INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the Aberdeen Standard Investments Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of the Aberdeen Standard Investments Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Plan management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Plan management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section:

- the amounts and disclosures in the 2021 Financial Statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 Financial Statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that Plan management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Aberdeen Standard Investments Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Plan Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Plan management's election of the ERISA Section 103(a)(3)(C) audit does not affect Plan management's responsibility for the financial statements.

In preparing the financial statements, Plan management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Aberdeen Standard Investments Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Plan management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Aberdeen Standard Investments Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Plan management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Aberdeen Standard Investments Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—2021 Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by institutions that Plan management determined meet the requirements of ERISA Section 103(a)(3)(C).

Other Matter—Auditor's Report on the 2020 Financial Statement

We were engaged to audit the 2020 financial statement of the Aberdeen Standard Investments Inc. 401(k) Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by qualified institutions. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statement, and (b) the form and content of the information included in the 2020 financial statement other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Aberdeen Standard Investments Inc. 401(k) Profit Sharing Plan
Notes to Financial Statements
As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

1. Description of Plan

The following description of the Aberdeen Standard Investments Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of Aberdeen Standard Investments Inc. and related participating employers (the "Company" or "Plan Sponsor") who have attained age 21. Collectively bargained employees, non-resident aliens with no U.S. source income, leased employees, temporary and seasonal employees, unless credited with 1,000 hours of service in a 12-month period, and regular non-benefits eligible employees and expatriates are excluded from participation in the Plan. The profit-sharing employer contribution portion of the Plan is open only to participants who complete at least 250 hours of service within a consecutive three-month period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan's record-keeper is Empower Retirement ("Empower") and the trustee is Reliance Trust Company ("RTC"). The retirement business of Massachusetts Life Insurance Company ("MassMutual") was acquired on December 31, 2020 by Empower.

During 2021, the Artio Global Investors Inc. Employees' 401(k) Savings Plan was merged with and into the Aberdeen Standard Investments Inc. 401(k) Profit Sharing Plan (see Note 10). During 2021, assets of \$7,634,745 were transferred into the Plan as a result of the merger.

Contributions

The Plan provides that contributions each year will consist of (a) voluntary employee contributions up to 80% of eligible compensation, as defined in the Plan, subject to Internal Revenue Service ("IRS") limitations, (b) catch-up contributions for participants who have attained age 50, (c) participant rollover amounts representing distributions from other qualified defined benefit or defined contribution plans, and (d) a discretionary Company profit-sharing contribution, as defined in the Plan. Contributions may be designated as Roth 401(k) contributions. Participants must be employed on the last day of the year but are not required to make deferral contributions to receive the Company profit-sharing contribution. The Company made a profit-sharing contribution equal to 15% of each participant's eligible compensation for the year ended December 31, 2021.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan 30 days after their date of hire at an amount equal to 6% of their eligible compensation unless the eligible employee affirmatively elects to opt-out of such deferral contributions or elects a deferral percentage other than 6%.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the investment of their account balances into various investment options offered by the Plan and may change their investment options at any time, subject to the terms of the funding vehicles. Plan investment earnings (losses) are allocated to participants' accounts on a daily basis according to the type of funding vehicle in which balances are invested.

Notes to Financial Statements
As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

Vesting and Forfeitures

All contributions made to the Plan and earnings thereon are 100% vested. This applies to salary deferrals, rollover contributions and the discretionary Company profit-sharing contributions. Therefore, all participants are always 100% vested in their accounts. As such, there are no forfeited non-vested amounts as of December 31, 2021 and 2020.

Payment of Benefits

Upon termination of service, death, disability or retirement, the participant may elect to receive a lump sum, installment or annuity distribution equal to the value of the participant's vested interest in his or her account. In circumstances when a terminated participant has a vested account balance less than \$5,000, the participant's vested account balance shall be distributed in a lump sum. In the event of a mandatory distribution greater than \$1,000, if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the Plan administrator will pay the distribution in a direct rollover to an individual retirement account designated by the Plan administrator. Hardship withdrawals are also allowed if the participant is determined to have an immediate and heavy financial need, as defined. Participants may also take in-service distributions upon attainment of age 59-1/2.

