INDEPENDENT AUDITORS' REPORT

To the Executive Committee of the Board of Directors and Plan Participants
Maynard Cooper & Gale, PC. 401(k) Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Maynard, Cooper & Gale, P.C. - 401k Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America (GAAS), and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Auditor’s Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform any auditing procedures with respect to the information certified by Reliance Trust Company, the custodian of the Plan. In our report dated September 21, 2021, we indicated that (1) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (2) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were prepared in compliance with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.

MAYNARD, COOPER & GALE, P.C. 401(k) PLAN AND TRUST
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

1. DESCRIPTION OF THE PLAN

The following description of the Maynard Cooper & Gale, PC. (the Firm) 401(k) Plan and Trust (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering most employees of the Firm. Employees are eligible to make salary reduction elections beginning the first day of the quarter following the employee's date of employment, but are not eligible to receive any allocation of Firm-matching contributions or discretionary non-elective profit-sharing contributions until the employee has attained one year of service, as defined. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 25% of annual compensation, as defined in the Plan. Participants, who have attained age 50 before the end of the Plan year, are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants may elect to make all pre-tax, all Roth (after-tax) or combination deferrals each pay period. The Roth deferrals will be included in the employee's ordinary taxable income and will be maintained separately from pre-tax deferrals. Earnings will accumulate on a tax deferred basis. Participants direct the investment of their contributions into various investment options offered by the Plan. All Participants have the option to self-direct their investments, which allows them to direct their investments into other desired investments outside the investment options offered by the Plan. The Firm contributes 50% of the first 3.5% of annual compensation that a participant contributes to the Plan. The Firm also contributes discretionary non-elective profit-sharing contributions. Discretionary non-elective profit-sharing contributions are allocated among participants using a range of percentages, as defined in the Plan. Participants must be actively employed during the Plan year in order to share in these discretionary non-elective profit-sharing contributions.

Additionally, the Plan allows for the Firm to make a special qualified non-elective contribution to satisfy, or prevent the failure of, certain Plan compliance requirements. There were no qualified non-elective contributions made during 2021. Contributions are subject to certain IRS limitations.

Allocation of Interest in Master Trust

The Plan's investments represent interests in Maynard, Cooper & Gale, P.C. 401(k) Master Trust (the Master Trust), which was established for the investment of assets of the Plan and another company-sponsored retirement plan. Each participating retirement plan has an undivided interest in the Master Trust. The assets of the Master Trust are held by the trustee. The value of the Plan's interest in the Master Trust is based on the beginning of the year of the Plan's interest plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. At December 31, 2021 and 2020, the Plan's interest in the net assets of the Master Trust was 98%. Investment income and administrative expenses relating to the Master Trust are allocated to the individual plans based upon the amount of time the Plan's assets were invested in the Master Trust.

MAYNARD, COOPER & GALE, P.C. 401(k) PLAN AND TRUST
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

1. DESCRIPTION OF THE PLAN – CONTINUED

Participant Accounts

Each participant's account is credited with the participant's contributions and the Firm's matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Firm's matching contribution and discretionary non-elective profit-sharing contribution is based on years of continuous service. A participant is 100% vested after six years of credited service. If a participant has reached age 65, the participant becomes 100% vested in his or her account upon termination, regardless of length of service.

Notes Receivable from Participants

Participants are able to borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested balance only when an immediate and heavy financial need existed, as defined by the Plan. The existing loans are secured by the vested balance in the participant's account. The loans bear interest at rates commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions. The Plan permits participant loans in accordance with the employer's established loan procedures as further described in the Plan Adoption Agreement.

Payment of Benefits

Upon termination of service, a participant may elect to receive an amount equal to the vested balance in his or her account in either a lump-sum or a rollover of his or her account balance. Further, the plan administrator may permit a participant who experiences a qualified financial hardship, as defined, to receive a distribution of a portion of the participant's account balance. Distributions are subject to the applicable provisions of the Plan agreement.

Forfeitures

At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$143,346 and \$107,338, respectively. These accounts will be used to reduce future employer contributions. In 2021, employer contributions were reduced by \$107,325 from forfeited nonvested accounts.

Plan Amendments

Effective October 10, 2020, the Plan was amended and restated to grant prior service credit for purposes of participation and vesting under the Plan, subject to such employees meeting the other eligibility requirements under the Plan unrelated to length of service, to the former employees of competitor employers.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Plan Amendments – Continued

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), which included several relief provisions available to tax qualified retirement plans and their participants. The provisions of the CARES Act were effective and operationalized immediately, prior to amending the Plan document. The Plan has implemented certain measures and requirements included in the CARES Act which allow qualified participants to receive coronavirus related distributions without penalty and delay repayments of any new or outstanding loans for up to one year. The limit for participant loans made between March 27, 2020 to September 22, 2020, are increased up to the lesser of (a) \$100,000 (minus outstanding plan loans of the participant), or (b) the participant's vested benefit under the Plan. Additionally, required minimum distributions beginning in 2020 will be delayed by one year, but may still be received at the request of a participant.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

The fair value of the investments in the Wells Fargo Stable Return Fund C common collective trust fund is estimated using their net asset value (NAV) per unit. The Wells Fargo Stable Return Fund C distributes income in the form of units and provides a constant redemption value. The Wells Fargo Stable Fund C invests in fully benefit-responsive investment contracts and is presented at fair value based on its NAV.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Payment of Benefits

Benefits are recorded when paid.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Firm. Expenses that are paid by the Firm are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through September 21, 2022, the date the financial statements were available to be issued.

