Independent Auditor's Report

To the Plan Administrator
ViaTech Publishing Solutions, Inc 401(k) Savings Plan
Dallas, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of ViaTech Publishing Solutions, Inc. 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and

- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks.

Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following brief description of the ViaTech Publishing Solutions, Inc. 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan Document and Summary Plan Description for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally effective January 1, 1996, most recently restated effective January 1, 2016, covering substantially all employees of ViaTech Publishing Solutions, Inc. (the "Company") who have completed six months of service. An eligible participant can elect to enroll in the Plan immediately upon meeting the eligibility requirements. Those covered by a collective bargaining agreement and nonresident aliens are not eligible to participate in the Plan. Investments are participant directed and the Company controls and manages the operation and administration of the Plan. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

All plan investments are held and managed by the Plan's trustee, Reliance Trust Company ("Reliance" or the "Trustee"). ADP Retirement Services ("ADP") is the recordkeeper for the Plan.

Contributions

For the year ended December 31, 2021, the participants may contribute up to 90% of their annual compensation to the Plan, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other tax-qualified plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. Effective July 1, 2021 the Plan was amended to allow for Roth 401(k) contributions and In-Plan Roth rollover contributions.

The Company has the option of granting a discretionary employer matching contribution. This percentage is to be determined by the Company on a uniform basis for all employees. No discretionary matching contributions were made by the Company in 2021. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's discretionary matching contributions, if any are made to the Plan during the year. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant salaries, accounts or deferrals, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contribution plus actual earnings thereon. Vesting in the Company's discretionary matching contributions portion of a participant's account is based on years of service. Participants vest 20% after two years of service, an additional 20% each year thereafter, and are fully vested after six years. The Company's discretionary matching contributions,

if any, and earnings thereon vest on a graduated basis over a period from two to six years of service, as defined.

Participants also become fully vested in their accounts if they reach normal retirement age (age 65), death, or terminate employment due to becoming disabled.

Notes Receivable from Participants

The Plan provides for up to two loans outstanding at any time to participants which are repaid through payroll deductions. All notes are secured by the participant's vested account balance and bear a reasonable rate of interest as determined by the Plan administrator based on the prevailing interest rates charged by a commercial lending institution. Principal and interest are paid ratably through payroll deductions. Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 reduced by their highest outstanding note balance during the previous twelve months or 50 percent of their vested account balance. The terms of the notes range from 1 to 5 years, or longer when the note is used for the purchase of a principal residence.

Payment of Benefits

Upon termination or separation of service, death, disability, retirement, or age 59 ½ (minimum distribution of $500), a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments to be paid evenly over a specified period. Employees may also make hardship withdrawals on the balance of their account with the minimum distribution of $500.

Vested balances, not including amounts attributable to rollover contributions, less than $5,000 may be automatically distributed in the form of a lump sum payment after termination of employment. Vested account balances over $5,000 may remain in the Plan unless otherwise required by the Plan's minimum distribution requirements.

Forfeitures

Forfeitures are used to reduce any Company discretionary match or to pay administrative expenses of the Plan. At December 31, 2021 and 2020, the Plan did not have any forfeited nonvested accounts.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan, which currently include mutual funds.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes

therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. Interest rates for loans outstanding at December 31, 2021 ranged from 4.25% to 8.75%.

Excess Contribution Refund Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. During 2021, no participants exceeded the maximum contribution limit allowed by the IRS.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Administrative expenses that are paid by the Company are excluded from these financial statements.

Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Contributions

Participant contributions and discretionary employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation.

3. Information Certified by Reliance Trust Company (Unaudited)

All investments are held by the Trustee under the Plan's trust agreement at December 31, 2021 and 2020. The Plan administrator has elected the method of annual reporting permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and participant notes receivable, as reflected in the Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020;
- Net investment income and interest earned on participant notes receivable, as reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021;
- Investment values disclosed in Note 4; and
- Investments, as reflected in Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021.

The Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to this certified information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurement

The Plan follows the provisions of Accounting Standards Codification ("ASC") 820, "Fair Value Measurement." ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. The mutual fund investments can be liquidated on a daily basis.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and reflect management's best estimate of what market participants would use as fair value.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following tables set forth by level within the fair value hierarchy the Plan investment assets at fair value:

Investment Assets at Fair Value as of December 31, 2021

	Level 1	Level 2	Level 3	Total
Mutual funds	**$ 7,711,151**	**$ -**	**$ -**	**$ 7,711,151**
Total at fair value	**$ 7,711,151**	**$ -**	**$ -**	**$ 7,711,151**

Investment Assets at Fair Value as of December 31, 2020

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 6,945,184	$ -	$ -	$ 6,945,184
Total at fair value	$ 6,945,184	$ -	$ -	$ 6,945,184

The mutual funds were valued using observable current market information as of December 31, 2021 and 2020 (Level 1). There have been no changes in the methodology used at December 31, 2021 and 2020.

5. Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

6. Tax Status

The Plan has adopted ADP's non-standardized prototype plan. Accordingly, the Plan is permitted to rely on ADP's opinion letter. The Internal Revenue Service has determined and informed ADP by a letter, dated July 16, 2014, that the prototype plan is designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes the Plan is

designed and being operated in compliance with the applicable provisions of the IRC and, therefore, believes that the Plan is qualified.

GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there is currently no audit for any tax period in progress.

7. Related Party and Party-in-Interest Transactions

The Trustee is a party-in-interest as defined by ERISA. The Trustee receives both the Company's and participants' contributions, invests the contributions pursuant to the participants' investment elections, and distributes monies in accordance with the trust and service agreements. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

8. Risks and Uncertainties

The Plan provides for various investment options in mutual funds which are exposed to various risks, such as interest rate, market and credit risks. Further, due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Subsequent Events

For purposes of determining the effect of subsequent events on these financial statements, management has evaluated events subsequent to December 31, 2021 and through the date of this issuance of the financial statements on September 30, 2022.

Effective May 1, 2022, the Plan was amended and restated in its entirety due to regulatory requirements. The Plan adopted a non-standardized pre-approved prototype plan document, which received an advisory letter dated October 6, 2020, stating that the prototype document, as then designed, satisfies the applicable provisions of the IRC, and therefore, is tax exempt. There were no significant changes to plan provisions as a part of the restatement.
