Part I	Service Provider Information (see instructions)
---------------	--

You must complete this Part, in accordance with the instructions, to report the information required for **each person** who received, directly or indirectly, \$5,000 or more in total compensation (i.e., money or anything else of monetary value) in connection with services rendered to the plan or the person's position with the plan during the plan year. If a person received **only** eligible indirect compensation for which the plan received the required disclosures, you are required to answer line 1 but are not required to include that person when completing the remainder of this Part.

1 Information on Persons Receiving Only Eligible Indirect Compensation

a Check "Yes" or "No" to indicate whether you are excluding a person from the remainder of this Part because they received only eligible indirect compensation for which the plan received the required disclosures (see instructions for definitions and conditions)..... ☒ Yes ☐ No

b If you answered line 1a "Yes," enter the name and EIN or address of each person providing the required disclosures for the service providers who received only eligible indirect compensation. Complete as many entries as needed (see instructions).

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

(2) From this plan.....	2l(2)		0

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: RSM US LLP

(2) EIN: 42-0714325

d The opinion of an independent qualified public accountant is **not attached** because:

(1) ☐ This form is filed for a CCT, PSA, or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l.

During the plan year:

a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.).....

	Yes	No	Amount
4a		X	

	Yes	No	Amount
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)			
4b		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)			
4c		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)			
4d		X	
e Was this plan covered by a fidelity bond?	X		1000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
4f		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?			
4g		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?			
4h		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
4i	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)			
4j		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?			
4k		X	
l Has the plan failed to provide any benefit when due under the plan?			
4l		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
4m		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			
4n		X	
5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year?..... ☐ Yes ☒ No If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.			
5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)			
5b(1) Name of plan(s)	5b(2) EIN(s)	5b(3) PN(s)	
5c Was the plan a defined benefit plan covered under the PBGC insurance program at any time during this plan year? (See ERISA section 4021 and instructions.) ☐ Yes ☐ No ☐ Not determined If "Yes" is checked, enter the My PAA confirmation number from the PBGC premium filing for this plan year _____.

Independent Auditor's Report

RSM US LLP

Plan Administrator
Globe Union Group Retirement and Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Globe Union Group Retirement and Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets held as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 6, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Globe Union Group Retirement and Savings Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the Globe Union Group Retirement and Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

General: The Plan was established January 1, 2001, by Globe Union Group, Incorporated (the Sponsor or Company). The Plan was adopted by all employers of the Sponsor's controlled group of employers and affiliated services group.

The plan document was restated through adoption of a non-standardized prototype plan sponsored by Fidelity Management Trust Company (Fidelity), effective January 25, 2010. This restatement provided for automatic enrollment at a percentage of the participants total salary, pay or earned income from the Company upon the participant's entry date unless the participant elects not to participate. In addition, it confirmed the Plan's existing provisions and incorporated certain elements required by ERISA.

Participation: The Plan is a defined contribution plan covering all employees who are not covered by a collective bargaining agreement. An eligible employee is defined as any person regularly employed by the Company, over 18 years of age and who has completed three months of service. An eligible employee enters the Plan immediately upon satisfying the eligibility requirements described herein, unless participation is declined.

Contributions: The Plan allows participants to contribute an amount equal to a percentage of the contributing participant's compensation on a pre-tax or post-tax basis, as defined in the Plan, but not to exceed statutory limits of the Internal Revenue Code (IRC). If upon becoming eligible, if an employee does not elect a deferral percentage on-line or by calling Fidelity, the employee will be automatically enrolled into the Plan and 3% of the employee's compensation will be withheld and contributed to the Plan as a salary deferral. In subsequent years, this increases annually by 1%, up to a maximum of 6%. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover contributions). For the year ended December 31, 2021, the Company made non-discretionary Company matching contributions calculated by 100% of the participants' deferrals on the first 1% of the participants' compensation and 50% of the next 5%. The Company match is calculated and contributed to participant accounts during each pay period.

Effective January 1, 2019, the Company amended their adoption agreement to allow for true-up Company match contribution that would be calculated based on the participant's total contributions for the calendar year going forward.

In addition to the matching contribution, the Company may make a discretionary contribution which is determined and approved by the Board of Directors annually. No discretionary contribution was made in 2021. Contributions are subject to certain limitations.

