INDEPENDENT AUDITORS' REPORT

September 28, 2022

To the Plan Administrator
Trib Total Media, LLC & Subsidiary
Master Plan for Savings and Investment
Greensburg, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Trib Total Media, LLC & Subsidiary Master Plan for Savings and Investment (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021 and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements of Trib Total Media, LLC & Subsidiary Master Plan for Savings and Investment performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Trib Total Media, LLC & Subsidiary Master Plan for Savings and Investment Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Trib Total Media, LLC & Subsidiary Master Plan for Savings and Investment Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Trib Total Media, LLC & Subsidiary Master Plan for Savings and Investment Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Trib Total Media, LLC & Subsidiary Master Plan for Savings and Investment Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at Year End) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Trib Total Media, LLC & Subsidiary Master Plan for Savings and Investment. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 4, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

TRIB TOTAL MEDIA, LLC & SUBSIDIARY
MASTER PLAN FOR SAVINGS AND INVESTMENT
NOTES TO THE FINANCIAL STATEMENTS

Note 1 – Plan Description

The following brief description of Trib Total Media, LLC & Subsidiary Master Plan for Savings and Investment (the Plan) provides only general information. Participants should refer to the plan document for a complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all eligible employees of Trib Total Media, LLC (the Company) and 535 Media, LLC (a related employer). Fidelity Management Trust Company (Fidelity) serves as the trustee for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Investment Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility – The Plan covers all employees 21 years of age or older who have completed six months of service by the end of a twelve month period except for employees covered by a collective bargaining agreement for which benefits have been the subject of good faith negotiations, and interns. Unless employees elect otherwise, eligible participants are automatically enrolled in the Plan.

Contributions – Participants – Participants may make salary savings contributions to the Plan up to 60% of pre-tax annual compensation. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Pre-tax and catch-up contributions are limited to the maximum allowable annual contributions as determined by Internal Revenue Service (IRS) limitations. Participants may make deferrals to the Plan on an after-tax basis in accordance with Roth 401(k) provisions of the Economic Growth and Tax Reconciliation Act of 2001. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Prior to February 1, 2018, automatically enrolled participants had their deferral rate set at 3% of eligible compensation. Effective February 1, 2018, the automatic enrollment rate was increased to 4% of eligible compensation, which increases 1% each year in January up to a maximum deferral rate of 10% and contributions are invested in a designated balance fund until changes by the participant.

Contributions – Employer – Safe Harbor Nonelective – The employer has elected to make safe harbor contributions, in an amount equal to 4% of eligible compensation, to all employees who are eligible to participate on the Plan during the plan year.

Vesting – Participants are always 100% vested in their contributions, safe harbor matching and qualified nonelective contributions plus actual earnings thereon. Vesting in any top-heavy contributions plus actual earnings thereon is according to the following table:

Years of Service	Percentage of Vesting
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

Note 1 – Plan Description (continued)

Participant Accounts – Participant accounts are credited with the participant's contributions and allocations of the Company's contribution and plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which participant is entitles is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants – Participants may borrow from their fund account a minimum of $1,000 to a maximum equal to the lesser of one-half of their vested account balance, or $50,000, reduced by the highest outstanding loan balance in their account during the prior twelve month period. Up to 50% of a participant's vested account balance may be used as collateral for any loan. The loan interest rate, determined at the time of the loan issuance, is set at 1 percent above the prime rate, as defined. Principal and interest are paid ratable through after-tax payroll deductions on at least a quarterly basis over a five year period unless the loan is for the purchase of a principal residence in which case the loan repayment period may not extend beyond 10 years from the date of the loan.

Retirement – Normal retirement occurs on the first day of the month coinciding with or following an employee attaining age 65. A participant may elect to postpone retirement until age 70 ½.

Payment of Benefits – A participant will receive a lump-sum amount equal to his or her vested account balance. Payment is available to a participant only at retirement, termination of employment, the attainment of age 59 ½, or permanent and total disability. Payment is made to a participant's designated beneficiary upon death. The Plan has provisions for hardship withdrawals under certain circumstances.

