INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of the
Arnold Magnetic Technologies Corporation Employee Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of the Arnold Magnetic Technologies Corporation Employee Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021, and schedule of delinquent participant contributions for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 17, 2021 we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

ARNOLD MAGNETIC TECHNOLOGIES CORPORATION EMPLOYEE RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

Note 1 **Description of Plan**

The following description of the Arnold Magnetic Technologies Corporation Employee Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, established effective April 1, 2005, covering all United States employees of Arnold Magnetic Technologies Corporation (the Company), excluding seasonal employees, leased employees, interns and employees whose employment is governed by the terms of a collective bargaining agreement. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participation

Under the provisions of the Plan, eligible employees of the Company may participate in the Plan upon being hired.

Contributions and Vesting

The Plan provides that each participant may make elective pre-tax contributions for each payroll period, up to a maximum amount as allowed by certain statutory limitations. The Plan allows for Roth contributions. Participants are automatically enrolled to defer 3% of compensation upon meeting eligibility requirements as defined in the Plan document. Employees who are automatically enrolled after the effective date will have their deferral percentage increased by 1% on April 1st of each year until a ceiling of 10% is reached. Participants are immediately 100% vested in their contributions and nonelective Company contributions.

The Plan also provides for a Company matching contribution determined annually by management. During 2021, the Company matching contribution was 50% up to 4% of employee elective deferrals. The following vesting schedule applies for Company matching contributions:

<u>Years of Service</u>	<u>Percent Vested</u>
0	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings (losses). Participant accounts are charged withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings (losses) or account balances, as defined. The benefit to which a participant is entitled to is the benefit that can be provided from the participant's vested account.

ARNOLD MAGNETIC TECHNOLOGIES CORPORATION EMPLOYEE RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

***Note 1* Description of Plan - Continued**

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum of \$50,000 reduced by the highest outstanding loan balance during the previous 12 months or 50% of their vested account balance, whichever is less. The notes bear interest as determined by the Plan Administrator and are to be repaid over a period not to exceed five years, or longer for the purchase of a primary residence. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

The Plan provides for normal retirement benefits upon reaching age 65 and has provisions for disability, death, hardship, obtaining age 59 ½ or severance from employment for those participants who are eligible to receive such benefits.

Upon termination of service, participants can elect to have a qualified rollover of their vested balance or receive a lump-sum amount or installment payments equal to the value of the participant's vested interest in his or her account.

Forfeitures

In accordance with the Plan agreement, forfeitures of non-vested employer contributions and earnings thereon are applied to offset administrative expenses or to reduce future employer contributions. During 2021, non-vested forfeited funds were used to pay administrative expenses in the amount of \$8,433. At December 31, 2021 and 2020, forfeited non-vested accounts totaled approximately \$124,131 and \$90,970, respectively.

Excess Contributions

At December 31, 2021, the plan recorded a liability of \$22,945, for amounts refundable by the Plan to participants for contributions made in excess of amounts allowed under the IRC.

***Note 2* Summary of Significant Accounting Policies**

Basis of Accounting

The financial statements of the Plan have been prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

ARNOLD MAGNETIC TECHNOLOGIES CORPORATION EMPLOYEE RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

***Note 2* Summary of Significant Accounting Policies - Continued**

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan agreement.

Payment of Benefits

Benefit distributions are recorded when paid.

Administrative Expenses

Administrative expenses may be paid for by the Plan or the Company.

Risks and Uncertainties

The Plan invests in investment securities which are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with these investments, it is at least reasonably possible that changes in their values will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

In preparing the financial statements, the Company has evaluated events and transactions for potential recognition or disclosure through October 7, 2022, the date the financial statements were available to be issued.

***Note 3* Investment Valuation and Income Recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan follows the fair value measurement guidance required by accounting principles generally accepted in the United States of America for financial and non-financial assets and liabilities. This guidance defines fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

ARNOLD MAGNETIC TECHNOLOGIES CORPORATION EMPLOYEE RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

***Note 3* Investment Valuation and Income Recognition - Continued**

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value:

Registered Investment Companies: Valued using the Net Asset Value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Common/Collective Trust: Valued at NAV based on the underlying assets of the trust. The NAV is used as a practical expedient to estimate fair value and is obtained from information provided by the investment advisor using the audited financial statements of the common collective trusts at year end. There are no redemption restrictions on these investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

ARNOLD MAGNETIC TECHNOLOGIES CORPORATION EMPLOYEE RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

Note 3 Investment Valuation and Income Recognition - Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's investments, at fair value as of:

December 31, 2021	
	Level 1
	Total
Registered Investment Companies	\$ 19,774,775
Assets Measured at NAV ^(a)	1,920,463
Total Investments, at Fair Value	\$ 21,695,238

December 31, 2020	
	Level 1
	Total
Registered Investment Companies	\$ 20,964,031
Assets Measured at NAV ^(a)	2,041,040
Total Investments, at Fair Value	\$ 23,005,071

(a) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Note 4 Tax Status

The Plan has adopted a non-standardized form of a prototype plan sponsored by FMR LLC. The prototype plan provided has received an opinion letter from the IRS as to the prototype plan's qualified status dated June 30, 2020. The prototype plan opinion letter has been relied upon by the Plan. The Plan has been amended since the prototype plan received the opinion letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

ARNOLD MAGNETIC TECHNOLOGIES CORPORATION EMPLOYEE RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

***Note 4* Tax Status - Continued**

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

***Note 5* Certified Information**

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Fidelity Management Trust Company (Fidelity), the trustee of the Plan, has certified to the completeness and accuracy of the investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020, schedule of assets (held at end of year) as of December 31, 2021, and the investment activity (including interest and dividends and net appreciation in fair value of investments) and interest on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2021.

***Note 6* Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, all participants shall have a 100% nonforfeitable right to the amount credited to their accounts as of such date.

***Note 7* Party-in-Interest Transactions**

Certain Plan investments are managed by an entity related to Fidelity. Fidelity is the trustee of the Plan and as such, transactions involving these investments are considered to be party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

***Note 8* Prohibited Transactions**

During 2020, the Company failed to deposit \$1,788 of participant deferrals within the required timeframe as stated by the United States Department of Labor (DOL). The DOL considers late deposits to be prohibited transactions. As such, the Company is required to file Form 5330 and pay the applicable excise tax and lost earnings to participants for these prohibited transactions. As of the date of these financial statements, the Company has not yet filed this form.