Investment options: Participants direct the investments of total account balances among various investment options consisting of shares of registered investment companies and a common/collective trust.

Globe Union Group Retirement and Savings Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Participant accounts: Each participant's account is credited with his or her contribution, the Company matching and discretionary contributions, if any, and an allocation of investment earnings or losses and expenses, if any. Allocations are based on participant earnings or account balances, as defined. Discretionary contributions are allocated based on compensation for participants employed on the last day of the plan year. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants: Participants can borrow up to 50% of the vested portion of their accounts subject to a maximum of \$50,000. The minimum note receivable amount is \$1,000. Notes receivable are subject to interest based on prevailing market rates at the time of loan origination as determined by the Company. The notes receivable are repaid through payroll deductions over periods ranging from 12 to 60 months, with the exception of notes used to purchase a principal residence, which are repayable over a maximum of 10 years. The interest rate on outstanding notes receivable was 6% for the years ended December 31, 2021 and 2020.

Vesting: Participants are immediately 100% vested in their elective deferrals, rollover contributions and the earnings thereon. Participants are vested in the Company matching contributions as follows:

<u>Completed Years of Service</u>	<u>Account Vested</u>
Less than 1 year	0%
1 year	20
2 years	100

Participants are vested in the Company discretionary contribution as follows:

<u>Completed Years of Service</u>	<u>Account Vested</u>
Less than 1 year	0%
1 year	20
2 years	40
3 years	60
4 years	80
5 years	100

In the event of death, permanent disability or retirement, the participant's account becomes fully vested. A participant who reaches age 65 will become fully vested.

Payment of benefits: On retirement, death, disability or termination of service, a participant or beneficiary may elect to receive a lump-sum distribution. In-service distributions are permitted as described in the Plan. A participant may be allowed to receive a distribution by determination that a financial hardship, as defined, has occurred.

Forfeitures: In the event of termination of employment before full vesting has occurred, the non-vested portion of the Company contribution shall be used to reduce the Company's contribution or plan expenses as determined by the Plan Administrator. Forfeitures available as of December 31, 2021 and 2020, were \$58,224 and \$15,498, respectively. In 2021, \$26,500 of forfeitures were used to offset plan expenses.

Globe Union Group Retirement and Savings Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies

Administration of the Plan and Trust: Globe Union Group, Inc. administers the Plan. The Trust created by the Plan, which holds the Plan's assets, is administered by Fidelity. According to an agreement between Fidelity and the Company, Fidelity invests the assets and makes payments to participants.

Basis of accounting: The accompanying financial statements have been prepared on the accrual basis of accounting.

Accounting estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets, liabilities and additions to and deductions from net assets, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes receivable are reclassified as distributions based upon the terms of the plan agreement.

Payments of benefits: Benefits are recorded when paid.

Coronavirus Aid, Relief, and Economic Security Act (CARES Act): Effective April 2020, certain provisions under the CARES Act relating to participant distributions and participant loans were enacted. The CARES Act allows for utilization of these provisions immediately, but requires formal adoption of the amendment no later than the last day of the plan year beginning on or after January 1, 2022. As of October 7, 2022, the Plan has not been formally amended to adopt these provisions.

Globe Union Group Retirement and Savings Plan

Notes to Financial Statements

Note 3. Information Certified and Provided by Fidelity (the Trustee)

The following is a summary of the Plan's asset and income information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by Fidelity and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from Fidelity that the information provided to the Plan Administrator by Fidelity related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedule related to the following assets and income.

	2021	2020
Shares of registered investment companies, at fair value	\$ 14,717,140	\$ 13,124,544
Units of common/collective trust fund, at fair value	\$ 1,397,426	\$ 1,407,686
Notes receivable from participants	\$ 104,892	\$ 192,097
Net appreciation in fair value of investments	\$ 1,293,699	
Interest and dividends from investments	\$ 887,799	
Interest income on notes receivable from participants	\$ 9,692	

Note 4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Globe Union Group Retirement and Savings Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Shares of registered investment companies: These shares are valued at the daily closing price as reported by the fund. Shares of registered investment companies held by the Plan are open ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The shares of registered investment companies held by the Plan are deemed to be actively traded.

Units of common/collective trust fund: Valued at the NAV of units of the common/collective trust fund. The NAV, as provided by Fidelity, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020.