Forfeitures – At December 31, 2021 and 2020, forfeited nonvested balances totaled $2,093 and $2,049, respectively. Forfeitures may be used to reduce future employer contributions.

Note 2 – Summary of Significant Accounting Policies

Basis of Presentation – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment if recorded.

Valuation of Investments and Investment Transactions – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Board of Directors determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 4 for discussion of fair value measurements.

Note 2 – Summary of Significant Accounting Policies (continued)

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Gain and losses on the sale of investments are determined on weighted average cost which includes transaction expense. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits – Benefits are recorded when paid.

Expenses – Fees related to benefit payments and the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Recordkeeping fees are also charged to the participant's account. These fees are reduced by credits received under revenue sharing agreements. Participants may elect to enroll in investment advisory services. These fees are based on a percentage of the participant's assets and are charged directly to the participant's account and are included in administrative expenses. Other investment related expenses are included in net change in fair value of investments. All other expenses incurred by the Plan are paid by the Company.

Subsequent Events – The Plan has evaluated subsequent events through September 28, 2022, the date the financial statements were available to be issued.

Note 3 – Financial Information Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company, except for comparing such information certified by Fidelity to information included in the Plan's financial statements and supplemental schedule.

The trustee certified to the completeness and accuracy of all investment activity reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the information reflected on the supplemental schedule as of December 31, 2021:

	2021	2020
Statements of net assets available for benefits:		
Investments at fair value	$48,296,324	$43,916,731
Notes receivable from participants	$272,096	$308,807
Statement of changes in net assets available for benefits:		
Net appreciation in fair value of investments	$4,011,792	
Interest and dividends	$2,806,411	
Interest income on notes receivable from participants	$15,805	

Note 4 – Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability had a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset and liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Registered investment companies are valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open end funds that are registered with the Securities and Exchange Commission. There funds are required to publish their daily net assets value and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

There have been no changes in the valuation methodologies used at December 31, 2021 and 2020.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 – Fair Value Measurements (continued)

The following table sets forth by Level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021

Description	Total	Level 1	Level 2	Level 3
Registered investment companies	$ 48,296,324	$ 48,296,324	$ -	$ -
Total assets at fair value	$ 48,296,324	$ 48,296,324	$ -	$ -

Assets at Fair Value as of December 31, 2020

Description	Total	Level 1	Level 2	Level 3
Registered investment companies	$ 43,916,731	$ 43,916,731	$ -	$ -
Total assets at fair value	$ 43,916,731	$ 43,916,731	$ -	$ -

There were no significant transfers among investment levels during the years ended December 31, 2021 and 2020.

Note 5 – Related Party Transactions and Party-In-Interest Transactions

Certain plan investments are shares of registered investment companies managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, there transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Expenses paid by the Plan for investment advisory fees and transaction fees amounted to $60,661 for the year ended December 31, 2021. This amount was reduced by $128,351 in fee credits from revenue sharing arrangements.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has reserved the right to terminate the Plan or reduce or cease contributions at the discretion of the Board of Directors, or to amend the Plan at any time and in any respect, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their account balance.

Note 7 – Tax Status

The Plan uses a prototype plan document sponsored by Fidelity Management & Research Company. The IRS has determined and informed Fidelity Management & Research Company by a letter dated June 30, 2020, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified.

Note 7 – Tax Status (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan's tax returns for 2018, 2019, and 2020 are subject to examination by the taxing authorities, generally for three years after they were filed.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 – Plan Amendments

The Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to $100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. In addition, the Plan adopted the temporary loan repayment deferral provision of the CARES Act. The deferral provision adopted by the Plan allows qualified Plan participants who have Plan loan repayments to defer such repayments until December 31, 2020.

Effective June 1, 2020, the Plan was amended to allow amounts received under revenue sharing agreements to be allocated to Plan participants.

On July 22, 2021, the Plan was amended to allow participants to change their contribution deferral elections each payroll period.

