Plan Administrator
Perma-Fix Environmental Services, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the Perma-Fix Environmental Services, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Plan Administrator
Perma-Fix Environmental Services, Inc. 401(k) Plan

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an independent auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Plan Administrator
Perma-Fix Environmental Services, Inc. 401(k) Plan

Auditor's Responsibilities for the Audit of the 2021 Financial Statements (continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental Schedules of Delinquent Participant Contributions and Assets (Held at End of Year) as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

Plan Administrator
Perma-Fix Environmental Services, Inc. 401(k) Plan

Other Matters (continued)

2021 Supplemental Schedules Required by ERISA (continued)

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 26, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Perma-Fix Environmental Services, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2021

1. Description of the Plan

General

The following description of the Perma-Fix Environmental Services, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan established on May 1, 1992 covering eligible employees of Perma-Fix Environmental Services, Inc. (the Plan Sponsor) as defined by the Plan Document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Contributions

Upon completing three months of service with the Plan Sponsor and attaining the age of 18, employees are automatically enrolled at a contribution rate of 6% of compensation on the first day of the quarter following the date the eligibility requirements are met. Participants may defer any amount of compensation subject to Internal Revenue Code (IRC) limitations and may elect to stop making contributions at any time. In addition, participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans. The Plan allows participants to direct the investment of their contributions into various investment options offered by the Plan.

The Plan Sponsor, at its discretion, may make a matching contribution equal to a discretionary percentage of participants' elective deferrals. The Plan Sponsor matched 25% of participants' contributions during 2021 and 2020. Participant contributions and Plan Sponsor matching contributions are remitted to the Plan by the Plan Sponsor after each pay period. The Plan Sponsor may also make additional discretionary profit sharing contributions on behalf of participants; however, there were no such contributions made during 2021 or 2020. Participant contributions have not always been remitted to the Plan in a timely manner; these contributions totaled \$416,544 in 2021. The Plan Sponsor makes a contribution for the lost earnings to the Plan, if required.

Contributions are subject to certain Internal Revenue Service (IRS) limitations. Receivables from the Plan Sponsor for contributions, if any, are unsecured.

Perma-Fix Environmental Services, Inc. 401(k) Plan
Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of Plan Sponsor contributions, investment earnings and losses, and administrative expenses. Allocations are based on participant compensation, account balances, or specific transactions, as defined in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Upon termination of service, death, disability, retirement, or attainment of age 59½, a participant may elect to receive their benefits as a lump-sum amount equal to the value of the participant's vested interest in his or her account. In-service withdrawals from the Plan may also be made upon circumstances of financial hardship in accordance with the Plan provisions.

Vested balances less than \$1,000 may be automatically distributed in the form of cash after separation from service. Vested balances between \$1,000 and \$5,000 may be rolled over into a qualified Individual Retirement Account.

Vesting

Participants are immediately vested in their elective salary deferral contributions, rollover contributions from other qualified plans, and earnings thereon.

Participants' interests in any contributions made by the Plan Sponsor and related earnings thereon are based on years of continuous service and vest as follows:

<u>Years of Service</u>	<u>Amount</u>
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Perma-Fix Environmental Services, Inc. 401(k) Plan
Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Notes Receivable from Participants

Subject to approval by the Plan Administrator and as permitted under the IRC and ERISA, participants may borrow from the general assets of the Plan. Only two notes per participant may be outstanding at any time. The amount and terms of the note must meet certain criteria, including a general limitation on total aggregate notes receivable outstanding to any individual participant equal to the lesser of one-half of the borrower's vested individual account balance or \$50,000. The minimum amount of any note issued under the Plan is \$1,000. The notes bear a reasonable interest rate, are adequately secured by a portion of the remaining participant's vested balance, and are generally repayable in level periodic payments over various terms of up to five years, except for those utilized for the acquisition or improvement of a qualified principal residence, which may be repaid over a reasonable period of time.

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Forfeited Accounts

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures may be used to reduce the Plan Sponsor's contributions to the Plan or to pay administrative expenses of the Plan. As of December 31, 2021 and 2020, there is \$68,207, and \$2,010, respectively, in the forfeiture account that is included in Plan assets. Forfeited nonvested accounts used to reduce Plan expenses and Plan Sponsor contributions totaled \$38,300 in 2021. Forfeited nonvested accounts used to reduce Plan Sponsor contributions totaled \$20,849 in 2020.

Administrative Expenses

Certain Plan administrative expenses are paid by the Plan Sponsor; these expenses are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses in these financial statements; these investment related expenses qualify as parties-in-interest transactions. Certain investment related expenses are included in net realized and unrealized appreciation in the fair value of investments; these investment related expenses qualify as parties-in-interest transactions.

Fees paid by the Plan to parties-in-interest amounted to \$169,633 in 2021 and \$142,233 in 2020.

Perma-Fix Environmental Services, Inc. 401(k) Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP), as are the annual returns filed under applicable provisions of ERISA and the IRC.

Investments

The Plan invests in funds offered by Transamerica Life Insurance Company (Transamerica), which are collateralized by the proportionate share of the respective fund's underlying net assets. The maximum loss, if any, that would be incurred by the Plan if the counterparties to the Plan's investments failed to perform is the recorded amount of such investments.

The Plan's investments in pooled separate accounts are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor's management determines the Plan's valuation policies utilizing information provided by Transamerica. See Note 5 for a discussion of fair value measurements. In accordance with the policy of stating investments at fair value, net appreciation in the fair value of investments is reflected in the Statements of Changes in Net Assets Available for Benefits. This includes all investments bought or sold as well as held during the year. The Plan's investments in fully benefit-responsive investment contracts are valued at contract value (Note 6).