	2021			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 14,717,140	\$ -	\$ -	\$ 14,717,140
Total assets in fair value hierarchy	\$ 14,717,140	\$ -	\$ -	14,717,140
Investment measured at NAV (a)				1,397,426
Investments at fair value				\$ 16,114,566

	2020			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 13,124,544	\$ -	\$ -	\$ 13,124,544
Total assets in fair value hierarchy	\$ 13,124,544	\$ -	\$ -	13,124,544
Investment measured at NAV (a)				1,407,686
Investments at fair value				\$ 14,532,230

(a) In accordance with ASC Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit the reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2021	2020			
Common/collective trust:					
Fidelity Advisor Stable Value Fund	\$ 1,397,426	\$ 1,407,686	\$ -	Daily	None

Globe Union Group Retirement and Savings Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investment from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2021, there were no significant transfers in or out of Level 3.

Note 5. Tax Status

The Plan adopted a non-standardized prototype plan sponsored by Fidelity. The prototype plan has obtained a favorable determination letter dated March 31, 2014, in which the Internal Revenue Service stated that the prototype plan is in compliance with the applicable requirements of the IRC and, therefore, is exempt from income taxes. The prototype plan's opinion letter has been relied on by the Plan. The Plan has been amended since receiving this letter. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

Note 6. Related-Party and Party-in-Interest Transactions

The Company is the plan sponsor. Certain employees of the Company provide administrative services for the Plan and are not reimbursed for their services from the Plan. Certain of the Plan's investments are mutual funds and common/collective trust managed by Fidelity. In addition, amounts reflected as administrative expenses in the amount of \$30,579 are paid to Fidelity. Fidelity is the Trustee of the Plan and, therefore, these transactions are party-in-interest transactions.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, all participants shall be fully vested and receive any amounts then credited to their accounts after adjustment for expenses, profits and losses of the Plan and any previously unallocated funds to the date of termination.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Globe Union Group Retirement and Savings Plan

Notes to Financial Statements

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2021 and 2020:

	2021	2020
Net assets available for benefits per the financial statements	\$ 16,219,458	\$ 14,724,327
Interest-bearing cash	1,005	303
Shares of registered investment companies	(1,005)	(303)
Notes receivable from participants	(104,892)	(192,097)
Participant loans	104,892	192,097
Net assets available for benefits per Form 5500	<u>\$ 16,219,458</u>	<u>\$ 14,724,327</u>

The following is a reconciliation of the change in net assets available for benefits for the year ended December 31, 2021, per the financial statements to Form 5500:

Change in net assets available for benefits per the financial statements	\$ 1,495,131
Net appreciation/depreciation in fair value of investments	1,321,020
Net appreciation/depreciation in fair value of common/collective trust	(20,511)
Net appreciation/depreciation from registered investment companies	(1,293,699)
Benefits paid	(1,926,766)
Benefit payments directly to participants or beneficiaries, including direct rollovers	1,919,956
Change in net assets available for benefits per Form 5500	<u>\$ 1,495,131</u>

Note 10. Subsequent Events

Plan management has evaluated subsequent events through October 7, 2022, the date the financial statements were available to be issued.

Independent Auditor's Report

RSM US LLP

Plan Administrator
Globe Union Group Retirement and Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Globe Union Group Retirement and Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets held as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 6, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Globe Union Group Retirement and Savings Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the Globe Union Group Retirement and Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

General: The Plan was established January 1, 2001, by Globe Union Group, Incorporated (the Sponsor or Company). The Plan was adopted by all employers of the Sponsor's controlled group of employers and affiliated services group.

The plan document was restated through adoption of a non-standardized prototype plan sponsored by Fidelity Management Trust Company (Fidelity), effective January 25, 2010. This restatement provided for automatic enrollment at a percentage of the participants total salary, pay or earned income from the Company upon the participant's entry date unless the participant elects not to participate. In addition, it confirmed the Plan's existing provisions and incorporated certain elements required by ERISA.

Participation: The Plan is a defined contribution plan covering all employees who are not covered by a collective bargaining agreement. An eligible employee is defined as any person regularly employed by the Company, over 18 years of age and who has completed three months of service. An eligible employee enters the Plan immediately upon satisfying the eligibility requirements described herein, unless participation is declined.

