Independent Auditor's Report

To the Sponsor
Finley Resources Inc. 401(k) Plan
Fort Worth, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Finley Resources Inc. 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note 2.
- The information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule were prepared on a modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting as described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time, which is generally one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 30, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

FINLEY RESOURCES INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

1. Description of the Plan

The following description of the Finley Resources Inc. 401(k) Plan (“the Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of Finley Resources Inc. (“the Company”) who have completed two consecutive months of employment from the first date of employment and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is overseen by the Plan Committee of Finley Resources Inc. 401(k) and is administered by a Plan Administrator.

As discussed in the Plan amendments at Note 11, the Plan adopted certain changes pursuant to the Setting Every Community Up for Retirement Enhancement (“SECURE”) Act signed into law on December 20, 2019, the Coronavirus Aid, Relief and Economic Security (“CARES”) Act signed into law on March 27, 2020, and Internal Revenue Service (“IRS”) regulations during 2020.

Eligibility

All non-excluded employees of the Company are eligible to participate in the Plan on the first day of the month coinciding with or the next following date a non-excluded employee meets the eligibility requirements.

Contributions

Participants may contribute up to 70% of compensation as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Plan includes a no-escalation, automatic salary deferral feature. The Company will automatically withhold 2% of a participant’s compensation from each payroll period and contribute that amount to the Plan as a Pre-Tax 401(k) deferral. The Automatic Deferral provisions apply to all Participants without a salary deferral agreement in effect as of the Automatic Deferral provisions effective date.

The Company may make a discretionary matching contribution equal to a uniform percentage of a participant’s salary deferrals. Each year, the Company will determine the amount of the discretionary percentage. The Company has the option to apply the matching contribution by not matching salary deferrals made each payroll period that exceed a certain dollar amount or a certain percentage of a participant’s compensation for such period. The Company made discretionary match contributions equal to 6% of eligible compensation during 2021 and 2020.

Generally, the Company may make a discretionary profit-sharing contribution to participants still employed at the end of the Plan year unless employment termination was due to death, disability, or attainment of normal retirement age. Profit sharing contributions are allocated annually on a pro rata basis based on a formula described in the Plan document. The Company did not make any profit-sharing contributions during 2021 and 2020.

On August 16, 2021, the Plan adopted Amendment Number 1 to provide for safe harbor contribution provisions in addition to the other contribution types already permitted under the Plan, effective January 1, 2022. Under the safe harbor contribution provisions, the employer will make a matching contribution in an amount equal to the sum of 100% of a participant’s elective deferral that does not exceed 6% of the participant’s eligible compensation. The employer will determine the safe harbor contribution match separately for each payroll period and the match will be recalculated based on the ratio of Elective Deferrals to Compensation for the Plan Year with “true-ups” made accordingly at year end. The Plan will disregard a participant’s elective deferrals made prior to the date the match contribution is effective. Participants are immediately fully vested in their share of these safe harbor contributions.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and an allocation of: (a) the Company’s contributions and (b) Plan earnings (losses) and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant’s investment elections and earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

FINLEY RESOURCES INC. 401(k) PLAN

Investment Options

Participants direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a common/collective trust as investment options for participants. Participants can make or change investment elections at any time.

Vesting

Participants are immediately fully vested in their contributions plus actual earnings (losses) thereon. Participants are also immediately fully vested in their share of Company safe harbor contributions. Vesting in the Company's match contributions and Company's profit-sharing contributions plus related earnings (losses) thereon is determined by the years of service based on the following vesting schedule:

<u>Years of Service</u>	<u>Vesting</u>
Less than 2	0%
2	30%
3	100%

Notes Receivable from Participants

Participants may borrow from their accounts an amount not to exceed the lesser of: (a) one-half of the participant's vested account balance or (b) \$50,000 reduced by the participant's greatest outstanding loan balance during the 12 months preceding the date of the loan. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.50%, which is commensurate with local prevailing rates as determined by the Plan administrator at the time of loan origination. The loan must be entirely repaid within five years of the date the loan proceeds are received, unless the loan is to be used to acquire the principal residence of the participant, in which case the loan must be entirely repaid within a period not to exceed 30 years of the date the loan proceeds are received. Principal and interest are repaid ratably through payroll deductions.

As discussed in the Plan amendments at Note 11, during 2020, the Plan adopted certain financial relief measures related to participant loans pursuant to the CARES Act.

