Ithaca, New York

We have performed audits of the financial statements of Maguire Automotive Group, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Maguire Automotive Group, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2021 and 2020, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Maguire Automotive Group, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Maguire Automotive Group, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks.

Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Maguire Automotive Group, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Maguire Automotive Group, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

MAGUIRE AUTOMOTIVE GROUP, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2021 and 2020

A. DESCRIPTION OF PLAN

The following description of the Maguire Automotive Group, LLC 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan document and adoption agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Maguire Automotive Group, LLC ("Company") and is part of a controlled group along with the Maguire CDJRWG, LLC 401(k) Plan. Employees are eligible to contribute once they have completed one (1) year of service and have completed 1,000 hours of service during that year, and are age 21 or older. The eligibility requirements are also applicable to employer matching contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Trustees are responsible for the governance of the Plan.

Contributions: Each year, participants may contribute up to 100% of pretax annual compensation as defined in the Plan, subject to limits defined by the Internal Revenue Service (IRS). Roth deferrals are also permitted. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation, and their contributions are invested in the designated default fund until changed by the participant. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers).

The Company makes matching contributions of 100% of each participant's salary deferrals, up to 2% of the employee's compensation as defined in the Plan.

The Company has the option to make additional discretionary contributions to the Plan.

Participants may direct the investment of their contributions and the Company's contribution(s) into various investment options offered by the Plan. The Plan currently offers various mutual funds, collective trusts, and a stable value fund as investment options for participants.

Participant Accounts: Each participant's account is credited with the participant's contributions, the Company's matching contribution, an allocation of any other Company contributions, and an allocation of Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contributions is graded over six (6) years of continued credited service as follows:

Years of Credited Service	Vested Percentage
Less than 1	0%
1	10%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes Receivable from Participants: Participants may borrow from their accounts, a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Participants may only have two outstanding loans at any time. The notes are secured by the balance in the participant's account and bear an interest rate commensurate with interest rates charged by local commercial banks for similar loans. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits: Upon termination of service, death, disability, or retirement (age 65), a participant may elect to receive single lump-sum distribution or installments equal to the value of the participant's vested interest in his or her account. The Plan allows for in-service withdrawals if a participant reaches age $59^1/_2$, and hardship distributions subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed $5,000, the Plan Administrator will authorize benefit payment without the participant's consent. If the balance of the terminated participant's account is between $1,000 and $5,000, the benefit will be rolled into an individual retirement account in the participant's name.

Forfeited Accounts: As of December 31, 2021 and 2020, forfeited nonvested accounts totaled $11,102 and $89, respectively. There were $27,162 and $38,130 of forfeitures used to reduce employer matching contributions during the years ended December 31, 2021 and 2020, respectively. These accounts will be used to reduce future employer matching contributions.

CARES Act: The Coronavirus Aid Relief and Economic Security Act (CARES Act) was enacted in March 2020 and included optional provisions affecting employee benefit plans. The Plan elected to adopt the following provisions:

- Distributions - Participants were permitted to take coronavirus-related distributions up to a maximum of $100,000 in 2020. These distributions are not subject to the ten percent early distribution tax but are subject to federal income tax ratably over a three-year period beginning in 2020. A participant may also elect to include the total amount in gross income for income tax purposes in 2020. Any distributions repaid within three years will result in the distribution not being subject to federal income tax.
- Participant loans - Participants were permitted to defer payments due on loans through December 31, 2020 for a period of one year.

- Participant loans - The maximum borrowing amount was increased to $100,000 for a period of 180 days from the enactment of the CARES Act.
- Required minimum distributions (RMDs) - The rules on RMDs were waived for 2020. Individuals receiving RMDs in 2020 prior to the date of the CARES Act may rollover the distribution to a qualified plan and avoid federal income taxation.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Investments are valued daily by the Plan recordkeeper. Interest and dividend income is recorded on the cash basis, which approximates accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2021, no allowance for credit losses has been recorded. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded based on the terms of the Plan document.

Benefit Payments

Benefit payments are recorded when paid.

Administrative Expenses

Certain administrative expenses of the Plan are paid directly by the Company and are therefore excluded from these financial statements. Administrative expenses of the plan are allocated to participant accounts.

C. CERTIFIED INVESTMENT INFORMATION (UNAUDITED)

The investment activities and balances included on the Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020, the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2021 and 2020, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the trustee, Great-West Trust Company, LLC, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of $13,666,984 and $12,328,931 as of December 31, 2021 and 2020, respectively; notes receivable from participants of $140,756 and $103,688 as of December 31, 2021 and 2020, respectively; related investment income of $1,520,950 and $1,570,118, and interest on notes receivable from participants of $5,814 and $7,052 for the years ended December 31, 2021 and 2020, respectively.

D. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodologies are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.
Level 2	Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as: ▪ Quoted prices for similar assets or liabilities in active markets; ▪ Quoted prices for identical or similar assets or liabilities in inactive markets; ▪ Inputs other than quoted prices that are observable for the asset or liability; ▪ Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds:
Investments are valued at daily calculated NAV and are traded at their quoted prices through the National Securities Clearing Corporation.

Common Collective Trusts (including Stable Value Fund):
Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	Assets at Fair Value as of December 31, 2021			
	Level 1	*Level 2*	*Level 3*	*Total*
Mutual funds	$ 841,165	$ -	$ -	$ 841,165
Collective trust funds	12,323,271	-	-	12,323,271
Stable value funds	502,548	-	-	502,548
Total investments at fair value	$ 13,666,984	$ -	$ -	$ 13,666,984

	Assets at Fair Value as of December 31, 2020			
	Level 1	*Level 2*	*Level 3*	*Total*
Mutual funds	$ 1,137,704	$ -	$ -	$ 1,137,704
Collective trust funds	10,884,163	-	-	10,884,163
Stable value funds	307,064	-	-	307,064
Total investments at fair value	$ 12,328,931	$ -	$ -	$ 12,328,931

E. Party-in-Interest Transactions

Plan investments include annuity contracts managed by Great-West Trust Company, LLC, the trustee of the Plan, or affiliated companies. Investment-related expenses are paid from plan assets and are included in total expenses. The Company pays certain administrative expenses for the Plan, including auditor fees and the cost of ERISA bond coverage.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

F. Tax Status

The Plan obtained an opinion letter dated March 31, 2014, in which the Internal Revenue Service stated that the form of the Plan was acceptable under the Internal Revenue Code. The Plan has since been amended and restated effective May 1, 2019 to add Maguire CS, LLC as a participating employer in the Plan and again effective January 1, 2021 to add Maguire Nissan, Inc. as a participating employer in the Plan. The Plan administrator believes that the Plan is currently designed and is being operated in compliance with the

applicable requirements of the Internal Revenue Code and therefore believes that the Plan is qualified, and the related trust is tax-exempt.
Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

G. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

H. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

I. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of balances per the financial statements for the year ended December 31, 2021 to Schedule H of Form 5500:
