To the Administrative Committee
403(b) Thrift Plan of VIP Services, Inc.
Elkhorn, Wisconsin

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of the 403(b) Thrift Plan of VIP Services (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C)

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 financial statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

To the Administrative Committee
403(b) Thrift Plan of VIP Services, Inc.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i-Schedule of Assets (Held At End of Year) as of December 31, 2021 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

To the Administrative Committee
403(b) Thrift Plan of VIP Services, Inc.

Other Matter – Auditors’ Report on the 2020 Financial Statement

We were engaged to audit the 2020 financial statement of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform auditing procedures with respect to the information certified by a qualified institution. In our report dated October 7, 2021 we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statement, and (b) the form and content of the information included in the 2020 financial statement other than that derived from the certified information were presented in compliance with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

Note A - Description of the Plan

The following description of the 403(b) Thrift Plan of VIP Services, Inc. (the “Plan”), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of VIP Services, Inc. (the “Organization”). There is no minimum age or service requirements that must be satisfied prior to enrollment and deduction of salary reduction contributions to the Plan. Employees must satisfy an eligibility requirement of at least 1,000 hours of service to the Organization in the preceding twelve months in order to qualify for employer base contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute a portion of their pretax annual compensation to the Plan, as defined in the Plan document and governed by existing law. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans as long as the distributions are not from a governmental 457(b) plan.

The Organization contributes employer matching contributions at an amount equal to 50% of employee salary deferrals that does not exceed 6 percent of the annual compensation. Additional amounts may be contributed at the option of the Organization’s Board of Directors. No additional amounts were contributed for the year ended December 31, 2021.

Participants' accounts

Each participant’s account is credited with the participant’s contribution and an allocation of the Plan earnings. Administrative fees are charged on a per account basis with variables such as account balance affecting the amount of the administrative charge. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Allocations between these accounts are participant directed though each underlying fund has reserved the right to reject any aggregate purchase of Fund shares that it determines to be inconsistent with their Fund’s policies and procedures related to market timing.

Vesting

Participants are 100% vested in the account balances of their salary deferral and rollover contributions. In the event of termination of employment, a participant is entitled to receive a percentage of the amount in their employer base contributions based on the number of years of service prior to such termination. A participant is 100% vested in Organization contributions after four years of credited service.

Payment of benefits

On termination of service, death, or disability, a participant may elect to receive a lump-sum amount equal to the value of his or her vested account, an IRA rollover, or other qualified plan rollover. Vested balances less than \$1,000 are automatically paid in a lump-sum to the participant. The Plan also allows for hardship withdrawals due to reasons listed in the Plan document.

Note A - Description of the Plan (Continued)

Notes Receivable from Participants

The Plan administrator may direct the custodian of the Plan to make loans to active participants. The minimum loan amount is \$1,000 and the maximum loan amount is limited to 50% of the participant's vested account balance or \$50,000, whichever is less. Loans are secured by the balance in the participant's account and the loan interest rate is equal to the Interest Accumulation Account interest rate plus 3%. Rates are variable and reviewed for adjustment quarterly. At December 31, 2021, the loan interest rate was 4.00%. Loan terms may not exceed 5 years unless the loan is for the purchase of a primary residence. Principal and interest is paid ratably through payroll deductions. All payments of principal and interest will be credited to the participant's account.

Forfeited Accounts

Forfeitures are the non-vested employer contributed amounts in the accounts of participants who terminate employment. Forfeitures will be used to reduce the Organization's future contributions to the Plan. Forfeitures applied to participant accounts as part of employer contributions for the year ended December 31, 2021, totaled \$756.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully-benefit responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the reinvestment date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held throughout the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. As of December 31, 2021, and 2020, no allowance for credit losses has been recorded. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

403(b) THRIFT PLAN OF VIP SERVICES, INC.
AS OF AND FOR THE YEAR ENDED
DECEMBER 31, 2021

Note B - Summary of Significant Accounting Policies (Continued)

Expenses

Certain expenses of maintaining the Plan are paid directly by the Organization and are excluded from these financial statements. Certain administrative expenses of the Plan are paid by the Plan and totaled \$1,240 for the year ended December 31, 2021. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events as of October 5, 2022, the date the financial statements were available to be issued.

