Independent Auditors' Report

The Board of Trustees
The Queen's Health Systems:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of The Queen's Health Systems Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits – modified cash basis as of December 31, 2021, and the related statement of changes in net assets available for benefits – modified cash basis for the year then ended, and the related notes to financial statements – modified cash basis (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the 2021 Financial Statements* section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule H, Line 4i – Schedule of Assets (Held at End of Year) – modified cash basis as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed

to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 27, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

THE QUEEN'S HEALTH SYSTEMS RETIREMENT SAVINGS PLAN

Notes to Financial Statements – Modified Cash Basis

December 31, 2021 and 2020

(1) Description of the Plan

The following description of The Queen's Health Systems Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers substantially all employees of The Queen's Health Systems and its affiliates, CareResource Hawaii, and Primary Care Physician Enterprise LLC (the Company), excluding the employees of Queen's Island Urgent Care.

Employees are eligible for participation in the Plan immediately upon hire. Employees are generally eligible for employer matching contributions or any other employer contributions after working at least 1,000 hours in a consecutive 12 month period. Employees of CareResource Hawaii and Primary Care Physician Enterprise LLC are not eligible for non-elective contributions.

The Queen's Health System's Retirement Plan Committee oversees the management and administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Fidelity Management Trust Company (Fidelity) serves as trustee and a custodian to the Plan and New York Life Insurance Company (New York Life) serves as a custodian to the Plan.

COVID-19 Pandemic

In December 2019, a strain of coronavirus (COVID-19) was identified in Wuhan, China, and has spread around the world as a global pandemic. Measures to respond to the COVID-19 pandemic have had an adverse effect on the operations and financial position of health care provider systems, including the Company, due to increased costs, reduction in overall patient volume, and shifts in payor mix. With the suspension of elective procedures and surgeries, and non-urgent outpatient visits in late March 2020, as well as additional costs incurred for supplies and labor in responding to the COVID-19 pandemic, the Company's financial and operational results were negatively impacted starting in March 2020. In that same month, the Company established a COVID Committee to coordinate clinical, operational, and financial activities to respond to the COVID-19 pandemic. The Company's leadership has also been in active collaboration and communication with the Hawaii Emergency Management Agency as well as other government and community leaders.

Certain relief provisions were passed by Congress to provide immediate and temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions, and participant loans. The provisions of the Coronavirus Aid, Relief, and Economic Security (CARES) Act could be effective and operationalized immediately, prior to amending the plan document. Management adopted certain relief provisions included in the CARES Act as discussed

THE QUEEN'S HEALTH SYSTEMS RETIREMENT SAVINGS PLAN

Notes to Financial Statements – Modified Cash Basis

December 31, 2021 and 2020

further below. These adopted provisions were temporary and expired on December 31, 2020.

During calendar year 2021, COVID-19 continued to have an adverse effect on the operations and financial position of health care provider systems, including the Company, due to increased costs and reduction in overall patient volume.

Management believes the extent of the COVID-19 pandemic's adverse impact on operating results and its financial condition as well as the impact on the Plan has been and will continue to be driven by many factors, most of which are beyond the Company's control and ability to forecast.

Contributions

Participants may voluntarily contribute up to 100% of their eligible pre-tax or after-tax compensation for any plan year, limited to amounts prescribed under Internal Revenue Code (IRC) Section 402(g)(5) for any plan year. Participants who are over age 50 or reach age 50 during the plan year, may make additional catch-up contributions. Unless opted out or a participant did not elect to contribute as of January 1, 2017, the Plan was amended effective January 1, 2017 adding an automatic deferral increase feature of 1% of each participant's compensation paid after January 1, 2017 to the extent the participant's elective contribution rate does not exceed 6% of the participant's compensation. The Plan was amended effective January 1, 2020 to include an automatic enrollment and contribution election for applicable employees in the amount of 4% of compensation unless elected otherwise. Additionally, effective January 1, 2020, the Plan was amended to increase the automatic deferral increase feature from a maximum contribution rate of 6% to 10% of the participant's compensation.

