Independent Auditor's Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Yokem Motors, LLC 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise of the statement of net assets available for benefits as of December 31, 2021 and the fifteen month period ending December 31, 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan by a bank, or similar institution, or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Yokem Motors, LLC 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Yokem Motors, LLC 401(k) Profit Sharing Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Yokem Motors, LLC 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Yokem Motors, LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Yokem Motors, LLC 401(k) Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

1. Description of Plan

The following description of the Yokem Motors, LLC (the “Company”) 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions. The Plan is a tax-qualified defined contribution plan under Section 401(a) of the Internal Revenue Code of 1986, as amended, which provides retirement, disability, or death benefits for eligible employees of the Company. The Plan is subject to various provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

In 2019, the Plan’s year end was changed from September 30 to December 31. The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.104-50 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the plan administrator has deferred the independent audit of three-month period ending December 31, 2019, the short plan year. The short plan year is included in the audited financial statements of the fifteen-month period ending December 31, 2020.

On March 27, 2020, President Trump signed the Coronavirus Aid, Relief and Economic Security Act (“CARES Act”), which allowed the Plan to adopt several new provisions during the year, including the following:

For coronavirus-related distributions made before December 31, 2020, to qualified individuals, as defined in the CARES Act, the maximum distribution was the lesser of the vested portion of the participant’s account balance in the Plan or \$100,000. Active participants are also allowed to repay coronavirus-related distributions at any time during the three-year period beginning on the day after the day on which the distribution was received.

In addition, required minimum distributions were also suspended during 2020 and loan payments were allowed to be deferred for up to one year.

In July of 2021, the company changed recordkeepers. On July 15, 2021 participants began contributing to funds managed by Securian Financial. On July 21, assets of \$11,314,576 were transferred to the new recordkeeper.

- (a) *Participant accounts.* Each participant’s account is credited with the participant’s voluntary contribution, the Company’s profit-sharing contribution and Plan earnings, which are allocated proportionately among all participants based on their investment in each fund.
- (b) *Employee contributions.* Participants are permitted to contribute up to the maximum deferral amount indicated by the Internal Revenue Service (IRS), to the Plan on a tax-deferred basis. Transfers from qualified plans are allowed under the provisions of the Plan. The Plan has an automatic escalation feature which provides for a 2% increase to a participant’s deferral rate annually up to 12%, unless the participant opts out.

- (c) *Employer contributions.* The Company may contribute annually a discretionary profit-sharing contribution based on the Company's profits in an amount equal to a specified percentage of the participant's base salary. The Company may also contribute a discretionary match contribution. The Company matched 2% of eligible compensation for participating employees for the year ended December 31, 2021 and fifteen month period ending December 31, 2020. The Company also made profit sharing contributions in the amount of \$49,185 and \$47,500 for the year ended December 31, 2021 and fifteen month period ending December 31, 2020, respectively.
- (d) *Vesting.* Participants are fully vested in their employee contributions plus actual earnings thereon. Vesting in non-elective and profit-sharing contributions and earnings thereon, is based on years of service and is determined as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

- (e) *Forfeitures.* Forfeitures of non-vested Company contributions are used first to reduce Plan expenses and then Company contributions. As of December 31, 2021, the balance in the forfeitures account was \$30,170.
- (f) *Payment of benefits.* On termination of service due to death, disability, retirement, or upon reaching normal retirement age, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of not more than his or her life expectancy. If the value of the distribution exceeds \$5,000, the Plan allows participants to elect to receive distributions as follows: lump sum, substantially equal installments or partial withdrawals or installments. If the value of the distribution does not exceed \$5,000, the Plan will distribute the participant's value of the vested interest in his or her account as a lump-sum distribution.

In-service distributions are also available to participants who have attained the age 59 ½.

- (g) *Plan restatement.* The Plan was adopted effective October 1, 1971. It has since been restated effective July 15, 2021, in accordance with the Pension Protection Act of 2006.
- (h) *Plan expenses.* Investment related expenses are included in the net appreciation of the fair value of investments.

