Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Charter Foods, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Trustees
Charter Foods, Inc. 401(k) Plan

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an independent auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Trustees
Charter Foods, Inc. 401(k) Plan

Auditor's Responsibilities for the Audit of the 2021 Financial Statements (continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of Delinquent Participant Contributions and Assets (Held at End of Year) as of and for the year ended December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

Trustees
Charter Foods, Inc. 401(k) Plan

Other Matters (continued)

2021 Supplemental Schedules Required by ERISA (continued)

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Charter Foods, Inc. 401(k) Plan
Notes to Financial Statements (continued)

December 31, 2021

1. Description of the Plan

The following description of The Charter Foods, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

Controlled Group Plan

The Plan is a controlled group plan covering employees of Charter Foods, Inc., Charter Foods North, LLC, and Charter Central, LLC. These companies are under common control and are treated as a single employer for reporting purposes (collectively referred to as the "Plan Sponsor" or the "Group").

General

The Plan is a defined contribution plan which provides benefits for all employees of the Group, with the exception of highly compensated employees, crew members, team leaders, and shift managers. Participation in the Plan is voluntary, and employees can elect to participate at the beginning of each quarter after completing 90 days of service. Participants in the Plan are eligible to receive Plan Sponsor contributions after completing one year (of at least 1,000 hours) of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to contribute a percentage of their annual compensation or a fixed amount per pay period, on a pre-tax or post-tax basis, as a salary deferral. These deferrals are subject to the annual limitations defined in the Internal Revenue Code (IRC). Participants who have attained the age of 50 before the end of the plan year are also eligible to make catch-up contributions to the Plan. Participants may also contribute amounts representing distributions from other qualified plans (rollovers).

The Plan Sponsor may make discretionary matching or profit sharing contributions. During 2021 and 2020, the Plan Sponsor made discretionary matching contributions equal to 100% of the participant's elective deferral of eligible compensation, in 1% increments, for each year of service, up to a maximum of 4% of eligible compensation for four years of service. No discretionary profit sharing contributions were made in 2021 or 2020.

Receivables, if any, from the Plan Sponsor for contributions are unsecured.

Participant Accounts

Participants may allocate their contributions among various investment options offered by the Plan. Participants have the opportunity to change the investment options previously elected at any time.

Charter Foods, Inc. 401(k) Plan
Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Participant Accounts (continued)

Each participant's account is credited with the participant's contributions, the Plan Sponsor's discretionary contributions, and Plan earnings or losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Payment of Benefits

On termination of services, a participant (or his or her beneficiary) may receive a lump-sum payment equal to the value of the participant's vested interest in his or her account. In-service distributions may be made to participants who have not separated from service provided the participant has reached normal retirement age (59 ½ years of age).

In-service hardship withdrawals are available in certain circumstances.

Vesting

Participants are immediately vested and have a non-forfeitable interest in their voluntary contributions, Plan Sponsor contributions, and actual earnings on those contributions.

Plan Termination

The Plan Sponsor expects to continue the Plan indefinitely but reserves the right, subject to the provisions of ERISA, to terminate the Plan in whole or in part at any time upon giving written notice to all parties concerned.

2. Significant Accounting Policies

Basis of Accounting

The accounting records of the Plan are maintained on the accrual basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Charter Foods, Inc. 401(k) Plan
Notes to Financial Statements (continued)

2. Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plan's investments are invested in funds offered by Transamerica Life Insurance Company (Transamerica), which is the custodian of the Plan assets. The maximum loss, if any, that would be incurred by the Plan if the counterparties to the Plan's investments failed to perform is the recorded amount of such investments.

The investment funds, with the exception of its fully benefit-responsive contract, are stated at fair value. Fully benefit-responsive contracts are valued based on contract value.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses are paid by the Plan and allocated to participant accounts. Remaining administrative expenses are paid by the Plan Sponsor. Investment related expenses are included in net appreciation (depreciation) in fair value of investments

Subsequent Events

In preparation of the accompanying financial statements, plan management has evaluated subsequent events that have occurred since December 31, 2021 through October 10, 2022, the date the financial statements were available for issuance. Subsequent to December 31, 2021, the stock market has experienced volatility and a decline in value resulting in depreciation in the fair value of investments totaling approximately \$1,383,000 through October 9, 2022.

