Suvoda LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Suvoda LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Suvoda LLC 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Suvoda LLC 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Suvoda LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Suvoda LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control- related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Suvoda LLC 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 6, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Suvoda LLC 401(k) Plan

Notes to Financial Statements Years Ended December 31, 2021 and 2020

1. Plan Description

The following brief description of Suvoda LLC 401(k) Plan (the "Plan") presents only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 2015 and covers all eligible employees of Suvoda LLC (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The plan was amended and restated effective August 1, 2019.

Eligibility

All employees of the Company who have completed two months of service and are age 21, or older, are eligible to participate in the Plan.

Contributions

Participants in the Plan may contribute up to 90% of their annual compensation not to exceed the maximum amount allowable under the Internal Revenue Code ("IRC") in any calendar year (\$19,500 plus \$6,500 for catch-up contributions for eligible employees).

Annually, the Company may make a discretionary matching contribution equal to a uniform percentage of salary deferrals, not to exceed \$3,000. Effective January 1, 2020, participants must be employed on the last day of the Plan year to share in the allocation.

Company profit sharing contributions are discretionary. There were no profit sharing contributions made for the 2021 Plan year.

Participants may also contribute amounts representing distributions from other qualified plans ("rollover contributions").

Vesting

Participants are immediately 100% vested in their own contributions plus actual earnings thereon. Vesting in the employers' discretionary matching contributions and earnings thereon is based on a rate of 33% after one year of service, 66% after two years of service, and 100% after three years of service. Vesting in the employers' discretionary profit sharing contributions and earnings thereon is based on a rate of 20% after two years of credited service and vests 20% each year. Thereafter, the participant is 100% vested after six years of credited service.

Forfeitures

A participant who terminates employment and is less than 100% vested forfeits the non-vested portion of his/her account. Amounts forfeited may be used to reduce any employer contributions or pay any administrative expenses. At December 31, 2021 and 2020, the amount of forfeitures used to reduce the Company's contributions for the years ended totaled \$11,915 and \$8,954, respectively.

Participant Accounts

Individual participant accounts are credited with applicable participant contributions and related employer contributions and allocations of plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based upon participant earnings or account balances, as defined in the plan document. The benefit to which a participant is entitled is equal to the vested portion of the participant's account. Participants direct the investment of their contributions into various investment options offered by the Plan.

Suvoda LLC 401(k) Plan

Benefit Payments

On termination of service due to death, disability or retirement, or attainment of age 59 1/2 while still employed, a participant may elect to receive the value of the participant's vested interest in his or her account in either a lump-sum amount or partial withdrawals or installments. Plan provisions allow for involuntary distributions as follows: participants who are no longer employed and who have a vested balance less than \$5,000 will receive a lump-sum payment, with balances between \$1,000 and \$5,000 being rolled into an Individual Retirement Account ("IRA"). Hardship withdrawals are allowed under the provisions of the Plan and cannot exceed the amount required to meet the immediate financial need created by the hardship.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate based on the prime rate as published in the Wall Street Journal on the 14th day of each month, plus two percent. Effective August 1, 2019, the loans bear interest at a reasonable rate based on the prime rate plus one percent. Principal and interest are paid ratably through payroll deductions over a period not to exceed five years. However, if the loan is for the purchase of a principal residence, the plan administrator may permit a longer repayment term. Interest rates on loans outstanding as of December 31, 2021 ranged from 4.25% to 6% per annum and mature on various dates through November 2047.

On March 27, 2020, the "Coronavirus Aid, Relief, and Economic Security (CARES) Act" was signed into law. The CARES Act includes several relief provisions available to the Plan and its participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Loans taken during the 180-day period (beginning on date enactment) related to COVID-19 will have an increased limit of the lesser of \$100,000 or 100% of participant's vested account balance;
- Special coronavirus distributions up to \$100,000. Such distributions must be processed and distributed by December 31, 2020.
- Required Minimum Distributions are waived for 2020

In accordance with the CARES Act, the Plan will be amended to retroactively adopt these provisions no later than December 31, 2022.

