Report of Independent Accountants

To the Participants and Administrator
of the Vacation Internationale, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Vacation Internationale, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits, modified-cash basis (a basis of accounting other than U.S. Generally Accepted Accounting Principles) as of December 31, 2021, and the related statement of changes in net assets available for benefits, modified-cash basis, for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified-cash basis of accounting.
- the information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified-cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date these financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of modified-cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified-cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule I – Form 5500 – Schedule H – Line 4i Schedule of Assets Held for Investments Purposes at End of Year is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 1, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Vacation Internationale, Inc. 401(k) Plan
Notes to Financial Statements
for the years ended December 31, 2021 and 2020

1. Description of the Plan:

The following description of the Vacation Internationale, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, established July 1, 2004 for all eligible employees of Vacation Internationale, Inc. (the "Employer"). Eligible employees are employees of the Employer with one year of service, or if earlier, six consecutive full calendar months of employment. The Plan is subject to the provision of the Employment Retirement Income Security Act of 1974 ("ERISA"). The Board of Trustees oversees governance of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance. All of the Plan assets are held at Reliance Trust Co. ("Reliance"). ADP Retirement Services provides record keeping, administrative and support services for the Plan.

Contributions

Contributions made by participants are made on a before-tax basis. Federal income taxes on the earnings of the investments are deferred until amounts are withdrawn from the Plan. The amount deferred, however, shall not exceed the limit under Section 402(g) of the Internal Revenue Code during any calendar year. Participants may elect to contribute up to 88% in excess of 1% of their compensation, including any cash bonus, subject to a maximum total contribution as allowed by Internal Revenue Service regulations. The Employer may make discretionary matching contributions. The Employer discretionary match, is equal to 50% of the employee's contribution up to a maximum of 4.0% of their compensation for each payroll period. Effective January 1, 2016 the Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 4% of eligible compensation.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution and (b) Plan earnings/(losses), and charged with an allocation of any administrative expense paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of the account into the various investment funds offered by the Plan.

1. Description of the Plan, continued:

Payment of benefits

On separation of service, the vested portion of a participant's account may be distributed in lump sum in a reasonable amount of time. A participant whose account balance exceeds \$5,000 may elect a deferred distribution to be paid in either a lump sum or installment payments, roll his or her account balance to another plan as allowed by IRS regulations, or defer distribution until a later date of his or her choosing. Participants with account balances over \$1,000 and below \$5,000, and participants with account balances under \$1,000 are treated effectively the same. Participants with balances below \$5,000 may elect a distribution to be paid in a lump sum, roll his or her account balance to another plan as allowed by IRS regulations, or balances are automatically rolled over to an individual retirement account or an individual retirement annuity, as designated by the Administrator. At December 31, 2021 and 2020, total account balances for former participants were approximately \$1,322,300 and \$1,375,100 respectively.

Termination

While the Employer has not expressed any intention to do so, the Employer may at any time terminate the Plan. Upon termination, the Plan's assets will be distributed to the participants on the basis of their account balances existing at the date of termination.

Vesting

Participants are immediately vested in their salary deferrals, QNEC and QMC contributions, if any, plus actual earnings thereon. Vesting in the Company's matching and profit sharing contributions is based on years of service as stated in the following table:

Less than 1 year	0%
Less than 2 years	25%
Less than 3 years	50%
Less than 4 years	75%
Over 4 years	100%

Forfeited Amounts

Under the terms of the Plan, forfeited balances of participant's non-vested accounts can be used to reduce future employer contributions or pay Plan expenses. At December 31, 2021 and 2020, there was approximately \$30,100 and \$21,150, respectively, of forfeitures in the forfeiture account. There were approximately \$18,200 and \$20,280 additions to the forfeited account for the years ended December 31, 2021 and 2020. There was approximately \$9,200 of forfeited amounts used to offset employer contributions during 2021.