Coronavirus Aid, Relief and Economic Security Act (the "CARES Act")

During 2020, the Plan adopted provisions under the CARES Act, including:

- Permitting qualified participants to receive coronavirus-related distributions. Eligible coronavirus-related distributions could be taken up to December 30, 2020 and may be repaid within three years; and
- Allowing for qualified participants to suspend loan repayments due through December 31, 2020. Suspended loan repayments resumed during 2021, and the loans were reamortized to extend the payoff period by one year and include accrued interest for the suspension period.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum amount equal to \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50 percent of their vested account balances. A participant may only have one loan outstanding at a time. Loan terms shall not exceed five years, except for loans used to acquire a principal residence for the participant, for which loan terms are permitted for 15 years. The loans are secured by the balances in the participants' accounts and bear interest at a rate of 1% above the prime rate, or a reasonable interest rate at the discretion of the Plan Sponsor, at the date the loans are issued. During 2021, interest rates ranged from 4.25% to 10.25%. Principal and interest payments are paid ratably through monthly payroll deductions.

2. Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The financial statements include the fully benefit-responsive investment contract and its related activity on a contract value basis (see Note 5).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and

Aberdeen Standard Investments Inc. 401(k) Profit Sharing Plan
Notes to Financial Statements
As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrator determines the Plan's valuation policies utilizing information provided by the insurance company, Plan trustee and investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants (participant loans for Form 5500 reporting purposes) are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payments of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

The Company provides the Plan with certain accounting and administrative services for which no fees are charged. Other reasonable administrative expenses, including trustee, custodial and third-party administration fees necessary to operate and administer the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses of maintaining the Plan that are paid directly by the Company are excluded from these financial statements. A participant's account may be charged for expenses associated with a specific optional feature, including loan processing fees and distribution fees, elected by that participant, and are included in administrative expenses. Certain investment related expenses are included in the net appreciation in fair value of investments.

3. Information Certified by Qualified Institutions

The Plan administrator having determined that it is permissible in the circumstances elected to have the audits of the Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information included in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year) was obtained or derived from information obtained by the Plan administrator and certified as complete and accurate by Reliance Trust Company, a qualified institution, and Great-West Life & Annuity Insurance Company, a qualified institution and an affiliate of Empower Retirement certifying on behalf of Massachusetts Mutual Life Insurance Company, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

- Cash, investments, at fair value, fully benefit-responsive investment contract, at contract value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment activity, including net appreciation in fair value of investments, interest and dividend income, and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- The information for the self-directed brokerage accounts, mutual funds (registered investment companies), guaranteed interest account, and participant loans listed in the schedule of assets (held at end of year) as of December 31, 2021, as shown in the ERISA-required supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2021 and 2020.

Mutual funds and self-directed brokerage accounts:

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Self-directed brokerage accounts generally are limited to certain mutual funds, including money market funds, and publicly traded common stock and exchange-traded funds. Shares of stock and exchange traded-funds on securities exchanges are valued at the last reported sales price on the last business day of the plan year.

Common collective trust:

Valued at the net asset value or equivalent based on units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the common collective trust less its liabilities. This practical expedient is not used when it is determined to be probable that the common collective trust will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Aberdeen Standard Investments Inc. 401(k) Profit Sharing Plan
Notes to Financial Statements
As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2021:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments, at fair value:				
Mutual funds	\$ 183,603,551	\$ 183,603,551	\$ -	\$ -
Self-directed brokerage accounts	16,238,041	16,238,041	-	-
Total	<u>\$ 199,841,592</u>	<u>\$ 199,841,592</u>	<u>\$ -</u>	<u>\$ -</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2020:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments, at fair value:				
Mutual funds	\$ 148,609,907	\$ 148,609,907	\$ -	\$ -
Self-directed brokerage accounts	13,175,554	13,175,554	-	-
Common collective trust (*)	131,830	-	-	-
Total	<u>\$ 161,917,291</u>	<u>\$ 161,785,461</u>	<u>\$ -</u>	<u>\$ -</u>

*In accordance with fair value measurement guidance, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented as investments in the statements of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2021, there were no transfers in or out of levels 1, 2, or 3.

