REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

RailPros, Inc. Investment Committee
RailPros, Inc. 401(k) Profit Sharing Plan and Trust

Scope and nature of the ERISA Section 103(a)(3)(C) audit for the 2021 financial statements

We have performed an audit of the financial statements of RailPros, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 financial statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion on the 2021 financial statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the 2021 financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the 2021 financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matters

2021 supplemental schedules required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2021 and delinquent participant contributions for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the 2021 supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the 2021

supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the 2021 supplemental schedules, we evaluated whether the 2021 supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the 2021 supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the 2021 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's report on the 2020 financial statements

The financial statements of the Plan as of and for the year ended December 31, 2020 were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the certified information. Their report, dated October 8, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion, and accordingly, they did not express an opinion on the financial statements, and (b) the form and content of the information included in the financial statements, other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

December 31, 2021

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the RailPros, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions, which is available from the plan administrator.

General

The Plan, established January 1, 2001, is a defined contribution plan originally established by RailPros, Inc. (the "Company", "Employer" or "Plan Sponsor") pursuant to Section 401(a) and related provisions of the Internal Revenue Code ("IRC"). The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination of employment, or financial hardship. The Plan covers all eligible employees of the Company upon employment, as defined by the Plan. The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Plan Administration

The Company is the plan administrator of the Plan and, as such, carries out the duties imposed by ERISA. Transamerica Life Insurance Company Inc. ("Custodian") was the Plan's asset custodian until September 30, 2021 and was responsible for the custody and management of the Plan's assets pursuant to a service agreement. Transamerica Retirement Solutions, LLC served as recordkeeper and provided certain administrative services to the Plan as well as maintains participants' accounts until September 30, 2021.

Beginning October 1, 2021, Fidelity Workplace Services LLC began serving as the Plan's recordkeeper and Fidelity Management Trust Company, serves as the Plan's trustee. Together, Transamerica Life Insurance Company Inc. and Fidelity Management Trust Company are defined as "Trustees" in this report.

Eligibility

All employees of the Company who are at least 21 years of age are eligible to participate in the Plan, except for non-resident aliens and employees covered under a collective bargaining agreement. Participants must be credited with ninety days of service, as defined, to receive Company contributions.

Contributions

The Plan is funded through employee elective deferrals and Employer contributions. A participant can elect to contribute up to 100% of their compensation, subject to certain maximum limitations imposed by the IRC (\$19,500 for 2021). Participants may designate their contributions as pre-tax elective deferrals. Employees who are eligible to make elective deferrals under the Plan and who have attained the age of 50 before the close of the Plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC (\$6,500 for 2021). Rollover contributions representing distributions from other qualified plans are permitted.

The Employer provides safe harbor matching contributions equal to 100% of the first 3% of a participant's contribution and 50% on the next 2% of a participant's contribution. Additional Company contributions are discretionary.

RailPros, Inc. 401(k) Profit Sharing Plan and Trust
NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021

Participant Accounts

Each participant's account is credited with the participant's contribution or rollover and allocations of Employer contributions and Plan earnings, if any, and charged with an allocation of administrative expenses and Plan losses, if any. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in rollover contributions, elective deferrals, and safe-harbor employer contributions, plus any actual earnings thereon.

Vesting in employer discretionary contributions is based on years of continuous service according to the following schedule. There were no Employer discretionary contributions made in 2021.

<u>Years of Service</u>	<u>Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, reduced by the highest outstanding loan balance held under the Plan during the previous 12-month period. Participants may have only one loan outstanding at a time. All loans bear a reasonable rate of interest as determined by the Plan Administrator, based on the prevailing interest rates charged by a person in the business of lending money for loans which would be made under similar circumstances. The repayment period of the loan cannot exceed five years, except for loans relating to the purchase of a primary residence for which the repayment period is a maximum of 10 years. The loans are secured by the remaining balance in the participant's account. From January 31, 2021 through December 28, 2021, loan repayments were required to be made through payroll withholdings, except to the extent the Plan Administrator determined payroll withholding is not practical given the level of a participant's wages, the frequency with which the participant was paid, or other circumstances. Beginning December 29, 2021, all loan repayments are required to be made through an automatic fund transfer between the participant and Plan.

With the adoption of the CARES Act, qualifying participants impacted by COVID-19 were able to borrow up to the lessor of \$100,000 or 100% of their vested account balance. The notes receivable limit increase was available from March 27, 2020, through September 22, 2020. Additionally, repayments of outstanding notes receivable for qualifying participants were able to be suspended for up to one year for payments due from March 27, 2020 through December 31, 2020. Interest continued to accrue on suspended loan repayments.

Payment of Benefits

Upon termination of service including death, disability, or retirement, a participant or beneficiary may elect to receive a lump sum payment of the amount equal to the value of the participant's vested interest in his or her account. Employees may also make hardship and in-service withdrawals, subject to certain limitations, as defined in the Plan document and guidelines of the Internal Revenue Service ("IRS").

RailPros, Inc. 401(k) Profit Sharing Plan and Trust
NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021

With the adoption of the CARES Act, qualified participants were able to take coronavirus-related distributions up to the lesser of \$100,000 or 100% of their vested account balance from January 1, 2020 through December 30, 2020. Mandatory tax withholdings and early withdrawal penalties were waived, and ordinary income taxes may be paid over a three-year period. Participants are permitted to repay the distribution over a three-year period. In addition, required minimum distributions for individuals who have reached age 70 ½ have been waived.

