Security Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Security Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (the 2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 8, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Security Retirement Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following brief description of Security Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General: The Plan is a defined contribution plan sponsored by ALM Holding Company (the Company). The Plan provides retirement benefits for certain employees and their beneficiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Retirement Plan Committee is responsible for the oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Participation: All employees are eligible to participate in the Plan on the first of the month immediately following the completion of 60 consecutive days of service and are age 18 or older, except custodial employees; employees included under collective bargaining agreements, other than those specified in the Plan's Adoption Agreement; Iowa benefits employees; and those eligible for the Company's Consolidated Retirement Plan or the Company's Assured Retirement Plan.

Participant voluntary contributions: The Plan allows participants to contribute up to 60% of their gross compensation, subject to limitations as set forth by the Internal Revenue Code (IRC). Eligible employees are automatically enrolled with a salary deferral contribution of 3% with a 1% annual increase (not to exceed 15%), unless the employees elect otherwise.

Employer contributions: For employees of American Materials, LLC and TexPar Energy, LLC, Bainbridge location, the Company provides a mandatory matching contribution of 50% of participant contributions up to 6% of eligible compensation, subject to an annual maximum of \$6,000. Employees must be employed on the last day of the contribution period to receive a mandatory matching contribution. The Company, at its discretion, may contribute annually from current or accumulated profits an amount determined by the Company's Board of Directors not to exceed 3% of eligible compensation. To be eligible for the employer discretionary contribution, an employee must have six months of service and be employed on the last day of the Plan year or must have retired or become permanently disabled or deceased during the Plan year.

For all other employees, the Company, at its discretion, may contribute annually from current or accumulated profits an amount determined by the Board of Directors. To be eligible for the employer discretionary contribution, an employee must have six months of service and be employed on the last day of the Plan year or must have retired or become permanently disabled or deceased during the Plan year.

The Company made matching contributions totaling \$23,059 for the year ended December 31, 2021. The Company made additional discretionary employer contributions of \$10,174 for the year ended December 31, 2021. The Company declared discretionary employer contributions of \$9,955,689 for the year ended December 31, 2021. Forfeited nonvested accounts of \$377,000 were utilized to partially fund the discretionary employer contributions, resulting in an employer profit-sharing contribution receivable of \$9,578,689 at December 31, 2021.

Participant accounts: Each participant's account is credited with the participants contributions and the mandatory matching contribution, as well as allocations of the Company's discretionary contributions, if any, Plan expenses and Plan earnings (losses). Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Notes to Financial Statements

Note 1. Description of the Plan (Continued)

Vesting: All participant contributions are vested immediately. Vesting in employer matching and discretionary contributions is based upon years of service. Participants become 20% vested after two years of service and vest ratably over years three through six. A participant becomes 100% vested upon completion of six years of service, retirement, death or total disability.

Investment options: Participants are allowed to invest in a variety of investment choices as more fully described in the Plan's literature.

Benefit payments: Benefit payments of a participant's vested interest in the Plan can be made upon attainment of age 62, the normal retirement age under the Plan. Early distributions may be made upon death, total disability or separation from service. Payment can be made in either a lump-sum, annuity, installments or partial withdrawal, within certain guidelines as defined in the Plan. Voluntary withdrawals of a participant's vested pretax contributions are allowed after attaining age 59½.

Forfeitures: As of December 31, 2021 and 2020, the Plan had a forfeited nonvested account balance of \$269,307 and \$217,852, respectively. The forfeited nonvested account balance is used to pay Plan expenses or fund future employer contributions or pay Plan expenses. The Plan used \$377,000 of forfeited nonvested accounts to partially fund the discretionary employer contributions for 2021. The Plan also used \$57,166 of forfeitures to pay 2021 Plan expenses.

Plan termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

Note 2. Significant Accounting and Plan Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation: Investments are reported at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements. The Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by an investment advisor and the Plan's trustee.