Contributions: The Plan allows participants to contribute an amount equal to a percentage of the contributing participant's compensation on a pre-tax or post-tax basis, as defined in the Plan, but not to exceed statutory limits of the Internal Revenue Code (IRC). If upon becoming eligible, if an employee does not elect a deferral percentage on-line or by calling Fidelity, the employee will be automatically enrolled into the Plan and 3% of the employee's compensation will be withheld and contributed to the Plan as a salary deferral. In subsequent years, this increases annually by 1%, up to a maximum of 6%. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover contributions). For the year ended December 31, 2021, the Company made non-discretionary Company matching contributions calculated by 100% of the participants' deferrals on the first 1% of the participants' compensation and 50% of the next 5%. The Company match is calculated and contributed to participant accounts during each pay period.

Effective January 1, 2019, the Company amended their adoption agreement to allow for true-up Company match contribution that would be calculated based on the participant's total contributions for the calendar year going forward.

In addition to the matching contribution, the Company may make a discretionary contribution which is determined and approved by the Board of Directors annually. No discretionary contribution was made in 2021. Contributions are subject to certain limitations.

Investment options: Participants direct the investments of total account balances among various investment options consisting of shares of registered investment companies and a common/collective trust.

Globe Union Group Retirement and Savings Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Participant accounts: Each participant's account is credited with his or her contribution, the Company matching and discretionary contributions, if any, and an allocation of investment earnings or losses and expenses, if any. Allocations are based on participant earnings or account balances, as defined. Discretionary contributions are allocated based on compensation for participants employed on the last day of the plan year. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants: Participants can borrow up to 50% of the vested portion of their accounts subject to a maximum of \$50,000. The minimum note receivable amount is \$1,000. Notes receivable are subject to interest based on prevailing market rates at the time of loan origination as determined by the Company. The notes receivable are repaid through payroll deductions over periods ranging from 12 to 60 months, with the exception of notes used to purchase a principal residence, which are repayable over a maximum of 10 years. The interest rate on outstanding notes receivable was 6% for the years ended December 31, 2021 and 2020.

Vesting: Participants are immediately 100% vested in their elective deferrals, rollover contributions and the earnings thereon. Participants are vested in the Company matching contributions as follows:

<u>Completed Years of Service</u>	<u>Account Vested</u>
Less than 1 year	0%
1 year	20
2 years	100

Participants are vested in the Company discretionary contribution as follows:

<u>Completed Years of Service</u>	<u>Account Vested</u>
Less than 1 year	0%
1 year	20
2 years	40
3 years	60
4 years	80
5 years	100

In the event of death, permanent disability or retirement, the participant's account becomes fully vested. A participant who reaches age 65 will become fully vested.

Payment of benefits: On retirement, death, disability or termination of service, a participant or beneficiary may elect to receive a lump-sum distribution. In-service distributions are permitted as described in the Plan. A participant may be allowed to receive a distribution by determination that a financial hardship, as defined, has occurred.

Forfeitures: In the event of termination of employment before full vesting has occurred, the non-vested portion of the Company contribution shall be used to reduce the Company's contribution or plan expenses as determined by the Plan Administrator. Forfeitures available as of December 31, 2021 and 2020, were \$58,224 and \$15,498, respectively. In 2021, \$26,500 of forfeitures were used to offset plan expenses.

Globe Union Group Retirement and Savings Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies

Administration of the Plan and Trust: Globe Union Group, Inc. administers the Plan. The Trust created by the Plan, which holds the Plan's assets, is administered by Fidelity. According to an agreement between Fidelity and the Company, Fidelity invests the assets and makes payments to participants.

Basis of accounting: The accompanying financial statements have been prepared on the accrual basis of accounting.

Accounting estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets, liabilities and additions to and deductions from net assets, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes receivable are reclassified as distributions based upon the terms of the plan agreement.

Payments of benefits: Benefits are recorded when paid.

Coronavirus Aid, Relief, and Economic Security Act (CARES Act): Effective April 2020, certain provisions under the CARES Act relating to participant distributions and participant loans were enacted. The CARES Act allows for utilization of these provisions immediately, but requires formal adoption of the amendment no later than the last day of the plan year beginning on or after January 1, 2022. As of October 7, 2022, the Plan has not been formally amended to adopt these provisions.

