INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Participants and Beneficiaries
of the MJB Wood Group, LLC 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of MJB Wood Group, LLC 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of January 4, 2021, and October 31, 2020, and the related statements of changes in net assets available for benefits for the final period from November 1, 2020 to January 4, 2021 and the year ended October 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements, in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information discussed in Note C, which was certified by Reliance Trust Company, the trustee of the Plan, including any statements, reports, or documentation prepared by Mass Mutual or Empower Retirement on behalf of Reliance Trust Company, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of January 4, 2021, October 31, 2020, and October 31, 2019, and for the final period from November 1, 2020 to January 4, 2021, and the year ended October 31, 2020 that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As further discussed in Note A to the financial statements, the Board of Directors of MJB Wood 401(k) Plan, the Plan sponsor, elected to merge the Plan effective January 4, 2021. Our opinion is not modified with respect to this matter.

Other Matters

The supplemental schedules of assets (held at end of year) as of October 31, 2020, and of delinquent participant contributions for the final period from November 1, 2020 to January 4, 2021 and the year ended October 31, 2020, which are the responsibility of Plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements, but are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, it is inappropriate to, and we do not, express an opinion on the supplemental schedules referred to above.

The financial statements of the Plan as of October 31, 2019, were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated August 11, 2020 indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the 2019 financial statements taken as a whole, and (b) the form and content of the information included in the 2019 financial statements, other than that derived from the information certified by the trustee, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

MJB WOOD GROUP, LLC 401(k) PLAN

Notes to Financial Statements

January 4, 2021, October 31, 2020 and October 31, 2019

NOTE A - DESCRIPTION OF THE PLAN

The following description of the MJB Wood Group, LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

[1] Plan merger:

On October 19, 2020, the Plan Sponsor approved a resolution to merge the MJB Wood 401(k) Plan into the CoorsTek, LLC Savings and Investment Plan (the “CoorsTek Plan”). Effective January 4, 2021, the MJB Wood Group, LLC 401(k) Plan including all assets held by the plan totaling \$15,896,409, including cash of \$15,706,130 and the notes receivables from participants of \$190,279, were delivered to the Trustee of the Coors Tek Plan.

[2] General:

The Plan was a defined contribution plan covering substantially all full-time, non-union employees of MJB Wood Group, LLC, MJB Supply, LLC, MJB Precision Wood South Carolina, LLC, and MJB Precision Wood Arkansas LLC (collectively the “Company” or “Plan Sponsor” or “Employer”) who completed three consecutive months of service and were age 21 or older. Upon satisfaction of the eligibility requirements, as defined, participants were able to enter the Plan as of the next Plan entry date. Plan entry dates were November 1, February 1, May 1, and August 1 of each plan year. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The trustee of the Plan was Reliance Trust Company. The recordkeeper of the Plan was Empower Retirement LLC (“Empower”). On December 31, 2020, Empower acquired the retirement business of Massachusetts Mutual Life Insurance Company (“MassMutual”). MassMutual was the recordkeeper prior to the acquisition date.

[3] Contributions:

Participants could contribute an amount between 1% and 60% of pre-tax or after-tax annual compensation, as defined by the Plan. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. In no event could participant pre-tax and after-tax contributions exceed any statutory limitations. Participants could also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Plan provided for an Employer discretionary matching contribution as determined and approved by the Employer’s Board of Directors, based on the amount of participant salary deferrals.

For the year ended October 31, 2020, additional employer contributions and Employer matching contributions were discretionary in nature. In order to be eligible for the additional Employer and Employer matching contributions, participants must have been employed as of the last day of the Plan year and worked a minimum of 1,000 hours during the Plan year. Participants who terminated employment after the attainment of normal retirement age, became disabled, or died during the Plan year were eligible to participate in the additional Employer and Employer matching contributions regardless of service. The Company also could contribute amounts to the Plan as qualified non-elective contributions. These contributions were remitted to the Plan subsequent to the Plan year-end and were included in employer contributions receivable on the statements of net assets available for benefits.

For the final period from November 1, 2020 to January 4, 2021, the Plan was converted into a Safe Harbor plan. The Company matched 100% of the first 6% of the participant’s eligible compensation, contributed to the Plan as deferral contributions, as defined in the Plan. To be eligible for Company matching contributions, a participant must have been employed with the Company for a period of 30 days during the Plan year. Participants directed the investment of participant and employer contributions into various investment options offered by the Plan.

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[4] Participant accounts:

Each participant's account was credited with the participant's contribution and allocations of (a) the Company's contributions, (b) Plan earnings, and could have been charged with an allocation of administrative expenses paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant was entitled is the benefit that could be provided from the participant's vested account.

[5] Vesting:

Participants were immediately vested in their contributions, plus actual earnings thereon. Vesting in Employer contribution portion of their accounts, plus actual earnings thereon, was as follows:

<u>Years of Service</u>	<u>Vesting</u>
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

Participants become 100% vested in Employer contributions if a participant was still employed and became disabled or died during the Plan year.

[6] Notes receivable from participants:

Notes receivable from participants were measured at their unpaid principal balance, plus any accrued but unpaid interest. Participants could borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms ranged from one to five years; however, terms could exceed five years for the purchase of a primary residence. The loans were secured by the balance in the participant's account and bore interest at a rate of prime plus 1%, as defined. Interest rates on outstanding loan balances ranged from 4.25% to 6.50% on October 31, 2020 and October 31, 2019. There were no notes receivable balances outstanding on January 4, 2021. Principal and interest were paid ratably through payroll deductions. Delinquent notes receivable from participants were reclassified as distributions based upon the terms of the Plan document. Related fees were recorded as administrative expenses and were expensed when they are incurred.

