INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of the
Yusen Logistics (Americas) Inc. 401(k) Plan
Secaucus, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Yusen Logistics (Americas) Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Yusen Logistics (Americas) Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Yusen Logistics (Americas) Inc. 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Yusen Logistics (Americas) Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Yusen Logistics (Americas) Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Yusen Logistics (Americas) Inc. 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

YUSEN LOGISTICS (AMERICAS) INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

1. Description of the Plan

The following summary description of the Yusen Logistics (Americas) Inc. 401(k) Plan (the “Plan”) provides only general information about the Plan. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Yusen Logistics (Americas) Inc. and related entities (the “Company” or the “Plan Sponsor”). Effective January 1, 2017, the Plan was amended and restated to exclude Safe Harbor provisions. Eligible employees are defined as employees who are age eighteen years or older, with certain exceptions applying to employees covered under affiliates and subsidiaries detailed in the Plan agreement. Fidelity Management Trust Company acts as the Plan’s Trustee and third-party administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Beginning in April 2020, the Plan enacted several provisions from the Coronavirus Aid, Relief, and Economic Security (“CARES”) Act, allowing for distributions and loan deferments for “qualified individuals” through December 31, 2020. The CARES Act provides that qualified individuals may withdraw up to \$100,000 from the Plan due to adverse financial consequences from COVID-19. Additionally, qualified individuals could freeze their 401(k) loan payments through December 31, 2020, with loans being re-amortized, and loan repayments restarting in January 2021. Finally, the CARES Act suspended required minimum distributions for 2020, except upon participant request to waive the suspension.

Participant Contributions

Participants may elect to have up to 60% of eligible annual compensation contributed to the Plan. However, a participant’s total contribution for any one calendar year is limited to the maximum annual contribution allowable pursuant to the requirements of section 401(k) of the Internal Revenue Code, which was \$19,500 for both 2021 and 2020. Effective January 1, 2011, the Plan provided for Roth 401(k) contributions, in addition to regular deferral contributions. Participant contributions for the years ended December 31, 2021 and 2020 were \$6,963,119 and \$5,954,108, respectively.

Effective January 1, 2020, the Plan adopted an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

Catch-up Contributions

All employees who are eligible to make elective deferrals under this Plan and who have attained the age of 50 before the close of the Plan Year are eligible to make catch-up contributions of up to an additional \$6,500 from that period forward in both 2021 and 2020. Catch-up contributions can occur under three different circumstances as described in the Plan agreement.

Employer Matching

The Company remits after each pay period the employer matching contribution to the Plan. The Company’s matching contributions are 100% of an employee’s contributions up to a maximum of 4% of their eligible compensation for the year.

YUSEN LOGISTICS (AMERICAS) INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

1. Description of the Plan, continued

Employer Matching, continued

Company matching contributions for the years ended December 31, 2021 and 2020 were \$2,960,785 and \$2,652,482, respectively. The Plan Sponsor may make non-elective discretionary contributions that are allocated in the ratio that each eligible participant's compensation bears to the total compensation paid to all eligible participants. The Company did not make any non-elective discretionary contributions to the Plan for the years ended December 31, 2021 and 2020.

Participant Accounts

Each participant's account is credited with the participant's contribution and Company matching contributions, as well as allocations of the Company's nonelective contribution, if any, and Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. In addition, each participant's account is valued as of each daily valuation date with earnings and losses allocated on the basis of the ratio that a participant's account balance as of the prior valuation date bears to the total account balances of all participants in the same investment, plus any adjustments for transactions since the last valuation date.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus earnings thereon. The vesting of non-elective Employer contributions plus earnings thereon are based on the following schedule:

<u>Years of Service</u>	<u>Percent Vested</u>
1	10%
2	25%
3	50%
4	75%
5	100%

The vesting of Employer matching contributions plus earnings thereon are based on the following schedule:

<u>Years of Service</u>	<u>Percent Vested</u>
1	25%
2	50%
3	100%

The Plan also maintains additional vesting schedules that have been adopted from affiliate plan transfers and plan mergers in prior years.

