Independent Auditor's Report

To the Administrative Committee of
the Chiesi USA, Inc. 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Chiesi USA, Inc. 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Chiesi USA, Inc. 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note H to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Chiesi USA, Inc. 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Independent Auditor's Report--Continued

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Chiesi USA, Inc. 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Chiesi USA, Inc. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Chiesi USA, Inc. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Independent Auditor's Report--Continued

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statement. Accordingly, we do not express an opinion on the 2020 financial statement.

Report on Form and Content in Compliance With DOL Rules and Regulations for 2020 Financial Statement

The form and content of the information included in the 2020 financial statement, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

Chiesi USA, Inc. 401(k) Retirement Plan

Year Ended December 31, 2021

NOTE A--PLAN DESCRIPTION (including a subsequent event)

The following brief description of the Chiesi USA, Inc. 401(k) Retirement Plan ("the Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's terms and provisions.

General: The Plan is sponsored by Cornerstone BioPharma, Inc. and administered by an affiliate, Chiesi USA, Inc. (the "Company"). Prior to February 3, 2014 the Plan was administered by Cornerstone Therapeutics, Inc. ("Cornerstone"); Cornerstone was acquired by Chiesi Farmaceutici S.p.A. ("Chiesi") on that date. The Company is a wholly-owned private subsidiary of Chiesi. Effective January 1, 2015, the name of the Plan changed to the Chiesi USA, Inc. 401(k) Retirement Plan. Effective June 21, 2016, the Plan was amended to allow eligible employees of The Medicines Company to participate in the Plan. Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC serve as the "Trustee" for the Plan.

The Plan is a defined contribution plan effective January 1, 2005.

Eligibility Requirements: Effective January 1, 2016, employees are eligible to participate in the Plan sixty days after date of employment and date age twenty-one is attained. The Plan provides an automatic enrollment feature whereby employees are automatically enrolled in the Plan on the first day of the following month upon meeting the eligibility requirements at a deferral rate of 4%. If an employee terminates employment after becoming a participant and is later re-employed, he becomes a participant on his re-employment date.

Directed Investment Accounts: The Plan permits every participant to direct the investment of his account balance under the Plan. Refer to Note B herein for the various investment options available.

Participant Accounts: Each participant's account is adjusted for the Participant's contribution and allocations of the Company's contributions, investment earnings (losses), and certain administrative expenses.

Allocations of investment results are based on defined Participant earnings (losses) or account balances. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant's vested account balance. In the event of a Participant's termination, as defined, unvested account balances are forfeited by the Participant and remain in the Plan to reduce future Company contributions.

Contributions: All employees can contribute a specific percentage or flat dollar amount of annual compensation up to the Internal Revenue Service ("IRS") maximum allowance. The IRS maximum allowance was \$19,500 for 2021. Annual compensation is limited to the employee's defined eligible compensation. Certain eligible Participants (age 50 and older) could contribute an additional \$6,500 as a catch-up contribution for 2021. This results in total pre-tax contributions of \$26,000 for 2021. Participants' contributions are collected by the Company through payroll deductions and forwarded to the Trustee. Contributions withheld from salaries and not yet forwarded to the Trustee are reflected as contributions receivable, if any.

Effective January 1, 2015, the Company must make mandatory matching contributions for all participants equal to 100% of 4% of eligible employee compensation. The Company made mandatory matching contributions of \$2,161,396 in 2021. The Company also made a \$405,305 true-up contribution to the Plan in October 2022 for the year ended December 31, 2021.

These mandatory matching contributions allow the Plan to be considered a "safe harbor" plan; thus, requiring no discrimination testing of deferral and matching contributions.

Chiesi USA, Inc. 401(k) Retirement Plan

NOTE A--PLAN DESCRIPTION (including a subsequent event)--Continued

The Company may also make a discretionary additional matching contribution. The Company made no such additional matching employer contributions in 2021.

Forfeited Accounts: At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$5,671 and \$0, respectively. This account will be used to reduce any matching contributions after the forfeiture is determined. The forfeitures used to reduce the Company matching contributions for the year ended December 31, 2021 were \$3.

Vesting: Participants' interest in their own contributions and the earnings thereon are fully vested at all times. Effective January 1, 2015, participants are 100% vested in Company matching contributions and earnings thereon. Participants who terminated prior to January 1, 2015, are subject to the graded vesting schedule of 25% each year and are fully vested after 4 years of service on Company matching contributions and the earnings thereon, if any. Participants will be credited with a year of service for each 12 month period from the date of hire to the date employment terminates. In the event Participants leave the Company for any reason, they are entitled to receive their vested account balance. Participants become fully vested in account balances upon death, disability, and retirement.