Note C - Information Prepared and Certified by the Plan's Insurance Company

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2021, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Mutual of America Life Insurance Company (the "insurance company" of the Plan). The contract value of the guaranteed investment contract was certified by the insurance company.

Note D - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in inactive markets
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

403(b) THRIFT PLAN OF VIP SERVICES, INC.
AS OF AND FOR THE YEAR ENDED
DECEMBER 31, 2021

Note D - Fair Value Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled Separate Accounts: Pooled separate accounts (PSA) are similar to mutual funds except they are issued by insurance companies and are not publicly traded like mutual funds. Each plan's share of a PSA is determined on a participation-unit or variable-unit basis. The plan's equity account provides a cumulative record of the number of participation units credited to the account and the number of units allocated or withdrawn from the account. The balance of participation units credited to the account, multiplied by the current participation-unit value equals the amount of equity account assets held on behalf of the policy holder at any given time. The participation-unit value is adjusted periodically, usually each business day, to reflect investment results under the PSA.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Fair Value Measurements at December 31, 2021				
	Total	Level 1	Level 2	Level 3
Pooled separate accounts (a)	\$ 2,749,238	\$ -	\$ -	\$ -

Fair Value Measurements at December 31, 2020				
	Total	Level 1	Level 2	Level 3
Pooled separate accounts (a)	\$ 2,959,684	\$ -	\$ -	\$ -

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are not intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

This category includes pooled separate accounts that are designed to provide growth in capital by replicating benchmark indices and includes primarily equity and debt investments. The life cycle funds that are within this category are invested in highly diversified funds designed to remain appropriate for investors in terms of risk throughout a variety of life circumstances. There are currently no redemption restrictions or unfunded commitments on these investments. The fair values of the investments in this class have been estimated based upon the NAV per share.

403(b) THRIFT PLAN OF VIP SERVICES, INC.
AS OF AND FOR THE YEAR ENDED
DECEMBER 31, 2021

Note E - Mutual of America General Account

The Plan has balances in the Mutual of America Interest Accumulation Account. The concept of benefit responsiveness does not apply to the General Account. This concept generally applies to guaranteed investment contracts (GICs), whereby the employer enters into the contract with a set amount of money, and the interest rate is guaranteed for a set period of time. The employer agrees not to withdraw the funds early; however, if funds are needed to pay retirement claims, they can be withdrawn from the GIC without penalty (i.e., they are “benefit responsive”). The funds in a defined contribution plan are allocated to individual plan participants; therefore, the funds are always available to pay benefits, subject to the plan’s vesting schedule. Since the employer does not control participant assets, the need for the plan to be benefit responsive is not relevant.

The General Account includes the outstanding balances of participant loans as the loans are collateralized by funds held in the General Account. Participant loans are segregated from other amounts in the General Account in the Statement of Net Assets Available for Benefits as a transparency measure in these financial statements.

The methodology used to calculate the interest crediting rate is completely discretionary to Mutual of America. Mutual of America does ensure that the interest rate will never fall below the guaranteed minimum rate of 1.00%. The average yield with adjustment to reflect rate credited to participants for the General Account was 1.00% for the year ended December 31, 2021.

Note F - Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer accounts.

Note G - Tax Status

The Plan has not requested a determination letter from the Internal Revenue Service, nor is a determination letter required for 403(b) plans. However, the Plan administrator and the Plan’s tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

Management is not aware of any uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note H - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants’ account balances and the amounts reported in the statements of net assets available for benefits.

403(b) THRIFT PLAN OF VIP SERVICES, INC.
AS OF AND FOR THE YEAR ENDED
DECEMBER 31, 2021

Note I - Party-in-Interest Transactions

The Plan sponsor, participants, and the insurance company have all been identified as parties-in-interest. The Plan invests in pooled separate accounts and interest accumulation accounts with the insurance company. Transactions in these investments qualify as parties-in-interest transactions. Participant loans also qualify as party-in-interest transactions, which are exempt from prohibited transaction rules.

Certain administrative expenses of the plan are paid for by the Plan sponsor and qualify as party-in-interest transactions. Expenses paid to the insurance company totaled \$620 for the year ended December 31, 2021.
