INDEPENDENT AUDITOR'S REPORT

To the Trustees of
Robert McCabe Company Inc. 401(k)
Profit Sharing Plan and Trust
Loveland, Ohio

Opinion

We have audited the accompanying financial statements of Robert McCabe Company Inc. 401(k) Profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Robert McCabe Company Inc. 401(k) Profit Sharing Plan and Trust as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the year ended December 31, 2021, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Robert McCabe Company Inc. 401(k) Profit Sharing Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Robert McCabe Company Inc. 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in

accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Robert McCabe Company Inc. 401(k) Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Robert McCabe Company Inc. 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

NOTE A – DESCRIPTION OF PLAN

The following description of the Robert McCabe Company Inc. (the “Company”) 401(k) Profit Sharing Plan and Trust (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a qualified, defined contribution plan covering all full-time employees of the Company who have attained age twenty-one (21) and have completed one year of service. Employees may enroll in the Plan upon attaining the service requirements.

The Plan is a prototype plan sponsored by Paychex Retirement Services. The Plan is regularly updated to comply with tax legislation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Contributions

Each year, participants may contribute up to 50% of pre-tax annual compensation as defined in the Plan agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers nineteen (19) mutual funds and one (1) money market fund. Contributions are subject to certain IRS limitations.

Matching Contributions

Each plan year or, if the Company so chooses, at the same time tax-deferred contributions are contributed or any other time as permitted by law and regulation, the employer will make a regular matching contribution to the participant's account equal to 50% of the participant's deferral contribution up to 4% of the participant's compensation. Compensation earned before first becoming eligible to participate in the Plan is excluded in determining the amount of the matching contribution.

Profit Sharing Contributions

Each plan year, the Company has the option to make a discretionary employer profit sharing contribution to the Plan on behalf of qualifying participants. Employer profit sharing contributions are allocated to the individual accounts of qualifying participants using a pro-rata formula in the ratio that each qualifying participant's compensation bears to the total compensation of all qualifying participants for the plan year. A participant will be considered a qualifying participant, and thus entitled to share in the employer profit sharing contribution for any plan year, only if the participant has satisfied all of the eligibility requirements described above on at least one day of such plan year and has satisfied the following additional conditions: (a) the participant completes at least 500 hours of service during the plan year; (b) however, the previous condition will be waived if the participant is employed by the Company on the last day of the plan year.

Participant Accounts

Each participant's account is credited with (a) the participant's contributions, (b) the Company's contributions, and (c) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contributions and employer profit sharing contributions is based on years of credited service. Participants are 100% vested in these employer contributions after three years of credited service.

**ROBERT MCCABE COMPANY INC. 401(K)
PROFIT SHARING PLAN AND TRUST
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

Investment Options

Upon enrollment in the Plan, participants may direct employee and employer contributions into any of the investment options available to the Plan as advised by Mid Atlantic Trust Company. Participants may change their investment allocation percentages at any time.

Notes Receivable from Participants

Participants may borrow from their individual retirement accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 95% of one-half of the participant's vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.25%, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through biweekly payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant or beneficiary may elect to receive either a lump-sum distribution equal to the value of the participant's vested interest in his or her account or installment distributions over time. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Coronavirus Aid, Relief, and Economic Security (CARES) Act

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was signed into law. Qualified individuals are those diagnosed with COVID-19 or those who have a spouse or dependent who has been diagnosed, or who experienced "adverse financial consequences" as a result of a quarantine, furlough, lay-off, reduction in work hours, business closure, the lack of childcare, or other factors due to the COVID-19 pandemic. The CARES Act allowed qualified individuals to withdraw up to \$100,000 of Plan funds without a 10% early withdrawal penalty and no mandatory federal income tax withholding requirements. CARES Act distributions were subject to regular income taxes, but such taxes can be repaid pro-rata over a three-year period. The \$100,000 limit was in aggregate across all of a qualified individual's retirement plans, and amounts withdrawn from the Plan may be eligible for repayment within three years. Additionally, the CARES Act provisions provided for delaying participant loan repayments up to one year and increasing the maximum amount of such participant loans. The Plan has implemented these changes for all active Plan participants.

Forfeited Accounts

Forfeitures of all employer contributions will be allocated in the same plan year in which the forfeitures occur. Forfeitures of the Company's matching contributions and/or employer profit sharing contributions may be used to reduce employer contributions or to pay any administrative expenses incurred by the Plan. At December 31, 2021 and 2020, balances in forfeited non-vested accounts totaled \$0 in both years. Administrative expenses paid by the Plan were reduced by forfeited nonvested accounts in the amount of \$889 and \$0 during 2021 and 2020, respectively.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America and the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure of the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan agreement. At December 31, 2021 and 2020, the Plan held no contracts that are considered to be fully benefit-responsive.

DECEMBER 31, 2021 AND 2020**

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Deemed distributions of defaulted loans were issued in the amount of \$664 and \$901 during 2021 and 2020, respectively.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events

The Plan has evaluated all subsequent events through September 28, 2022, which is the date the financial statements were available to be issued.

Recent Accounting Pronouncements

In August 2018, the FASB issued Accounting Standards Update ("ASU") No. 2018-13, "*Fair Value Measurement (Topic 820): Disclosure Framework, Changes to the Disclosure Requirements for Fair Value Measurement.*" The amendments of the ASU modify the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosure information requirements for assets and liabilities measured at fair value in the statement of financial position or disclosed in the notes to financial statements. The ASU is effective for fiscal years beginning after December 15, 2019. The adoption of the provisions of ASU No. 2018-13 did not have a material impact on the Plan's financial statements.

NOTE C – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

**ROBERT MCCABE COMPANY INC. 401(K)
PROFIT SHARING PLAN AND TRUST
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2: Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly, such as: a) quoted prices for similar assets or liabilities in active markets, b) quoted prices for identical or similar assets or liabilities in inactive markets, c) inputs other than quoted prices that are observable for the asset or liability, d) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

There were no significant transfers into or out of level 1 investments during the years ended December 31, 2021 and 2020.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>December 31, 2021</u>

NOTE D – RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Robert McCabe Company, Inc. d/b/a McCabe Do-It Center, the Plan Sponsor, provides certain accounting and administrative services to the Plan for which no fees are charged.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

As of December 31, 2021, Paychex Retirement Services and Mid Atlantic Trust Company are the Plan's third-party administrator and Trustee, respectively. Morgan Stanley acts as the Plan's investment advisor. Therefore, transactions with Paychex Retirement Services, Mid Atlantic Trust Company, and Morgan Stanley qualify as party-in-interest transactions. The Plan paid administrative fees of \$13,827 to Paychex Retirement Services and advisor fees of \$12,307 to Morgan Stanley during the year ended December 31, 2021.

NOTE E – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE F – TAX STATUS

The Plan is a prototype plan offered by Paychex Retirement Services. Paychex Retirement Services obtained its latest opinion letter on April 10, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE G – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