INDEPENDENT AUDITORS' REPORT

September 28, 2022

To the Plan Administrator
Trib Total Media, LLC & Subsidiary
Master Plan for Savings and Investment
Greensburg, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Trib Total Media, LLC & Subsidiary Master Plan for Savings and Investment (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021 and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements of Trib Total Media, LLC & Subsidiary Master Plan for Savings and Investment performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Trib Total Media, LLC & Subsidiary Master Plan for Savings and Investment Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Trib Total Media, LLC & Subsidiary Master Plan for Savings and Investment Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Trib Total Media, LLC & Subsidiary Master Plan for Savings and Investment Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Trib Total Media, LLC & Subsidiary Master Plan for Savings and Investment Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at Year End) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Trib Total Media, LLC & Subsidiary Master Plan for Savings and Investment. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 4, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

TRIB TOTAL MEDIA, LLC & SUBSIDIARY
MASTER PLAN FOR SAVINGS AND INVESTMENT
NOTES TO THE FINANCIAL STATEMENTS

Note 1 – Plan Description

The following brief description of Trib Total Media, LLC & Subsidiary Master Plan for Savings and Investment (the Plan) provides only general information. Participants should refer to the plan document for a complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all eligible employees of Trib Total Media, LLC (the Company) and 535 Media, LLC (a related employer). Fidelity Management Trust Company (Fidelity) serves as the trustee for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Investment Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility – The Plan covers all employees 21 years of age or older who have completed six months of service by the end of a twelve month period except for employees covered by a collective bargaining agreement for which benefits have been the subject of good faith negotiations, and interns. Unless employees elect otherwise, eligible participants are automatically enrolled in the Plan.

Contributions – Participants – Participants may make salary savings contributions to the Plan up to 60% of pre-tax annual compensation. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Pre-tax and catch-up contributions are limited to the maximum allowable annual contributions as determined by Internal Revenue Service (IRS) limitations. Participants may make deferrals to the Plan on an after-tax basis in accordance with Roth 401(k) provisions of the Economic Growth and Tax Reconciliation Act of 2001. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Prior to February 1, 2018, automatically enrolled participants had their deferral rate set at 3% of eligible compensation. Effective February 1, 2018, the automatic enrollment rate was increased to 4% of eligible compensation, which increases 1% each year in January up to a maximum deferral rate of 10% and contributions are invested in a designated balance fund until changes by the participant.

Contributions – Employer – Safe Harbor Nonelective – The employer has elected to make safe harbor contributions, in an amount equal to 4% of eligible compensation, to all employees who are eligible to participate on the Plan during the plan year.

Vesting – Participants are always 100% vested in their contributions, safe harbor matching and qualified nonelective contributions plus actual earnings thereon. Vesting in any top-heavy contributions plus actual earnings thereon is according to the following table:

Years of Service	Percentage of Vesting
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

Note 1 – Plan Description (continued)

Participant Accounts – Participant accounts are credited with the participant's contributions and allocations of the Company's contribution and plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which participant is entitles is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants – Participants may borrow from their fund account a minimum of $1,000 to a maximum equal to the lesser of one-half of their vested account balance, or $50,000, reduced by the highest outstanding loan balance in their account during the prior twelve month period. Up to 50% of a participant's vested account balance may be used as collateral for any loan. The loan interest rate, determined at the time of the loan issuance, is set at 1 percent above the prime rate, as defined. Principal and interest are paid ratable through after-tax payroll deductions on at least a quarterly basis over a five year period unless the loan is for the purchase of a principal residence in which case the loan repayment period may not extend beyond 10 years from the date of the loan.

Retirement – Normal retirement occurs on the first day of the month coinciding with or following an employee attaining age 65. A participant may elect to postpone retirement until age 70 ½.

Payment of Benefits – A participant will receive a lump-sum amount equal to his or her vested account balance. Payment is available to a participant only at retirement, termination of employment, the attainment of age 59 ½, or permanent and total disability. Payment is made to a participant's designated beneficiary upon death. The Plan has provisions for hardship withdrawals under certain circumstances.