The following table summarizes investments measured at fair value based on NAV per share:

<u>Investment Type</u>	<u>Fair Value</u> <u>December</u> <u>31, 2021</u>	<u>Fair Value</u> <u>December</u> <u>31, 2020</u>	<u>Unfunded</u> <u>Commitments</u>	<u>Redemption</u> <u>Frequency</u>	<u>Redemption</u> <u>Notice Period</u>
Common collective trust*	\$ -	\$ 131,830	\$ -	Daily	None Required

The Plan is applying the practical expedient as of December 31, 2020 to its investment in the T. Rowe Price Stable Value Common Trust Fund. The strategy of the T. Rowe Price Stable Value Common Trust Fund is to preserve capital. The NAV, as provided to T. Rowe Price, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the T. Rowe Price Stable Value Common Trust Fund, less its liabilities. It is expected that the T. Rowe Price Stable Value Common Trust Fund will maintain a NAV of \$1 per unit. There are no unfunded commitments related to the trust. The provisions of the T. Rowe Price Stable Value Common Trust Fund provide that withdrawals for other than normal benefit payments and participant-directed transfers may require up to twelve months advance notice. The T. Rowe Price Stable Value Fund was liquidated during 2021 and the participants invested in the T. Rowe Price Stable Value Fund were transferred into the MassMutual SAGIC Diversified Bond II guaranteed interest account held by the Plan (see Note 5).

5. Guaranteed Interest Contract

The Plan holds the MassMutual Separate Account Guaranteed Interest Contract ("SAGIC") Diversified Bond II investment through a group annuity contract at MassMutual. The MassMutual SAGIC Diversified Bond II investment seeks to reserve principal and a steady, positive return in excess of money market rates. The MassMutual SAGIC Diversified Bond II investment is a market value separate account investment option with a general investment guarantee that provides a stated rate of return and insulates participants' accounts from daily fluctuations in the market. This traditional investment contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value (see Note 2). Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The contract value of the investment contract was \$10,212,827 and \$11,239,758 as of December 31, 2021 and 2020, respectively.

With a traditional investment contract, the Plan owns only the contract itself. Traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers. The contract issuer is contractually obligated to repay the principal and interest at a specified rate that is guaranteed to the Plan. Contributions made to the MassMutual SAGIC Diversified Bond II investment are invested in a MassMutual separate investment account. The assets of the separate investment account are separate from MassMutual's general investment account and used solely to satisfy the claims of the contract holder. Any shortfall would be subject to claim against MassMutual's General Investment Account. The MassMutual SAGIC Diversified Bond II investment maintains a Book Value Account ("BVA") and a Market Value Account ("MVA"). The BVA is credited a guaranteed rate that is reset quarterly. The rates established are unique to each contract and take into account contribution, withdrawal, and expense activity and the value of the MVA relative to the BVA within each contract. Since the guaranteed crediting rate will not be reset below zero percent, at a minimum, participant's principal is guaranteed while the contract is in force. The BVA's rate is reset periodically to reflect the yield to maturity of the underlying separate investment account asset portfolio and also to amortize the difference between the contract's BVA and the MVA balance while taking into consideration fees and expenses. There are no reserves against the group fixed annuity contract values for credit risk of the contract issuer or otherwise. The average yield earned was approximately 0.84% for the year ended December 31, 2021.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Certain events (including market value events such as complete or partial termination of the Plan; a material change in any Plan investment fund; an amendment to the Plan; a change in the administration or operation of the Plan, including the removal of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs) might limit the ability of the Plan to transact at contract value with the contract issuer. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with participants.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. In addition, certain events (including but not limited to the Plan ceasing to meet the requirements of the Internal Revenue Code ("IRC"); the Plan ceasing to meet certain minimum account balances; complete or partial termination of the Plan; or a material change in any Plan investment fund) allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value.