Payments of Benefits

Benefits under the Plan will generally be paid in cash only, except for insurance contracts or annuity contracts. Distributions to participants with vested account balances less than \$5,000 are made in a single lump-sum payment equal to the value of the participant's vested interest in his or her account. In determining whether the vested account balance exceeds the \$5,000 threshold, "rollover" contributions (and any earnings allocable to "rollover" contributions) will not be considered. Participants with vested account balances in excess of \$5,000 may elect to receive distributions in the form of a single lump-sum payment, partial withdrawals, or installments over a period of not more than the assumed life expectancy of the beneficiary and/or participant.

As discussed in the Plan amendments at Note 11, during 2020, the Plan adopted changes related to: the age for required minimum distributions pursuant to the SECURE Act, certain financial relief measures related to distributions pursuant to the CARES Act, and hardship distributions to comply with the SECURE Act and IRS regulations.

Forfeitures

Forfeitures represent the portion of nonvested benefit payments remaining in the Plan for all terminated employees. Forfeitures may first be used to pay administrative expenses then to reduce employer matching contributions. Forfeitures in the amount of \$43,144 and \$20,405 were used to reduce employer matching contributions during 2021 and 2020, respectively.

FINLEY RESOURCES INC. 401(k) PLAN

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the modified cash basis of accounting, which is a basis of accounting other than GAAP.

Use of Estimates

The preparation of financial statements in conformity with a basis of accounting other than accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments of the Plan are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for disclosure of fair value measurements.

The net appreciation (depreciation) in the fair value of investments consists of the realized gains and losses from sales of investments and unrealized appreciation (depreciation) of investments. The net change in unrealized appreciation (depreciation) in the fair value of investments is determined by the change in fair value from the beginning of the year to the end of the year or change in fair value from date of the purchase to the end of the year.

Purchases and sales are recorded on a trade date basis. Interest income and dividends are recorded when received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

The fair value disclosures for financial instruments are not required for participant loans. Also, participant loans continue to be considered as investments for Form 5500 reporting purposes.

Payment of Benefits

Benefit payments and excess contribution refunds are recorded when paid.

Excess Contributions

Refunds of excess contribution are recorded when paid. See Note 10 for disclosure of excess contributions.

Administrative Expenses

Officers or employees of the Company perform certain administrative functions of the Plan. However, such officers and employees receive no compensation from the Plan. Administrative expenses of the Plan paid by the Company are excluded from these financial statements.

Date of Management's Review and Subsequent Events

The Plan has evaluated subsequent events and transactions for potential recognition or disclosure through September 27, 2022, which is the date the financial statements were available to be issued. As discussed in the disclosure of Tax Status at Note 7, on July 15, 2022, the Plan was amended and restated to bring the Plan into compliance with legislative and regulatory changes set forth by the Internal Revenue Service relating to opinion letters for pre-approved defined contribution plans.

As a result of the spread of the COVID-19 pandemic, economic uncertainties continue to present risks and uncertainty with respect to the Plan's operation, the Plan's investment performance, and the Plan's financial results. Therefore, it is at least reasonably possible for changes in the fair value of investments, that could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits, to occur in the near term. As of the date of this report, Plan Administration is unable to estimate the total impact that COVID-19 may have on the Plan.

FINLEY RESOURCES INC. 401(k) PLAN

3. Information Prepared and Certified by Agent of Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Reliance Trust Company, as agent for ADP, LLC, the trustee of the Plan.

	<u>2021</u>	<u>2020</u>
Investments, at fair value:		
Common/collective trust	\$ 1,082,157	\$ 1,581,145
Mutual funds	<u>12,959,944</u>	<u>11,533,549</u>
Total investments, at fair value	14,042,101	13,114,694
Notes receivable from participants	<u>86,344</u>	<u>74,009</u>
Total assets	<u>\$ 14,128,445</u>	<u>\$ 13,188,703</u>
Interest and dividend income on investments	<u>\$ 1,374,073</u>	
Interest income on notes receivable from participants	<u>\$ 3,527</u>	

