INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Mitsuwa 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements
We have performed an audit of the financial statements of Mitsuwa 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements
In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying 2021 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements
We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by qualified institutions. In our report dated October 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Mitsuwa 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
On September 1, 2019, Mitsuwa Corporation ("Employer" or "Company") established the Plan as a defined-contribution and profit sharing retirement plan, qualifying under Section 401(k) of the Internal Revenue Code ("IRC"). The Plan covered eligible employees of the Company and was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Currently, Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company, d/b/a Principal Trust Company are the Plan's custodians and recordkeepers.

Eligibility
An employee with certain exceptions who has attained the age of 21 and has one year of entry service is eligible to participate in the Plan. Plan entry dates are semi-yearly on the next entry date (January 1 or July 1) following the date on which the employee satisfies the eligibility requirements.

Participant Contributions
Participants may contribute (elective contribution) any amount of their pre-tax or after-tax (Roth) annual compensation; however, the total deferrals each year may not exceed the dollar limit set by law ($19,500 in 2021). Eligible employees may also roll over distributions from eligible retirement plans pursuant to the terms of the Plan. Participants are also permitted to contribute after-tax dollars as a Roth elective deferral. The Plan provides that participants who are projected to be age 50 or older by the end of the calendar year are eligible to also make a catch-up contribution of up to $6,500 in 2021.

Employer Contributions
The Company matches contributions at a discretionary level for eligible participants and, as such, the level of employer match may change each year. Company matching contributions amounted to $34,270 for the year ended December 31, 2021. In addition, the Company may make discretionary contributions to the Plan; the Company did not make discretionary contributions to the Plan during the year ended December 31, 2021.

Participant Accounts
Each participant's account is credited with the participant's contribution, and allocations of (a) the Company's contributions and (b) investment earnings and/or losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Investment Options

Participants direct the investment of their contributions, and any employer contributions, into various investment options offered by the Plan. The Plan currently offers mutual funds, pooled separate accounts, common collective trusts, and one guaranteed investment as investment options. Participants may change their investment options at any time.

Vesting

Participants are immediately vested in their contributions, the Company's qualified nonelective contributions, and the actual earnings on these contributions. Participants become vested in the Company's discretionary matching and other contributions and related investment earnings/appreciation or depreciation based on years of service as follows:

Years of Vesting Service	Vesting Percentage
Less than two	0%
Two	20%
Three	40%
Four	60%
Five	80%
Six or more	100%

Forfeitures

Upon termination of employment, the non-vested portion of the participant's account will be forfeited. Forfeitures are used to reduce future Company contributions or to pay Plan expenses. The amount of $127 was forfeited for the year ended December 31, 2021.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000, up to a maximum of the lesser of one half of the participant's vested account balance, or $50,000, reduced by the highest outstanding loan balance in the account during the prior one-year period. Each loan shall bear a reasonable fixed rate of interest to be determined by the Loan Administrator. The participant is allowed one loan outstanding at a time. Loan terms range up to five years or, for the purchase of a primary residence, a reasonable period of time. The loans are secured by the vested balance in the participant's account. There were no outstanding notes receivable at December 31, 2021 and 2020.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits

Withdrawals are permissible upon participant's reaching age 59½, termination of employment, death, disability, retirement, or certain financial hardships. Vested benefits due to the participant or, in the event of death, to the participant's beneficiaries, in most events will be distributed in a lump-sum payment. Upon termination of employment and unless otherwise elected by the participant, the Plan allows for the automatic distribution of vested benefits of $1,000 or less; if vested benefits are between $1,000 and $5,000, the funds will be rolled over into an IRA selected by the Plan Administrator.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate, discontinue making contributions to, amend, or modify the Plan at any time. In the event of a termination of the Plan, all participants will become fully vested in their accounts.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates, or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has also led to extreme volatility in financial markets and has affected and may continue to affect Plan assets. While the potential economic impact brought by, and the duration of COVID-19 may be difficult to assess or predict, a widespread pandemic could result in significant disruption of global financial markets. The extent to which COVID-19 impacts the financial markets will depend on future developments that are highly uncertain and cannot be predicted.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (Continued)

Valuation of Investments and Income Recognition
Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is stated at contract value). Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants represent participant loans that are to be recorded at their unpaid principal balances, plus any accrued interest. In the event of a default, the Plan Administrator will deem the loan balance to be a distribution to the participant based upon the terms of the Plan document.

Payment of Benefits
Benefit payments to participants are recorded when paid.

Administrative Expenses
The Company pays for certain administrative expenses, with the exception of setup, annual loan, and certain other account fees, which are deducted from the respective participants' funds.

