INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Avalon Apparel, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Avalon Apparel, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Avalon Apparel, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Avalon Apparel, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Avalon Apparel, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Avalon Apparel, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statement

We were engaged to audit the 2020 financial statement of Avalon Apparel, LLC 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statement, and (b) the form and content of the information included in the 2020 financial statement other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1 - DESCRIPTION OF PLAN

The following description of Avalon Apparel, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established as a defined contribution plan for the benefit of the employees of Avalon Apparel, LLC (the "Company" or "Plan Sponsor") under Section 401(k) of the Internal Revenue Code (the "Code"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan covers substantially all employees of the Company, who have completed at least one year of service and are 18 years of age or over. The entry dates are the first day of January or July following the date the employee meets the eligibility requirements. The Company's Board of Directors is responsible for oversight of the Plan.

Ameritas Life Insurance Corp. is the asset custodian of the Plan (“Ameritas” or “Asset Custodian”).

The recordkeeping functions are performed by Hicks Pension Services (“Third Party Administrator” or “Record Keeper”).

Contributions

Participants may elect to make pre-tax 401(k) and/or after-tax Roth contributions between 1% and 100% of their eligible compensation to the Plan each year; however, the total amount of the contribution generally may not exceed the IRS limit of $19,500 for the year ended December 31, 2021. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to $6,500 in addition to the IRS limit for the year ended December 31, 2021. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan's provisions allow the Company to make discretionary, non-elective and matching contributions, although is not required to do so. The non-elective and discretionary matching contributions will be allocated to all employees eligible to participate in the Plan at the end of each Plan year based on eligible earnings within the computation period. All employer contributions are invested in the same manner that the participant directs his or her investments. For the year ended December 31, 2021, the Company made $0 in discretionary contributions to the Plan.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

1 - DESCRIPTION OF PLAN (CONTINUED)

Investment Options

Participants must direct their salary deferral contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options any time throughout the year.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon.

The portion of the participant's account attributable to the Company's non-elective profit-sharing contributions, plus actual earnings, becomes 20% vested following two years of service as defined, and continues to vest at the rate of 20% for each successive year of service until 100% vested after six years of service, attaining normal retirement age, death, or disability. Non-elective safe harbor contributions are 100% vested immediately.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans are secured by the balance of the participant's account and bear fixed rates of interest of 2% over the Prime Rate. Principal and interest are paid ratably through payroll deductions. The maximum term for a loan is five years, except if the loan is used to acquire a principal residence, the term of the loan is 30 years. As of December 31, 2021, loans bear interest at 5.25% - 7.25% with maturity dates through May 2026.

Payment of Benefits

If a participant's employment ceases as a result of termination, normal retirement, death or disability, the participant or the participant's beneficiaries are entitled to the entire proceeds of the participant's vested account balance. Participants or their beneficiaries may receive benefit payments in a lump-sum distribution or in installments not to exceed the participant's or beneficiary's life expectancy.

In-service distributions may be made from any of the participants' vested accounts at any time for a hardship. Events that qualify for a hardship withdrawal are as follows: to cover necessary medical expenses, for costs directly related to the purchase of the participant's primary residence, for expenses related to post-secondary education, for payments necessary to prevent the participant's eviction from or foreclosure of the primary residence, burial or funeral expenses for deceased family members or expenses for repair or damage of participant's primary residence.

Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, further contributions to the Plan shall cease and all participants who are affected by such termination shall become 100% vested. Net assets available for benefits would be distributed to the participants based on each participant's account balance in the Plan.

1 - DESCRIPTION OF PLAN (CONTINUED)

Forfeited Accounts

If an employee terminates before his or her account becomes fully vested, such portion of the account is forfeited. Forfeitures may first be used to pay for plan administrative expenses and any remaining amount will be used to reduce future employer matching contributions. For the year ended December 31, 2021, no amount was used to reduce employer matching contributions from forfeited non-vested accounts. The forfeiture balance as of December 31, 2021 was $4,570.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between the market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments consists of both realized gains or losses and unrealized appreciation and depreciation of those investments.