4. Investment Contract with Reliance Trust Company

The Plan entered into a fully benefit-responsive guaranteed investment contract with Reliance Trust Company, the Plan custodian and agent for the trustee (ADP, LLC.). The Federated Capital Preservation Fund (the "Fund") sponsored by Reliance Trust Company is a stable value fund in a collective investment trust fund that is managed by Federated Investors Trust Company. The Fund is comprised of a money market mutual fund, guaranteed investment contracts (traditional GICs), separate account guaranteed investment contracts (separate account GICs), and synthetic guaranteed investment contracts (synthetic GICs) which are intended to maintain a constant net asset value of \$10 per unit. Each of the separate account GICs and synthetic GICs have a wrap contract that provides a minimum guaranteed rate of return for the term of the contracts. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the Fund, plus credited earnings, less participant withdrawals.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. However, the guaranteed investment contract is presented on the face of the statement of net assets available for benefits at net asset value ("NAV") based on the fair value of the underlying investments of the trust as a practical expedient to estimate fair value in arriving at net assets available for benefits. Fair value, as reported to the Plan by Reliance Trust Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses adjusted to fair value using a factor determined by Reliance Trust Company. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The fair value of the investment contract at December 31, 2021 and 2020 was \$1,082,157 and \$1,581,145, respectively. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than zero percent. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Federated Investors Trust Company. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

FINLEY RESOURCES INC. 401(k) PLAN

5. Fair Value Measurements

ASC Topic 820, Fair Value Measurements and Disclosures establishes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The three broad levels of the fair value hierarchy are as follows:

- Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority.
- Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1).
- Level 3 inputs consist of unobservable inputs and have the lowest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs are not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs are not available. There are no Plan assets requiring the use of Level 3 inputs for the periods presented.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Level 2 Fair Value Measurements

The Plan's interest in the common/collective trust is based on the net asset value ("NAV") of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust to ensure that securities liquidations will be conducted in an orderly business manner.

The following table set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

	Fair Value Measurements Using:		
	<u>Quoted Prices in Active</u>	<u>Other</u>	<u>Fair Value</u>
	<u>Markets for Identical Assets</u>	<u>Observable Inputs</u>	
	<u>(Level 1)</u>	<u>(Level 2)</u>	
December 31, 2021:			
Common/collective trust	\$ -	\$ 1,082,157	\$ 1,082,157
Mutual funds	<u>12,959,944</u>	<u>-</u>	<u>12,959,944</u>
Total investments at fair value	<u>\$ 12,959,944</u>	<u>\$ 1,082,157</u>	<u>\$ 14,042,101</u>
December 31, 2020:			
Common/collective trust	\$ -	\$ 1,581,145	\$ 1,581,145
Mutual funds	<u>11,533,549</u>	<u>-</u>	<u>11,533,549</u>
Total investments at fair value	<u>\$ 11,533,549</u>	<u>\$ 1,581,145</u>	<u>\$ 13,114,694</u>

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2021 are reported in net appreciation (depreciation) in fair value of investments.

FINLEY RESOURCES INC. 401(k) PLAN

6. Related Party and Party-In-Interest Transactions

Certain plan investments are units of common/collective trust funds sponsored and managed by Reliance Trust Company. Reliance Trust Company is the Plan custodian and agent of the Plan trustee (“ADP, LLC”) as defined by the Plan; therefore, the transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services are included in investment income, as they are paid through investments revenue sharing arrangements rather than direct payment arrangements.

Plan transactions and records are administered by ADP, LLC, the Plan trustee. ADP, LLC is also the Plan’s third-party contract administrator. Therefore, ADP, LLC is a party-in-interest under ERISA and transactions with ADP, LLC qualify as party-in-interest transactions. During 2021, the Plan paid \$3,185 in record keeping fees to ADP, LLC. These fees are presented as administrative fees on the accompanying statements of changes in net assets available for benefits.

ADP Broker-Dealer, Inc. is the Plan’s third-party provider of brokerage services. Therefore, ADP Broker-Dealer, Inc. is a party-in-interest under ERISA and transactions with ADP Broker-Dealer, Inc. qualify as party-in-interest transactions. ADP Broker-Dealer, Inc. receives indirect compensation from the investment product companies affiliated with the Plan Trustee. Indirect compensation paid to ADP Broker-Dealer, Inc. for brokerage services is included in net appreciation (depreciation) in fair value of investments within the investment income caption on the accompanying statement of changes in net assets available for benefits, as they are paid through investment revenue sharing arrangements rather than direct payment arrangements.

Focus 401(k) Group is the Plan’s third-party investments adviser as defined by the Plan. Therefore, Focus 401(k) Group is a party-in-interest under ERISA and transactions with Focus 401(k) Group qualify as party-in-interest transactions. Fees incurred by the Plan for investment advisory and management services are paid fully by the Company and are, therefore, neither disclosed nor included or accrued on the accompanying statements of net assets available for benefits and statement of changes in net assets available for benefits.