As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

6. Tax Status

Effective January 1, 2019, the Plan was amended and restated by adopting a volume submitter profit sharing plan document sponsored by Massachusetts Mutual Life Insurance Company. The IRS issued an advisory letter, dated March 31, 2014, which states that the volume submitter profit sharing plan document satisfies the applicable provisions of the IRC as of that date. Although the Plan has subsequently been amended, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes the Plan, as amended, is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in statements of net assets available for benefits.

8. Related Party and Party-In-Interest Transactions

The Plan's investments include a guaranteed interest account and mutual funds managed by Massachusetts Mutual Life Insurance Company, former recordkeeper of the Plan. The Plan's investments also include publicly traded Aberdeen mutual funds, which are managed by an affiliate of Aberdeen Standard Investments Inc., the Plan Sponsor. The Plan also permits notes receivable from participants. These transactions qualify as parties-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will remain 100% vested in any Company contributions in which they are not already vested.

10. Plan Amendments

Effective July 1, 2021, the Plan was amended to include employees who are part of any sale, spin-off, or M&A transaction as eligible for the employer nonelective contribution on eligible compensation for the year earned up to the date of separation regardless of leave date.

Effective November 4, 2021, the Plan was amended to merge and transfer all assets and liabilities of the Artio Global Investors, Inc. Employees' 401(k) Savings Plan with and into the Aberdeen Standard Investments, Inc. 401(k) Profit Sharing Plan.

Notes to Financial Statements
As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

11. Subsequent Events

Effective June 1, 2022, the Plan was amended and restated by adopting a Great-West Trust Company, LLC defined contribution pre-approved plan in order to make general administrative changes, including incorporating past amendments and adopting required amendments pursuant to statutory changes. Plan management is in the process of formally amending the Plan documents for the Setting Every Community Up for Retirement Enhancement Act of 2019 and the Coronavirus Aid, Relief and Economic Security Act.

Management evaluated subsequent events for the Plan through October 5, 2022, the date the financial statements were available to be issued.

Schedule C Soft Dollar Compensation Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information (“SAI”).

For additional information on soft dollar compensation, refer to the section of the mutual fund’s SAI that discusses brokerage allocation and other practices.

INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the Aberdeen Standard Investments Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of the Aberdeen Standard Investments Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Plan management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Plan management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section:

- the amounts and disclosures in the 2021 Financial Statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 Financial Statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that Plan management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Aberdeen Standard Investments Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Plan Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Plan management's election of the ERISA Section 103(a)(3)(C) audit does not affect Plan management's responsibility for the financial statements.

In preparing the financial statements, Plan management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Aberdeen Standard Investments Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Plan management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Aberdeen Standard Investments Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Plan management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Aberdeen Standard Investments Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—2021 Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by institutions that Plan management determined meet the requirements of ERISA Section 103(a)(3)(C).

Other Matter—Auditor's Report on the 2020 Financial Statement

We were engaged to audit the 2020 financial statement of the Aberdeen Standard Investments Inc. 401(k) Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by qualified institutions. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statement, and (b) the form and content of the information included in the 2020 financial statement other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Aberdeen Standard Investments Inc. 401(k) Profit Sharing Plan
Notes to Financial Statements
As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

1. Description of Plan

The following description of the Aberdeen Standard Investments Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of Aberdeen Standard Investments Inc. and related participating employers (the "Company" or "Plan Sponsor") who have attained age 21. Collectively bargained employees, non-resident aliens with no U.S. source income, leased employees, temporary and seasonal employees, unless credited with 1,000 hours of service in a 12-month period, and regular non-benefits eligible employees and expatriates are excluded from participation in the Plan. The profit-sharing employer contribution portion of the Plan is open only to participants who complete at least 250 hours of service within a consecutive three-month period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan's record-keeper is Empower Retirement ("Empower") and the trustee is Reliance Trust Company ("RTC"). The retirement business of Massachusetts Life Insurance Company ("MassMutual") was acquired on December 31, 2020 by Empower.