The Plan provides that the Company will match employees of CareResource Hawaii and Primary Care Physician Enterprise LLC, and certain bargaining participant's contributions at a rate of 50% of the first 6% for participants, up to a maximum of 3% of the participant's annual eligible compensation. Prior to January 1, 2020, the Company's match for nonbargaining and certain bargaining participant's contribution is 100% of the first 3%, plus 50% of the next 3% of the amount contributed for nonbargaining and certain bargaining participants, up to a maximum of 4.5% of the participant's annual eligible compensation. The Company's matching provisions and eligibility requirements are more specifically defined in the plan agreement.

Effective January 1, 2020, the Plan was amended to update the Company's matching contributions for nonbargaining and certain bargaining participants. The Company's match for nonbargaining and certain bargaining participants' contribution is 100% of the first 4%, plus 50% of the next 2% of the amount contributed up to a maximum of 5% of the participant's annual eligible compensation, as stated in the amendment to the Plan.

Effective January 1, 2020, the Company provided a non-elective contribution of 3% of the participant's eligible compensation for non-bargaining and certain bargaining participants. Additional non-elective contributions are made as stated in the plan agreement.

THE QUEEN'S HEALTH SYSTEMS RETIREMENT SAVINGS PLAN

Notes to Financial Statements – Modified Cash Basis

December 31, 2021 and 2020

Investments

The Plan includes various investment options. Participants may select one or a combination of the investments in increments of any whole percentage.

Participant Accounts

Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contributions, the Company's matching contributions, and an allocation of plan earnings and losses and employer discretionary non-elective contributions, if any. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of: (1) \$50,000 less the highest outstanding balance of any loans for the one-year period preceding loan issuance, or (2) 50% of the vested portion of their account balance, as defined in the loan policy. No more than two loans may be outstanding at any time prior to July 1, 2016. As of July 1, 2016, the Plan was amended to allow each participant one outstanding loan at a time. Loan terms are generally five years or less, but may be up to twenty years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear an interest rate of prime plus 1%, as defined. As of December 31, 2021, loans to participants bear interest at various rates ranging from 4.25% to 7.88% and mature in years beginning in 2022 to 2041. Principal and interest are paid ratably through payroll deductions for active employees.

Under the CARES Act, management adopted provisions which increased loan limits to the lesser of \$100,000 or 100% of the participant's vested account balance and allowed loan repayments for both new and existing loans to be deferred for up to one year. However, the loan continued to accrue interest on the outstanding balance during the deferment period.

Vesting

Funds accumulated in a participant's account are immediately fully vested and nonforfeitable. Effective January 1, 2020, participants are fully vested in non-elective employer contributions after three years of service in which 1,000 hours of credited service is earned, the participants attainment of age 65 while still employed by the Company or the complete discontinuance of employer contributions to the Plan.

THE QUEEN'S HEALTH SYSTEMS RETIREMENT SAVINGS PLAN

Notes to Financial Statements – Modified Cash Basis

December 31, 2021 and 2020

Payment of Benefits

The vested amount in each participant's account is payable upon normal retirement, disability, death, or termination of the Plan by the Company. Distribution options are available to the participant as determined by the plan agreement. Participants may withdraw all or a portion of their pre-tax deferrals upon demonstration of financial hardship and compliance with other restrictions in the Plan.

Under the CARES Act, management adopted provisions that provided for expanded distribution options and favorable tax treatment for up to \$100,000 of coronavirus-related distributions. A participant was permitted to make a coronavirus-related distribution, even if it would occur before an otherwise permitted distributable event (e.g. severance from employment, disability, or attainment of age 59½). Under the adopted provision, the 10% additional federal tax on early distributions did not apply to any coronavirus-related distribution.