Revenue Sharing Account

The Plan shares in investment related revenue, which Reliance Trust Company ("Reliance"), the trustee, receives from mutual funds or collective trusts attributable to the Plan assets invested in such mutual funds and trusts. The Plan receives a credit for the revenue share on a quarterly basis which is deposited into an ERISA Budget Account. The Company can use the funds in the account to pay for certain approved plan related expenses. In the event that plan expenses exceeds revenue received, the shortfall will be allocated to the plan participants on a pro-rata basis each quarter. During 2021, the total revenue share deposited into the ERISA Budget Account was \$20,532, all of which was applied to Plan administrative expenses during 2020.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of Plan income and expenses during the reporting period. Actual results may differ from those estimates.

Suvoda LLC 401(k) Plan

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Dividends are recorded on the ex-dividend date. Interest is included in income when earned, based on the terms of the investments and the periods during which the investments are owned. Purchases and sales of securities are recorded on a trade-date basis. See Note 3 for discussion of fair value measurements.

The Plan presents, in the statement of changes in net assets available for benefits, the net change in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded (deemed distribution).

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses are paid by the Company.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value of measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Valuation techniques used to measure fair value fall into one of the three levels of the fair value hierarchy below and are defined as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Suvoda LLC 401(k) Plan

Following is a description of the valuation methodologies used for assets measured at fair value:

- *Mutual Funds* – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Stable value collective trust fund* – A fully-benefit responsive investment contract valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate the fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. There are no participant redemption restrictions for these investments.

There have been no changes in the methodologies used at December 31, 2021 and 2020.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	Level 1	Total
<u>December 31, 2021</u>		
Mutual funds - total investments in fair value hierarchy	\$ 7,816,197	\$ 7,816,197
Stable value collective trust fund, measured at net asset value (a)		237,133
Total investments at fair value	\$ 7,816,197	\$ 8,053,330
<u>December 31, 2020</u>		
Mutual funds - total investments in fair value hierarchy	\$ 4,335,365	\$ 4,335,365
Stable value collective trust fund, measured at net asset value (a)		23,034
Total investments at fair value	\$ 4,335,365	\$ 4,358,399

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

4. Financial Information Certified by the Plan Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29-CFR 252.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule of assets (held at end of year), as of December 31, 2021 and 2020, net appreciation in fair value of investments, dividends on investments and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Company, the trustee of the plan.

Suvoda LLC 401(k) Plan

5. Tax Status

On July 16, 2014, the Internal Revenue Service stated that the approved prototype plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the IRC. The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan, as amended, is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes that it is no longer subject to income tax examinations for years prior to 2018.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

7. Plan Termination

The Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. The Company shall make no further contributions after the termination of the Plan. In the event of plan termination, participants will become 100% vested in their accounts.

8. Party-in-interest Transactions

During 2021, the Plan had agreements with ADP Retirement Services, Reliance Trust Company, and JKJ Retirement Services to provide recordkeeping, trustee, loan processing, and investment advisory services. Total fees paid by the Plan for these services were \$42,564 for the year ended December 31, 2021. These transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules of ERISA.

9. Reconciliation of Financial Statements to Form 5500 Financial Information

The following is a reconciliation of net assets available for benefits per the financial statements to the amounts presented in Schedule H of the Plan's Form 5500:

	December 31, 2021	December 31, 2020
Net assets available for benefits per the financial statements	\$ 8,637,575	\$ 4,847,448
Less: Employer contribution receivable	(519,210)	(341,321)
Less: Employee contribution receivable	-	(53,644)
Net assets available for benefits per Form 5500	<u>\$ 8,118,365</u>	<u>\$ 4,452,483</u>

Suvoda LLC 401(k) Plan

The following is a reconciliation of the change in net assets available for benefits for the year ended December 31, 2021, per the financial statements to the net income reported in the 2021 Form 5500:

Increase in net assets per the financial statements	\$ 3,790,127
Change in employer contribution receivable during the year	(177,889)
Change in employee contribution receivable during the year	<u>53,644</u>
Net income per Form 5500	<u>\$ 3,665,882</u>

10. Subsequent Events

The Plan has evaluated subsequent events through September 28, 2022, the date these financial statements were available for issuance. All subsequent events requiring recognition or disclosure have been incorporated in these financial statements.