3. CERTIFIED INFORMATION (UNAUDITED)

5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB Accounting Standards Codification (ASC) Topic 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
- Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

MAYNARD, COOPER & GALE, P.C. 401(k) PLAN AND TRUST
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

5. FAIR VALUE MEASUREMENTS – CONTINUED

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Master Trust are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Master Trust are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds, common stocks, bonds, and exchange traded funds that are valued on the basis of readily determinable market prices and money market funds valued at the NAV of shares held by the Plan at year end. Investments in common stock not traded on an active market are valued based on valuation reports utilizing the cost approach, market approach, and discounted cash flow approach. Investments in certificates of deposit are valued at the exact runoff of principal, given its contractual maturity, discounted as the appropriate rate.

The following table sets forth by level, within the fair value hierarchy, the Master Trust's assets at fair value as of December 31, 2021. Classifications within the fair value hierarchy are based on the lowest level of any input that is significant to the fair value measurement.

Description	Investment Assets at Fair Value as of December 31, 2021			
	Total	Level 1	Level 2	Level 3
Investments, at fair value				
Common stock	\$ 444,500	\$ 444,500	\$ -	\$ -

	<u>\$ 301,687,511</u>	<u>\$ 288,741,187</u>	<u>\$ -</u>	<u>\$ -</u>

^(a)This category includes various investments measured at fair value using NAV as a practical expedient. The fair value of the funds has been estimated based on the fair value of the underlying investments in the fund as previously discussed in Note 2.

^(b)In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items in the statement of net assets available for benefits.

The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items in the statement of net assets available for benefits.

Transfers Between Levels

For the years ended December 31, 2021 and 2020, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The private company common stock is considered a Level 3 investment as it is not traded on an active market. Therefore, the plan administrator values the common stock using valuation reports utilizing the cost approach, market approach and discounted cash flow approach.

The Level 3 investment assets held by the Plan do not have quantitative unobservable inputs developed by the reporting entity when measuring fair value.

In determining the reasonableness of the valuation methodology, management evaluates these inputs on an annual basis.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021 and 2020, respectively. In the event withdrawals from the stable return funds exceed readily available cash, Firm withdrawals will be paid within 12 months, and participant withdrawals will be paid within six months.

Wells Fargo Stable Return Fund C	\$12,946,324	n/a	Daily	None

December 31, 2020	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Wells Fargo Stable Return Fund C	\$14,498,021	n/a	Daily	None

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Firm has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

7. TAX STATUS

The Plan has adopted a non-standardized form of a prototype plan sponsored by Regions Bank. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Generally accepted accounting principles requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for tax years before 2018.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31 to the Form 5500:

	<u>2021</u>	<u>2020</u>
Net assets available for benefits per the financial statements	\$ 296,551,638	\$ 255,924,104
Cash surrender value of life insurance	<u>786,637</u>	<u>747,306</u>
Net assets available for benefits per the Form 5500	<u><u>\$297,338,275</u></u>	<u><u>\$256,671,410</u></u>

The following is a reconciliation of total additions per the financial statements for the year ended December 31, 2021, to total income per the Form 5500:

Total additions per the financial statements	\$ 49,702,915
Gain in cash surrender value of life insurance	<u>39,331</u>
Total income per the Form 5500	<u><u>\$ 49,742,246</u></u>

10. LIFE INSURANCE CONTRACTS

Participants in the Maynard, Cooper & Gale, P.C. Money Purchase Pension Plan and Trust could purchase life insurance with the vested funds in their participant accounts prior to January 1, 2008. The Maynard, Cooper & Gale, P.C. 401(k) Plan and Trust also allows the purchase of life insurance. At December 31, 2021, the cash surrender value for life insurance purchased by participants totaled \$786,637 (\$747,306 in 2020).

The life insurance contracts are considered to be allocated contracts since payments to the insurance companies are used to purchase contracts for specific individual participants. In accordance with generally accepted accounting principles, allocated contracts and the related benefit obligations have been excluded from the accompanying financial statements because the purchase of a contract transfers the obligation to pay the benefits and related risks to the insurance company.

Fee and Compensation Disclosure Report

This document is intended to assist a plan administrator (“you”) in completing the Form 5500 Schedule C¹ by identifying different types of compensation paid with respect to the product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2021 - 12/31/2021 and indirect compensation is presented on a calendar year basis ending 12/31/2021.

This report includes compensation actually paid to or by MassMutual within the indicated plan year as part of your MassMutual-serviced product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your MassMutual customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than MassMutual). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes with respect to services provided through our product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your MassMutual Service Team should you require additional information regarding the compensation paid to or by MassMutual with respect to your plan.

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan’s service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

¹Please refer to the Schedule C of the Form 5500 and its instructions (available at: <http://www.dol.gov/ebsa/5500main.html>), and please confer with experienced benefits counsel and other professionals, to determine the applicability of Schedule C to your plan.

The list includes any investment option held by the plan on at least one month end during the 2021 calendar year. To arrive at an estimate of the dollar amount that MassMutual received from each fund, multiply the rate of fees received from each fund by your plan's year-end balance (or if the fund was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the fund at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.