Participant notes

Participant notes are available to actively employed participants under the provisions of the Plan. Note proceeds are withdrawn from the participant's vested account balance. Note repayments are credited to the participant's accounts. Individual participant notes must be greater than \$500 and are limited to the lesser of \$50,000 or 50% of the participant's vested account balance, as defined, subject to other limitations as described in the Plan document. Notes are collateralized by the participant's account balance and must generally be repaid over a maximum period of five years. The interest rate on the note is 2% above the prime rate, which is determined on the 16th day of the month in the month the loan is effective. The maximum number of notes that a participant may have at one time is limited to three notes. There are no penalties for early repayment. Participant notes are carried at the unpaid principal amount of the note, which approximates fair value. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. Delinquent participant notes are recorded as distributions on the basis of the terms of the Plan document.

2. Summary of Significant Accounting Policies:

Accounting presentation

The accompanying financial statements have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. In accordance with the modified cash basis of accounting, all accounts with the exception of investments are presented on the cash basis. Investments are reported at fair value.

Related Party and Party In Interest

Certain personnel of the Company provide administrative and accounting services to the Plan at no charge. As provided by the Plan, either the Company or the Plan can pay for administrative expenses. The Plan has several service providers, and those providers are parties-in-interest under ERISA.

Use of estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and uncertainties

The Plan provides for various investment fund options within mutual fund shares. The investment securities in the underlying funds are exposed to various risks such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the values of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Financial instruments that subject the Plan to a concentration of credit risk consist of investments of Plan assets in mutual funds traded on the open market.

Investment valuations and income recognition

The Plan's various investment options in mutual funds are held in registered investment companies and measured at fair value. These accounts are credited with earnings on the underlying investments and charged for Plan withdrawals. The fair value of the Plan's investment in the mutual funds are determined by the value of the funds on the stock exchange at year-end. Shares of the mutual funds are valued at fair value as measured by the quoted market prices, which represents the net asset value of shares held by the Plan at year-end. The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net appreciation in the fair value of its investments which consists of realized gains or losses and unrealized appreciation on Plan investments.

2. Summary of Significant Accounting Policies, continued:

Impact of COVID-19

On March 1, 2020 the World Health Organization declared the novel coronavirus ("COVID-19") a global pandemic. As of the date of the issuance, that public health emergency stands to substantially impact the global economy, including significant volatility in the financial markets. COVID-19 pandemic and government responses are creating disruption in global supply chains and adversely impacting many industries. The outbreak could have a continued material adverse impact on investments. The rapid development and fluidity of this situation precludes any prediction as to the ultimate material adverse impact of COVID-19. Nevertheless, COVID-19 presents a potential material uncertainty and risk with respect to the Plan, its performance and its financial results.

On March 27, 2020 the President of the United States signed into law the "Coronavirus Aid, Relief and Economic Security ("CARES") Act. The CARES Act, among other things, includes provisions relating to refundable payroll tax credits, deferment of employer side social security payments, net operating loss carryback periods, alternative minimum tax credit refunds, modifications to the net interest deduction limitations, increased limitations on qualified charitable contributions and technical corrections to tax depreciation methods for qualified improvement property.

Effective April 24, 2020 Qualified Individuals who experienced financial challenges due to COVID-19 were eligible to defer 401(k) loan repayments until December 31, 2020. Qualified Individuals included those who were diagnosed with COVID-19; whose spouse or dependent was diagnosed with COVID-19, or experienced adverse financial consequences as a result of being quarantined, furloughed, laid off, hours reduced, or other factors as determined by the Secretary of Treasury during the COVID-19 pandemic. Qualification for a CARES Act loan repayment deferment was self-certified by the individual requesting the deferment. Loan payments for those who deferred were restarted in January 2021.

For the period April 6, 2020 to December 31, 2020 a new distribution option was added to the Plan. The Coronavirus Aid, Relief, and Economic Security (CARES) Act distribution allowed Qualified Individuals to withdrawal up to \$100,000 of Plan funds without a 10% early withdrawal penalty. CARES Act distributions were subject to regular income taxes, but such taxes may be spread over three years. The \$100,000 limit was in aggregate across all of a Qualified Individual's retirement plans and amounts withdrawn from the Plan may be eligible for repayment. Qualified Individuals included those who were diagnosed with COVID-19; whose spouse or dependent was diagnosed with COVID-19, or experienced adverse financial consequences as a result of being quarantined, furloughed, laid off, hours reduced, or other factors as determined by the Secretary of Treasury during the COVID-19 pandemic. Qualification for a CARES Act distribution was self-certified by the individual requesting the distribution.

