Independent Auditors' Report

To the Executive Committee of
Florida Urology Partners, LLP 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed the audit of the financial statements of Florida Urology Partners, LLP 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the 2021 financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by the qualified institution. In our report dated October 11, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements; and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

FLORIDA UROLOGY PARTNERS, LLP 401(K) PLAN

Notes to Financial Statements

December 31, 2021 and 2020

(1) **Description of Plan**

The following description of the Florida Urology Partners, LLP 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document or Summary Plan Description for a more complete description of the Plan’s provisions.

(a) **General**

The Plan was originally established on January 1, 2009 and is a defined contribution plan covering all eligible employees of Florida Urology Partners, LLP (the “Company,” the “Plan Administrator,” and the “Plan Sponsor”) who have completed one year of service, which is defined as 1,000 hours in a twelve month period, and are age 21 or older. Participants can enter the Plan on a semi-annual basis on the first day of the 1st and 7th months of the plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Until May 1, 2021, the Plan operated under the Branch Banking and Trust Company (“BB&T”) Defined Contribution Prototype Plan Document and BB&T was the trustee of the Plan. Effective May 1, 2021, the Plan was restated with the adoption of the Ascensus LLC Qualified Retirement Plan Non-standardized Pre-Approved Profit Sharing Plan Document. In conjunction with the restatement, Ascensus Trust Company (“Ascensus”) became the trustee of the Plan and all plan assets were transferred from BB&T to Ascensus and Ascensus LLC became the Plan’s recordkeeper.

(b) **Contributions**

Participants may contribute up to 100% of eligible compensation on a pre-tax or Roth basis, as defined in the Plan and subject to Internal Revenue Service limitations. Participants may also contribute amounts representing distributions from other qualified retirement plans. Participants age 50 or older may also make catch-up contributions, subject to Internal Revenue Service limitations.

Under the terms of the Plan, the Company makes a safe harbor nonelective contribution of 3% of compensation to all eligible employees of the Company during the year.

Profit sharing contributions by the Company are discretionary and are subject to certain Internal Revenue Service limitations. Contributions may be reduced by forfeitures of the Plan. Employees must be eligible to contribute to the Plan, but do not have to be contributing, to receive a contribution.

(c) **Participant Accounts**

Each participant’s account is credited with the participant’s contributions, the Company’s contributions, and plan earnings. The Plan allows participants to direct their contributions to any investment option available to the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

(1) Description of Plan - Continued

(d) Vesting

Participants are immediately vested in their elective contributions and the Company's safe harbor nonelective contributions plus actual earnings thereon. Vesting in the Company's profit sharing contributions is based on years of continuous service. A participant is 100% vested after 6 years of credited service.

<u>Years of Service</u>	<u>Vested %</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

(e) Notes Receivable from Participants

Participants may borrow from their vested account balance a minimum of \$1,000 and maximum of the lesser of 50% of their vested account balance or \$50,000. The loans are secured by the balance in the participant's account and bear interest at the prime rate in effect on the date of the loan application, plus one percentage point. Principal and interest are repaid ratably through payroll deductions. Interest rates on loans outstanding as of December 31, 2021 ranged from 4.25% to 6.50%.

(f) Payment of Benefits

At age 65 and thereafter, active employees can withdraw any portion of their vested balance at any time. Participants, while employed, may make withdrawals against their vested account balance in accordance with the Plan, which generally requires the demonstration of financial hardship. Participants may also make in-service withdrawals from vested account balances beginning at age 59½.

Upon termination, retirement, death, or disability, participants or their beneficiaries may elect to receive a lump sum amount equal to the value of the vested interest in their account. Terminated participants may also elect to maintain their accounts in the Plan.

Effective January 1, 2020, the Plan was operationally amended to incorporate the provision of the Setting Every Community Up for Retirement Enhancement ("SECURE") Act which increased the age for required minimum distributions from age 70 ½ to age 72 for individuals who turned 70 ½ during calendar year 2020.

(g) **Forfeited Accounts**

At December 31, 2021 and 2020, forfeited non-vested accounts totaled approximately \$7,600 and \$150, respectively. During 2021, the Company used \$0 of plan forfeitures to reduce employer contributions and approximately \$1,500 of plan forfeitures to pay administrative expenses of the Plan.

(h) **Hardship Withdrawals**

The Plan allows participants to withdraw a portion of their account balance related only to the employees' deferrals in the event of immediate and heavy financial need. Any hardship withdrawal is limited to the amount necessary to meet the financial need and must qualify with respect to plan provisions.

Effective January 1, 2020, the Plan was operationally amended to adopt the provision under the Bipartisan Budget Act of 2018 which removed the requirement to suspend contributions for six months following receipt of a hardship withdrawal.

(i) **Plan Termination**

Although the Company expects to continue the Plan indefinitely, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan. In the event of plan termination, all benefits become fully vested.

(2) **Summary of Significant Accounting Policies**

(a) **Basis of Presentation**

The financial statements of the Plan are prepared on the accrual basis of accounting.

(b) **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

(c) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of mutual funds are valued at the net asset value ("NAV") of shares held by the Plan at year end based on quoted prices in active markets.