YUSEN LOGISTICS (AMERICAS) INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

1. Description of the Plan, continued

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Typically, a loan must be repaid within 5 years unless the loan is for the purchase of a principal residence, in which case the loan repayment period may not extend beyond 10 years from the date of the loan. A loan becomes immediately due and payable upon a participant's termination of employment or death. The loans are collateralized by the participant's account and bear interest at a fixed rate determined by the plan administrator. The interest rates on participant loans ranged from 4.25% to 6.50%, as of December 31, 2021 and 2020, respectively. Principal and interest are paid ratably through payroll deductions. The balance of loans to participants were \$2,519,085 and \$2,593,531 as of December 31, 2021 and 2020, respectively.

Benefit Payments

Vested benefits are payable to participants upon death, disability, severance from employment, or reasons of proven financial hardship as defined in the Plan agreement. Benefits due to participants are recorded as a reduction of net assets available for benefits when paid to participants. Participants or their beneficiaries receive a lump sum amount equal to the value of their account.

Forfeitures

Forfeitures occur when participants terminate their employment with the Company before becoming fully vested in their Plan participant accounts. Forfeitures can be applied to reduce future employer matching contributions or to pay administrative expenses of the Plan. During the year ended December 31, 2021, employer matching contributions were reduced by \$205,872 from forfeited non-vested accounts. Forfeited non-vested accounts totaled \$313 and \$14,017 as of December 31, 2021 and 2020, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become fully vested in the Employer matching and discretionary contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results may differ from those estimates.

YUSEN LOGISTICS (AMERICAS) INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

2. Summary of Significant Accounting Policies, continued

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related loan fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment to the participant is recorded.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Costs and Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

3. Income Tax Status

The Plan has adopted a prototype plan approved by the Internal Revenue Service in its latest determination letter dated June 30, 2020. The prototype plan document was determined to be designed in accordance with the applicable section of the Internal Revenue Code ("IRC"). The Company routinely self-reviews the administration of the Plan and self-corrects any compliance issues in accordance with the Employee Plans Compliance Resolution System. The Company believes that the Plan is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

YUSEN LOGISTICS (AMERICAS) INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

4. Risks and Uncertainties

The Plan's investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic led to extreme volatility in financial markets and has affected, and may continue to affect, the market price of the Plan assets. While the ongoing economic impact brought by, and the duration of, the COVID-19 pandemic is difficult to assess or predict, it is likely to result in significant disruption of global financial markets. Accordingly, the extent to which COVID-19 impacts the financial markets and the Plan's investments will depend on future developments that are highly uncertain and cannot be predicted.

5. Information Prepared and Certified by Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the Trustee, Fidelity Management Trust Company, as of and for the years ended December 31, 2021 and 2020.

	2021	2020

6. Investments

Valuation of Investments

The Plan reports investments in accordance with FASB ASC Topic 820, *Fair Value Measurements and Disclosures*, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. Fair value is measured as the exit price between market participants in an orderly transaction. Fair value measurements are based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels:

Level 1 – Quoted prices are available in active markets for identical investments as of the reporting date. The type of investments in Level 1 includes listed equities held in the name of the Plan and excludes listed equities and other securities held indirectly through commingled funds.

YUSEN LOGISTICS (AMERICAS) INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

6. Investments, continued

Valuation of Investments, continued

Level 2 – Pricing inputs, including broker quotes, are generally those other than exchange quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value is determined through the use of models or other valuation methodologies.

Level 3 – Pricing inputs are unobservable for the investment and includes situations where there is little, if any, market activity for the investment. The inputs into the determination of fair value require significant management judgment or estimation. Investments that are included in this category generally include privately-held investments and partnership interests.

Fair value measurements require disclosure for Levels 1 and 2 investments, and separate disclosures of purchases, sales, issuances, and settlements relating to Level 3 investments, measurements and clarification of existing fair value disclosures.

The following table summarizes the valuation of the Plan's investments by the ASC 820 fair value hierarchy levels as of December 31, 2021 and 2020:

6. Investments, continued

Investments Measured at Net Asset Value

Collective trust funds: Net asset value (“NAV”) is a practical expedient, to measure the fair value of certain investments using the NAV per share of the investment. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions may occur daily with no restrictions and there are no unfunded commitments for these funds.

7. Fully Benefit-Responsive Investment

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Fidelity Management Trust Company (“Fidelity”) totaling \$2,958,949 for 2021 and \$3,150,163 for 2020. Fidelity maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0 percent. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Fidelity, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan’s ability to receive amounts due is dependent on the issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan’s prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan’s investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.