The Coronavirus Aid, Relief, and Economic Security ("CARES") Act was signed into law on March 27, 2020 and provided certain loan provisions. Participants, who met specific conditions, were eligible to take a COVID-19 related loan up to \$100,000 (an increase from \$50,000 previously allowed) for the period March 27, 2020 to September 22, 2020. Loan repayments due between March 27, 2020 and December 31, 2020 could be suspended until December 31, 2020 for eligible participants, with the repayment amount re-amortized and the due date of the loan extended for up to 1 year.

[7] Payment of benefits:

Participants were eligible to receive benefit payments due to death, disability, retirement, termination or in-service distributions upon reaching age 59 1/2. On termination of service, a participant could elect to receive an annuity, installment payments, a lump-sum payment or a direct rollover to another qualified plan equal to the value of the participant's vested interest in his or her account. Upon death of a participant, the Plan allowed for extended payments for all beneficiaries. Hardship distributions were permitted subject to certain limits.

Notes to Financial Statements

January 4, 2021, October 31, 2020 and October 31, 2019

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[8] Forfeitures:

Forfeited nonvested accounts could be used to reduce future Employer contributions and pay Plan expenses. During the final period November 1, 2020 to January 4, 2021 and the year ended October 31, 2020, forfeitures of approximately \$6,500 and \$12,400 were used to pay Plan expenses. Forfeited nonvested accounts available at October 31, 2020 and 2019 were approximately \$14,800 and \$19,300, respectively. Forfeited nonvested accounts available at January 4, 2021 were transferred to the new plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The financial statements were prepared on the accrual method of accounting.

Investments held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

[2] Subsequent events:

The Plan has evaluated subsequent events through October 7, 2022, the date the financial statements were available to be issued.

[3] Investment valuation and income recognition:

The Plan's investments were reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation in the value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

[4] Payment of benefits:

Benefits were recorded when paid.

[5] Plan expenses:

Substantially all expenses, with the exception of fees related to notes receivable from participants and distribution fees, incurred in connection with the administration of the Plan were paid by the Company. Expenses that were paid by the Company are excluded from these financial statements.

[6] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Notes to Financial Statements

January 4, 2021, October 31, 2020 and October 31, 2019

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[7] Excess contributions payable:

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") were recorded as a liability with a corresponding reduction to contributions.

NOTE C - INVESTMENT CERTIFICATION

The Plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Reliance Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for benefits as of January 4, 2021, October 31, 2020 and October 31, 2019, the statement of changes in net assets available for benefits for the final period November 1, 2020 to January 4, 2021 and the year ended October 31, 2020 and the accompanying supplemental schedule of assets (held at end of year) as of October 31, 2020 that includes any statements, reports, or documentation prepared by Mass Mutual and Empower Retirement on behalf of Reliance Trust Company.

NOTE D - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investment assets measured at fair value. There were no changes in the methodologies used as of October 31, 2020 and October 31, 2019.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

Common collective trust – Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods were appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

At January 4, 2021, there were no assets in the Plan. The following tables set forth, by level, within the fair value hierarchy, the Plan's investment assets at fair value as of October 31, 2020 and 2019:

Investment Assets at Fair Value as of October 31, 2020

Investments at fair value	<u>\$ 8,436,157</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 9,909,469</u>

(A) Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

NOTE E - GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan had a fully benefit-responsive guaranteed investment contract with Massachusetts Mutual Life Insurance Company ("MassMutual"). MassMutual maintains the contributions in a general account. The contract was reported at contract value. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract was fully benefit-responsive, contract value was the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by MassMutual, represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The traditional investment contract held by the Plan was a guaranteed investment contract. The contract issuer was contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer that ranged from 1% to 3%. The Plan's investment was credited with interest at a rate of 2.35 % through November 30, 2019 and 2.10% through May 31, 2020. From June 1, 2020 to January 4, 2021, the Plan's investment was credited with interest at a rate of 1.85%. The crediting rate was reviewed on a quarterly basis for resetting. The Plan was liquidated at contract value, there were no surrender charges or fees incurred as part of the liquidation.

NOTE F - TAX STATUS

The Plan adopted a Volume Submitter Plan Document Plan sponsored by America 401(k). On March 31, 2014, the Internal Revenue Service ("IRS") stated in an advisory letter that the Volume Submitter adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC") and therefore, the related trust is exempt from taxation. The Plan had been amended since receiving the letter. However, the Plan administrator believed that the Plan was designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believed that the Plan was qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator had analyzed the tax positions taken by the Plan, and had concluded that as of January 4, 2021, October 31, 2020, and October 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan was subject to routine examinations by taxing jurisdictions; however, there were no examinations for any tax periods in progress.

NOTE G - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain investments are managed by Reliance Trust Company. Reliance Trust Company is the Plan trustee and Mass Mutual is the recordkeeper, therefore, transactions related to these investments qualify as party-in-interest transactions. The Plan also pays certain participant initiated transaction fees to Mass Mutual, the recordkeeper. Fees paid by the Plan to Mass Mutual were \$7,132 and \$16,272 for the final period November 1, 2020 to January 4, 2021 and the year ended October 31, 2020, respectively.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invested in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks, as well as risks related to the financial strength of the insurance company. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets could have significantly impacted the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at October 31, 2020 and October 31, 2019 may not necessarily have been indicative of amounts that could have been realized in a current market exchange.

NOTE I - MUTUAL FUND FEES

Certain investments in mutual funds were subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940. These annual fees are used to pay for marketing and distribution costs of the funds. These fees were deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

NOTE J - PLAN TERMINATION

The Company had the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants would become 100% vested in their Company contributions. See Note A.