2. Summary of Significant Accounting Policies

- (a) *Basis of accounting.* The financial statements of the Plan are prepared under the accrual method of accounting, except for the cash basis recording of benefits paid.

2. Summary of Significant Accounting Policies (Continued)

- (b) *Investment valuation and income recognition.* The Plan's investments are stated at fair value, (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

- (c) *Use of estimates.* The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of Plan assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

3. Information Certified by the Plan's Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2021 and 2020, and investment income for the year ended December 31, 2021 that is disclosed in the accompanying financial statements, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustee of the Plan.

4. Fair Value Measurements

FASB ASC #820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC #820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

4. Fair Value Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at, December 31, 2021.

Pooled separate accounts: Valued at the net asset value (NAV) of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021

	Level 1	Level 2	Level 3	Investments Measured at NAV	Total
Pooled separate accounts	-	-	-	7,716,055	7,716,055
Investment at fair value	-	-	-	7,716,055	7,716,055

Assets at Fair Value as of December 31, 2020

	Level 1	Level 2	Level 3	Investments Measured at NAV	Total
Mutual funds	10,167,914	-	-	-	10,167,914
Total assets in the fair value hierarchy	10,167,914	-	-	-	10,167,194
Investments measured at net asset value	-	-	-	-	122,113
Investment at fair value	10,167,914	-	-	-	10,290,027

4. **Fair Value Measurements** (Continued)

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments measured at fair value based on NAV per share as a practical expedient as of, December 31, 2021 and 2020, respectively.

<u>December 31, 2021</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
Pooled separate accounts	\$7,716,055	N/A	Daily	N/A
<u>December 31, 2020</u>				
JPMorgan Stable Asset Income Fund (CCT)	\$112,113	N/A	Daily	N/A

5. **Plan Termination**

Although it has not expressed any intent to do so, the Company has reserved the right to terminate the Plan or reduce or cease contributions at the discretion of the Board of Trustees, or to amend the Plan at any time and in any respect. However, no such action may deprive any participant or beneficiary under the Plan of any vested right.

6. **Plan's Tax Status**

The Company adopted a Prototype Non-Standardized Profit-Sharing Plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service (IRS) on June 30, 2020, which stated that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since then, however, the plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and has no income subject to unrelated business income tax.

7. **Fully Benefit-Responsive Investment Contracts**

The Plan invests in a traditional investment contract. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The investment contract held by the Plan is a guaranteed investment contract in which the issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and is declared in advance. The rates are periodically reviewed for resetting.

Generally, the issuer processes distributions and transfers from the investment within a reasonable period of time after a participant request is received in good order. However, under certain conditions, as described in the Account Rider of the Group Annuity Contract, transfers from the Fixed Income Account may be limited or deferred, and distributions may be subject to a market value adjustment.

8. Related Party Transaction

Certain Plan investments are shares of mutual funds managed by Securian Financial. Securian Financial is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

9. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2021 and December 31, 2020 to Schedule H of Form 5500:

	<u>2021</u>	<u>2020</u>
Net assets available for benefits per the financial statements	11,912,463	10,309,347
<u>Subtract:</u> Contributions receivable	<u>(50,000)</u>	<u>(19,320)</u>
Net assets available for benefits per Schedule H to the Form 5500	<u>11,862,463</u>	<u>10,290,027</u>

The following is a reconciliation of the changes in net assets available for benefits per the financial statements at December 31, 2021 to Schedule H of Form 5500:

	<u>December 31, 2021</u>
Changes net assets available for benefits per the financial statements	1,603,116
Less: Current year employer receivable	(50,000)
Add: Prior year employer receivable	<u>19,320</u>
Net total investment income per Schedule H to the Form 5500	<u>1,572,436</u>

The differences arise from the financial statements being prepared on the accrual basis of accounting and the Form 5500 being prepared on the cash basis of accounting.

11. Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transaction and events that affect the financial statements. Subsequent events have been evaluated through October 4, 2022, which is the date the financial statements were available to be issued.