Globe Union Group Retirement and Savings Plan

Notes to Financial Statements

Note 3. Information Certified and Provided by Fidelity (the Trustee)

The following is a summary of the Plan's asset and income information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by Fidelity and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from Fidelity that the information provided to the Plan Administrator by Fidelity related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedule related to the following assets and income.

	2021	2020
Shares of registered investment companies, at fair value	\$ 14,717,140	\$ 13,124,544
Units of common/collective trust fund, at fair value	\$ 1,397,426	\$ 1,407,686
Notes receivable from participants	\$ 104,892	\$ 192,097
Net appreciation in fair value of investments	\$ 1,293,699	
Interest and dividends from investments	\$ 887,799	
Interest income on notes receivable from participants	\$ 9,692	

Note 4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Globe Union Group Retirement and Savings Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Shares of registered investment companies: These shares are valued at the daily closing price as reported by the fund. Shares of registered investment companies held by the Plan are open ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The shares of registered investment companies held by the Plan are deemed to be actively traded.

Units of common/collective trust fund: Valued at the NAV of units of the common/collective trust fund. The NAV, as provided by Fidelity, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020.

	2021			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 14,717,140	\$ -	\$ -	\$ 14,717,140
Total assets in fair value hierarchy	\$ 14,717,140	\$ -	\$ -	14,717,140
Investment measured at NAV (a)				1,397,426
Investments at fair value				\$ 16,114,566

	2020			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 13,124,544	\$ -	\$ -	\$ 13,124,544
Total assets in fair value hierarchy	\$ 13,124,544	\$ -	\$ -	13,124,544
Investment measured at NAV (a)				1,407,686
Investments at fair value				\$ 14,532,230

(a) In accordance with ASC Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit the reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2021	2020			
Common/collective trust:					
Fidelity Advisor Stable Value Fund	\$ 1,397,426	\$ 1,407,686	\$ -	Daily	None

Globe Union Group Retirement and Savings Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investment from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2021, there were no significant transfers in or out of Level 3.

Note 5. Tax Status

The Plan adopted a non-standardized prototype plan sponsored by Fidelity. The prototype plan has obtained a favorable determination letter dated March 31, 2014, in which the Internal Revenue Service stated that the prototype plan is in compliance with the applicable requirements of the IRC and, therefore, is exempt from income taxes. The prototype plan's opinion letter has been relied on by the Plan. The Plan has been amended since receiving this letter. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

Note 6. Related-Party and Party-in-Interest Transactions

The Company is the plan sponsor. Certain employees of the Company provide administrative services for the Plan and are not reimbursed for their services from the Plan. Certain of the Plan's investments are mutual funds and common/collective trust managed by Fidelity. In addition, amounts reflected as administrative expenses in the amount of \$30,579 are paid to Fidelity. Fidelity is the Trustee of the Plan and, therefore, these transactions are party-in-interest transactions.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, all participants shall be fully vested and receive any amounts then credited to their accounts after adjustment for expenses, profits and losses of the Plan and any previously unallocated funds to the date of termination.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Globe Union Group Retirement and Savings Plan

Notes to Financial Statements

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2021 and 2020:

	2021	2020
Net assets available for benefits per the financial statements	\$ 16,219,458	\$ 14,724,327
Interest-bearing cash	1,005	303
Shares of registered investment companies	(1,005)	(303)
Notes receivable from participants	(104,892)	(192,097)
Participant loans	104,892	192,097
Net assets available for benefits per Form 5500	<u>\$ 16,219,458</u>	<u>\$ 14,724,327</u>

The following is a reconciliation of the change in net assets available for benefits for the year ended December 31, 2021, per the financial statements to Form 5500:

Change in net assets available for benefits per the financial statements	\$ 1,495,131
Net appreciation/depreciation in fair value of investments	1,321,020
Net appreciation/depreciation in fair value of common/collective trust	(20,511)
Net appreciation/depreciation from registered investment companies	(1,293,699)
Benefits paid	(1,926,766)
Benefit payments directly to participants or beneficiaries, including direct rollovers	1,919,956
Change in net assets available for benefits per Form 5500	<u>\$ 1,495,131</u>

Note 10. Subsequent Events

Plan management has evaluated subsequent events through October 7, 2022, the date the financial statements were available to be issued.
