Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Chase Chevrolet Company, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITORS' REPORT (continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Chase Chevrolet Company, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Chase Chevrolet Company, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA
The supplemental Schedule of Assets (Held at End of Year) and the supplemental Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

INDEPENDENT AUDITORS' REPORT (continued)

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter — Auditor's Report on the 2020 Financial Statement
We were engaged to audit the 2020 financial statements of the Chase Chevrolet Company, Inc. 401(k) Profit Sharing Plan for the 2020 Plan Year. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform auditing procedures with respect to the information certified by a qualified institution. In our report dated September 29, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1: Description of Plan

The following description of the Chase Chevrolet Company, Inc. 401(k) Profit Sharing Plan provides only general information. Participants should refer to the Plan's Adoption Agreement and Summary Plan Description for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all full-time employees of Chase Chevrolet Company, Inc. ("the Company") except reclassified non-employees and drivers of trade cars, who have three months of service and are age 21 or older. It is subject to the provisions of the Employee Retirement Security Act of 1974 (ERISA).

Administration. Under the terms of the Plan, certain corporate officer's of the sponsor are designated as Plan Trustee. The Plan has contracted with Empower Retirement, a division of Great-West Life & Annuity Insurance Company ("Empower"), through various wholly owned subsidiary companies, to act as custodian, trustee, and record keeper for the Plan. The wholly owned subsidiary companies that interact with the plan are Great-West Trust Company, LLC as custodian and trustee, and Empower Retirement, LLC as record keeper.

Contributions. Each year, participants may contribute from 1% to 100% of included compensation, as defined in the Plan, and subject to IRS annual limits. Participants may also contribute amounts representing distributions from other qualified plans and make Roth Contributions. The Company may match employee contributions at the discretion of the Board of Directors or contribute an amount which it designates as a qualified nonelective contribution. The Company did not make any contributions to the Plan for the year ending December 31, 2021.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution, if any, (b) Plan earnings, and (c) forfeitures of terminated participants' nonvested accounts. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 100% vested after six years of service.

Forfeitures and Fee Credits. The total non-vested portion of terminated participants' account balances are used by the plan sponsor to reduce employer matching contributions or plan expenses. No forfeitures were generated or used during the year ended December 31, 2021. There were no remaining unused forfeitures available as of December 31, 2021. Fees credits of $6,526 were generated in 2021, and $12,100 of fee credits were used in 2021 to pay plan expenses. Total fee credits of $7,200 were available as of December 31, 2021 to be used to offset plan expenses or be allocated to participants as an additional non-elective contribution.

Investment Options. Upon enrollment in the Plan, a participant may direct employee contributions in various increments to the mutual fund investments or the guaranteed investment contract administered by Empower Retirement. Participants may change their investment options on a daily basis and select from a variety of mutual fund investments or the guaranteed investment contract option.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes fund. Loans may be paid over a reasonable period of time not to exceed five years; however, if the loan is for the purchase of a principal residence, a longer term may be permitted. The loans are secured by the balance in the participant's account and bear interest at a rate of one percent plus the prime rate as stated in *The Wall Street Journal* in effect on the first day of the month in which the loan is issued.

Note 1: Description of Plan (continued)

Payment of Benefits. On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump sum amount, or in deferred installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. All investments available in the plan allow for daily redemptions with no redemption notice period required.

Amendments. - The Great West Defined Contribution Pre-Approved Plan Base Document was restated to incorporate changes in the law since the last Base Document was approved by the Internal Revenue Service on March 15, 2014. The Plan adopted this new Base Document effective January 22, 2021. Adoption of the new base document had no effect on current plan provisions.

Note 2: Summary of Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that effect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation - The Plan's investments primarily consist of shares of registered investment companies (mutual funds) and the Key Guaranteed Portfolio Fund ("Key Fund"). Mutual funds and are stated at fair value as determined by quoted market price as reported by Empower Retirement. The Key Fund is valued at contract value as reported by Empower Retirement.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Risks and Uncertainties - The Plan provides for various investment options which are exposed to a variety of risks, including interest rate, market fluctuations, valuation, and credit risks. Due to the level of risk associated with certain investments, it is possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

Purchases and Sales of Securities - Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits - Benefits are recorded when paid.

Subsequent Events - Plan management has evaluated subsequent events through September 23, 2022 the date the financial statements were available to be issued.

