Independent Auditor's Report

To the Plan Administrator
Robinson, Bradshaw & Hinson, P.A. Profit-Sharing Plan
Charlotte, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Robinson, Bradshaw & Hinson, P.A. Profit-Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter –Supplemental Schedule Required by ERISA

The supplemental schedule (Schedule H, line 4i–Schedule of Assets (Held at End of Year) as of December 31, 2021) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information

included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Robinson, Bradshaw & Hinson, P.A. Profit-Sharing Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Robinson, Bradshaw & Hinson, P.A. Profit-Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Robinson, Bradshaw & Hinson, P.A. (the “Employer” or the “Company”), except for leased employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Trustee and Administration of the Plan

The trustee and recordkeeper of the Plan is Charles Schwab Trust Bank (“Charles Schwab” or “trustee”). The administrator of the Plan is the Company. The Investment Committee determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Eligibility

Each employee is eligible to participate in the Plan upon attainment of 19 years of age and completion of one year of service (1,000 hours of service in a 12-month period). An employee is allowed to enter the Plan as of the first day of each month following attainment of the eligibility requirements.

Contributions

Contributions are comprised of participant contributions and the non-elective Employer profit-sharing contribution as follows:

- a) A participant may elect annually to have up to 80% of their eligible compensation contributed as an elective deferral to the Plan not to exceed certain limitations set by the Plan committee, Internal Revenue Service (“IRS”) and Department of Labor (“DOL”) regulations.
- b) Any participant who is eligible to make participant deferral contributions and who has attained age 50 before year-end, may elect to make catch-up contributions subject to certain limitations.
- c) Employees are permitted to make after-tax Roth contributions.
- d) The Employer (and its partners) makes a non-elective profit-sharing contribution each year of 3% of eligible compensation plus an additional discretionary amount as determined by the Board of Directors. In order to be eligible for the Employer non-elective profit-sharing contribution, a participant must be employed on the last day of the Plan year with the exception of employment terminated during the Plan year on account of death or disability. The Employer made a non-elective profit-sharing contribution of 10% for the year ended December 31, 2021.
- e) The Plan also allows participants to make qualified rollover contributions to the Plan.

Robinson, Bradshaw & Hinson, P.A. Profit-Sharing Plan

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's deferral contributions, Employer non-elective profit-sharing contributions, and an allocation of net Plan earnings and expenses thereon. Participants may direct the investment of their account balances into various investment options offered by the Plan, including mutual funds, common and/or collective trusts, and self-directed brokerage accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their accounts any amount up to the lesser of \$50,000 or 50% of their account balances to be repaid through payroll deductions, not to exceed 5 years with the exception of the purchase of a primary residence. These loans are subject to certain restrictions as determined by the Plan document and applicable restrictions under the Internal Revenue Code ("IRC"). A participant is limited to withdrawing 2 loans per calendar year and to 5 loans outstanding at any given time. The loans are secured by the balance in the participants' accounts and bear interest at the prime rate plus 1%.

Benefit Payments

A participant's vested account balance may be distributed to him/her in a lump-sum or installment payments, based on his/her election under the Plan document, upon retirement, death, disability, or termination of employment. All vested account balances that do not exceed \$1,000 may be automatically distributed to participants and balances between \$1,000 and \$5,000 may be rolled into an individual retirement account, at the discretion of the Employer. A participant who has attained 59 ½ years of age, but who continues to be employed with the Employer, may elect to withdraw any or all of their account in the Plan as an in-service withdrawal.

Vesting

Every participant is 100% vested in his or her individual account at all times.

Administrative Expenses

Administrative expenses, such as trust fees, investment fees and certain participant requested services are paid by the Plan. Certain investment management fees are recorded net in net appreciation in the fair value of investments on the statement of changes in net assets available for benefits. Certain administrative expenses of the Plan are paid by the Employer and are excluded from these financial statements.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Robinson, Bradshaw & Hinson, P.A. Profit-Sharing Plan

Notes to Financial Statements

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America ("GAAP") requires that management make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ materially from those estimates.

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date (the exit price). See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Participant loans are classified as notes receivable from participants measured at the unpaid principal balance plus unpaid accrued interest. The Plan classifies all notes receivable from participants with no payments received for 6 months as in default. Defaulted notes receivable from participants are deemed distributed and recorded as benefits paid to participants in the statement of changes in net assets available for benefits. During 2021, approximately \$23,000 was recorded as deemed distributions. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Concentration of Credit Risk

The Plan holds interest bearing and non-interest bearing cash deposits within the SDBA at Charles Schwab. Cash is maintained at financial institutions, which at times, balances may exceed the Federal Deposit Insurance Corporation limits of \$250,000 per depositor at each financial institution. The Plan has never experienced any significant losses related to these balances.