3. Income Tax Status

The Plan adopted a volume submitter plan that received an opinion letter dated March 31, 2014, from the Internal Revenue Service which stated the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, remains tax-exempt.

Charter Foods, Inc. 401(k) Plan

Notes to Financial Statements (continued)

4. Certified Information (Unaudited)

Transamerica holds the Plan's investment assets and executes transactions therein. Financial information relating to those assets is included in the accompanying financial statements based on information supplied to the Plan Administrator and certified as complete and accurate by Transamerica. That information, which has not been audited by independent auditors, is as follows for the years ended December 31:

	<u>2021</u>	<u>2020</u>
Investments at fair value	\$5,882,313	\$4,632,408
Investment at contract value	160,104	126,799
Total investments	<u>\$6,042,417</u>	<u>\$4,759,207</u>

Net appreciation in fair value of investments totaled \$732,992 in 2021 and \$665,955 in 2020. Interest income from the stable value core option account totaled \$1,100 in 2021 and \$837 in 2020.

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board ASC 820, *Fair Value Measurements*, are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the Plan has the ability to access.
- Level 2 Inputs to the methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level of the asset or liability within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Pooled separate accounts are valued using their daily net asset value (NAV) practical expedient based on the NAV of the underlying mutual funds or securities that are publicly quoted and available.

Charter Foods, Inc. 401(k) Plan

Notes to Financial Statements (continued)

5. Fair Value Measurements (continued)

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the fair value of the Plan's investments as of December 31:

	Level 1	Level 2	Level 3	Investments measured at NAV	Total
2021:					
Pooled Separate Accounts*	\$ —	\$ —	\$ —	\$5,882,313	\$5,882,313
2020:					
Pooled Separate Accounts*	\$ —	\$ —	\$ —	\$4,632,408	\$4,632,408

* In accordance with Subtopic 820-10, the Plan's interest in the pooled separate accounts is measured at fair value using the NAV per share (or its equivalent) practical expedient and has not been classified in the fair value hierarchy. The NAV is determined by Transamerica and is based on the fair value of the underlying assets held by the funds. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

For investments measured at NAV practical expedient, participant initiated redemption is permitted daily with no restrictions or notice periods. There are no unfunded commitments as of December 31, 2021 and 2020.

6. Stable Value Core Option Account

The Plan invests in a fully benefit-responsive traditional investment contract held in the Transamerica Stable Value Core Option Account (Stable Value Core Account). The contributions are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Transamerica is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The effective rate of interest is established every January 1 and July 1 and is based on the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six-month period. There is no stated minimum or maximum interest rate. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Charter Foods, Inc. 401(k) Plan

Notes to Financial Statements (continued)

6. Stable Value Core Option Account (continued)

Because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for the portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with Transamerica. Such events include amendments to the Plan documents (including complete or partial plan termination or merger with another plan), changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the Plan sponsor or other plan sponsor events that cause a significant withdrawal from the Plan, the failure of the trust to qualify for exemption from federal income taxes, or any required prohibited transaction exemption under ERISA or premature termination of the contract. The Plan administrator does not believe any events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include an uncured violation of the Plan's investment guidelines, a breach of material obligation under the contract, a material misrepresentation or a material amendment to the agreement without consent of the issuer.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. Other Related Party Transactions and Party-in-Interest Transactions

Plan investments are held by Transamerica; therefore, these transactions are considered party-in-interest transactions. Also, certain fees paid by the Plan and participant contributions are considered to be party-in-interest transactions. Plan Sponsor contributions are considered to be party-in-interest and related party transactions.

Charter Foods, Inc. 401(k) Plan

Notes to Financial Statements (continued)

9. Delinquent Participant Contributions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. While the Plan Sponsor remitted all employee contributions to the Plan, contributions of \$354 were not remitted within the required time period for the year ended December 31, 2021. Also, contributions of \$642 were not remitted within the required time period for the year ended December 31, 2020. These delinquent contributions, including remitting the lost earnings, are in process of being corrected as of October 10, 2022.