Administrative Expenses

Administrative expenses of the Plan are paid by either the Plan or the Plan's sponsor, as defined by ERISA as eligible plan expenses. Expenses that are paid by the Company are excluded from these financial statements. Fees related to loan set up fees, participant fees, and overnight fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Forfeitures

Effective January 1, 2020, termination of employment for reasons other than normal retirement, death, or permanent disability results in a forfeiture of the non-vested portion of the participant account balance. Forfeited amounts not used to restore rehired employee accounts shall reduce administrative expenses and then employer matching and non-elective contributions for the plan year in which the forfeiture occurred. For the year ended December 31, 2021 and 2020, forfeitures of \$0 and \$4,214, respectively, were used to pay administrative expenses. At December 31, 2021 and 2020, forfeited amounts remaining was \$126,686 and \$43,375, respectively.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, all participants will become 100% vested in their non-elective employer contributions.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on a modified cash basis of accounting. Under this method, additions to net assets available for benefits, except for certain investment transactions and interest income on notes receivable from participants, are recognized when received rather than when earned, and deductions to net assets available for benefits are recognized when paid rather than when the obligation is incurred. Accordingly, the financial statements are intended to present net assets available for benefits and changes in net assets available for benefits in conformity with a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in a variety of investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, trustee, and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income, other than interest income on notes receivable from participants, and dividends are recorded as received.

Realized and unrealized appreciation in the fair value of investments is based on the difference between the fair value of assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day investments are sold with respect to realized appreciation, or on the last day of the year for unrealized appreciation.

THE QUEEN'S HEALTH SYSTEMS RETIREMENT SAVINGS PLAN

Notes to Financial Statements – Modified Cash Basis

December 31, 2021 and 2020

Management fees and operating expenses charged to the Plan for investments in mutual funds are included in investment income and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded when a distributable event occurs.

Payment of Benefits

Benefit payments to participants are recorded when paid. There were no amounts allocated to accounts of participants who elected to withdraw from the Plan, but were not paid at December 31, 2021 and 2020.

(3) Investments

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee and custodian have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- All information presented in the statements of net assets available for benefits – modified cash basis at December 31, 2021 and 2020.
- Investment income, including net appreciation in fair value of investments, dividends and interest income, and interest income on notes receivable from participants for the years ended December 31, 2021 and 2020 presented in the statements of changes in net assets available for benefits – modified cash basis.
- All information presented in the supplemental schedule of assets (held at end of year) – modified cash basis.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

(4) Fair Value Measurements

Accounting Standards Codification (ASC) 820 clarifies that fair value is an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. As such, fair value is a market-based measurement that should be determined based on assumptions that market participants would use in pricing an asset or liability. As a basis for considering such assumptions, ASC 820 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

THE QUEEN'S HEALTH SYSTEMS RETIREMENT SAVINGS PLAN

Notes to Financial Statements – Modified Cash Basis

December 31, 2021 and 2020

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020:

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. These securities held by the Plan are deemed to be actively traded.

Self-directed brokerage account – The self-directed brokerage account consists primarily of mutual funds, registered investment companies, common stocks, and interest-bearing cash. The fair value of self-directed brokerage account funds were estimated using quoted prices in active markets on which the securities are traded or quoted market prices for similar assets for those in inactive markets.

Money market fund – The fair value of the money market fund was estimated using a cost approach using market-based inputs such as comparable but not identical funds.

The preceding measurements described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

Investments at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total

(5) Fully Benefit-Responsive Investment Contract

The Plan has a fully benefit-responsive guaranteed investment contract (GIC) with New York Life's Guaranteed Interest Account totaling \$106,417,758 and \$109,525,008 as of December 31, 2021 and 2020, respectively. The GIC meets the fully benefit-responsive investment contract criteria and therefore is included in the financial statements at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may direct the withdrawal or transfer of all or a portion of their investments at contract value. New York Life maintains contributions in a general account. Therefore, contract value is contingent on the creditworthiness of New York Life, and has not been discounted for credit risk as of December 31, 2021 and 2020.

New York Life is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with New York Life, but may not be less than 1%. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rate of the contract will track current market yield on a trailing basis.