During 2021, the Artio Global Investors Inc. Employees' 401(k) Savings Plan was merged with and into the Aberdeen Standard Investments Inc. 401(k) Profit Sharing Plan (see Note 10). During 2021, assets of \$7,634,745 were transferred into the Plan as a result of the merger.

Contributions

The Plan provides that contributions each year will consist of (a) voluntary employee contributions up to 80% of eligible compensation, as defined in the Plan, subject to Internal Revenue Service ("IRS") limitations, (b) catch-up contributions for participants who have attained age 50, (c) participant rollover amounts representing distributions from other qualified defined benefit or defined contribution plans, and (d) a discretionary Company profit-sharing contribution, as defined in the Plan. Contributions may be designated as Roth 401(k) contributions. Participants must be employed on the last day of the year but are not required to make deferral contributions to receive the Company profit-sharing contribution. The Company made a profit-sharing contribution equal to 15% of each participant's eligible compensation for the year ended December 31, 2021.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan 30 days after their date of hire at an amount equal to 6% of their eligible compensation unless the eligible employee affirmatively elects to opt-out of such deferral contributions or elects a deferral percentage other than 6%.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the investment of their account balances into various investment options offered by the Plan and may change their investment options at any time, subject to the terms of the funding vehicles. Plan investment earnings (losses) are allocated to participants' accounts on a daily basis according to the type of funding vehicle in which balances are invested.

Notes to Financial Statements
As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

Vesting and Forfeitures

All contributions made to the Plan and earnings thereon are 100% vested. This applies to salary deferrals, rollover contributions and the discretionary Company profit-sharing contributions. Therefore, all participants are always 100% vested in their accounts. As such, there are no forfeited non-vested amounts as of December 31, 2021 and 2020.

Payment of Benefits

Upon termination of service, death, disability or retirement, the participant may elect to receive a lump sum, installment or annuity distribution equal to the value of the participant's vested interest in his or her account. In circumstances when a terminated participant has a vested account balance less than \$5,000, the participant's vested account balance shall be distributed in a lump sum. In the event of a mandatory distribution greater than \$1,000, if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the Plan administrator will pay the distribution in a direct rollover to an individual retirement account designated by the Plan administrator. Hardship withdrawals are also allowed if the participant is determined to have an immediate and heavy financial need, as defined. Participants may also take in-service distributions upon attainment of age 59-1/2.

Coronavirus Aid, Relief and Economic Security Act (the "CARES Act")

During 2020, the Plan adopted provisions under the CARES Act, including:

- Permitting qualified participants to receive coronavirus-related distributions. Eligible coronavirus-related distributions could be taken up to December 30, 2020 and may be repaid within three years; and
- Allowing for qualified participants to suspend loan repayments due through December 31, 2020. Suspended loan repayments resumed during 2021, and the loans were reamortized to extend the payoff period by one year and include accrued interest for the suspension period.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum amount equal to \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50 percent of their vested account balances. A participant may only have one loan outstanding at a time. Loan terms shall not exceed five years, except for loans used to acquire a principal residence for the participant, for which loan terms are permitted for 15 years. The loans are secured by the balances in the participants' accounts and bear interest at a rate of 1% above the prime rate, or a reasonable interest rate at the discretion of the Plan Sponsor, at the date the loans are issued. During 2021, interest rates ranged from 4.25% to 10.25%. Principal and interest payments are paid ratably through monthly payroll deductions.

2. Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The financial statements include the fully benefit-responsive investment contract and its related activity on a contract value basis (see Note 5).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and

Aberdeen Standard Investments Inc. 401(k) Profit Sharing Plan
Notes to Financial Statements
As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrator determines the Plan's valuation policies utilizing information provided by the insurance company, Plan trustee and investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants (participant loans for Form 5500 reporting purposes) are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payments of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

The Company provides the Plan with certain accounting and administrative services for which no fees are charged. Other reasonable administrative expenses, including trustee, custodial and third-party administration fees necessary to operate and administer the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses of maintaining the Plan that are paid directly by the Company are excluded from these financial statements. A participant's account may be charged for expenses associated with a specific optional feature, including loan processing fees and distribution fees, elected by that participant, and are included in administrative expenses. Certain investment related expenses are included in the net appreciation in fair value of investments.