The Plan’s indirect investment in the stable value fund is valued at the net unit value (“NUV”) of units held by the Plan at year-end based on information reported in the stable fund’s audited financial statements at year-end. The NUV is determined by the total contract value of fund assets divided by the total number of outstanding units of the fund. The Plan uses a practical expedient permitting a reporting entity to measure certain investments using the NAV per share (or its equivalent) of the investment. Because the Plan has an indirect investment in the contracts held by the stable value fund, they are not considered fully benefit responsive.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest earned on notes receivable from participants was $5,145 for the year ended December 31, 2021.

Benefits Paid

Benefits are recorded when paid.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses

Certain administration and recordkeeping expenses incurred are paid by the Plan. Fees related to administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation in fair value of investments. Expenses paid directly by the Company are excluded from these financial statements.

3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1- Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

- *Registered Investment Companies (Mutual funds)*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified as Level 1 investments.

3 - FAIR VALUE MEASUREMENTS (CONTINUED)

- *Money Market Fund:* The money market account is a public investment vehicle valued using $1 for the NAV and classified as a Level 1 investment.

- *Stable Value Fund:* The stable value fund is valued based on the NUV. The NUV is used as a practical expedient to estimated fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021, and 2020.

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,208,820	$ -	$ -	$ 4,208,820
Money market fund	4,570	-	-	4,570
	$ 4,213,390	$ -	$ -	4,213,390
Stable value fund*				24,720
Total investments, at fair value				$ 4,238,110

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,506,318	$ -	$ -	$ 3,506,318
Money market fund	4,926	-	-	4,926
	$ 3,511,244	$ -	$ -	3,511,244
Stable value fund*				198,006
Total investments, at fair value				$ 3,709,250

* In accordance with ASC 820-10, certain investments are measured at fair value using the net value per unit practical expedient and have been excluded from the fair value hierarchy. The fair value amounts presented in the above table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

4 - TAX STATUS

The Plan document is a volume submitter defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on March 31, 2014 which stated that the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

5 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risk. It is reasonably possible, given the level of risks associated with investment securities that changes in value may result in the near term which could materially affect a participant's account balance and the amounts reported in the financial statements.

6 - INVESTMENTS CERTIFIED BY THE ASSET CUSTODIAN (UNAUDITED)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Asset Custodian has certified to the completeness and accuracy of:

- Investments reflected on the accompanying statement of net assets available for benefits as of December 31, 2021 and 2020.
- Notes receivable from participants on the accompanying statement of net assets available for benefits as of December 31, 2021 and 2020, and interest earned for the year ended December 31, 2021.
- Net appreciation in fair value of investments reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Investments reflected on the supplemental schedule of assets (held at end of year).

7 - PARTY-IN-INTEREST TRANSACTIONS

A party-in-interest is defined as a fiduciary or employee of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or a relative of such persons mentioned.

The plan sponsor, administrator and asset custodian are parties-in-interest.

Fees paid by the Plan to the third party administrator were $1,776 for the year ended December 31, 2021 and are included in administrative expenses. The investments are managed by the asset custodian and transactions with the custodian qualify as exempt party-in-interest transactions.

There were no transactions with the plan sponsor.

Notes receivable from participants qualify as party-in-interest transactions but are exempt from the prohibited transactions rules of ERISA.

8 - COVID - 19

The COVID -19 pandemic has affected, and may continue to affect, the market price of the Plan assets. While the potential economic impact brought by, and duration of, COVID-19, may be difficult to assess or predict, a widespread pandemic could result in significant disruption of global financial markets. Since the extent and duration of the COVID -19 crisis remains uncertain, the related financial impact to the Plan cannot be reasonably estimated. However, the effects of COVID-19 could have a material adverse impact on the Plan's assets.

In March 2020, the Coronavirus Aid, Relief and Economic Security Act ("CARES Act") was signed into law. The CARES Act provides participants with optional relief provisions related to distributions and loans from the Plan. On April 16, 2020, the Company signed a CARES Act Plan Authorization form allowing for:

- Distributions of up to $100,000 with no early withdrawal penalty. Such distributions are rollover eligible and may be repaid within 3 years from the date of distribution.

- New loan amount may be increased to 100% of a vested account balance up to $100,000 until September 23, 2020. The first loan payment can be delayed up to one year. If payments are delayed, the five-year maximum loan duration can be extended by one year.

- Existing loans with payments due between March 27, 2020, and December 31, 2020, may be delayed up to a year. The five-year maximum loan duration may also be extended based on relief given.

9 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 28, 2022, the date which the financial statements were available to be issued.