The New York Life Guaranteed Interest Account permits New York Life or the Plan to terminate the contract with 30 days written notice. Should New York Life elect to terminate the contract, the balance remaining in the GIC would be paid in full.

The plan administrator continually monitors for the occurrence of certain events that would limit the ability of the Plan to transact at contract value with the issuer. Such events would include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) bankruptcy of the Company or other company events (such as, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (3) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such events, which would limit the Plan's ability to transact at contract value with participants, is probable.

(6) Exempt Party-in-Interest Transactions

During the years ended December 31, 2021 and 2020, the Plan's investments included certain mutual funds managed by Fidelity and a GIC with New York Life. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. The returns earned by each of these mutual funds and the GIC were reduced by fees paid by the Plan for investment management services related to exempt party-in-interest transactions.

(7) Tax Status

The Plan obtained its latest determination letter on September 8, 2013, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(8) Reconciliation of Financial Statements to Form 5500

In 2021 and 2020, certain notes receivable from participants became delinquent. The points in time in which delinquent notes receivable from participants are deemed to be distributions are different under the provisions of the plan document and the IRC. As a result, net assets available for benefits and the increase in net assets, as reported in the financial statements, differ from the Form 5500 due to these deemed distributions:

	<u>2021</u>	<u>2020</u>
Net assets available for benefits per the financial statements	\$ 1,535,242,927	\$ 1,301,819,986

Net assets available for benefits per the Form 5500	<u>\$ 1,534,848,083</u>	<u>\$ 1,301,529,816</u>
Increase in net assets per the financial statements	\$ 233,422,941	\$ 254,048,564

Increase in net assets per the Form 5500	<u>\$ 233,318,267</u>	<u>\$ 254,381,073</u>

(9) Subsequent Events

The Plan has evaluated subsequent events through September 16, 2022 the date at which the accompanying financial statements were available to be issued, and determined that there are no other items to disclose.

Independent Auditors' Report

The Board of Trustees
The Queen's Health Systems:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of The Queen's Health Systems Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits – modified cash basis as of December 31, 2021, and the related statement of changes in net assets available for benefits – modified cash basis for the year then ended, and the related notes to financial statements – modified cash basis (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the 2021 Financial Statements* section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule H, Line 4i – Schedule of Assets (Held at End of Year) – modified cash basis as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed

to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 27, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

THE QUEEN'S HEALTH SYSTEMS RETIREMENT SAVINGS PLAN

Notes to Financial Statements – Modified Cash Basis

December 31, 2021 and 2020

(1) Description of the Plan

The following description of The Queen's Health Systems Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers substantially all employees of The Queen's Health Systems and its affiliates, CareResource Hawaii, and Primary Care Physician Enterprise LLC (the Company), excluding the employees of Queen's Island Urgent Care.

Employees are eligible for participation in the Plan immediately upon hire. Employees are generally eligible for employer matching contributions or any other employer contributions after working at least 1,000 hours in a consecutive 12 month period. Employees of CareResource Hawaii and Primary Care Physician Enterprise LLC are not eligible for non-elective contributions.

The Queen's Health System's Retirement Plan Committee oversees the management and administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Fidelity Management Trust Company (Fidelity) serves as trustee and a custodian to the Plan and New York Life Insurance Company (New York Life) serves as a custodian to the Plan.

COVID-19 Pandemic

In December 2019, a strain of coronavirus (COVID-19) was identified in Wuhan, China, and has spread around the world as a global pandemic. Measures to respond to the COVID-19 pandemic have had an adverse effect on the operations and financial position of health care provider systems, including the Company, due to increased costs, reduction in overall patient volume, and shifts in payor mix. With the suspension of elective procedures and surgeries, and non-urgent outpatient visits in late March 2020, as well as additional costs incurred for supplies and labor in responding to the COVID-19 pandemic, the Company's financial and operational results were negatively impacted starting in March 2020. In that same month, the Company established a COVID Committee to coordinate clinical, operational, and financial activities to respond to the COVID-19 pandemic. The Company's leadership has also been in active collaboration and communication with the Hawaii Emergency Management Agency as well as other government and community leaders.