Payne & Smith, LLC is the Plan’s independent public accountant (“IQPA”) as defined by the Plan. Therefore, the IQPA is a party-in-interest under ERISA and transactions with the IQPA qualify as party-in-interest transactions. Fees incurred by the Plan for audit and nonattest services provided by the IQPA are paid fully by the Company and are, therefore, neither disclosed nor included or accrued on the accompanying statements of net assets available for benefits and statement of changes in net assets available for benefits.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

7. Tax Status

The Plan has adopted a non-standardized form of a prototype Plan Sponsored by ADP, LLC. The prototype plan received an opinion letter, dated July 16, 2014, from the Internal Revenue Service (“IRS”) as to the prototype plan’s qualified status. The prototype plan opinion letter has been relied upon by the Plan.

IRS’s Revenue Procedure 2016-37 (IRS Notice 2017-37) provides that every pre-approved defined contribution plan has a regular, six-year remedial amendment cycle for consideration by the IRS for the purposes of issuing opinion letters for periods that began on February 1, 2017, and end on January 31, 2023. Consequently, on July 15, 2022, the Plan was amended and restated to bring the Plan into compliance with the legislative and regulatory changes set forth in IRS Notice 2017-37.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax period in progress.

8. Plan Termination

While there is no intention to do so, the Company reserves the right to terminate the Plan. In the event of termination of the Plan, the participants become fully vested in their employer contribution balances, and the net assets of the Plan will be distributed to the participants of the Plan in accordance with the provisions of ERISA.

FINLEY RESOURCES INC. 401(k) PLAN

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The following table presents concentrations of investments that represented 5% or more of the Plan's net assets at December 31, 2021 and 2020:

	<u>2021</u>	<u>2020</u>
Mutual funds:		
Vanguard Target Retirement 2050 Fund - Inv	\$ 3,583,797	\$ 2,481,876
Vanguard Target Retirement 2040 Fund - Inv	2,128,155	1,857,985

10. Excess Contributions

Excess contributions of a plan are contributions in excess of amounts allowed by the IRS. The plan has two and a half months after the end of the Plan year being tested to correct excess contributions. A plan can distribute excess contributions any time during the 12-month period. If the employer does not distribute or re-characterize excess contributions within two and a half months (six months for certain eligible automatic enrollment arrangements) after the Plan year of excess, the employer is liable for a 10 percent excise tax on excess contributions. During 2021, the Plan refunded excess contributions made during 2020 in the amount of \$45,703 to affected participants on March 8, 2021. These excess contribution refunds have been reported as corrective distributions in the statement of changes in net assets available for benefits. The related interest due is insignificant to the Plan's financial statements and was paid by the Plan Sponsor.

11. Plan Amendments

Effective January 1, 2020, certain provisions of the Plan were amended to adopt changes pursuant to the Setting Every Community Up for Retirement Enhancement Act (SECURE Act) enacted on December 20, 2019. Accordingly, the Plan has increased the age for required minimum distributions (RMDs) from age 70½ to 72 for all participants who had not turned 72 years as of the effective date of the adoption. The Plan was also amended to comply with the SECURE Act and IRS regulations regarding hardship distributions.

In April 2020, the Plan adopted the following rule changes to the Plan pursuant to the Coronavirus Aid, Relief and Economic Security Act of 2020 (CARES Act) enacted into law on March 27, 2020:

- (a) For distributions made between January 1, 2020 and December 31, 2020, the Plan will allow affected retirement plan participants to take distributions up to \$100,000 from their vested account balances. These withdrawals will not be subject to the mandatory 20% withholding and will not incur the 10% early distribution tax normally applied to payments made prior to age 59½. The income taxes due on the distribution amounts are optionally includable over a three-year period and may be repaid to the Plan, an eligible retirement plan or IRA within three years of taking the distribution.
- (b) As mandated by the CARES Act, the Plan will temporarily waive RMD rules in 2020 and extend the RMD waiver eligibility to participants who turned age 70½ in 2019 and had not yet received their 2019 distributions.
- (c) Effective March 27, 2020, the Plan temporarily increased the maximum loan amount that impacted employees can borrow from their vested accounts in the Plan from 50% to 100% of their total vested balance, up to \$100,000 (from \$50,000). Impacted employees may also have their loan repayments suspended for up to 12 months for repayment due dates between March 27, 2020 through December 31, 2020.

The CARES Act permitted retirement plans to adopt these rules immediately provided the Plan is amended on or before the last day of the first Plan year beginning on or after January 1, 2022, or later if prescribed by the U.S. Secretary of the Treasury. As of the date of this audit report, the Plan document has been formally amended to incorporate the above provisions.