Note 3: Information Certified by Trustee

Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, a division of Great-West Life & Annuity Insurance Company, the custodian of the Plan, have certified as to the completeness and accuracy of all investments and participant notes receivable reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020, the investment activities and loan interest reflected on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021, and all investment information reflected in the supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021, in accordance with 29 CFR 2520.103-8(c) of the Department of Labor's Rules and Regulation for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This information has been certified as complete and accurate to the best of our knowledge

Note 4: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

Note 5: Tax Status

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code, and, accordingly, the trust's net investment income is exempt from income taxes. The Plan has obtained a favorable tax determination letter from the Internal Revenue Service dated June 30, 2020.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administration has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

Note 6: Administrative and Investment Fees

The direct administrative fees of $14,746 consist of $2,646 of participant transaction charges, $1,500 in documentation fees, and the prior year audit fee of $10,600.

The record keeper, Empower Retirement, receives indirect record keeping compensation paid by each mutual fund that is part of the Plan. The fee is based on average assets held in each fund, and the rate varies by mutual fund provider. Total investment expenses charged by each mutual fund or by the Key Guaranteed Portfolio Fund, including record keeping fees, range from 0.28% to 1.57% of average assets depending on which investments are selected. Expenses charged by each mutual fund or by the Key Guaranteed Portfolio Fund, and deducted from investment returns, were approximately $39,000 for the year ended December 31, 2021. Empower Retirement provided a fee credit of $6,526 during 2021. Total administrative charges by Empower Retirement, net of fee credits, were approximately 0.58% of average assets. The Plan Sponsor did not pay significant administrative fees to Empower Retirement for the year ended December 31, 2021.

Note 7: Fair Value Measurements

Financial Accounting Standards Board ASC 820-10 (formerly FASB Statement No. 157, Fair Value Measurements), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets:

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input hat is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the net asset value ('NAV') of shares held by the plan at year end as reported by Great-West Trust Company, LLC, the trustee of the Plan, based on quoted market prices.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 7: Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Fair Value
Mutual Funds	$ 5,706,696	$ -	$ -	$ 5,706,696
Total assets at fair value	$ 5,706,696	$ -	$ -	$ 5,706,696

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Fair Value
Mutual Funds	$ 5,003,791	$ -	$ -	$ 5,003,791
Total assets at fair value	$ 5,003,791	$ -	$ -	$ 5,003,791

Note 8: Investment Contract With Insurance Company - Key Guaranteed Portfolio Fund

The Plan has entered into a deposit contract with Great-West Life & Annuity Company ("Great-West"), the parent of Empower Retirement, to provide participants the Key Guaranteed Portfolio Fund ("Key Fund") investment option. The Key Fund is an obligation of Great-West, and invested assets are commingled with the other assets in Great-West's general account. There is no specific portfolio of assets in which the Plan's Key Fund assets are invested. The crediting interest rate is backed by the income received from assets held in the general account and Great-West's guarantee. Amounts allocated to the Key Fund will earn interest at the higher of the rate guaranteed under the contract or the current rates established each quarter and declared in advance by Great-West. The crediting interest rate may change each quarter and applies to all money deposited in the plan's Key Guaranteed Portfolio Fund. The minimum guaranteed crediting rate was 0% at December 31, 2021.

The investment is considered fully benefit responsive and normal participant withdrawals and transfers from the Key Guaranteed Portfolio Fund are processed at contract value. If the Plan were to request a liquidation, surrender charges and/or market value adjustments may apply. A significant deterioration in the creditworthiness of Great-West may result in participants' receiving less than full contract value. Approximately 19% of the plan's assets are invested in the Key Guaranteed Portfolio Fund.

Contract Value for the Key Guaranteed Portfolio Fund is as follows:

	2021	2020
Traditional investment contract	$ 1,362,647	$ 1,144,761

Note 9: Party-Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Some of the plan investments are mutual funds and contracts managed by Great-West, the trustee. Great-West is the investment advisor for these investments, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Great-West for investment management services of these underlying mutual funds and contracts is included as a reduction of the return on each fund. Notes receivable from participants also reflect party-in-interest transactions.

Note 10: Prohibited Transactions - Delinquent Participant Contributions

During the year ending December 31, 2021, the Plan sponsor inadvertently failed to deposit $3,221 of participant deferrals within the required timeframe as stated by the United States Department of Labor (DOL). The DOL considers late deposits to be prohibited transactions. Plan management has directed the plan sponsor to calculate and deposit the lost earnings into the affected participant's account.