Certain relief provisions were passed by Congress to provide immediate and temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions, and participant loans. The provisions of the Coronavirus Aid, Relief, and Economic Security (CARES) Act could be effective and operationalized immediately, prior to amending the plan document. Management adopted certain relief provisions included in the CARES Act as discussed

further below. These adopted provisions were temporary and expired on December 31, 2020.

During calendar year 2021, COVID-19 continued to have an adverse effect on the operations and financial position of health care provider systems, including the Company, due to increased costs and reduction in overall patient volume.

Management believes the extent of the COVID-19 pandemic's adverse impact on operating results and its financial condition as well as the impact on the Plan has been and will continue to be driven by many factors, most of which are beyond the Company's control and ability to forecast.

Contributions

Participants may voluntarily contribute up to 100% of their eligible pre-tax or after-tax compensation for any plan year, limited to amounts prescribed under Internal Revenue Code (IRC) Section 402(g)(5) for any plan year. Participants who are over age 50 or reach age 50 during the plan year, may make additional catch-up contributions. Unless opted out or a participant did not elect to contribute as of January 1, 2017, the Plan was amended effective January 1, 2017 adding an automatic deferral increase feature of 1% of each participant's compensation paid after January 1, 2017 to the extent the participant's elective contribution rate does not exceed 6% of the participant's compensation. The Plan was amended effective January 1, 2020 to include an automatic enrollment and contribution election for applicable employees in the amount of 4% of compensation unless elected otherwise. Additionally, effective January 1, 2020, the Plan was amended to increase the automatic deferral increase feature from a maximum contribution rate of 6% to 10% of the participant's compensation.

The Plan provides that the Company will match employees of CareResource Hawaii and Primary Care Physician Enterprise LLC, and certain bargaining participant's contributions at a rate of 50% of the first 6% for participants, up to a maximum of 3% of the participant's annual eligible compensation. Prior to January 1, 2020, the Company's match for nonbargaining and certain bargaining participant's contribution is 100% of the first 3%, plus 50% of the next 3% of the amount contributed for nonbargaining and certain bargaining participants, up to a maximum of 4.5% of the participant's annual eligible compensation. The Company's matching provisions and eligibility requirements are more specifically defined in the plan agreement.

Effective January 1, 2020, the Plan was amended to update the Company's matching contributions for nonbargaining and certain bargaining participants. The Company's match for nonbargaining and certain bargaining participants' contribution is 100% of the first 4%, plus 50% of the next 2% of the amount contributed up to a maximum of 5% of the participant's annual eligible compensation, as stated in the amendment to the Plan.

Effective January 1, 2020, the Company provided a non-elective contribution of 3% of the participant's eligible compensation for non-bargaining and certain bargaining participants. Additional non-elective contributions are made as stated in the plan agreement.

December 31, 2021 and 2020

Investments

The Plan includes various investment options. Participants may select one or a combination of the investments in increments of any whole percentage.

Participant Accounts

Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contributions, the Company's matching contributions, and an allocation of plan earnings and losses and employer discretionary non-elective contributions, if any. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of: (1) \$50,000 less the highest outstanding balance of any loans for the one-year period preceding loan issuance, or (2) 50% of the vested portion of their account balance, as defined in the loan policy. No more than two loans may be outstanding at any time prior to July 1, 2016. As of July 1, 2016, the Plan was amended to allow each participant one outstanding loan at a time. Loan terms are generally five years or less, but may be up to twenty years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear an interest rate of prime plus 1%, as defined. As of December 31, 2021, loans to participants bear interest at various rates ranging from 4.25% to 7.88% and mature in years beginning in 2022 to 2041. Principal and interest are paid ratably through payroll deductions for active employees.

Under the CARES Act, management adopted provisions which increased loan limits to the lesser of \$100,000 or 100% of the participant's vested account balance and allowed loan repayments for both new and existing loans to be deferred for up to one year. However, the loan continued to accrue interest on the outstanding balance during the deferment period.