Revenue recognition: Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation or depreciation in the fair value of investments is based on the fair market value of the investments as of the end of the reporting period.

Benefit payments: Benefit payments are recorded when paid.

Administrative expenses: The Company pays certain, but not all, administrative costs of the Plan. The expenses paid directly by the Company are excluded from these financial statements. Investment-related expenses are charged against investment results.

Note 2. Significant Accounting and Plan Policies (Continued)

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the 2021 statement of net assets available for benefits.

Subsequent events: The Plan Administrator has evaluated subsequent events through October 5, 2022, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by the Plan Trustee

The following is a summary of the Plan's asset information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information provided by Fidelity Management Trust Company, the trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	December 31	
	2021	2020
Investments, at fair value:		
Registered investment companies	\$ 263,897,303	\$ 227,487,698
Collective trust funds	21,577,570	19,908,800
Money market fund	6,121,035	7,043,167
Self-directed brokerage accounts	5,491,220	4,817,977

Fidelity Management Trust Company also certified to the completeness and accuracy of \$22,132,222 of net appreciation in fair value of investments and \$16,067,283 of interest and dividends related to the aforementioned investments for the year ended December 31, 2021.

Note 4. Fair Value Measurements

Accounting standards established the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under accounting standards are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets

Security Retirement Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Registered investment companies: Investments in registered investment companies (mutual funds) are valued at the quoted market price of shares held by the Plan at year end.

Collective trust funds: The collective trust funds are valued at the net asset value (NAV) as reported by the investment manager at year-end based upon the funds' audited financial statements. The funds underlying assets consist of investment contracts, security-backed contracts and collective investment funds.

Money market fund: The money market fund is valued at cost plus accrued income, which approximates fair value.

Self-directed brokerage accounts: Self-directed brokerage accounts consist of investments in common stock, mutual funds and money market funds. Investments are categorized as Level 1 if the securities trade on national or international exchanges and are valued at their last reported closing price on the active market on which the individual securities were traded. Investments are categorized as Level 2 if the securities are not traded actively on an open market for which observable market inputs are readily available.

Life insurance investments: Life insurance investments are valued at the cash surrender value, which approximates fair value.

The methods described above may produce fair values that may not be indicative of net realizable values or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Investments at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 263,897,303	\$ -	\$ -	\$ 263,897,303

Investments at NAV:

Collective trust funds (a)	19,908,800
Total investments at fair value	<u>\$ 259,335,800</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV or its equivalent have not been classified in the fair value hierarchy. The fair value amounts in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 investments for the year ended December 31, 2021:

Life insurance investments, beginning of year	\$ 78,158
Increase in life insurance cash surrender value	3,473
Life insurance investments, end of year	<u>\$ 81,631</u>

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2021 and 2020:

Investment Category	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2021	2020			
Collective trust funds	\$ 21,577,570	\$ 19,908,800	N/A	Daily	2 days-12 months

Notes to Financial Statements

Note 5. Tax Status

The Plan has adopted a nonstandardized form of a prototype plan sponsored by FMR LLC. The prototype plan has received an advisory letter dated June 30, 2020, from the Internal Revenue Service (IRS) as to the prototype plan's qualified status. The prototype plan advisory letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are charged against net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment.

Note 7. Net Transfers from Related Plans

Due to a change in employee classification during 2021, certain participants transferred their account balances between the Plan, the Consolidated Retirement Plan, and the Assured Retirement Plan, related plans. Assets of \$138,712 were transferred into the Plan during 2021.

Security Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Security Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (the 2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 8, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Security Retirement Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following brief description of Security Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General: The Plan is a defined contribution plan sponsored by ALM Holding Company (the Company). The Plan provides retirement benefits for certain employees and their beneficiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Retirement Plan Committee is responsible for the oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Participation: All employees are eligible to participate in the Plan on the first of the month immediately following the completion of 60 consecutive days of service and are age 18 or older, except custodial employees; employees included under collective bargaining agreements, other than those specified in the Plan's Adoption Agreement; Iowa benefits employees; and those eligible for the Company's Consolidated Retirement Plan or the Company's Assured Retirement Plan.

