With Independent Auditor's Report

INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Brockton Visiting Nurse Association Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Brockton Visiting Nurse Association Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles (U.S. GAAP).
- The information in the financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with U.S. generally accepted auditing standards (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 financial statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Plan Administrator
Brockton Visiting Nurse Association Retirement Plan

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by qualified institutions. In our report dated October 7, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of Plan

The following description of the Brockton Visiting Nurse Association Retirement Plan (the Plan) provides general information. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

General

Brockton Visiting Nurse Association (the Association) has offered to their employees a defined contribution tax sheltered annuity plan qualifying under Section 403(b) of the Internal Revenue Code (IRC). The Association established the Plan to provide employees with a systematic means of savings and investing for the future. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Great-West Life & Annuity Insurance Company, Great-West Trust Company, Brighthouse Life Insurance Company (Brighthouse), and Lincoln National Life Insurance Company (Lincoln) (collectively, the trustees) are the trustees of the Plan. Empower Retirement, LLC (Empower) is the custodian of Great-West Trust Company.

Participation

All employees of the Association, as defined in accordance with the universal availability standards, are considered to be active participants and are eligible to enroll in the Plan for pre-tax salary reduction contributions upon hire, with the exception of the following excluded employees:

- Employees who are eligible to participate in a 401(k) plan sponsored by the Association
- Employees who normally work less than 20 hours per week
- Employees who are students performing services in the employment of a school, college, or university

For purposes of contributions other than elective deferral contributions, active participants as defined above are eligible for employer match and non-elective contributions on the first day of the month coinciding with or following completion of one year of service and when the participant has attained age 21.

Contributions

Permissible employees may contribute up to 100% of their compensation as defined by the Plan by means of payroll deductions as of the date they become eligible to participate in the Plan (upon hire). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also elect to make special Section 403(b) catch-up contributions. Participants may also make direct rollover contributions to the Plan from other eligible retirement plans as defined by the Plan.

BROCKTON VISITING NURSE ASSOCIATION RETIREMENT PLAN

Notes to Financial Statements

December 31, 2021 and 2020

The Association matches 25% of each eligible participant's elective deferral contribution to the Plan, up to 1% of total compensation.

The Association may also make a discretionary non-elective contribution based on years of service to eligible participants during the year as follows:

	<u>Non-Union Employees</u>	<u>Union Employees</u>
Less than 1 year of service	- %	- %
1 year but less than 10 years of service	1.25 %	2.50 %
10 years but less than 15 years of service	1.50 %	3.00 %
15 years of service but less than 20 years of service	1.75 %	3.50 %
20 years of service and thereafter	2.25 %	4.50 %

Contributions are subject to certain IRC limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Association's contribution and Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferrals plus actual earnings thereon. Vesting in the Association's contributions is based on years of continuous service. A participant's vested interest in their account derived from employer contributions and investment earnings shall be based on a six year vesting schedule.

A participant becomes immediately 100% vested in accounts derived from employer contributions and investment earnings upon death, disability, or attainment of normal retirement age (age 65).

Forfeitures

Participants who terminate their employment prior to becoming 100% vested forfeit their non-vested account balance. These benefits, plus accumulated investment earnings, are left in the Plan to reduce employer contributions for the succeeding plan year. At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$16,811 and \$13,025, respectively. During the year ended December 31, 2021, the Association reduced employer contributions by \$5,261 from forfeited nonvested accounts.

Payment of Benefits

Upon termination of employment due to severance, disability, or death, a participant or beneficiary may receive an amount equal to the value of the participant's vested interest in his or her account. In-service withdrawals are also permitted for financial hardship, attainment of age 59½ or attainment of normal retirement age (65). If a participant incurs a hardship, as defined by the Plan, the participant may receive the entire amount credited to the participant's account from elective deferral contributions and rollovers. After attaining age 59½, but before age 65, a participant may make in-service withdrawals if the participant's account is fully vested.

Distributions of account balances may be in any form permitted by the Plan (lump sum, installment, or annuity). A participant who terminates employment with a vested account balance of \$1,000 or less and does not elect to receive a distribution will receive an involuntary cash-out distribution in the form of a lump-sum payment. A participant who terminates employment with a vested account balance between \$1,000 and \$5,000, and does not elect to receive a distribution, will have their vested account balance automatically rolled over to an individual retirement account.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of certain assets, liabilities, and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 10 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Participants may borrow up to \$50,000, subject to certain limitations and vested account balance, as set forth in the Plan document.