Funding Policy: Employer Safe Harbor Matching contributions and employee elective contributions accumulated through payroll deductions shall be paid to the trustee as of the earliest date on which contributions can reasonably be segregated from the employer's general assets, but in any event, within the time prescribed by law. Furthermore, any additional employer contributions which are allocable to participants' accounts for a Plan year shall be paid to the Plan no later than the twelve-month period immediately following the close of such Plan year.

Payment of Benefits: After Participants reach age 59-1/2, they may withdraw all or a portion of their account balance at any time and for any reason. Prior to age 59-1/2, in-service withdrawals from the Plan are allowed for unusual financial hardships. Termination withdrawals are a result of disability, termination of employment, retirement, or death.

Distributions are paid directly to an eligible retirement plan specified by the Participant (or designated beneficiary) in a direct rollover or to an Individual Retirement Account. Distributions can also be paid directly to the Participant, if so elected.

Rollover Contributions: The Plan provides for rollover contributions from other qualified retirement plans.

Notes Receivable from Participants: Under provisions of the Plan document, Participants may not borrow from their account balance.

CARES Act: On March 27, 2020, the Coronavirus Aid, Relief and Economic Security Act (the "CARES Act") was signed into law. Qualified individuals under the CARES Act are those diagnosed with COVID-19 or have a spouse or dependent who have been diagnosed, or who experience "adverse financial consequences" as a result of a quarantine, furlough, lay-off, reduction in work hours, business closure, the lack of child care, or other factors due to the COVID-19 pandemic.

Section 2202(a) of the Cares Act allows for qualified individuals to take up to \$100,000 in coronavirus-related distributions, with repayment terms of up to three years, in accordance with the CARES Act. The ability to request coronavirus related distributions under the CARES Act is permitted through December 31, 2020. The distributions without tax withholding made during 2020 may be returned to the Plan within three years, or if not returned, will be subject to ordinary taxation. Qualified individuals could also request a delay of note receivable repayments for repayments that occurred through December 31, 2020. If a delay was granted, the participant's note was reamortized and included any interest accrued during the period of delay. In addition, pursuant to the CARES Act, qualified individuals

Chiesi USA, Inc. 401(k) Retirement Plan

NOTE A--PLAN DESCRIPTION (including a subsequent event)--Continued

who were currently receiving required minimum distributions had their 2020 payment automatically waived and participants who were due to receive the first required distribution in 2020 had their distribution automatically waived. The ability to waive a required minimum distribution and delay in note repayments and take a coronavirus-related distribution under the CARES Act ceased as of December 31, 2020.

Administrative Expenses: During 2021, all of the Plan's expenses were paid by the Company; however, the Plan reserves the right to have certain Plan expenses to be paid directly from the assets of the Plan. During 2021, the Plan paid administrative expenses of \$158,992 which included \$2,250 of distribution fees paid by Participants. There are certain expenses necessary to administer the Plan (including but not limited to, retaining necessary professional assistance from an attorney, accountant, or an investment advisor) that are paid by the Company. Certain investment related expenses are recorded in investment results and are not readily determinable.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements have been prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions: Employer and employee contributions are accrued in the Plan year to which they relate.

Payment of Benefits: Benefit payments are recorded in the period in which they are paid to Participants.

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Date of Management's Review of Subsequent Events: Plan management has evaluated subsequent events through October 6, 2022, the date the financial statements were available to be issued.

Chiesi USA, Inc. 401(k) Retirement Plan

NOTE C--FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are as described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. • If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Mutual funds are publicly traded investments, and are valued daily at the closing price reported on the active market in which the securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements--Continued

NOTE C--FAIR VALUE MEASUREMENTS--Continued

The Plan did not have any significant transfers between Levels 1 and 2 during the year ended December 31, 2021 and 2020. The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

<u>Assets at Fair Value as of December 31, 2021</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Total assets in fair value hierarchy	<u>\$39,039,263</u>	<u>\$ 714,565</u>	<u>\$ 0</u>	<u>\$ 39,753,828</u>

NOTE D--RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

For the year ended December 31, 2021, there were no investments of the Plan that were in an investment fund maintained by the Trustee.

NOTE E--PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE F--TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Plan sponsor by a letter dated June 30, 2020, that the nonstandardized prototype profit-sharing plan with a cash or deferral arrangement and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

Notes to Financial Statements--Continued

Chiesi USA, Inc. 401(k) Retirement Plan

NOTE G--RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could significantly affect participants' account balances and the amounts reported in the December 31, 2021 statement of net assets available for benefits.

NOTE H--INFORMATION PREPARED AND CERTIFIED BY PLAN'S TRUSTEE

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator has elected that information certified by the trustee has not been subjected to any auditing procedures except for comparing such information to the related information contained in the accompanying financial statements and supplemental schedule. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate at December 31:

	<u>2021</u>	<u>2020</u>
Investments at fair value	\$ 52,324,986	\$ 39,753,828
Investment income	6,512,071	

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.