Participant voluntary contributions: The Plan allows participants to contribute up to 60% of their gross compensation, subject to limitations as set forth by the Internal Revenue Code (IRC). Eligible employees are automatically enrolled with a salary deferral contribution of 3% with a 1% annual increase (not to exceed 15%), unless the employees elect otherwise.

Employer contributions: For employees of American Materials, LLC and TexPar Energy, LLC, Bainbridge location, the Company provides a mandatory matching contribution of 50% of participant contributions up to 6% of eligible compensation, subject to an annual maximum of \$6,000. Employees must be employed on the last day of the contribution period to receive a mandatory matching contribution. The Company, at its discretion, may contribute annually from current or accumulated profits an amount determined by the Company's Board of Directors not to exceed 3% of eligible compensation. To be eligible for the employer discretionary contribution, an employee must have six months of service and be employed on the last day of the Plan year or must have retired or become permanently disabled or deceased during the Plan year.

For all other employees, the Company, at its discretion, may contribute annually from current or accumulated profits an amount determined by the Board of Directors. To be eligible for the employer discretionary contribution, an employee must have six months of service and be employed on the last day of the Plan year or must have retired or become permanently disabled or deceased during the Plan year.

The Company made matching contributions totaling \$23,059 for the year ended December 31, 2021. The Company made additional discretionary employer contributions of \$10,174 for the year ended December 31, 2021. The Company declared discretionary employer contributions of \$9,955,689 for the year ended December 31, 2021. Forfeited nonvested accounts of \$377,000 were utilized to partially fund the discretionary employer contributions, resulting in an employer profit-sharing contribution receivable of \$9,578,689 at December 31, 2021.

Participant accounts: Each participant's account is credited with the participants contributions and the mandatory matching contribution, as well as allocations of the Company's discretionary contributions, if any, Plan expenses and Plan earnings (losses). Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Notes to Financial Statements

Note 1. Description of the Plan (Continued)

Vesting: All participant contributions are vested immediately. Vesting in employer matching and discretionary contributions is based upon years of service. Participants become 20% vested after two years of service and vest ratably over years three through six. A participant becomes 100% vested upon completion of six years of service, retirement, death or total disability.

Investment options: Participants are allowed to invest in a variety of investment choices as more fully described in the Plan's literature.

Benefit payments: Benefit payments of a participant's vested interest in the Plan can be made upon attainment of age 62, the normal retirement age under the Plan. Early distributions may be made upon death, total disability or separation from service. Payment can be made in either a lump-sum, annuity, installments or partial withdrawal, within certain guidelines as defined in the Plan. Voluntary withdrawals of a participant's vested pretax contributions are allowed after attaining age 59½.

Forfeitures: As of December 31, 2021 and 2020, the Plan had a forfeited nonvested account balance of \$269,307 and \$217,852, respectively. The forfeited nonvested account balance is used to pay Plan expenses or fund future employer contributions or pay Plan expenses. The Plan used \$377,000 of forfeited nonvested accounts to partially fund the discretionary employer contributions for 2021. The Plan also used \$57,166 of forfeitures to pay 2021 Plan expenses.

Plan termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

Note 2. Significant Accounting and Plan Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation: Investments are reported at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements. The Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by an investment advisor and the Plan's trustee.

Revenue recognition: Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation or depreciation in the fair value of investments is based on the fair market value of the investments as of the end of the reporting period.

Benefit payments: Benefit payments are recorded when paid.

Administrative expenses: The Company pays certain, but not all, administrative costs of the Plan. The expenses paid directly by the Company are excluded from these financial statements. Investment-related expenses are charged against investment results.

Note 2. Significant Accounting and Plan Policies (Continued)

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the 2021 statement of net assets available for benefits.