BROCKTON VISITING NURSE ASSOCIATION RETIREMENT PLAN

Notes to Financial Statements

December 31, 2021 and 2020

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Substantially all administrative expenses are paid by the Association; however, certain expenses, including recordkeeping and contract administration services, are paid by the participants.

Subsequent Events

Management has considered transactions or events occurring through October 3, 2022, which is the date that the financial statements were available to be issued. Management has not evaluated subsequent events after that date for inclusion in the financial statements.

3. Information Certified by Trustees

All investments, investment transactions, net appreciation in fair value of investments, notes receivable from participants, and interest and dividends were certified as complete and accurate by the trustees. This information is included in the following:

- Statements of Net Assets Available for Benefits
- Statement of Changes in Net Assets Available for Benefits
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year)

4. Guaranteed Interest Account

The MassMutual SF Guaranteed investment option is a guaranteed interest account (GIA) provided through a group annuity contract (the Contract). Under the terms of the Contract, a crediting rate is established for amounts invested in the GIA and participants may direct permitted withdrawals and/or transfer transactions of all or a portion of their account balance at contract value. Contract value represents contributions plus credited interest less participant withdrawals and fees. MassMutual considers this investment option to be fully benefit-responsive notwithstanding the Contract provisions that limit the ability of the Plan to transact at contract value when market value event occurs.

Because the GIA is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the GIA.

BROCKTON VISITING NURSE ASSOCIATION RETIREMENT PLAN

Notes to Financial Statements

December 31, 2021 and 2020

Certain events may limit the ability of the Plan to transact at contract value. Such events include but may not be limited to a participant termination of employment due to: (1) removal of a group of participants from plan coverage as a result of temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the Plan; (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; or (4) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the Plan sponsor's business. Such events also include: (1) removal from the Plan of one or more groups or classifications of participants; (2) partial or complete plan termination; or (3) plan disqualification.

The average yield earned by the Plan and average interest rate credited to participant accounts was 1.67% during the year ended December 31, 2021.

5. Life Insurance Contracts

The Plan has six fully benefit-responsive life insurance contracts: four with Brighthouse, one with Lincoln and one with Transamerica Employee Benefits. The contributions are maintained in a general account. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The group annuity contract issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the life insurance contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the life insurance contracts.

There are no reserves against contract value for credit risk of the contract issuers or otherwise. The crediting interest rates are based on a formula agreed upon with the issuers. Such interest rates are reviewed on an annual basis for resetting. The guaranteed minimum interest rates under the contracts range from 0% - 3%.

Certain events limit the ability of the Plan to transact at contract value with the issuers. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan); (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any event that would limit the Plan's ability to transact at contract value with participants is probable of occurring.

The contracts do not permit termination of the agreement by the trustees prior to the scheduled maturity date.

Notes to Financial Statements

December 31, 2021 and 2020

6. Parties-in-Interest

Certain of the Plan's investments are managed by the trustees and, therefore, their transactions qualify as party-in-interest transactions. Fees paid by the Plan to the trustees for recordkeeping and contract administration services totaled \$53,341 for the year ended December 31, 2021.

7. Plan Termination

Although it has not expressed any intent to do so, the Association has the right to terminate the Plan subject to the provisions of ERISA.

8. Tax Status

The Plan has been designed to qualify under Section 403(b) of the IRC. The terms of the Plan have been prepared to conform to sample language provided by the Internal Revenue Service.

The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for plan participants under Section 403(b). Plan management believes the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

9. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Fair Value Measurement

Financial Accounting Standards Board Accounting Standards Codification Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value that provides a fair value hierarchy which prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

BROCKTON VISITING NURSE ASSOCIATION RETIREMENT PLAN

Notes to Financial Statements

December 31, 2021 and 2020

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Mutual funds are valued at the quoted market value of shares held by the Plan at year-end which are traded in an active market.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ <u>11,041,672</u>	\$ <u> </u> -	\$ <u> </u> -	\$ <u>11,041,672</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ <u>9,990,305</u>	\$ <u> </u> -	\$ <u> </u> -	\$ <u>9,990,305</u>

11. Exclusion of Certain Accounts

The Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. U.S. GAAP requires that these accounts and the income and distributions be included in the accompanying financial statements. The investment income and distributions related to such accounts have also been excluded from the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity and custodial accounts and the related income and distributions are not determinable.