CARES Act
The Coronavirus Aid Relief, and Economic Security Act ("CARES Act") was signed into law on March 27, 2020. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. The Plan adopted certain provisions which included: allowing qualified participants to request penalty-free distributions up to an aggregate limit of $100,000; a waiver of required minimum distribution rules for 2020; increasing the maximum loan amount available to participants to the extent allowed; and permitting suspension of loan payments due through December 31, 2020. The Plan adopted the CARES Act with no material impact to the Plan.

NOTE 3 – INFORMATION CERTIFIED BY THE CUSTODIANS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company, d/b/a Principal Trust Company, (collectively "Principal") the custodians of the Plan as of December 31, 2021 and 2020, and for the year ended December 31, 2021, have certified that the following information included in the financial statements and supplemental schedule is complete and accurate:

	December 31,	
	2021	2020
Investments, at fair value:		
Mutual funds	$ 12,864	$ 6,485
Pooled separate accounts	4,292	306
Common collective trusts	500,310	235,269
Investment, at contract value:		
Guaranteed investment contract	1,542	389

The custodians of the Plan have also certified to the completeness and accuracy of $46,954 of net appreciation in fair value of investments and $921 of interest and dividend income related to the aforementioned Plan assets for the year ended December 31, 2021.

NOTE 4 – FAIR VALUE MEASUREMENTS

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value valuation hierarchy under the standard are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in active markets;
- Inputs, other than quoted prices, that are observable for the asset or liability;
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

Mutual funds:	Valued at the daily closing price, as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
Pooled separate accounts:	These investments are valued, as a practical expedient, using the net asset value (NAV) of units held by the Plan at year end, as provided by Principal. The NAV of the pooled separate accounts is based on the market value of their underlying investments; the NAV of the pooled separate accounts is not publicly quoted in an active market.
Common collective trusts:	The common collective investment trusts (Principal LifeTime Hybrid CITs) represent the Plan's investments that are held in common collective trust funds, which invest primarily in a variety of separate accounts and mutual funds. The fair values of all of these investments are used in determining the NAV, as provided by Principal, of the collective investment trusts, which are not publicly quoted in an active market. The NAV is used as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value, or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

	Investments at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 12,864	$ -	$ -	$ 12,864
Total assets in fair value hierarchy	$ 12,864	$ -	$ -	12,864
Investments at NAV (practical expedient)				504,602
				$ 517,466

	Investments at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 6,485	$ -	$ -	$ 6,485
Total assets in fair value hierarchy	$ 6,485	$ -	$ -	6,485
Investments at NAV (practical expedient)				235,875
				$ 242,360

The following table summarizes information related to investments for which fair value is estimated using NAV per share as a practical expedient as of December 31, 2021 and 2020:

Investment	Fair Value December 31, 2021	Fair Value December 31, 2020	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common collective trusts	$ 500,310	$ 235,269	None	Daily	None
Pooled separate accounts	4,292	606	None	Daily	None
	$ 504,602	$ 235,875			

NOTE 5 – INVESTMENT CONTRACT WITH PRINCIPAL

As of December 31, 2021 and 2020, the Plan maintained one guaranteed investment contract-related investment option, the Principal Fixed Income Guaranteed Option. The contract underlying this investment option is considered to be fully benefit responsive in accordance with U.S. GAAP. Contract value is the relevant measurement attribute for that portion of the Plan's net assets available for benefits. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all, or a portion of, their investments at contract value. There are no valuation reserves related to credit risk recorded to adjust the contract value. Currently, the crediting interest rate is reset on a semiannual basis and will never be less than the guaranteed minimum interest rate. Crediting interest rate was 1.55% and 1.60% as of December 31, 2021 and 2020, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) the Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code, (2) premature termination of the contract, (3) Plan termination or merger, (4) changes to the Plan's prohibition on competing investment options or (5) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

NOTE 6 – RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are currently shares of pooled separate accounts or common collective trusts managed by the Principal Financial Group, a related company of Principal. The Plan also has an investment in a guaranteed investment contract, which is part of, and supported by, the general assets of Principal. Principal is currently the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred and paid directly by the Plan for administrative and management services were $350 for the year ended December 31, 2021.

NOTE 7 – INCOME TAX STATUS

The Plan had adopted a certain Principal 401(k) Prototype Plan, which received its latest opinion letter dated March 31, 2014 from the Internal Revenue Service ("IRS"), indicating that the form of the Prototype Plan is acceptable under applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan continues to qualify and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 7 – INCOME TAX STATUS (Continued)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan's management has not identified any uncertain tax positions that would require recognition of a liability or asset or disclosure as of December 31, 2021 and 2020. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 6, 2022, the date on which the financial statements were available to be issued.