Vesting

Funds accumulated in a participant's account are immediately fully vested and nonforfeitable. Effective January 1, 2020, participants are fully vested in non-elective employer contributions after three years of service in which 1,000 hours of credited service is earned, the participants attainment of age 65 while still employed by the Company or the complete discontinuance of employer contributions to the Plan.

THE QUEEN'S HEALTH SYSTEMS RETIREMENT SAVINGS PLAN

Notes to Financial Statements – Modified Cash Basis

December 31, 2021 and 2020

Payment of Benefits

The vested amount in each participant's account is payable upon normal retirement, disability, death, or termination of the Plan by the Company. Distribution options are available to the participant as determined by the plan agreement. Participants may withdraw all or a portion of their pre-tax deferrals upon demonstration of financial hardship and compliance with other restrictions in the Plan.

Under the CARES Act, management adopted provisions that provided for expanded distribution options and favorable tax treatment for up to \$100,000 of coronavirus-related distributions. A participant was permitted to make a coronavirus-related distribution, even if it would occur before an otherwise permitted distributable event (e.g. severance from employment, disability, or attainment of age 59½). Under the adopted provision, the 10% additional federal tax on early distributions did not apply to any coronavirus-related distribution.

Administrative Expenses

Administrative expenses of the Plan are paid by either the Plan or the Plan's sponsor, as defined by ERISA as eligible plan expenses. Expenses that are paid by the Company are excluded from these financial statements. Fees related to loan set up fees, participant fees, and overnight fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Forfeitures

Effective January 1, 2020, termination of employment for reasons other than normal retirement, death, or permanent disability results in a forfeiture of the non-vested portion of the participant account balance. Forfeited amounts not used to restore rehired employee accounts shall reduce administrative expenses and then employer matching and non-elective contributions for the plan year in which the forfeiture occurred. For the year ended December 31, 2021 and 2020, forfeitures of \$0 and \$4,214, respectively, were used to pay administrative expenses. At December 31, 2021 and 2020, forfeited amounts remaining was \$126,686 and \$43,375, respectively.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, all participants will become 100% vested in their non-elective employer contributions.

THE QUEEN'S HEALTH SYSTEMS RETIREMENT SAVINGS PLAN

Notes to Financial Statements – Modified Cash Basis

December 31, 2021 and 2020

(2) Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on a modified cash basis of accounting. Under this method, additions to net assets available for benefits, except for certain investment transactions and interest income on notes receivable from participants, are recognized when received rather than when earned, and deductions to net assets available for benefits are recognized when paid rather than when the obligation is incurred. Accordingly, the financial statements are intended to present net assets available for benefits and changes in net assets available for benefits in conformity with a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in a variety of investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, trustee, and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income, other than interest income on notes receivable from participants, and dividends are recorded as received.

Realized and unrealized appreciation in the fair value of investments is based on the difference between the fair value of assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day investments are sold with respect to realized appreciation, or on the last day of the year for unrealized appreciation.

THE QUEEN'S HEALTH SYSTEMS RETIREMENT SAVINGS PLAN

Notes to Financial Statements – Modified Cash Basis

December 31, 2021 and 2020

Management fees and operating expenses charged to the Plan for investments in mutual funds are included in investment income and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded when a distributable event occurs.

Payment of Benefits

Benefit payments to participants are recorded when paid. There were no amounts allocated to accounts of participants who elected to withdraw from the Plan, but were not paid at December 31, 2021 and 2020.