Payment of Benefits

Benefit payments are recorded when paid.

3. Tax Status

Effective October 1, 2020, the Plan adopted a prototype plan document of an affiliate of Charles Schwab. The IRS has determined and informed Schwab Retirement Plan Services, Inc. in an opinion letter dated June 19, 2014, that the Plan prototype and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since the date of the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Robinson, Bradshaw & Hinson, P.A. Profit-Sharing Plan

Notes to Financial Statements

In accordance with Accounting Standards Codification (“ASC”) 740, *Income Taxes*, GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Effective January 1, 2022, the Plan adopted the Schwab Retirement Plan Services, Inc. Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA Plan (“Pre-approved Plan”). The IRS ruled on September 21, 2020 that the Pre-Approved Plan, including related amendments, as designed, was in compliance with the applicable requirements of the IRC. The Plan administrator believes the Plan is currently designed and is being operated in accordance with the IRC.

4. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right to discontinue contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants’ accounts will remain fully vested and non-forfeitable.

5. Certified Investment Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Trust Bank, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year) is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020;
- Net investment income and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021; and
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan’s independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the accompanying financial statements and ERISA-Required supplemental schedule of assets (held at end of year).

6. Fair Value Measurements

ASC 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Robinson, Bradshaw & Hinson, P.A. Profit-Sharing Plan

Notes to Financial Statements

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in valuation methodologies used at December 31, 2021 and 2020. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: Mutual funds, including money market funds, represent investments with various investment managers. The mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held in the Plan are deemed to be actively traded. The money market fund is maintained at a \$1 NAV and therefore classified as Level 2 in the fair value hierarchy.

Common and/or Collective Trusts: Common/collective trusts ("CCTs") represent investments with various investment managers. Units held in the CCTs are valued at the NAV. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. There are no restrictions or unfunded commitments related to the CCTs held by the Plan. Participants may trade daily. The CCTs are direct filing entities.

Self-Directed Brokerage Accounts: Mutual funds, ETFs, common stock, preferred stock, cash and fixed income securities, which are held in the self-directed brokerage accounts and traded in active markets on national and international securities exchanges are valued at closing prices on the last business day of each period presented. Generally, corporate bonds are valued using pricing models maximizing the use of observable inputs for similar securities. Securities traded in markets that are not considered active are valued based on quoted market prices, broker or dealer quotations, or alternative pricing sources with reasonable levels of price transparency.

Robinson, Bradshaw & Hinson, P.A. Profit-Sharing Plan

Notes to Financial Statements

The preceding method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan's investment assets at fair value:

<i>December 31, 2021</i>	<i>Total</i>	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>
Mutual funds	\$ 137,516,958	\$ 123,425,228	\$ 14,091,730	\$ -
Self directed brokerage accounts	26,829,858	26,683,449	146,409	-
Total	\$ 164,346,816	\$ 150,108,677	\$ 14,238,139	\$ -
Total investments measured at the NAV as a practical expedient	20,722,635			
Total investments at fair value	\$ 185,069,451			

<i>December 31, 2020</i>	<i>Total</i>	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>
Mutual funds	\$ 125,944,730	\$ 112,953,610	\$ 12,991,120	\$ -
Self directed brokerage accounts	20,457,444	20,316,345	141,099	-
Total	\$ 146,402,174	\$ 133,269,955	\$ 13,132,219	\$ -
Total investments measured at the NAV as a practical expedient	17,703,178			
Total investments at fair value	\$ 164,105,352			

7. Related Party and Party-In-Interest Transactions

Certain Plan investments are funds managed by Charles Schwab, the Plan's trustee. Total administration expenses paid by the Plan to the trustee and record-keeper was approximately \$40,600 during the year ended December 31, 2021. These transactions qualify as exempt party-in-interest transactions as defined by ERISA. Notes receivables from participants also qualify as exempt party-in-interest transactions.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Robinson, Bradshaw & Hinson, P.A. Profit-Sharing Plan

Notes to Financial Statements

The Plan invests in common stock that invests in securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practice, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than securities of comparable U.S. companies.

9. Subsequent Events

The Plan has evaluated subsequent events from the date of the statement of net assets available for benefits through September 28, 2022, the date the financial statements were available to be issued. During this period, no material recognizable subsequent events were identified, except as follows:

Effective January 1, 2022, the Company restated the Plan to reflect remedial amendments associated with the Schwab Retirement Plan Services, Inc. restatement of its prototype plan. In connection therewith, Charles Schwab obtained an opinion letter dated September 21, 2020 from the IRS pursuant to a requirement to restate pre-approved plan documents every six years in order to maintain the Plan's tax qualified status. There were no other significant changes to the restated plan document beyond the required regulatory updates that would have a material impact to the Plan.