Forfeitures – At December 31, 2021 and 2020, forfeited nonvested balances totaled $2,093 and $2,049, respectively. Forfeitures may be used to reduce future employer contributions.

Note 2 – Summary of Significant Accounting Policies

Basis of Presentation – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment if recorded.

Valuation of Investments and Investment Transactions – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Board of Directors determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 4 for discussion of fair value measurements.

Note 2 – Summary of Significant Accounting Policies (continued)

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Gain and losses on the sale of investments are determined on weighted average cost which includes transaction expense. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits – Benefits are recorded when paid.

Expenses – Fees related to benefit payments and the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Recordkeeping fees are also charged to the participant's account. These fees are reduced by credits received under revenue sharing agreements. Participants may elect to enroll in investment advisory services. These fees are based on a percentage of the participant's assets and are charged directly to the participant's account and are included in administrative expenses. Other investment related expenses are included in net change in fair value of investments. All other expenses incurred by the Plan are paid by the Company.

Subsequent Events – The Plan has evaluated subsequent events through September 28, 2022, the date the financial statements were available to be issued.

Note 3 – Financial Information Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company, except for comparing such information certified by Fidelity to information included in the Plan's financial statements and supplemental schedule.

The trustee certified to the completeness and accuracy of all investment activity reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the information reflected on the supplemental schedule as of December 31, 2021:

	2021	2020
Statements of net assets available for benefits:		
Investments at fair value	$48,296,324	$43,916,731
Notes receivable from participants	$272,096	$308,807
Statement of changes in net assets available for benefits:		
Net appreciation in fair value of investments	$4,011,792	
Interest and dividends	$2,806,411	
Interest income on notes receivable from participants	$15,805	

Note 4 – Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability had a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset and liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Registered investment companies are valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open end funds that are registered with the Securities and Exchange Commission. There funds are required to publish their daily net assets value and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

There have been no changes in the valuation methodologies used at December 31, 2021 and 2020.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 – Fair Value Measurements (continued)

The following table sets forth by Level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021

Description	Total	Level 1	Level 2	Level 3
Registered investment companies	$ 48,296,324	$ 48,296,324	$ -	$ -
Total assets at fair value	$ 48,296,324	$ 48,296,324	$ -	$ -

Assets at Fair Value as of December 31, 2020

Description	Total	Level 1	Level 2	Level 3
Registered investment companies	$ 43,916,731	$ 43,916,731	$ -	$ -
Total assets at fair value	$ 43,916,731	$ 43,916,731	$ -	$ -

There were no significant transfers among investment levels during the years ended December 31, 2021 and 2020.

Note 5 – Related Party Transactions and Party-In-Interest Transactions

Certain plan investments are shares of registered investment companies managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, there transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Expenses paid by the Plan for investment advisory fees and transaction fees amounted to $60,661 for the year ended December 31, 2021. This amount was reduced by $128,351 in fee credits from revenue sharing arrangements.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has reserved the right to terminate the Plan or reduce or cease contributions at the discretion of the Board of Directors, or to amend the Plan at any time and in any respect, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their account balance.

Note 7 – Tax Status

The Plan uses a prototype plan document sponsored by Fidelity Management & Research Company. The IRS has determined and informed Fidelity Management & Research Company by a letter dated June 30, 2020, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified.

Note 7 – Tax Status (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan's tax returns for 2018, 2019, and 2020 are subject to examination by the taxing authorities, generally for three years after they were filed.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 – Plan Amendments

The Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to $100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. In addition, the Plan adopted the temporary loan repayment deferral provision of the CARES Act. The deferral provision adopted by the Plan allows qualified Plan participants who have Plan loan repayments to defer such repayments until December 31, 2020.

Effective June 1, 2020, the Plan was amended to allow amounts received under revenue sharing agreements to be allocated to Plan participants.

On July 22, 2021, the Plan was amended to allow participants to change their contribution deferral elections each payroll period.