The Morley Stable Value Fund ("Morley Fund") is a common collective trust fund offered by the Principal Global Investors Trust Company. The Morley Fund invests principally in guaranteed investment contracts ("GICs") issued by insurance companies, synthetic investment contracts ("SICs") issued by financial institutions, insurance companies and other issuers, and securities supporting such SICs, and other similar instruments which are intended to maintain a constant NAV. The Morley Fund is valued at fair value using the NAV per share as a practical expedient. NAV is determined by dividing the fund's net assets, which represent the fair value of the underlying investments, by its units outstanding at the valuation date.

The Resources Diversified Equity, Diversified Fixed Income and Diversified Risk Mitigation Funds ("Resources Funds") are common collective trust funds offered by Alta Trust Company. The Diversified Equity Fund seeks to achieve favorable long-term returns through capital appreciation of global equity markets and invests in an array of domestic, international and emerging market equity investment strategies. The Fixed Income Fund seeks to maximize total return, while attempting to preserve capital and invests in an array of fixed income investment strategies varying in duration, quality and geographic location. The Diversified Risk Mitigation Fund seeks to provide a diversified return stream that can respond to market conditions differently than traditional fixed income and equity investments, seeking growth through a combination of capital appreciation and income with a focus on downside protection by investing in a combination of equity and fixed income investments.

Net appreciation in fair value of investments includes both realized gains and losses on investments sold during the year and unrealized gains and losses on investments held at the end of the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

(d) Administrative Expenses

Administrative expenses of the Plan may be paid from the forfeiture account or directly by the Company. Participants of the Plan may be charged with administrative and transaction-based fees on a quarterly basis.

(2) Summary of Significant Accounting Policies - Continued

(e) Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities as stated in the plan agreement. Investment securities are exposed to various risks, such as interest rate, market, and credit. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in value will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(f) Notes Receivable from Participants and Interest Recognition

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when earned.

(g) Withdrawals and Exchanges

Withdrawals and exchanges between investment fund options by participants are recorded based upon the specific proceeds and cost of the investment at the date of withdrawal or exchange.

(3) Trustee Certification of Plan Investments

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, BB&T and Ascensus, the trustees of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Total investments and notes receivable from participants as of December 31, 2021 and 2020, as shown in the statements of net assets available for benefits;
- Total investment income and related investment activity for the year ended December 31, 2021, as shown in the statement of changes in net assets available for benefits;
- The Schedule of Assets (Held at End of Year) as of December 31, 2021, as shown in the supplemental schedule.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) **Fair Value Measurements**

Accounting Standards Codification (“ASC”) Topic 820, *Fair Value Measurement*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy under ASC Topic 820 are described below. A financial instrument’s level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date;

Level 2: Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets or liabilities in active markets, quoted prices for identical assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability (such as interest rates, volatilities, prepayment speeds, credit risks, etc.), or inputs that are derived principally from or corroborated by market data by correlation or other means;

Level 3: Unobservable inputs for determining the fair values of assets and liabilities that reflect assumptions that market participants would use in pricing the assets or liabilities.

The asset’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trusts

The common collective trusts are valued at the NAV of the investments as reported by the fund administrators at year-end.

FLORIDA UROLOGY PARTNERS, LLP 401(K) PLAN

(4) Fair Value Measurements - Continued

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Description	Assets Measured at Fair Value at December 31, 2021	Fair Value Measurements Using		
		Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 17,555,552	17,555,552	-	-
Common collective trusts at NAV	4,586,489 (a)			
	\$ 22,142,041			

Description	Assets Measured at Fair Value at December 31, 2020	Fair Value Measurements Using		
		Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 17,028,742	17,028,742	-	-
Common collective trusts at NAV	585,240 (a)			
	\$ 17,613,982			

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

(5) Party-in-Interest Transactions

The Plan's investments and notes receivable from participants are managed by Ascensus. These transactions qualify as party-in-interest transactions. During 2021, the Plan paid approximately \$31,900 in fees to Ascensus and approximately \$6,800 in fees to BB&T for services provided to the Plan. The Plan also paid approximately \$28,500 in fees to investment advisors for services provided to the Plan. While these transactions qualify as party-in-interest transactions as defined in Section 3(14) of ERISA, they are expressly exempted from the prohibited transaction rules.

FLORIDA UROLOGY PARTNERS, LLP 401(K) PLAN

Notes to Financial Statements - Continued

(6) Tax Status

Effective May 1, 2021, the Plan adopted a pre-approved plan document, which obtained its latest opinion letter dated June 30, 2020, in which the Internal Revenue Service stated that the pre-approved plan document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The pre-approved plan document has been amended since receiving the opinion letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

As of December 31, 2020 and through May 1, 2021, the Plan adopted a prototype plan document, which obtained its latest opinion letter dated March 31, 2014, in which the Internal Revenue Service stated that the prototype plan document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The prototype plan document was amended since receiving the opinion letter. However, the Plan Administrator and the Plan's tax counsel believed that the Plan was designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Subsequent Events

The Plan's management has evaluated events and transactions for potential recognition or disclosure in the financial statements through October 4, 2022, the date the financial statements were available to be issued.
