Independent Auditors' Report

To the Plan Sponsor and Administrator of
De Dietrich Process Systems, Inc. Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of De Dietrich Process Systems, Inc. Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of De Dietrich Process Systems, Inc. Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about De Dietrich Process Systems, Inc. Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of De Dietrich Process Systems, Inc. Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about De Dietrich Process Systems, Inc. Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) and Schedule of Delinquent Participant contributions as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or are derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of De Dietrich Process Systems, Inc. Savings Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 23, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

De Dietrich Process Systems, Inc. Savings Plan

Notes to Financial Statements

Years Ended December 31, 2021 and 2020

1. Plan Description

The following brief description of the De Dietrich Process Systems, Inc. Savings Plan (the "Plan") is for general information only. Participants should refer to the summary plan description and plan document for more complete information.

The Plan was established on October 1, 1987, and was amended and restated effective August 1, 2018. The Plan is a defined contribution plan covering all employees of De Dietrich Process Systems, Inc. (the "Company"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On March 27, 2020, the "Coronavirus Aid, Relief, and Economic Security ("CARES") Act" was signed in to law. The CARES Act includes several relief provisions available to the Plan and its participants. The Plan has elected not to adopt any provisions of the CARES Act.

Eligibility

Employees are eligible to participate in the Plan and receive employer matching contributions upon the attainment of 21 years of age and the completion of one three-month eligibility period of service. Employees eligible to participate in the Plan are automatically enrolled on the first day of the month, immediately following or coinciding with the day they complete their eligibility requirements. Employees may elect not to participate in the Plan.

Contributions

The Plan provides each participant with an opportunity to make elective pre-tax and Roth contributions from 1% to 100% of their eligible compensation each pay period subject to the limitations of the Internal Revenue Code ("IRC"). Participants over the age of 50 are able to defer an additional amount, subject to limitations of the IRC ("catch-up contribution"). Participants are automatically enrolled at a pre-tax deferral percentage of 5%, unless the employee elects not to participate in the Plan or chooses their own deferral rate. Employees that are automatically enrolled in the plan will have the pre-tax deferral percentage automatically escalated by 1% each April 1, unless the employee makes a contrary election. The automatic escalation may not increase an employee deferral rate higher than a maximum rate of 10%. Participants may also make rollover contributions from other qualified plans.

The Company may make a discretionary matching contribution in accordance with the provisions contained in the plan document. For the year ended December 31, 2021, the Company made a contribution equal to 100% of participants' salary deferral contributions, limited to the first 5% of participants' eligible compensation. The Company is required to make a matching contribution equal to 100% of the participants' catch-up contributions.

Vesting

Participants are immediately and fully vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contributions plus actual earnings thereon is based on years of service, as follows:

<u>Years of Service</u>	<u>Vesting %</u>
2	20%
3	40%
4	60%
5	80%
6	100%

Participant Accounts

Each participant's account is credited with their deferral contributions, employer contributions and the earnings thereon. Contributions to the Plan are invested by the custodian as directed by the participants. Each participant may elect from one or more of the investment vehicles offered pursuant to the provisions of the plan document.

De Dietrich Process Systems, Inc. Savings Plan

Forfeitures

The Plan requires that terminated employees who resume employment within five years have any forfeited amounts reinstated ("reinstatement period"). Subsequent to the reinstatement period, Plan participants' forfeitures may be applied as a reduction of matching contributions made by the Company or as a reduction of Plan expenses. Any excess forfeitures that have not been used to pay administrative expenses or used to reduce Employer Contributions shall be allocated as of the last day of the Plan year to participant accounts in accordance with the allocation formula defined in the agreement. For the year ended December 31, 2021, forfeitures from employees was \$13,861. During 2021, plan forfeitures of \$12,886 were applied in conjunction with the payment of the employer contribution. At December 31, 2021 and 2020, the available forfeiture balance was \$14,952 and \$12,568, respectively.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The maximum term of a loan is five years; or ten years if the loan is for the purchase of a principal residence. The loans are secured by the balance in the participant's account and bear interest at a rate of prime plus one percent (1%). Participant loans are valued at amortized cost, plus accrued interest, if any. Principal and interest are repaid ratably through payroll deductions. The interest rate at December 31, 2021 ranged from 4.25% to 6.50% on all outstanding loans.

Payment of Benefits

Upon normal retirement age (65), death, disability, or termination of service, vested benefits can be distributed in the form of a lump sum payment or through installment payments pursuant to specific guidelines as set forth in the plan document.

Administrative Expenses

All transaction fees are paid from participants' accounts. Substantially all other administrative expenses were paid by the Company.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through September 22, 2022, the date the financial statements were available for issuance. All subsequent events requiring recognition or disclosure have been incorporated in these financial statements.