(3) Investments

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee and custodian have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- All information presented in the statements of net assets available for benefits – modified cash basis at December 31, 2021 and 2020.
- Investment income, including net appreciation in fair value of investments, dividends and interest income, and interest income on notes receivable from participants for the years ended December 31, 2021 and 2020 presented in the statements of changes in net assets available for benefits – modified cash basis.
- All information presented in the supplemental schedule of assets (held at end of year) – modified cash basis.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

(4) Fair Value Measurements

Accounting Standards Codification (ASC) 820 clarifies that fair value is an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. As such, fair value is a market-based measurement that should be determined based on assumptions that market participants would use in pricing an asset or liability. As a basis for considering such assumptions, ASC 820 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

THE QUEEN'S HEALTH SYSTEMS RETIREMENT SAVINGS PLAN

Notes to Financial Statements – Modified Cash Basis

December 31, 2021 and 2020

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020:

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. These securities held by the Plan are deemed to be actively traded.

Self-directed brokerage account – The self-directed brokerage account consists primarily of mutual funds, registered investment companies, common stocks, and interest-bearing cash. The fair value of self-directed brokerage account funds were estimated using quoted prices in active markets on which the securities are traded or quoted market prices for similar assets for those in inactive markets.

Money market fund – The fair value of the money market fund was estimated using a cost approach using market-based inputs such as comparable but not identical funds.

The preceding measurements described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

Investments at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total

(5) Fully Benefit-Responsive Investment Contract

The Plan has a fully benefit-responsive guaranteed investment contract (GIC) with New York Life's Guaranteed Interest Account totaling \$106,417,758 and \$109,525,008 as of December 31, 2021 and 2020, respectively. The GIC meets the fully benefit-responsive investment contract criteria and therefore is included in the financial statements at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may direct the withdrawal or transfer of all or a portion of their investments at contract value. New York Life maintains contributions in a general account. Therefore, contract value is contingent on the creditworthiness of New York Life, and has not been discounted for credit risk as of December 31, 2021 and 2020.

New York Life is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with New York Life, but may not be less than 1%. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rate of the contract will track current market yield on a trailing basis.

The New York Life Guaranteed Interest Account permits New York Life or the Plan to terminate the contract with 30 days written notice. Should New York Life elect to terminate the contract, the balance remaining in the GIC would be paid in full.

The plan administrator continually monitors for the occurrence of certain events that would limit the ability of the Plan to transact at contract value with the issuer. Such events would include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) bankruptcy of the Company or other company events (such as, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (3) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such events, which would limit the Plan's ability to transact at contract value with participants, is probable.

THE QUEEN'S HEALTH SYSTEMS RETIREMENT SAVINGS PLAN

Notes to Financial Statements – Modified Cash Basis

December 31, 2021 and 2020

(6) Exempt Party-in-Interest Transactions

During the years ended December 31, 2021 and 2020, the Plan's investments included certain mutual funds managed by Fidelity and a GIC with New York Life. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. The returns earned by each of these mutual funds and the GIC were reduced by fees paid by the Plan for investment management services related to exempt party-in-interest transactions.

(7) Tax Status

The Plan obtained its latest determination letter on September 8, 2013, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(8) Reconciliation of Financial Statements to Form 5500

In 2021 and 2020, certain notes receivable from participants became delinquent. The points in time in which delinquent notes receivable from participants are deemed to be distributions are different under the provisions of the plan document and the IRC. As a result, net assets available for benefits and the increase in net assets, as reported in the financial statements, differ from the Form 5500 due to these deemed distributions:

	<u>2021</u>	<u>2020</u>
Net assets available for benefits per the financial statements	\$ 1,535,242,927	\$ 1,301,819,986
Deemed distributions	<u>(394,844)</u>	<u>(290,170)</u>
Net assets available for benefits per the Form 5500	<u>\$ 1,534,848,083</u>	<u>\$ 1,301,529,816</u>
Increase in net assets per the financial statements	\$ 233,422,941	\$ 254,048,564
Change in deemed distributions	<u>(104,674)</u>	<u>332,509</u>
Increase in net assets per the Form 5500	<u>\$ 233,318,267</u>	<u>\$ 254,381,073</u>

(9) Subsequent Events

The Plan has evaluated subsequent events through September 16, 2022 the date at which the accompanying financial statements were available to be issued, and determined that there are no other items to disclose.