The Plan will continue to examine the impact that the CARES Act may have on its investments. Currently the Plan is unable to determine the impact that COVID-19 or the CARES Act will have on the net assets available for benefits or the change in net assets available for benefits.

2. Summary of Significant Accounting Policies, continued:

Federal income taxes

The Employer adopted a Prototype Standardized Profit Sharing Plan with a cash or deferral arrangement that received a favorable determination letter from the Internal Revenue Service, which stated that the plan and related trust were designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The prototype plan has been amended to reflect recent IRC changes. The Plan is designed and operates in compliance with the applicable requirements of the IRC and, therefore, is tax exempt. No provision for income taxes is included in the Plan's financial statements. The Plan administrator believe that the Plan is no longer subject to IRS examination for Plan years prior to 2019.

Administrative expenses

Participants' accounts are charged with investment management fees, administrative maintenance charges and asset charges associated with managing a participant's account. The remaining expenses of the Plan are paid by the Employer and were approximately \$13,500 for the year ended December 31, 2021. Note fees are paid by participants with notes payable.

Fair Value of Financial Investments

FASB Accounting Standards Codification 825 "Financial Instruments" ("ASC 825"), requires disclosure about fair value for all financial instruments whether or not recognized, for financial statement purposes. Disclosure about fair value of financial instruments is based on pertinent information available to management at December 31, 2021. Considerable judgment is necessary to interpret market data and develop estimated fair values. Accordingly, the estimates presented are not necessarily indicative of the amount which could be realized on disposition of the financial instruments. The use of different market assumptions and/or estimation methods may have a material effect on the estimate fair value amounts.

Recent accounting pronouncements

In July, 2015 the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans, Defined Contribution Plans, Health and Welfare Benefit Plans (Part I), Fully Benefit Responsive Investment Contracts (Part II), Plan Investment Disclosures (Part III), Measurement Date Practical Expedient*, ("ASU 2015-12"). Part I eliminates the requirement to measure the fair value of fully benefit-responsive investment contracts and provides for certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. If the Plan invests in a stable value common collective trust ("CCT"), those holdings are generally in an investment company that calculates Net Asset Value ("NAV") or its equivalent in a manner consistent with the measurement principles in ASC 946, *Financial Services – Investment Companies*. Those measurement principles indicate that when determining the NAV of a stable value CCT, the relevant measurement for a fully benefit-responsive contract held by a CCT is contract value. Parts I and III are not applicable to the Plan.

Part II eliminates the requirement to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured at fair value by general type, however, plans are no longer required to also disaggregate investments by nature, characteristics and risk. Further the disclosure information about fair value measurement shall be provided by general type of plan asset. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Management elected to adopt ASU 2015-12 early. ASU 2015-12 requires that ASU 2015-12 be applied retrospectively.

2. Summary of Significant Accounting Policies, continued:

In May 2015, the FASB issued *ASU 2015-07 – Fair Value Measurement: Disclosure For Investments in Certain Entities That Calculate Net Asset Value Per Share (or its Equivalent)* ("ASU 2015-07"). ASU 2015-07 removes the requirement to categorize investments measured at fair value using net asset value as a practical expedient within the fair value hierarchy. This guidance is effective for annual reporting periods beginning after December 15, 2015, however early adoption is permitted. Management elected to adopt ASU 2015-07 early.

3. Fair Value Measurements:

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

- Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority.
- Level 2 inputs consist of observable inputs other than quoted prices included in Level 1.
- Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments in which Level 1 inputs are not available. Level 3 inputs are only used when Level 1 or Level 2 inputs are not available. There are no plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented. All Plan investments assets valued at fair value are Level 1 hierarchy assets.

Level 1 Fair Value Measurements

Mutual funds and money market funds

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the United States Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2021 are reported in net appreciation in fair value of investments.