De Dietrich Process Systems, Inc. Savings Plan

3. Information Certified by the Plan's Custodian

The following is a summary of the investment and notes receivable from participants information for the Plan as of December 31, 2021 and 2020, included in the Plan's financial statements and supplemental schedules, that was prepared or derived from information provided by Delaware Charter Guarantee and Trust Company, d/b/a Principal Trust Company ("Principal"), the custodian of the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from the custodian that such information is complete and accurate. Information relating to investments and notes receivable from participants held by the custodian at December 31, is as follows:

	2021	2020
Common collective trusts, at fair value	\$ 16,185,174	\$ 14,058,497
Mutual funds, at fair value	1,728,174	1,487,603
Guaranteed income fund, at contract value	1,326,702	1,233,853
Notes receivable from participants	112,988	130,841
	<u>\$ 19,353,038</u>	<u>\$ 16,910,794</u>

The following was also certified by the custodian for the year ended December 31, 2021:

Net appreciation in fair value of investments	\$ 2,077,454
Interest and dividend income	61,124
Interest income on notes receivable from participants	6,972
	<u>\$ 2,145,550</u>

Investment Contract with Insurance Company

The Plan is party to investment contracts with Principal, at December 31, 2021 and 2020, respectively, whereby the custodian maintains certain of the Plan's contributions in a guaranteed income fund.

The guaranteed income fund is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by the custodian. The contract is included in the financial statements at contract value, (which represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses), because it is fully benefit-responsive. For example, participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events could limit the ability of the Plan to transact at contract value with the custodian. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsors or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed income fund does not permit the custodian to terminate the agreement prior to the scheduled maturity date.

4. Fair Value Measurements

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs. Valuation techniques used to measure fair value are defined as follows:

De Dietrich Process Systems, Inc. Savings Plan

- **Level 1** - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- **Level 2** - Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the assets or liabilities; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- **Level 3** - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020:

- **Mutual funds:** Shares held by the Plan at year-end are valued at unadjusted quoted prices in active markets.
- **Common collective trusts:** The fair value of the common collective trusts is determined by the custodian of the common collective trusts based on the fair value of the underlying assets, which represent net asset value, a practical expedient to fair value, of units held by the Plan. The common collective trusts do not have any unfunded commitments relating to its investments, or any restrictions on redemptions. Participant directed redemptions can be made on any business day and do not have a redemption notice period.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments at fair value as of December 31, 2021 are as follows:

	Level 1	Level 2	Level 3	Total
Mutual funds - Total investments in the fair value hierarchy	\$ 1,728,174	\$ -	\$ -	\$ 1,728,174
Common collective trusts - measured at net asset value (a)	-	-	-	16,185,174
Total investments at fair value	\$ 1,728,174	\$ -	\$ -	\$ 17,913,348

Investments at fair value as of December 31, 2020 are as follows:

	Level 1	Level 2	Level 3	Total
Mutual funds - Total investments in the fair value hierarchy	\$ 1,487,603	\$ -	\$ -	\$ 1,487,603
Common collective trusts - measured at net asset value (a)	-	-	-	14,058,497
Total investments at fair value	\$ 1,487,603	\$ -	\$ -	\$ 15,546,100

- a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

De Dietrich Process Systems, Inc. Savings Plan

5. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. If the Plan is terminated, the amount credited to the account of each participant will be fully vested.

6. Tax Status

The Plan obtained its latest determination letter on August 8, 2014, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. The Plan's management believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRS and the plan document.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan's management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan's management believes it is no longer subject to income tax examinations for years prior to 2018.

7. Risks and Uncertainties

The Plan's investments are concentrated in common collective trusts and mutual funds that invest in various investment securities. Such securities are subject to various risks, such as interest rate, market and credit risks that determine the value of the fund. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of these securities, it is at least reasonably possible that changes in market conditions in the near term could materially affect participants' account balances and the value of investments reported in the financial statements.

8. Delinquent Participant Contributions

During 2021 the Company remitted to the Plan's trustee certain participant contributions totaling \$72 related to 2020 missed contributions. These remittances were within the time period prescribed by the Department of Labor regulations. Additionally, the Company remitted the employer contributions of \$36 that were associated with the missed participant contributions. Delays in remitting the contributions to the trustee were due to administrative errors.

9. Party-In-Interest Transactions

Certain plan investments are invested in mutual funds, common collective trusts and a guaranteed investment fund which are managed by Principal. Principal is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid to Principal by the Plan for management services amounted to \$3,401 for the year ended December 31, 2021.

De Dietrich Process Systems, Inc. Savings Plan

10. Reconciliation of Financial Statements to Form 5500

The form 5500 was prepared on the cash basis for the Plan years ended December 31, 2021 and 2020, and the financial statements were prepared on the accrual basis.

The following is a reconciliation between the statement of net assets available for benefits per the accompanying financial statements and the Form 5500 at December 31:

	2021	2020
Net assets available for benefits per the financial statements	\$ 19,353,038	\$ 16,910,794