3. Information Certified by Qualified Institutions

The Plan administrator having determined that it is permissible in the circumstances elected to have the audits of the Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information included in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year) was obtained or derived from information obtained by the Plan administrator and certified as complete and accurate by Reliance Trust Company, a qualified institution, and Great-West Life & Annuity Insurance Company, a qualified institution and an affiliate of Empower Retirement certifying on behalf of Massachusetts Mutual Life Insurance Company, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

- Cash, investments, at fair value, fully benefit-responsive investment contract, at contract value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment activity, including net appreciation in fair value of investments, interest and dividend income, and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- The information for the self-directed brokerage accounts, mutual funds (registered investment companies), guaranteed interest account, and participant loans listed in the schedule of assets (held at end of year) as of December 31, 2021, as shown in the ERISA-required supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2021 and 2020.

Mutual funds and self-directed brokerage accounts:

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Self-directed brokerage accounts generally are limited to certain mutual funds, including money market funds, and publicly traded common stock and exchange-traded funds. Shares of stock and exchange traded-funds on securities exchanges are valued at the last reported sales price on the last business day of the plan year.

Common collective trust:

Valued at the net asset value or equivalent based on units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the common collective trust less its liabilities. This practical expedient is not used when it is determined to be probable that the common collective trust will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements
As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2021:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments, at fair value:				
Mutual funds	\$ 183,603,551	\$ 183,603,551	\$ -	\$ -
Self-directed brokerage accounts	16,238,041	16,238,041	-	-
Total	<u>\$ 199,841,592</u>	<u>\$ 199,841,592</u>	<u>\$ -</u>	<u>\$ -</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2020:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments, at fair value:				
Mutual funds	\$ 148,609,907	\$ 148,609,907	\$ -	\$ -
Self-directed brokerage accounts	13,175,554	13,175,554	-	-
Common collective trust (*)	131,830	-	-	-
Total	<u>\$ 161,917,291</u>	<u>\$ 161,785,461</u>	<u>\$ -</u>	<u>\$ -</u>

*In accordance with fair value measurement guidance, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented as investments in the statements of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2021, there were no transfers in or out of levels 1, 2, or 3.

The following table summarizes investments measured at fair value based on NAV per share:

<u>Investment Type</u>	<u>Fair Value</u> <u>December</u> <u>31, 2021</u>	<u>Fair Value</u> <u>December</u> <u>31, 2020</u>	<u>Unfunded</u> <u>Commitments</u>	<u>Redemption</u> <u>Frequency</u>	<u>Redemption</u> <u>Notice Period</u>
Common collective trust*	\$ -	\$ 131,830	\$ -	Daily	None Required

The Plan is applying the practical expedient as of December 31, 2020 to its investment in the T. Rowe Price Stable Value Common Trust Fund. The strategy of the T. Rowe Price Stable Value Common Trust Fund is to preserve capital. The NAV, as provided to T. Rowe Price, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the T. Rowe Price Stable Value Common Trust Fund, less its liabilities. It is expected that the T. Rowe Price Stable Value Common Trust Fund will maintain a NAV of \$1 per unit. There are no unfunded commitments related to the trust. The provisions of the T. Rowe Price Stable Value Common Trust Fund provide that withdrawals for other than normal benefit payments and participant-directed transfers may require up to twelve months advance notice. The T. Rowe Price Stable Value Fund was liquidated during 2021 and the participants invested in the T. Rowe Price Stable Value Fund were transferred into the MassMutual SAGIC Diversified Bond II guaranteed interest account held by the Plan (see Note 5).

5. Guaranteed Interest Contract

The Plan holds the MassMutual Separate Account Guaranteed Interest Contract ("SAGIC") Diversified Bond II investment through a group annuity contract at MassMutual. The MassMutual SAGIC Diversified Bond II investment seeks to reserve principal and a steady, positive return in excess of money market rates. The MassMutual SAGIC Diversified Bond II investment is a market value separate account investment option with a general investment guarantee that provides a stated rate of return and insulates participants' accounts from daily fluctuations in the market. This traditional investment contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value (see Note 2). Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The contract value of the investment contract was \$10,212,827 and \$11,239,758 as of December 31, 2021 and 2020, respectively.

