</u>	<u>-</u>	<u>-</u>	<u>9,592,346</u>

(5) Stable Value Common Collective Trusts, at Contract Value

Stable value common collective trust funds include various investments in fully benefit-responsive Wrap Contracts ("Wrap Contracts"). Contract value is the relevant measurement attribute for that portion of the net assets of the fund attributable to Wrap Contracts. The contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of their employer sponsored defined-contribution plans which invest in the Fund.

Contract value represents contributions made under the Wrap Contract less any participant-directed withdrawals plus accrued interest. A Wrap Contract is generally permitted to be valued at contract value, rather than fair value, to the extent it is fully benefit-responsive and held by a trust offered only to qualified employer-sponsored defined-contribution plans. A Wrap Contract is considered fully benefit-responsive if: 1) it is effected directly between the trust and the issuer and may not be transferred without the consent of the issuer, 2) in the case of traditional Wrap Contracts, the repayment of principal and interest is a financial obligation of the issuer, or, in the case of synthetic Wrap Contracts and separate account contracts, the issuer of a Wrap Contract provides assurance that the contract crediting rate will not be adjusted to less than zero, 3) the Wrap Contract requires all permitted participant-initiated transactions with the trust to occur at contract value without limitation, 4) it is improbable that an event will occur that would limit the ability of the trust to transact at contract value with both the issuer and trust unitholders, and 5) the trust allows unitholders reasonable access to their funds.

(continued)

Notes to Financial Statements, Continued

(5) Stable Value Common Collective Trusts, at Contract Value, Continued

The methodology for calculating the interest crediting rate for the Wrap Contracts is based on the earnings of the underlying assets in the Wrap Contract and prevailing market conditions. The interest crediting rate is reset quarterly. The average yield earned by the Plan for the Wrap Contract for the year ended December 31, 2021 was 1.87%.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. The Company does not believe that any events which would limit the Plan's ability to transact at contract value with participants or contract issuers are probable of occurring.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

(6) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contribution at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(7) Tax Status

The Plan uses a prototype plan document sponsored by RSS. RSS received a determination letter from the Internal Revenue Service ("IRS"), last updated June 30, 2020, which states that the prototype document satisfies the applicable requirements of the IRS. The Plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRS. Therefore, no provision for income taxes has been included in the Plan's financial statements.

(continued)

Notes to Financial Statements, Continued

(7) Tax Status, Continued

GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Company has analyzed the tax positions taken by the Plan, and has concluded that at December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Company believes the Plan is no longer subject to income tax examination for years prior to 2018.

(8) Risks and Uncertainties

The Plan has made available various investment options. These investment options are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' balances and the amounts reported in the statements of net assets available for benefit and the statement of changes in net assets available for benefits. The Plan permits every participant to direct the investment of their account balances under the Plan.

(9) Related Party Transactions

Certain Plan investments include investment funds managed by the Trustee, as defined by the Plan, and, therefore, these transactions qualify as exempt party-in-interest transactions.