Benefit Payments

Benefits are recorded when paid.

Notes Receivable from Participants

Participant loans are classified as notes receivable from participants and measured at their unpaid principal balance plus any accrued but unpaid interest. Upon default of notes receivable from participants, the entire outstanding principal and interest shall be immediately due and payable. If a distributable event, as defined by the IRC, has occurred, the note receivable will be foreclosed on and be offset against the participant's account balance. If a participant's note receivable is in default, the participant shall be treated as having a taxable deemed distribution whether or not a distribution event has occurred.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

Subsequent Events

In preparation of the accompanying financial statements, management has evaluated subsequent events through September 7, 2022, the date the financial statements were available for issuance. Subsequent to December 31, 2021, the stock market has experienced volatility and a decline in value resulting in depreciation in the fair value of investments totaling approximately \$5,200,000 through September 6, 2022.

3. Tax Status

The Plan Sponsor adopted a prototype plan sponsored by Ascensus, LLC, which received a favorable opinion letter from the IRS dated June 30, 2020, which states the plan is designed in accordance with applicable sections of the IRC and is, therefore, not subject to tax under present income tax law. The Plan has been amended since the latest opinion letter date; however, the Plan Administrator believes the Plan is being operated in accordance with applicable requirements of the IRC and, accordingly, remains exempt from income taxes.

4. Certified Information (Unaudited)

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held as of December 31, 2021 and 2020, and net appreciation in fair value of investments and interest and dividend income for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Transamerica, as the agent for Reliance Trust Company (the Custodian), who holds the Plan's investment assets and executes transactions therein. Financial information relating to those assets, including investments and notes receivable from participants, is included in the accompanying financial statements and supplemental schedules and was obtained or derived from information supplied to the Plan Administrator by Transamerica and certified as complete and accurate. That information, which has not been audited by independent auditors, is summarized below.

The Plan's investments held by Transamerica totaled \$33,537,521 and \$29,919,163 as of December 31, 2021 and 2020, respectively. These investments appreciated in value by \$4,029,019 during 2021 and \$3,603,030 during 2020. Interest income from the stable value fund totaled \$46,478 in 2021 and \$50,631 in 2020.

Notes receivable from participants totaled \$498,486 and \$505,589 as of December 31, 2021 and 2020, respectively. Interest earned on notes receivable from participants totaled \$22,473 in 2021 and \$24,862 in 2020.

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access.
- Level 2 Inputs to the methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The Plan's pooled separate accounts were valued daily using publicly available quoted market prices of the underlying investments held by the pooled separate account at year-end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	Level 1		Level 2		Level 3		Total
2021:							
Pooled Separate Accounts*	\$	—	\$	—	\$	—	\$29,922,426
2020:							
Pooled Separate Accounts*	\$	—	\$	—	\$	—	\$26,391,414

5. Fair Value Measurements (continued)

- * In accordance with Accounting Standards Update 2015-07, fair value measurement guidance, the Plan's pooled separate accounts are measured at fair value using the net asset value (NAV) per share (or its equivalent) practical expedient and are not classified in the fair value hierarchy. The NAV is determined by Transamerica and is based on the fair value of the underlying assets held by the funds. The fair value amount presented in this table is intended to permit reconciliation of the fair value hierarchy to the line item presented in the Statements of Net Assets Available for Benefits.

The following tables presents the Plan's investments using the NAV practical expedient at December 31:

2021:

Pooled separate accounts:	
Fair value	\$29,922,426
Unfunded commitments	None
Redemption frequency	Daily
Redemption notice for period	Daily

2020:

Pooled separate accounts:	
Fair value	\$26,391,414
Unfunded commitments	None
Redemption frequency	Daily
Redemption notice for period	Daily

The Plan's investments in various pooled separate accounts are invested in equity, fixed income, and target date funds. The objective of those investment vehicles invested in equity investments is to approximate the risk and return characterized by various indexes; to seek long term capital appreciation; provide diversified exposure representative of various segments of the United States of America or foreign equity market; and/or to seek income. The objectives of the investment vehicles invested in fixed income is to provide investment results that approximated the overall performance of certain bond indices and/or to provide a predictable rate of return while preserving the safety of capital and minimizing market risk. The objective of the investment vehicles invested in target date funds is to provide various levels of asset allocations which became more conservative over time, so participants could stay with the same fund before and after selected retirement dates. These investment vehicles are generally redeemable at net asset value under agreements with the underlying investment vehicles. However, it is possible that these redemption rights could be restricted by these investment vehicles in the future in accordance with underlying agreements.

6. Stable Value Fund

The Plan invests in a fully benefit-responsive traditional investment contract held in the Transamerica Stable Value Advantage Option. The contributions are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Transamerica is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for the portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with Transamerica. Such events include amendments to the Plan documents (including complete or partial plan termination or merger with another plan), changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the Plan sponsor or other plan sponsor events that cause a significant withdrawal from the Plan, or the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator believes any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

7. Other Related Party Transactions and Party-in-Interest Transactions

Plan investments are in accounts of Transamerica, agent for the Custodian, and therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants and participant contributions are also considered to be party-in-interest transactions. Plan Sponsor contributions are considered to be party-in-interest and related party transactions.

8. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risk such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the Statements of Net Assets Available for Benefits.