Subsequent events: The Plan Administrator has evaluated subsequent events through October 5, 2022, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by the Plan Trustee

The following is a summary of the Plan's asset information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information provided by Fidelity Management Trust Company, the trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	December 31	
	2021	2020
Investments, at fair value:		
Registered investment companies	\$ 263,897,303	\$ 227,487,698
Collective trust funds	21,577,570	19,908,800
Money market fund	6,121,035	7,043,167
Self-directed brokerage accounts	5,491,220	4,817,977

Fidelity Management Trust Company also certified to the completeness and accuracy of \$22,132,222 of net appreciation in fair value of investments and \$16,067,283 of interest and dividends related to the aforementioned investments for the year ended December 31, 2021.

Note 4. Fair Value Measurements

Accounting standards established the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under accounting standards are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets

Note 4. Fair Value Measurements (Continued)

- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Registered investment companies: Investments in registered investment companies (mutual funds) are valued at the quoted market price of shares held by the Plan at year end.

Collective trust funds: The collective trust funds are valued at the net asset value (NAV) as reported by the investment manager at year-end based upon the funds' audited financial statements. The funds underlying assets consist of investment contracts, security-backed contracts and collective investment funds.

Money market fund: The money market fund is valued at cost plus accrued income, which approximates fair value.

Self-directed brokerage accounts: Self-directed brokerage accounts consist of investments in common stock, mutual funds and money market funds. Investments are categorized as Level 1 if the securities trade on national or international exchanges and are valued at their last reported closing price on the active market on which the individual securities were traded. Investments are categorized as Level 2 if the securities are not traded actively on an open market for which observable market inputs are readily available.

Life insurance investments: Life insurance investments are valued at the cash surrender value, which approximates fair value.

The methods described above may produce fair values that may not be indicative of net realizable values or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	Investments at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 263,897,303	\$ -	\$ -	\$ 263,897,303
Money market fund	-	6,121,035	-	6,121,035
Self-directed brokerage accounts	4,907,212	584,008	-	5,491,220
Life insurance investments	-	-	81,631	81,631
	<u>\$ 268,804,515</u>	<u>\$ 6,705,043</u>	<u>\$ 81,631</u>	<u>275,591,189</u>

Investments at NAV:

Collective trust funds (a)	21,577,570
Total investments at fair value	<u>\$ 297,168,759</u>

	Investments at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 227,487,698	\$ -	\$ -	\$ 227,487,698
Money market fund	-	7,043,167	-	7,043,167
Self-directed brokerage accounts	3,873,696	944,281	-	4,817,977
Life insurance investments	-	-	78,158	78,158
	<u>\$ 231,361,394</u>	<u>\$ 7,987,448</u>	<u>\$ 78,158</u>	<u>239,427,000</u>

Investments at NAV:

Collective trust funds (a)	19,908,800
Total investments at fair value	<u>\$ 259,335,800</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV or its equivalent have not been classified in the fair value hierarchy. The fair value amounts in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 investments for the year ended December 31, 2021:

Life insurance investments, beginning of year	\$ 78,158
Increase in life insurance cash surrender value	3,473
Life insurance investments, end of year	<u>\$ 81,631</u>

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2021 and 2020:

Investment Category	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2021	2020			
Collective trust funds	\$ 21,577,570	\$ 19,908,800	N/A	Daily	2 days-12 months

Note 5. Tax Status

The Plan has adopted a nonstandardized form of a prototype plan sponsored by FMR LLC. The prototype plan has received an advisory letter dated June 30, 2020, from the Internal Revenue Service (IRS) as to the prototype plan's qualified status. The prototype plan advisory letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are charged against net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment.

Note 7. Net Transfers from Related Plans

Due to a change in employee classification during 2021, certain participants transferred their account balances between the Plan, the Consolidated Retirement Plan, and the Assured Retirement Plan, related plans. Assets of \$138,712 were transferred into the Plan during 2021.