Forfeitures

If a Participant terminates their employment before any portion of their discretionary employer contributions vest, the non-vested portion of their account shall be forfeited. Forfeitures may be used to pay administrative expenses under the Plan or to reduce future employer contributions. Forfeited non-vested accounts totaled \$25,816 and \$3,970 as of December 31, 2021 and 2020, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Financial Statement Presentation

The preparation of the financial statements of the Plan are prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP"). The financial statements of the Plan are prepared in accordance with the Plan agreement. A summary of the significant accounting policies applied in the preparation of the accompanying financial statements follows.

Investment Valuation and Income (Loss) Recognition

Investments are reported at fair value, except for the Stable Value Core Option, which is reported at contract value. Contract value is the amount to be received by a participant under the terms of the investment contract, generally contributions plus earnings, less distributions and expenses. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation of fair value of investments includes the Plan's gains and losses on the investments bought and sold, as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021. If the participant fails to make a required loan payment by the end of the calendar quarter following the calendar quarter in which the loan payment is due, the participant will be taxed on the entire amount of the outstanding loan (plus accrued interest) through the date of the default.

RailPros, Inc. 401(k) Profit Sharing Plan and Trust
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2021

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

Some fees and expenses of the Plan related to legal, accounting and other administrative services are paid by the Company and are excluded from these statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

NOTE 3 - INFORMATION CERTIFIED BY THE TRUSTEES

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustees have certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate:

- Investments, at fair value and notes receivable from participants, as shown in the statement of net assets available for benefits as of December 31, 2021 and 2020.
- Net investment income and interest income on notes receivable from participants as shown in the statements of changes in net assets available for benefits for the year ended December 31, 2021.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2021.

NOTE 4 - FAIR VALUE MEASUREMENTS

Financial Accounting Standard Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurement, provides the framework for measuring fair value. Such framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to measurements involving significant unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1 - Valuation is based upon quoted prices (unadjusted) for identical assets and liabilities in active exchange markets that the Plan has the ability to access at the measurement date.
- Level 2 - Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques with significant assumptions and inputs that are observable in the market or can be derived principally from or corroborated by observable market data.
- Level 3 - Valuation is derived from model-based techniques that use inputs and significant assumptions that are supported by little or no observable market data. These unobservable assumptions reflect estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques include the use of pricing models, discounted cash flow models and similar techniques.

RailPros, Inc. 401(k) Profit Sharing Plan and Trust
NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement in its entirety. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued at the net asset value (NAV) of the fund, as a practical expedient to fair value and as determined by the fund provider, based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

Collective Investment Trust: The stable value fund collective investment trust is composed primarily of indirect fully benefit-responsive investment contracts that are valued at the net asset value ("NAV") as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

There are no redemption restrictions on any of the Plan's investments. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

	Investments at Fair Value at December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 25,541,043	\$ -	\$ -	\$ 25,541,043
Investments measured at NAV				2,311,276
Investments at fair value				\$ 27,852,319

	Investments at Fair Value at December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ -	\$ -	\$ -	\$ -

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021 and 2020. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value at December 31, 2021	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Invesco Stable Val I	\$ 2,311,276	\$ -	Daily	None	12 months
	Fair Value at December 31, 2020	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Pooled Separate Accounts	\$ 18,709,413	\$ -	Daily	None	None

NOTE 5 - STABLE VALUE FUND

Investment in the Transamerica Stable Value Core Option (the "Contract") is carried at the amount reported by the Custodian, which is contract value. Contributions into this option are backed by the general assets of the Custodian. Contributions under the Contract are held in the Custodian's general account. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. Regardless of the activity of the general account, the Custodian pays the stated interest rate and considers the investment a depository liability with no formal underlying maturities.

Although Plan participants generally may withdraw assets from the Contract without restriction, the Custodian may impose a hold period at the contract level in the event of a full contract discontinuance or partial contract discontinuance. Additionally, full contract value may not be realizable if Custodian faces a significant decline in creditworthiness. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with the Custodians or the participants are probable of occurring.

Fully benefit responsive investment contracts are not stated within the fair value hierarchy. Fair value estimates are made at a specific point in time and the methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair value. Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, the full value of each participant's account shall become fully vested and non-forfeitable.

NOTE 7 - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined by ERISA as any fiduciary of the Plan, any party rendering services to the Plan, the Employer, and certain others. As such, transactions conducted on behalf of the Plan by the Trustee and its affiliates, including fund fees and revenue sharing arrangements, qualify as party-in-interest transactions. Notes receivable for participants in the Plan are also considered party-in-interest transactions.

Some fees and expenses of the Plan relating to legal, accounting, and other administrative services are paid by the Company. The Plan is not required to repay expenses paid by the Company on its behalf. Fees paid by the Plan to the Trustee for administrative fees related to disbursements and loans totaled \$71,137 for the year ended December 31, 2021. Certain investments are managed by an affiliate of the Trustee and qualify as party-in-interest transactions.

During 2021, the Company determined that it failed to remit employee contributions and loan repayments to the Plan totaling \$27,846. The Company computed the lost earnings on these 2021 deposits and remitted the deposits and any lost earnings to the Plan in 2021.

NOTE 8 - TAX STATUS

The Plan is based on a prototype plan which has received an opinion letter dated June 30, 2020, which stated the prototype plan is a qualified plan in accordance with the applicable sections of the Internal Revenue Code ("IRC"). The Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable provisions of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan provides for various investment securities that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

On March 22, 2020, the World Health Organization declared the COVID-19 outbreak a pandemic. Since that time, federal, state, and local authorities have taken measures to control the outbreak of COVID-19 in the United States, where the Company primarily operates. While the Company did not experience significant disruptions in its operations as a result of the pandemic, the impact of COVID-19 on the overall economy, continues to evolve.
