INDEPENDENT AUDITORS' REPORT

Board of Trustees
Carpenters and Joiners Defined Contribution Plan
Bloomington, Minnesota

Opinion

We have audited the accompanying financial statements of Carpenters and Joiners Defined Contribution Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Carpenters and Joiners Defined Contribution Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Carpenters and Joiners Defined Contribution Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Carpenters and Joiners Defined Contribution Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

CLA (CliftonLarsonAllen LLP) is an independent network member of CLA Global. See CLAglobal.com/disclaimer.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Carpenters and Joiners Defined Contribution Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Carpenters and Joiners Defined Contribution Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 DESCRIPTION OF PLAN

The following description of the Carpenters and Joiners Defined Contribution Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established January 1, 1996 as a result of collective bargaining agreements between the North Central States Regional Council of Carpenters (the Union) and the Associated General Contractors of Minnesota, Minneapolis and Saint Paul Builders Division, Minnesota Drywall and Plaster Association, and Carpenters Contractors Association (the Employers) to provide retirement benefits for those employees covered under collective bargaining agreements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan was most recently restated effective January 1, 2015 and amended effective May 1, 2021.

Participant Accounts

Employees become participants upon completion of 400 hours of work for an employer that is a signatory to a Collective Bargaining Agreement with the Union in a 24-month period. Upon becoming a participant, contributions made on behalf of the participants are transferred from the general fund to the participant directed investments. Employees of the Union are also allowed to participate in the Plan in certain cases where the Union has signed a Participation Agreement to allow that to occur. Each participant's account is fully vested. Employer contributions during the year are added to each account. Each participant's account is credited daily with contributions, allocations of plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Distributions, if any, are subtracted from the related participants' accounts. The general fund balance of $9,813,490 and $8,905,453 was unallocated at December 31, 2021 and 2020, respectively, for participants who are working towards vested status.

Contributions

Participating employers contribute to the Plan a stipulated amount for each hour worked by the member pursuant to the current collective bargaining agreement between Employers and the Union. The Plan does not allow for employee contributions except for qualified rollovers.

The Plan has reciprocal agreements with other local unions. In accordance with these agreements, the Plan is required to remit funds received and is entitled to receive funds from participating employers on behalf of temporary employees to and from the employees' participating local unions. Reciprocal contributions received and paid are recorded as employer contributions in the statement of changes in net assets available for benefits.

Effective May 1, 2021, the Plan was amended to adopt the Flex-Choice Allocation Program, whereby certain eligible employees (Flex-Choice Participants) may allocate Employer contributions between the Plan and the Carpenters and Joiners Welfare Fund.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Contributions (Continued)

Employers' contributions are subject to audit, and any delinquent accounts are subject to liquidated damages of 10% of the amounts due. At any point in time, certain accounts are receivable by the Plan due to audit results and may be the subject of various disputes or legal actions. Such accounts receivable are recognized based on the ultimate collectibility as determined by management.

Payment of Benefits

Benefits are payable upon retirement, death, or other termination of employment. Employees may elect the method of benefit distribution according to specifications outlined in the Plan agreement. A participant's account, if less than $1,000, is automatically distributed upon the occurrence of a break-in-service, as defined by the Plan. Participants may also take a hardship distribution in the event of potential loss of a participant's principal residence due to foreclosure, contract cancellation, or eviction.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting.

Plan Termination

Although it has not expressed any intent to do so, the Board of Trustees has the right to terminate the Plan, subject to the provisions of ERISA. Plan assets may be used only for the exclusive benefit of participants and their beneficiaries.

Investment Valuation and Income Recognition

The Plan's investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expense during the reporting period. Actual results could differ from those estimates.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits

Benefits are recorded upon distribution.

Administrative Expenses

Expenses incurred in connection with the general administration of the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. Certain investment-related expenses are included in net appreciation in fair value of investments presented in the accompanying statements of net assets available for benefits.

Concentration of Credit Risk

The Plan maintains its cash balances in a high credit quality financial institution in Minnesota. Accounts at this institution are insured by the Federal Deposit Insurance Corporation up to $250,000. At times, such cash balances may be in excess of the insurance limit.

Employer Contributions Receivable

Contributions due but not paid prior to year-end are recorded as contributions receivable. Reciprocal contributions receivable is also included with employer contributions receivable. Delinquent contributions and payroll audit findings are individually analyzed for collectability. As of December 31, 2021 and 2020, all outstanding contributions receivable amounts are reported net of contributions considered uncollectible by the Plan.

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through August 24, 2022, the date the financial statements were available to be issued.

NOTE 3 FAIR VALUE OF INVESTMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

NOTE 3 FAIR VALUE OF INVESTMENTS (CONTINUED)

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at December 31, 2021 and 2020.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2021 and 2020.

Pooled Separate Account: Valued at the net asset value (NAV) of units as determined by the insurance company. NAV is a readily determinable fair value and is the basis for current transactions.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2021			
	Level 1	Level 2	Level 3	Total
Assets:				
Pooled Separate Accounts	$ -	$ 665,184,651	$ -	$ 665,184,651

	2020			
	Level 1	Level 2	Level 3	Total
Assets:				
Pooled Separate Accounts	$ -	$ 559,493,322	$ -	$ 559,493,322

NOTE 4 PLAN TAX STATUS

The Internal Revenue Service (IRS) determined and informed the Plan by letter, dated February 26, 2016, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving this determination letter. However, the Plan administrator and the Plan's counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 RISKS AND UNCERTAINTIES

The Plan invests in a variety of investments. In general, investments are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 PARTY-IN-INTEREST TRANSACTIONS

Minnesota Life Insurance Company (MLIC) is the insurance company that holds the investments of the Plan and, therefore, transactions with MLIC qualify as party-in-interest transactions.

NOTE 7 RELATED PARTY TRANSACTIONS

At December 31, 2021 and 2020, there was a receivable from the Carpenters and Joiners Welfare Fund (Welfare Fund) of $775,875 and $463,210, respectively, for contributions initially deposited in to the Welfare fund cash account.