With a traditional investment contract, the Plan owns only the contract itself. Traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers. The contract issuer is contractually obligated to repay the principal and interest at a specified rate that is guaranteed to the Plan. Contributions made to the MassMutual SAGIC Diversified Bond II investment are invested in a MassMutual separate investment account. The assets of the separate investment account are separate from MassMutual's general investment account and used solely to satisfy the claims of the contract holder. Any shortfall would be subject to claim against MassMutual's General Investment Account. The MassMutual SAGIC Diversified Bond II investment maintains a Book Value Account ("BVA") and a Market Value Account ("MVA"). The BVA is credited a guaranteed rate that is reset quarterly. The rates established are unique to each contract and take into account contribution, withdrawal, and expense activity and the value of the MVA relative to the BVA within each contract. Since the guaranteed crediting rate will not be reset below zero percent, at a minimum, participant's principal is guaranteed while the contract is in force. The BVA's rate is reset periodically to reflect the yield to maturity of the underlying separate investment account asset portfolio and also to amortize the difference between the contract's BVA and the MVA balance while taking into consideration fees and expenses. There are no reserves against the group fixed annuity contract values for credit risk of the contract issuer or otherwise. The average yield earned was approximately 0.84% for the year ended December 31, 2021.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Certain events (including market value events such as complete or partial termination of the Plan; a material change in any Plan investment fund; an amendment to the Plan; a change in the administration or operation of the Plan, including the removal of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs) might limit the ability of the Plan to transact at contract value with the contract issuer. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with participants.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. In addition, certain events (including but not limited to the Plan ceasing to meet the requirements of the Internal Revenue Code ("IRC"); the Plan ceasing to meet certain minimum account balances; complete or partial termination of the Plan; or a material change in any Plan investment fund) allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value.

6. Tax Status

Effective January 1, 2019, the Plan was amended and restated by adopting a volume submitter profit sharing plan document sponsored by Massachusetts Mutual Life Insurance Company. The IRS issued an advisory letter, dated March 31, 2014, which states that the volume submitter profit sharing plan document satisfies the applicable provisions of the IRC as of that date. Although the Plan has subsequently been amended, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes the Plan, as amended, is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in statements of net assets available for benefits.

8. Related Party and Party-In-Interest Transactions

The Plan's investments include a guaranteed interest account and mutual funds managed by Massachusetts Mutual Life Insurance Company, former recordkeeper of the Plan. The Plan's investments also include publicly traded Aberdeen mutual funds, which are managed by an affiliate of Aberdeen Standard Investments Inc., the Plan Sponsor. The Plan also permits notes receivable from participants. These transactions qualify as parties-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will remain 100% vested in any Company contributions in which they are not already vested.

10. Plan Amendments

Effective July 1, 2021, the Plan was amended to include employees who are part of any sale, spin-off, or M&A transaction as eligible for the employer nonelective contribution on eligible compensation for the year earned up to the date of separation regardless of leave date.

Effective November 4, 2021, the Plan was amended to merge and transfer all assets and liabilities of the Artio Global Investors, Inc. Employees' 401(k) Savings Plan with and into the Aberdeen Standard Investments, Inc. 401(k) Profit Sharing Plan.

11. Subsequent Events

Effective June 1, 2022, the Plan was amended and restated by adopting a Great-West Trust Company, LLC defined contribution pre-approved plan in order to make general administrative changes, including incorporating past amendments and adopting required amendments pursuant to statutory changes. Plan management is in the process of formally amending the Plan documents for the Setting Every Community Up for Retirement Enhancement Act of 2019 and the Coronavirus Aid, Relief and Economic Security Act.

Management evaluated subsequent events for the Plan through October 5, 2022, the date the financial statements were available to be issued.
